The Inner Consciousness: How to Awaken and Direct It

"Letters from an Old Railway Official to His Son, a Division Superintendent" is a touching and interesting book about passing experience and knowledge to a new generation. The book consists of twenty-five letters from Charles Delano Hine, an American civil engineer, lawyer, railway official, and Colonel in the United States Army, to his son. In the letter, the father tells about the management of people, finance, administration, paperwork, and other issues.

The Awakening of Vishnu

Who am I? Am I a human trying to know the Truth, or am I the Truth experiencing a human order? Am I a definition trying to know what lies in the ocean of That which is undefined, or am I That Undefined perceiving a body of definition? Am I limited and trying to fathom the seemingly limitless existence, or am I the Unlimited observing limitedness by the very act of observation? What was before me? What will be after me? What are my first memories? How far can I remember? Can I recall the moment when I was born? Did all this which I call 'life' really unfold exactly like how I imagined during childhood, youth, middle-age or old age? Will I be able to observe the perishing of this body? Will the observation that 'I' carry also cease? Is there a true path to liberation? What is liberation? The Awakening of Vishnu explores eternal concepts of Aryavart such as: • Absolute and relative bliss • The observer and the field of observation • Atma as Jeev-atma and Param-atma • Shakti as Maya • The paradox of reality • The grand paradox of liberation It brings forth the complete translations of Adhyatm Upanishad and Akulveer Tantra.

OM Sutra: The Pathway to Enlightenment

In Sanskrit, the word "Sutra" means "thread", "hints" or "guidelines". The book explains the way to reach the ultimate zenith of human evolution. In this book the ultimate state of Om is adored and expounded. It includes fifty-five Sanskrit verses and their English translation and explanation. This is a book of wisdom for walking on the path of enlightenment. The Sutras provide the techniques and means to clear the mind from the accumulated experiences, conditioning and memories that bind humans to the world of sorrow. As one is established in Om, life is filled with peace, joy and harmony. The book is organized into twelve parts. Each part elaborates steps for breaking free of the limited identification and training the mind to achieve oneness with the universe. Each sutra is presented as Sanskrit text followed by transliteration, precise English translation and authoritative explanation.

Magnanimity

I've tried to strike a balance between certain concepts around Awakening, and the direct experience of Awakening. Concepts are helpful, but they can only point to the Truth; they are not the Truth in and of themselves. Words like "Spirituality", "Transformation," "Humanity," and "Meditation" can help us draw a map of the journey to Awakening, and that map can help shorten the journey by minimizing distractions and wrong turns, but no words can convey the actual experience of Enlightenment by Own.

Spiritual Enlightenment

A new study on the basic principles of Jainism, evaluation of relevance in the contemporary world, by a leading scholar and activist.--Publisher description.

Jinmanjari

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

Fundamentals of Jainism

Many people have heard of the extraordinary phenomenon of kundalini awakening, and a growing number have had firsthand experience -- in some cases, involving disturbing physical and psychological effects. This classic work documents numerous case studies to demystify the process and reassure "victims," who sometimes fear for their own sanity.

The Birth of Kirtan

The Light Above is a memoir told through the unfolding stories of two proud daughters of New England—Margaret Fuller, American transcendentalist, women's rights champion, and public intellectual, alive in the first half of the nineteenth century; and Maria Dintino, the author, daughter of a first-generation Italian American and longtime New Hampshire resident. A literary enthusiast, Dintino encounters Fuller and discovers that her stories shed light on her own. Fuller becomes Dintino's guide and teacher, and Dintino gradually deepens in understanding and trust of her own life story. A memoir that reveals the impact of shared stories, extending beyond the limits of time and place.

The Kundalini Experience

Recordings of the Satsangs of Swami Amar Jyoti were first made available on audiocassette to a small group of devotees in 1974. Until His Mahasamadhi in 2001, each of his Satsangs was recorded live. Over seven hundred recordings are still available on CD and MP3 downloads. Edited versions of these profound and deeply inspiring teachings also have been published for decades in *Light of Consciousness--Journal of Spiritual Awakening*. In response to repeated requests that the Satsangs be presented in book form, it is a privilege to launch the Wisdom Library of Swami Amar Jyoti, beginning with Volume 1: *Consciousness: Where Science and Spirituality Meet*. Gurudeva often spoke of how one day spirituality and science would merge, as scientists and spiritual seekers meet in their quest for what the scientists sometimes call the Unified Field--synonymous with Consciousness, God, Brahman, the Absolute, Eternal, Light, the Divine. Through these Satsangs this ancient wisdom is approachable not only for the scholarly or the adept but for all who come with an open mind and heart.

The Light Above

What is helpful about reading these types of quotes is that the more you can realize that everything is an illusion the better you can ignore everything and turn inward. One of the most significant aspects to this collection of quotes by the Sages is that in addition to pointing out that everything is a dreamlike illusion, they also point out in many of their quotes that upon Self Realization everything disappears. They also state that realizing that the world, etc. is an illusion is essential for Self Realization. The type is Palatino 15 for crisp clear easy reading. This book contains all of the quotes in Chapter (Step) Two from the book *The Seven Steps to Awakening*. Everything is an Illusion is Book Five in the Self Realization Series. One purpose of the Self Realization Series is to put just one category of quotes into a small book that has the advantage of making it easier to focus, meditate on, grasp and have insight into just one subject at a time. That makes the approach simple, easier and less complicated. The idea is to stay focused on just one subject until you have received everything you need to receive from that one subject. Most people go on to the next subject without ever having learned to apply to their lives the subject they are studying now. The Self Realization series of books are portable practice manuals aimed at helping sincere seekers of Self Realization master one Key to Self Realization at a time. The six titles in the Self Realization Series are: 1. Self Awareness Practice Instructions. 2. The Desire for Liberation. 3. The False self. 4. Inspiration and Encouragement on the Path to Self Realization. 5. Everything is an Illusion. 6. How Not to Get Lost in Concepts.

Most of us have questions about spiritual direction. What is it? What if I can't find a spiritual director? These questions and more are well answered in Dan Burkes book. The Lord is clearly calling all Catholics into a deeper union with him. This book, in a style which is both inspiring and practical, provides some of the Church's most important wisdom about how to respond to this call.

Spiritual Gems

[This book] meshes a discussion of development issues and processes with four different systems of religious beliefs: Hinduism, Christianity, Islam, and the Baha'i Faith. The authors - each a scientist as well as a person of faith - show how religious belief and personal faith can be deeply motivational and strikingly fruitful in scientific pursuits. Further, they emphasize how their faith has brought them a profound understanding of interconnectedness and compassion, and thus a wider perspective and greater sense of personal meaning to their research. -- Book jacket.

Consciousness

With the emergence of positive psychology in the West, and the many fold discovery of the impact of psychology in one's life, there is a need to understand spirituality, and to use its positive aspects to maintain a balance in hectic modern life. This book presents models for mapping basic psychological processes and their relationships. It covers basic constructs like cognition, emotion, behavior, desires, creativity, as well as applied topics like personal happiness, intercultural conflict handling, and world peace.

Everything Is an Illusion

Why is the tulsi considered sacred? What is the significance of namaste? Why do Hindus light a lamp before performing a ritual? Why is it forbidden to sleep facing the south? Why do Hindus chant 'shanti'?

three times after performing a rite? Millions of Hindus the world over grow up observing rites, rituals and religious practices that lie at the heart of Hinduism, but which they don't know the significance of. Often the age-old customs, whose relevance is lost to modern times, are dismissed as meaningless superstitions. The truth, however, is that these practices reveal the philosophical and scientific approach to life that has characterized Hindu thought since ancient times; it is important to revive their original meanings today. This handy book tells the fascinating stories and explains the science behind the Hindu rites and rituals that we sometimes follow blindly. It is essential reading for anyone interested in India's cultural tradition.

Souvenir [of The] Forty-third Session

Yagna, is a collection of poems that have sprouted from the profound spiritual realizations of the writer after following the path shown to her by her spiritual Master over the decade. She says, "poetry is the only arrangement of words that comes close to voicing a spiritual realization, otherwise beyond the capacity of alphabets". Through these poems, the relentless seeker in her communicates intimately with the Master in moods of restlessness, playfulness, realization and bliss. It is a compilation of subtle inspiration for those who seek or are unknowingly seeking.

The Book of Adi Shakti

"Aptavani 4" is the fourth in a series of spiritual books titled "Aptavani". In this series, Gnani Purush (embodiment of Self knowledge) Dada Bhagwan addresses age-old unanswered questions of spiritual seekers. Dadashri offers in-depth answers to questions such as: "What is the definition of self awareness, and what are the signs of lack of awareness?", "What is spirituality?", "What are the benefits of spirituality and practice?", "How can I experience a spiritual awakening, and what are the signs of spiritual awakening?", "How may I attain spiritual enlightenment and lead a spiritual life?" Dadashri also provides spiritual explanations regarding: "What is the meaning of ignorance?", "Who am I ?", and "How can I experience the spiritual power of my pure Soul?" For those seeking to learn how to become more spiritual, Dadashri explains that the knowledge of Self is the beginning of true spirituality. Upon attaining Self knowledge, one's spiritual development begins, which eventually leads to ultimate liberation, or moksha.

A Vedic Concordance is a monumental work by the famous American Sanskritist Maurice Bloomfield planned prepared and published during the years 1892-1906. It affords primarily an easy and ready means of ascertaining the following things: First where a given mantra occurs if it occurs but once second whether it occurs elsewhere either with or without variants and in what places and third if it occurs with variants what those variants are. One hundred and nineteen texts in all have been drawn upon for contributions to the concordance comprising .The concordance also includes a very considerable amount of material not yet published. The concordance may also be readily put to certain indirect or secondary uses which are scarcely less important for the systematic progress of vedic study.

Pure Soul and Its Infinite Treasure

Shri Mataji writes that “India is a very ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it.” This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children. “The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book, but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form.”

Shri Sai Satcharita

Village Voice Favorite Books of 2000 The popular book challenging the idea of a model minority, now in paperback! “How does it feel to be a problem?” asked W. E. B. Du Bois of black Americans in his classic *The Souls of Black Folk*. A hundred years later, Vijay Prashad asks South Asians “How does it feel to be a solution?” In this kaleidoscopic critique, Prashad looks into the complexities faced by the members of a “model minority”—one, he claims, that is consistently deployed as “a weapon in the war against black America.” On a vast canvas, *The Karma of Brown Folk* attacks the two pillars of the “model minority” image, that South Asians are both inherently successful and pliant, and analyzes the ways in which U.S. immigration policy and American Orientalism have perpetuated these stereotypes. Prashad uses irony, humor, razor-sharp criticism, personal reflections, and historical research to challenge the arguments made by Dinesh D’Souza, who heralds South Asian success in the U.S., and to question the quiet accommodation to racism made by many South Asians. A look at Deepak Chopra and others whom Prashad terms “Godmen” shows us how some South Asians exploit the stereotype of inherent spirituality, much to the chagrin of other South Asians. Following the long engagement of American culture with South Asia, Prashad traces India’s effect on thinkers like Cotton Mather and Henry David Thoreau, Ravi Shankar’s influence on John Coltrane, and such essential issues as race versus caste and the connection between antiracism activism and anticolonial resistance. *The Karma of Brown Folk* locates the birth of the “model minority” myth, placing it firmly in the context of reaction to the struggle for Black Liberation. Prashad reclaims the long history of black and South Asian solidarity, discussing joint struggles in the U.S., the Caribbean, South Africa, and elsewhere, and exposes how these powerful moments of alliance faded from historical memory and were replaced by Indian support for antiblack racism. Ultimately, Prashad writes not just about South Asians in America but about America itself, in the tradition of Tocqueville, Du Bois, Richard Wright, and others. He explores the place of collective struggle and multiracial alliances in the transformation of self and community—in short, how Americans define themselves.

Hindu Rites and Rituals

• Revised and expanded edition of the classic work on chakras by the renowned Indian scholar and tantra practitioner. • Over 35,000 copies of the original edition sold. • Includes full-color illustrations of the chakras to be used with the meditation exercises in the book and provides the tools necessary to activate these centers of transformative energy. In the ancient science of tantra, the human body is viewed as the most perfect instrument for the expression of consciousness, a perfection realized through the development of psychic centers known as chakras. Located within the cerebrospinal system, the chakras are the stage upon which the interaction between higher consciousness and desire is played out. Consequently, it is through understanding and utilizing the energies of the chakras that we ultimately reach an enlightened state of being. In *Chakras*, Indian scholar and tantra practitioner Harish Johari introduces the classical principles of the chakras as well as their practical application for today. In this expanded edition, complete with new art and text, he unfolds the mysteries of these subtle centers of transformation with visualization techniques essential to a fully realized tantric practice.

Unlike other books in its field, Chakras provides the tools to activate these centers of transformative energy and elevate one's intellectual knowledge to an experience of spiritual growth. Meditating on the beautiful, full-color illustrations of each chakra vitalizes the cerebrospinal centers and harmonizes the entire system both physically and psychically. Explanations of each chakra elaborate on the chakra's connection to elements, colors, sounds, sense and work organs, desires, planets and deities, as well as on behavioral characteristics and particular effects of meditation. For scholars and spiritual aspirants of every level, Chakras is an invaluable, practical source of information and techniques.

The Divine Mother

The essays in The Philosophy of Spirituality address spirituality as a subject of philosophical interest independent of religion and respecting diverse spiritual traditions: African, atheist, Indigenous, Indian, Stoic, and Sufic perspectives, as well as Western analytic and continental views.

Yagna

For nearly half a century the charismatic, strikingly handsome spiritual teacher J. Krishnamurti gathered an enormous following throughout Europe, India, Australia and North America. From the age of eighteen he was the forerunner of the type of iconoclasm that would bring immediate fame to cult figures in the late twentieth century. Yet recent biographies have left large areas of his life in mystifying darkness. This, however, is no ordinary study of Krishnamurti, for it is written by one whose earliest memories are dominated by his presence as a doting second father—tolerant of pranks and pets, playful and diligent. For over two decades in their Ojai California haven, where Aldous Huxley and other pacifists found respite during the war years, Krishnamurti developed his philosophical message. He also placed himself at the centre of her parents' Rosalind and Rajagopal's marriage. In a spirit of tenderness, fairness, objective inquiry, and no little remorse, the author traces the rise of Krishnamurti from obscurity in India by selection of the Theosophical Society to be the vehicle of a new incarnation of their world teacher. Breaking from Theosophy, Krishnamurti inspired his own following, retaining the dedication of his longtime friend Rajagopal, himself highly educated, to oversee all practicalities and the editing and publication of his writings. How this bond of trust was breached and became clouded in confusion with a new wave of devoteeism lies at the heart of this extraordinary story. So does a portrait of intense romantic intimacy and the conundrum of Krishnamurti's own complex character.

The religions of the world preserve the knowledge and protect the secrets of ancient powerful mantras. At the heart of world religion, and among the most powerful mantras in the history of religion, is the Navkar mantra, or Trimantra. In the book "Trimantra", Gnani Purush (embodiment of Self knowledge) Dada Bhagwan explains the Trimantra, its mantra meaning, and the extraordinary benefits of its recitation. Whether wishing to live with no worry while facing problems in everyday life, wondering how to get inner peace, or on a spiritual quest seeking spiritual enlightenment (self realization), utilizing Trimantra provides that – and more. Among the many spiritual books available today, Dadashri's spiritual guidance about the value of Trimantra, and how to best access its spiritual power, is invaluable.

The volume is a good presentation of the philosophy of Sri Madhvacarya, complete in its architectonic unity. The author probes its ontological and epistemological foundations, and critically examines the structure erected on them. The discussion focuses on crucial doctrines of theism, and brings to light for the first time the striking parallelisms of thought between Madhva and his Western contemporary St.

Thomas Aquinas. Light is also thrown on how Madhva and his commentators anticipated the views of modern philosophers like Spencer, Russell and Hobhouse on the nature of time, space and memory. The latest researches on Madhvacarya's role in the Vedantic Bhakti movement and his attempt to harmonize the Upanisadic texts on monism and dualism are substantially drawn upon.

Vimala Thakar gave a series of inspiring talks on the Bhagavad Gita in three separate seminars, during 1992 and 1993 in Italy. To her, Bhagavad Gita is sacred because it deals with the organic wholeness of life and the inbuilt complexity of life and affirms the interplay between the microcosm and macrocosm. Moreover, persuades us to remain united with the ultimate reality, not only to intellectual understanding but through everything that we do, at every moment.

From our previous considerations on this topic, I mean by that: The material universe in the cosmic cycle, and from our jointly developed level of knowledge and the factual understanding, one may be able to understand the enthusiasm. However, with the cosmic evolution before this dubious Big Bang, all of this has next to nothing to offer. Specifically, after I was able to read a little in the archives of mankind from the modern planet earth, I mean that they define cosmic evolution from the beginning of this dubious Big Bang. They connect this, from their point of view, central, cosmic event without restriction with the beginning of the cosmic world, without defining this world in concrete terms, energetically and materially. And by that I mean not only material evolution, but also the biological development of living beings of the most varied kinds.

What happened before the big bang? How did the smallest building blocks of life and matter develop? Do thinking corporeal beings of the higher spiritual order, for example humans, have an ego-consciousness on the basis of the law of conservation of energy? Where does the cycle of cosmic life close? Is there a purpose why the universal world exists in its entirety? And for the fact that it is set up as it is? Is there such a thing as god or gods? As they are called on some habitable planets? And if so, what should we know about him or her? Are they possibly a product of spiritual fantasy of thinking, physical beings of the higher spiritual order as a means of developing and maintaining power? What distinguishes the species of thinking corporeal beings of the higher spiritual order? Is there such a thing as the spiritual, especially a fundamental difference between spirit and matter?

Im ersten Teil des Buches werden die sozialen und wirtschaftlichen Hintergründe des bäuerlichen Lebens vom ausgehenden Mittelalter bis zum Beginn der Industriellen Revolution in Westfalen dargestellt. Zahlreiche Dokumente illustrieren die vielfältigen Beziehungen der Kötterfamilie zu dem Grund- und Lehnsherrn, dem Kloster Quernheim bei Kirchlengern. Im zweiten Teil wird die Geschichte der Familie im 19. Jahrhundert erzählt, als ein Fünftel der Bevölkerung Westfalen verlässt und vor allem nach Amerika auswandert. Es wird von der oft beschwerlichen Reise von Bremerhaven nach New Orleans und weiter den Mississippi hinauf berichtet. Die deutschen Einwanderer gehören zu den ersten Siedlern nördlich von St. Louis, Missouri. Der Autor zeichnet ein facettenreiches Bild der Jahre von 1840 an: die Siedlungsgeschichte, das kirchliche und schulische Leben, die Arbeit und das Freizeitverhalten werden ausführlich geschildert. Weitere Siedlungsschwerpunkte sind Quincy, Illinois, Manhattan in Kansas und Grand Island in Nebraska.

Turn Around, Look at Me

Go back to the beginning of the Collins-Burke mysteries with this collection, which includes the first three novels in the award-winning series: Sign of the Cross, Obit, and Barrington Street Blues. Sign of the Cross: This winner of the Arthur Ellis Award for Best First Novel introduces lawyer Monty Collins who meets Father Brennan Burke when he represents him: the priest is the lead suspect in the murder of a young woman. Conflict between lawyer and client simmers, as evidence piles up and murder charges seem inevitable. With Burke remaining tight-lipped about his past, Monty has no choice but to go behind his back and conduct a probe into the life of his own client. Never in his career has Monty been so lost for answers, until a long-forgotten incident takes on new and ominous meaning . . . Obit: "Strong characters and a vivid depiction of Irish American family life . . . as outstanding as her first." — Library Journal. Declan Burke fled Ireland forty years ago and never looked back. Now settled in New York, he thinks he's put the old country behind him, until he reads the obituary of one Cathal Murphy. The obituary, he sees at once, is not about Murphy at all. It is a coded indictment of Burke's own life. And an announcement of his impending death. Halifax lawyer Monty Collins investigates the obit with its allusions to Burke's IRA past. From the farms of Ireland to the tenements of New York City, Collins gets no help from Burke, who — good soldier to the end — keeps the silence of the grave. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 16.0px Times; -webkit-text-stroke: #000000} span.s1 {font-kerning: none} Barrington Street Blues: A rich man and a poor man are found dead of gunshot wounds outside a seedy bar on Barrington Street in Halifax. The police declare it a murder-suicide, but bluesman/lawyer Monty Collins — hired to represent the victims' families — suspects it's a double murder. Helped by his friend Father Brennan Burke, and hindered by his femme fatale law partner Felicia Morgan, Monty explores the dark side of Halifax society: hookers, drug addicts, boozers, gamblers, and people desperate to cover up a series of parties that got way out of hand. A secret from the past and turmoil with his estranged wife, Maura, have Monty singing the blues, lashing out at his closest friends, and spending far too much time in the bars of Halifax.

Meet Collins and Burke

Be careful what you wish for, his mother used to say. Yet how many times, in his twenty years defending the underclass, has Monty Collins wished for a client who is intelligent, articulate and tattoo-free? Now he has one, but it's not long before his mother's warning comes back to haunt him. Father Brennan Burke was born in Ireland, raised in New York, educated in Rome — he's equally fluent in Latin and the language of the street. And he is the prime suspect in the killing of a foxy young girl whose body was found carved with a religious sign, a sign that points straight to the priest. From their first meeting, Monty finds Burke acerbic, arrogant, and evasive about his relationship with the victim. Conflict between lawyer and client simmers all through the ordeal that lies ahead, as evidence piles up and murder charges seem inevitable. With Burke remaining tight-lipped about his past, Monty has no choice but to go behind his back and conduct a probe into the life of his own client. Never in his career has Monty been so lost for answers, until a long-forgotten incident takes on new and ominous meaning . . .

Plays of Our Own is the first anthology of its kind containing an eclectic range of plays by Deaf and hard-of-hearing writers. These writers have made major, positive contributions to world drama or Deaf theatre arts. Their topics range from those completely unrelated to deafness to those with strong Deaf-related themes such as a dreamy, headstrong girl surviving a male-dominated world in Depression-era Ireland; a famous Spanish artist losing his hearing while creating his most controversial art; a Deaf African-American woman dealing with AIDS in her family; and a Deaf peddler ridiculed and rejected by his own kind for selling ABC fingerspelling cards. The plays are varied in style – a Kabuki western, an ensemble-created variety show, a visual-gestural play with no spoken nor signed language, a cartoon tragicomedy, historical and domestic dramas, and a situation comedy. This volume contains the well-known Deaf theatre classics, *My Third Eye* and *A Play of Our Own*. At long last, directors, producers, Deaf and hearing students, professors, and researchers will be able to pick up a book of "Deaf plays" for production consideration, Deaf culture or multicultural analysis, or the simple pleasure of reading.

WHAT IF...? WHAT IF GOD IS REAL AND I CAN PROVE IT? By: Carlton Harry Clunn What if Carlton Harry Clunn said he KNOWS God is real, not he believes God is real? Many of you might be inclined to say "Prove it." That is precisely the purpose of this book. Clunn intends to submit enough evidence that you will not be able to equivocate or deny that God exists. All the things that you are about to read are true. Clunn has not exaggerated or embellished any of what you are about to encounter, with the exception of the pretense of his being an attorney and presenting the case to you, the jury. It will seem, at times, that what has happened in Clunn's life is not of this world. The fact is many of the things you will read are not. However, they are true nonetheless. In an attempt to show that he is no one special, Clunn has also related some of his other life experiences. Some of them are good, some humorous, and some downright bad; all, hopefully, entertaining or informative. Miracles are only done in order to reveal God and His character to us. They don't happen to everyone, but sometimes what happens in one person's life touches those around them. May that be the case with you. This book is not about religion. It is about encounters with God and the adventures that come with having a real relationship with Him.

WHAT IF...?

""Can't Kim be happy?" This is the question asked of Kim Korson--a female Woody Allen--at her first (and last) shrink appointment, and her chief dilemma in this fresh-voiced, hilarious take on what it means to be a malcontent. "Go find your happy place!" Kim Korson's befuddled husband exclaims one day, as his disgruntled wife is listing about the house (as malcontents are wont to do.) It sounds simple enough--only Kim can't. Because she doesn't have one. *I Don't Have a Happy Place* is an exploration of Kim's oftentimes irrational, at times self-induced, and nearly perpetual state of unhappiness, told through a series of humorous, autobiographical essays. Beginning with her childhood in the 1970s and extending through first jobs, first loves, marriage, and motherhood, Kim tries to explain why she's happiest at her most unhappy--and why she's completely fine with that. But, determined to change her ways for her children if nothing else, Kim moves her family from Brooklyn to southern Vermont to see if she can find happy for the first time in her life. Rife with evocative and nostalgic observations, unapologetic realism, and razor-sharp wit, *I Don't Have a Happy Place* is sure to make you laugh, nod your head compulsively in agreement, and ultimately feel empowered to ask: "Happy? Who's happy?!"--

The Husky and His White Cat Shizun: Erha He Ta De Bai Mao Shizun (Novel) Vol. 3

My feet are itching to walk to the shore, to leave the kids again, to sit with the birds and pretend none of this has happened. In a small, isolated town on the North Norfolk coast, Fran's life is unravelling. As she fills her days cleaning the caravan park she owns, she is preoccupied by worry - about the behaviour of her son, the growing absence of her husband and the strained relationship with her sister. Her one source of solace is slipping out to the beach early in the morning, to watch the birds. Small-town tension simmers when a new teacher starts at the local school and a Romany community settle in the field adjoining Fran's caravan park. From the distance of his caravan, seventy-year-old Tad quietly watches the townspeople - mainly, Fran's family. When the schoolteacher and Fran's brother-in-law both go missing on the same night, accusations fly. Yet all Fran can seem to care about is the birds. An eerie and unsettling novel, *Bird Spotting in a Small Town* perfectly encapsulates the intensity of rural claustrophobia when you don't know who you can trust. 'A haunting, disquieting novel, exquisitely written. The detail throughout is like acupuncture and the whole thing is difficult to pull away from. I read it in short bursts because each sitting left me with something new to think about' - IAN MOORE, author of *Death and Croissants* 'The kind of book that gets under your skin, hugely atmospheric and dark in the best possible way' - JENNIE GODFREY, author of *The List of Suspicious Things Perfect for fans of Francine Toon's Pine* and hit British crime dramas like *Broadchurch* and *Hollington Drive*.

I Don't Have a Happy Place

Two young girls, Barbara McKay and Susan Chapman, come from broken homes and broken dreams. Where chaos and despair is the rule and love the exception and their only escape is each other. Together they cling to life in a fantasy of heroes and heroines in a small California coast town. In the land of Surf, Sand and Sun, they are best friends on their own and causing trouble wherever they can. Precocious and street wise, nothing scares them in a town filled with tourists ripe for the picking, tanned and muscled surfers to flirt with, big blue waves to ride and all the frozen chocolate bananas you can eat. It's 1966, a time of youthful rebellion and exciting new discoveries. Happy in their make-believe world, the girls suddenly discover a dark chasm and fall into a nightmare from which there is no escape. Frank Roberts, a demented killer, shatters their world, as he stalks them, killing their friends along the way. Brad Lewis, a mysterious stranger who becomes their friend, holds a secret that could either save their lives or destroy them all. In the middle of all the murder and deception the girls are faced with the reality that they are on their own and will never survive unless they find the killer first. It's time to go on the offensive. The special bond between them, their deep sense of loyalty and their faith in one another could be crucial to their survival.

Bird Spotting in a Small Town

This Air Force Colonels Memoir is a collection of stories about people whom he has known, worked with and flew with during his span of 80 plus years. Growing up was an on airport experience among airport people, none of whom are ordinary. He enlisted in the Army during WWII at 18 and entered the Army Flying Training System. He relives with the reader numerous experiences in his early flying and living years in France and Germany. He met and married a wonderful young Lady and shares her experiences in becoming a Colonels Lady. Colonel Hudlow volunteered into the new jet bomber program and also became a rated Navigator and Bombardier, an early qualification for flying the B-47. Reader will share his experiences as a junior officer and as he advances in rank and responsibility. He became expert in his profession and likely has as many flying hours in B-52 as anyone. He was introduced at SAC Headquarters as The finest refueler in SAC. He devoted his Headquarters years to improving the B-52 fleet combat effectiveness, and crew safety. His first hand comments on the problems related to the Vietnam War are astute. He was very disappointed to have been denied command of a SAC Bombardment Wing. SAC wanted him to shepherd the B-1 airplane development. General Dougherty told him that he was the only officer in SAC with the experience and qualifications to bring the B-1 airplane into the SAC inventory. He tried to negotiate being a Wing Commander for a year then do the B-1 job. That was not acceptable so he elected to retire and enter the business world. He took a position with a major aircraft manufacturer and was very successful rising to Director of International Sales. He provides astute comparisons of commercial business versus the business of the military at levels from the Pentagon down. A fascinating read of success, Patriotism, devotion to duty, family and bonded professionals as a B-52 Combat Crew during the most dangerous era in our nations history, The Cold War.

Dandelions have dual personalities. They are delicate; their seeds easily separate and scatter by the slightest breeze. Each has its own destiny chosen for them as they pirouette through the air and land in random locations. But there are certain dandelion seeds that happened to land in the hands of a little girl named Grace. They took root and grew to become defining moments in her life. They became message conduits of love, faith, and resilience between her and her mother that will last forever and beyond. Even when the cruel realities of life tried to steal her joy, challenged her faith, and when hope seemed all but lost, Grace found victory over evil in the strangest of ways.

Elvis Presley and Bill Haley. Sam Cooke and the Shirelles. The Crows and the Chords. American Bandstand and Motown. From its first rumblings in the outland alphabet soup of R&B and C&W, rock & roll music promised to change the world--and did it. Combining social history with a treasure trove of

trivia, Richard Aquila unleashes the excitement of rock's first decade and shows how the music reflected American life from the mid-1950s through the dawn of Beatlemania. His year-by-year timelines and a photo essay place the music in historical perspective by linking artists and their hits to the news stories, movies, TV shows, fads, and lifestyles. In addition, he provides a concise biographical dictionary of the performers who made the charts between 1954 and 1963, along with the label and chart position of each of their hit songs.
