The Book of (Holiday) Awesome

"Neil Pasricha is a gift. This book would make even the grinchiest Grinch love the holidays again."—A. J. Jacobs There's nothing like the holidays. They bring out the best, and sometimes the worst, in everyone. Luckily, Neil Pasricha is here to remind us that not only are the holidays great, but there's actually even more to celebrate than we realize. From Christmas, Hanukkah, and Kwanzaa, to other holidays throughout the year, such as Mother's Day and Thanksgiving, The Book of (Holiday) Awesome will show you why holidays are...AWESOME. • Making the first footprint in fresh snow • When the in-laws leave • Waking up and realizing it's Christmas • Just barely wrapping a gift with that tiny scrap of leftover wrapping paper • When they finally stop playing Christmas songs on the radio • Knowing "Kwanzaa" is worth more Scrabble points than "Hanukkah" or "Christmas"

The Book of (holiday) Awesome

The author of The Book of Awesome is back with a new collection, this time focusing on all the little awesome things that make the holidays great.

Book of Even More Awesome

Based on the award-winning blog 1000 Awesome Things, The Book of (Even More) Awesome is the sequel to Pasricha's bestselling The Book of Awesome. It is filled with more of the little wins that unexpectedly brighten your day. Finally getting that tiny piece of popcorn out of your teeth, accidentally doing something really good in sports, when a baby falls asleep on you, the moment on holiday when you forget what day of the week it is, waking up to the smell of sizzling bacon. While polar ice caps melt, buzz saws chop down forests, wars go on and on, here's a special, secret place where we can turn off that bright light, snuggle up and get comfy to chat about the sweetest parts of life. Filled with touching, astute and funny observations, each entry ends with the big, booming feeling you'll get when you read through them: AWESOME!

My Awesome Holiday Friendship Book

Michelle Tanner from Full House.

The Book of Awesome

Based on the award-winning 10-million-plus-hit blog 1000 Awesome Things, The Book of Awesome is an international bestselling high five for humanity and a big celebration of life's little moments. Sometimes it's easy to forget the things that make us smile. With a 24/7 news cycle reporting that the polar ice caps are melting, hurricanes are swirling in the seas, wars are heating up around the world, and the job market is in a deep freeze, it's tempting to feel that the world is falling apart. But awesome things are all around us, like: • Popping Bubble Wrap • Wearing underwear just out of the dryer • Fixing electronics by smacking them • Getting called up to the dinner buffet first at a wedding • Watching The Price Is Right when you're home sick • Hitting a bunch of green lights in a row • Waking up and realizing it's Saturday The Book of Awesome reminds us that the best things in life are free (yes, your grandma was right). With laugh-out-loud observations from award-winning comedy writer Neil Pasricha, The Book of Awesome is filled with smile-inducing moments on every page that make you feel like a kid looking at the world for the first time. Read it and you'll remember all the things there are to feel good about. A New York Times Bestseller • USA Today Bestseller • Globe and Mail Bestseller • Toronto Star Bestseller • Vancouver Sun Bestseller • Macleans Bestseller • Winner of the Forest of Reading Award

You Are Awesome

#1 international bestseller Publishers Weekly bestseller The Globe and Mail (Toronto) The Toronto Star bestseller The Vancouver Sun bestseller From Neil Pasricha—New York Times, million-copy bestselling author of The Book of Awesome series and The Happiness Equation, thought leader for the next generation, and one of the most popular TED speakers in the world—comes a revelatory and inspiring book that will change the way we view failure and help us build resilience. We are lucky. For most of us, famine, plague, economic depression, and other life-threatening catastrophes are the stuff of history books. We're living in an era with the highest-ever rates of longevity, education, and wealth. Cars drive us home as our phones entertain us before we arrive to food delivered to the front door. We have it all! But there's just one side effect. We no longer have the tools to handle failure...or even perceived failure. When we fall, we lie on the sidewalk crying. When we spill, we splatter. When we crack, we shatter. We are turning into an army of porcelain dolls. A rude email from the boss means calling in sick. Only two likes on our post means we don't have friends. Cell phones show us we're never good enough. Yesterday's butterflies are tomorrow's panic attacks. Record numbers of students have clinical anxiety. And what about depression, loneliness, and suicide? All rising! What do we desperately need to learn? RESILIENCE. And we need to learn it fast. Read You Are Awesome to learn: • The single word that keeps your options open after failure • What every commencement speech gets wrong • 3 ways to dramatically accelerate your ability to learn and adapt • The 2-minute morning practice that helps eliminate worry • Why you need an Untouchable Day (and how to get one) • and much, much more... Because the truth is, you really are awesome.

Two Minute Mornings

By day, Holly Hudson's a story editor for WifETIME Network. By night, she's the writer for the network's very cheesy, very straight holiday romance series—Christmas in Evermore. Holly took the job to accomplish exactly one thing: a gay Christmas movie. She's been shot down before, but things start to look up when Meredith Drake unexpectedly moves into the network's holiday division. On the heels of a brief (but totally hot) fling, Holly and Meredith agree to keep things professional now that they'll be working together. Especially since the network has a strict policy about workplace relationships. Instead, they vow to channel their passion into a pitch for the network's first Christmas movie to feature two female leads. In this contemporary romance, Holly and Meredith work to make the Yuletide gayer while discovering that happy endings aren't only for the movies.

On Christmas Eve, seven-year-old Marie and her eight-year-old brother Fritz anxiously await their Christmas gifts. When their godfather—a clock builder and toymaker—arrives, he unveils an ornate clockwork castle adorned with whirling figurines for the children. While Fritz plays with the clock, Marie is taken aside and given another gift—a nutcracker. After Fritz grabs the nutcracker from Marie and breaks its jaw by cracking too many nuts, their playtime ends and they head off to bed. When the clock strikes twelve, magic makes its way into this enduring tale and an epic battle ensues. What's the formula for a happy life? Neil Pasricha is a Harvard MBA, a Walmart executive, a New York Times–bestselling author, and a husband and dad. After selling more than a million copies of his Book of Awesome series, he now shifts his focus from observation to application. In The Happiness Equation, Pasricha illustrates how to want nothing, do anything, and have everything. If that sounds like a contradiction, you simply haven't unlocked the 9 Secrets to Happiness. Each secret takes a common ideal, flips it on its head, and casts it in a completely new light. Pasricha then goes a step further by providing step-by-step guidelines and hand-drawn scribbles that illustrate exactly how to apply each secret to live a happier life today. Controversial? Maybe. Counterintuitive? Definitely. The Happiness Equation will teach you such principles as: · Why success doesn't lead to happiness · How to make more money than a Harvard MBA · Why multitasking is a myth · How eliminating options leads to more choice

"Sara Richardson writes unputdownable, unforgettable stories from the heart" in this emotional holiday novel, where three sisters have one last Christmas to confront their pasts before their lives change forever (Jill Shalvis, New York Times bestselling author). The Buchanan sisters all share special childhood memories of their Aunt Sassy's beloved Juniper Inn. There, they frolicked in the snow, baked sugar cookies, and celebrated the town's annual Christmas extravaganza. They haven't been back to Colorado in nearly fifteen years, but when their aunt invites them for one last Christmas, they can't say no . . . With her ex-husband whisking her children away for the holiday, Dahlia decides it's time to do something for herself. Juniper Springs is just as beautiful as she remembers, but it's also full of surprises -- including the town's handsome doctor, who makes her feel like herself again for the first time in years. To the outside world, baker Magnolia has the ideal marriage. Only the pain and sorrow of infertility have strained her relationship with her husband, perhaps beyond repair. But a holiday miracle is about to change her life. After a whirlwind romance, youngest sister Rose is about to be married, but as the wedding draws near, she's unsettled by her fiancé's expectations that she become a society wife. Spending Christmas with her family could be a necessary reality check -- or the beginning of a brand-new happily ever after. Thanks to the strength of their sisterhood, some mistletoe, and the love of their Aunt Sassy, the Buchanan sisters will discover what it is they truly want this Christmas.
