Death Set in Diamonds

On a golfing holiday, playwright and criminologist Trevor Lowe and his assistant are on their way to see Sir Reginald Allerdyce. They encounter an old friend, Detective Inspector Shadgold, investigating a criminal known as the diamond bandit. When Sir Reginald is murdered, Lowe becomes involved in the case.

Diamonds for Death

"Sharon O'Mara's newest client doesn't need her help for what he's done, but rather for what he left behind. When baseball great, Toro Rodriquez, defected he had to leave his wife and child in Cuba. Now a ruthless government agent whose allegiance isn't to Castro, but only to herself, holds them prisoner. Since O'Mara's friend, Kevin Bryan, is off on a security gig in London to prevent the theft of diamonds worth a quarter of billion euros, she turns to old friends and comrades-in-arms to help rescue Toro's family. Her team's failure may mean vanishing into a Cuban prison or worse. O'Mara and Bryan have no idea their client's paths will not only merge but crash bloodily into each other on the night of baseball's All-Star Game in San Francisco."--

A Death in Diamonds

THE ROYALLY BRILLIANT FOURTH BOOK IN THE HER MAJESTY THE QUEEN INVESTIGATES MYSTERY SERIES - NOW AVAILABLE IN HARDBACK, EBOOK AND AUDIOBOOK!

1957 - Young Queen Elizabeth II is finding her way in a challenging world as the United Kingdom must adjust to having neither an empire nor a set place in post-war Europe. As she travels the world to try and build bridges, the Queen is advised by the 'men in moustaches', as Philip calls them - her father's old courtiers, who may or may not have her best interests at heart. One of them is trying to sabotage her: that much she is sure of. And then two bodies turn up, horribly murdered, in Chelsea, and the Queen finds herself unwillingly used as the alibi for somebody very close to her. Elizabeth knows she can't face these challenges alone. She needs support from someone clever, discreet and loyal, someone she can trust. Then she meets ex-Bletchley Park code breaker, Joan McGraw, and their investigation into the murders begins in earnest . . . PRAISE FOR THE 'HER MAJESTY THE QUEEN INVESTIGATES' SERIES: 'A witty whodunit starring our very own HM The Queen as an amateur sleuth' - GOOD HOUSEKEEPING 'A pitch-perfect murder mystery' - Ruth Ware 'Written with wit and brio' - Daily Express 'Miss Marple with a crown' - Daily Mirror 'Absolute perfection!' - Isabelle Broom 'Delightfully charming' - Adele Parks 'Pure confection' - New York Times 'Warm & witty' - Woman&Home 'A delightful read' - BBC Radio 2 'I loved it' - Joanne Harris 'A total joy' - Nina Stibbe 'Charming' - Guardian 'What a hoot!' - Saga

Diamonds of Death

From the hand of skilled surgeon Dr. John Raffensperger, writing as John Luck M.D., comes a penetrating medical thriller that lays the essence of corrupt 1950s Chicago open to the bone, deftly weaving a story that is equal parts mob, murder and medicine. When a local gangster loses the priceless diamonds he planned to steal from his mob boss, a doctor is suspected of recovering the loot from a wounded bagman hurt during the melee. For Cook County Hospital's Dr. Tom Slocum, a returning Korean war veteran in doubt of his ability as a doctor after losing a buddy during a battlefield surgery, the last thing he needs is another war-this time with the Chicago mafia, corrupt city workers and cops on the take. Will Dr. Slocum's scalpel save his own life as he tries to choose whom to trust? Will diamonds be the death of him?

Death and Diamonds

Frank and Joe try to prevent the theft of a valuable collection of diamonds from a show.

Death and Diamonds

Frank and Joe try to prevent the theft of a valuable collection of diamonds from a show.

Denim, Diamonds and Death

Denim, Diamonds and Death offers a fine collection from authors supporting the 50th Anniversary of the Mystery Writers of America's annual Bouchercon World Mystery Convention in Dallas, Texas. Here are fifteen stories that run the gamut from heists to revenge, intricate plots to secrets uncovered, and more than a few tales that defy easy classification. Proceeds from the sale of the book will go to the 2019 Bouchercon's official charity, Literary Instruction for Texas (LIFT). Edited by Rick Ollerman with stories by Carole Nelson Douglas, John M. Floyd, Dana Haynes, Thomas Luka, Michael Allan Mallory, Angela Crider Neary, Laura Oles, Josh Pachter, John Shepphird, Debra Luttanzi Shutika, Julie Tollefson, Tim P. Walker, Robb White, Kenneth Wishnia, and Mark Wisniewski.

Death in Diamonds

'as delightful as the first book.' - The Stories of Chantel Dacosta The second Lady Alkmene Callender Mystery A family of secrets...

Diamonds of Death (A Lady Alkmene Cosy Mystery, Book 2)

Frank and Joe Hardy must attend a jewelry show and auction to prevent the possible theft of diamonds worth millions of dollars.

Death Deals in Diamonds

The culture of burial and mourning is presently in a state of flux. The idea of using the cremated remains of loved ones to form jewelry no longer belongs to the realm of science fiction but has become a fact of modern life. Today, many countries are open to allowing the ashes of the dead to be turned into ornamental objects. Technically, this produces remembrance artifacts representing the dead. The new aspect is that the mortal remains continue to exist after death in the form of such an artifact, for which previous burial culture has no precedent. How do such "ash diamonds" figure into the mourning process? How do relatives deal with this phenomenon? What is the role of esthetics? How does the social environment react to this "metamorphosis"? And does this represent the renewal of the idea of relics? This book is based on interviews held with persons who decided to go this route of remembering their deceased loved ones. The authors also visited the production facilities of these precious stones, talked with experts about the process, and attended the delivery rituals. In addition to practical, theological, and sociological assessments, the volume includes case studies that provide a forum for those concerned to voice their opinions.

Death and Diamonds

Coming home to Reston, Virginia, to bury his estranged father, Josh Handleman gets the shock of his life when he finds out that his thrifty father is actually a wealthy man who collected diamonds, but when Josh tries to locate the gems he discovers they are missing and begins to wonder if his father's death was really an accident or if it was murder.

Enchantment

It's a double whammy for 27 year old Londoner Miranda Ellison when she loses both her job and her boyfriend after finding him in dubious circumstances with a colleague. Though unwilling to rush into a new relationship, she agrees to accompany her new friend, Didier, on a photographic assignment in southern Portugal. Soon after they arrive, a man is found with his throat cut in a car outside their villa. He is a victim of a Serbian hit-squad, contracted to kill a Brazilian drug smuggler. The police investigation is led by the lazy Inspector da Silva, supported by the more competent Agente Benedita Pereira. Miranda finds herself in danger because the Serbs think she was a witness and Didier becomes a suspect when the police find that his father had been an anti-government activist before the Portuguese Revolution of 1974. Amid the confusion, Miranda and Didier become embroiled in the investigation, and try to find their own answers. Miranda discovers a feistiness in herself, a quality that becomes essential to her survival. Having to depend more and more on their own resources, the jokey relationship between Miranda and Didier becomes more intense as the story moves to its violent conclusion.

Diamonds for the Dead

Robert Bozman thought he was finished with government work. But while conducting an investigation, he is forced to reenter the world of secrets. From the streets of Chicago to a warehouse in Antwerp, Boz and his team go from hunter to hunted in this wild and harrowing adventure.

Diamonds and Death on the Algarve

Witnesses the story of a boy and uncovers what happens when young children do not get the love and attention from their parents like they should to feel confident, loved and secure. Follow the author as he reveals his experiences as an adult and the things he has encountered during his journey through life. Uncover more about life, love, family and relationships in author Derald R. Smith's *A Diamond In The Rough* and *My Near Death Experience*.

Death by Diamonds

Did you ever have one of those days? You know the kind, when nothing seems to go right? Richie's girlfriend suggests a romantic getaway, promising him a week-end he will never forget. So why can't he remember what happened, when he finds her lifeless body on the beach? Richie is fairly certain he didn't kill his girlfriend, but his memory is hazy. One thing, however, is clear. When Lorraine's body is found, he's going to be the prime suspect in a murder investigation. If her body is found. Disposing of the body turns out to be harder than Richie could have imagined. Losing it, however, is easy. Did you ever have one of those days? And we haven't even gotten to the bad part yet.

A Diamond In The Rough and My Near Death Experience

1957. A young woman is found dead in a mews house not far from Buckingham Palace, wearing only silk underwear and a diamond tiara. A man's corpse is discovered nearby, garrotted and pierced through the eye with a long, sharp implement. According to the police, a high society card game was going on downstairs that night. One of the players surely committed the murders, but each of them can give the others an alibi. When someone very close to her is implicated, the young Queen is drawn in to the investigation...

Death and White Diamonds

Booze, babes, and bullets follow recovery of stolen diamonds, as an American agent attempts to stay alive while sandwiched between the Russian Mafia and a Colombian drug cartel, attempting to combine diamonds and drugs. If you enjoyed *Death By Design*, you will like *The Red God*, a foreign intrigue thriller set in the Middle East, or *The Mummy's Curse*, a story of Nazi gold haunted by the supernatural, also by C. E. Albertson.

A Death in Diamonds

Madeira Cutler loves her Vintage Magic boutique, but the 'visions' she gets from the garments can be hard to handle, especially when she knows the owner. At first she's thrilled to receive a package containing the beautifully bejeweled dress she designed for actress and old friend Dominique Delong while in fashion school. But the dress comes with a disturbing message from Dominique, who it seems took her last bow under very mysterious circumstances.

Death by Design

For fans of HBO's *The Gilded Age*, explore the dark side of the alluring world of America's 19th century elite in this gripping series of riveting mysteries... The pursuit of stolen diamonds once belonging to Marie Antionette leads heiress Prudence MacKenzie and ex-Pinkerton Geoffrey Hunter down a twisted maze through Gilded Age New York City from Fifth Avenue to Five Points . . . *DEATH, DIAMONDS, AND DECEPTION* Fall 1889: Lady Rotherton has arrived from London intent on chaperoning her niece Prudence through a New York social season to find a suitable husband. It's certainly not her niece's devilishly handsome partner in Hunter and MacKenzie Investigative Law. Aunt Gillian's eye for eligible suitors is surpassed only by her ability to discern genuine gems from nearly flawless fakes. At the Assembly Ball at Delmonico's, she effortlessly determines that the stones in the spectacular diamond waterfall necklace adorning the neck of the wife of banker William De Vries are fake. Insisting on absolute discretion to avoid scandal, the banker employs Prudence and Geoffrey to recover the stolen diamonds pried out of their settings—priceless stones acquired by Tiffany, originally purchased for Marie Antoinette. Their search for a possible fence rapidly leads to a dead end: a jeweler brutally killed in his shop during an apparent theft. The jeweler's murder is only the first in a string of mysterious deaths, as Prudence and Geoffrey pursue their elusive quarry. But the clues keep leading back to duplicity on the part of the De Vries family, who, it turns out, have a great deal to hide . . .

Death by Diamonds

From South Africa to the south of France, the romantic-suspense, *Dancing with Diamonds*, turns thriller, as Georgia delves into the confusing realms of the heart; true love vs passion, realizing romance can be deceptively wrapped with danger. This emotional rollercoaster starts when Georgia leaves her South African ranch to explore other horizons, and checks-in to the Miramar Hotel, Antibes; not realizing she's done more than that, she's just signed herself into a sinister situation. On a quest for culture -not love, Georgia is nevertheless, soon dazzled by the handsome Laurence and his glamorous lifestyle, sourcing gems for the rich and famous. Falling for his irresistible charm, she's unknowingly fallen into the hands of a professional psychopath. Suspicions over the mysterious disappearance of his 'ex' suppressed, she's cunningly courted with weekends of casinos, sailing and travel until head spinning, Georgia is blinded by the large diamond ring, and can't refuse his proposal. Laurence has manipulated her to get what he really wants: not her, but her diamond rich land. Not until on honeymoon, on safari, does Georgia see his evil intent. He shoots to kill; nevertheless, she realizes his aim. Her wits now sharp on survival: of herself, her loved ones, and her lands...but it's already too late to save them all.

Death, Diamonds, and Deception

Mining diamonds is a lucrative business, but it soon proves itself deadly. Shortly after Kubu joins the CID, the richest diamond mine in the world is robbed of 100,000 carats of diamonds in transit. The robbery is well-executed and brutal. Police immediately suspect an inside job, but there is no evidence of who it could be. When the robbers are killed execution-style in South Africa and the diamonds are still missing, the game changes, and suspicion focuses on a witch doctor and his son. Does Kubu have the skill and the integrity to engineer an international trap and catch those responsible, or will the biggest risk of his life end in disaster?

Dancing with Diamonds

From USA Today bestselling author Kelly Rey comes a hilarious mystery with a sparkling twist ... Diamonds are not always a girl's best friend. At least that's what legal secretary turned reluctant sleuth Jamie Winters realizes when a dead body shows up on her boyfriend, Curt's, patio...with a pocket full of diamonds! The dead woman was Amber Freeling, an old college friend of Curt's, and the deeper Jamie digs into her death, the more it appears someone was out to get Amber. With the help of her teenage sidekick, Maizy, Jamie tries to determine if Amber was an innocent victim or a jewel thief. And as the case leads them to a shady pawnshop and its shadier staff, Jamie realizes no one is whom they appear to be and everyone is a suspect. Was it the wannabe-mobster owner, his long-suffering wife, his spoiled daughter, the gold-obsessed clerk, or the inscrutable security guard? Or possibly it was the owner's hired muscle nicknamed the Disposer...who just may dispose of Jamie and Maizy! One thing is for sure: the killer will stop at nothing to reclaim those diamonds, and if she isn't careful, Jamie could just be the next target in the way! Jamie Winters Mysteries: Motion for Murder – book #1 Mistletoe & Misdemeanors – short story in the "Cozy Christmas Shorts" collection Death of a Diva – book #2 Motion for Misfits – short story in the "Killer Beach Reads" collection The Sassy Suspect – book #3 Verdicts & Vixens – book #4 A Playboy in Peril – book #5 Death by Diamonds – book #6 "Move over Stephanie Plum—there's a new girl in town! Jamie Winters is smart, sassy, and laugh-out-loud hilarious. Mix one fun mystery, some fantastic romantic chemistry, and witty quips throughout for a sure-fire winner! Who knew a lawyer's office could be so funny?" ~ Gemma Halliday, New York Times bestselling author "Rey delivers an impressive, well-plotted and well-written... treat that leaves readers eager to whet their appetite with all of Jamie Winters' wacky investigations!" ~ Diane Morasco, Long Island Book Reviews

Facets of Death

Liana and Karl are on a mission to capture renowned jewel thief, Mark. But Mark and Liana share an attraction. Can Karl and Liana untangle their emotions and survive Mark's deadly cat and mouse game?

Death by Diamonds

A woman in danger: Gemologist and jewelry designer Kathleen McGuire has no intention of falling for another man in law enforcement? a man who wants to be her hero. Her shattered heart cannot endure any more pain. But anonymous threats against her life push her to the brink, and she reluctantly accepts the help and protection of handsome Mike Ryan, a federal agent with the Bureau of Customs and Immigration Enforcement (ICE). Though attraction sizzles between them, Kathleen fights temptation and desire. She is a long-term relationship kind of woman, and Mike is a short-term commitment kind of guy? until one night changes everything. A man who vows to protect her: Working a drug-related money-laundering case in the sun-drenched seaside community of La Jolla, California, Special Agent Mike Ryan needs a confidential informant familiar with the jeweler he's investigating. Beautiful Kathleen McGuire isn't who he had in mind for the job, but what she knows could break his case wide open. Arresting drug traffickers and their scummy, money-laundering partners is a mission to Mike, but when a stalker's threats against Kathleen escalate, Mike makes protecting her his priority. Before long, he finds himself emotionally entangled with Kathleen, his heart and his future in as much danger as Kathleen's life. BLUE DIAMOND DEATH, a sensual contemporary romantic suspense novel, has approximately 64,200 words and is about 265 pages in length.

Diamonds, Guns and Death

"Jim was gone. He was fine, and then I didn't have him anymore. Nothing made sense. I couldn't understand what people were saying. I wanted my "normal" back but as I began to realize... this had become my normal, a life without Jim." "I had the comfort of knowing Jim had a personal relationship

with the Lord and when he died he would be with his Lord; but I missed him so very much. When someone would say to me 'I'm so sorry you have lost your husband', I would say, 'Oh no, I know where he is, I'm the one who's lost.'" "I had not known there could be so much physical pain. I knew there would be emotional pain of course, but I was shocked at the physical pain. In fact, I wondered just how quickly it would be before my grief would kill me." When Jane's husband died suddenly she felt her world had fallen apart. In this book she tells about some of the many issues she needed to deal with following his death and how, when nothing made sense, she found peace in her Lord. Her faith in God, support of family and friends and sense of humor carried her when the walking was hard. She tells of incidences that have happened in her life before and since her husbands' death and is reminded often that life can be hard, but we can live among the coal or choose to let the pressure produce diamonds.

Blue Diamond Death

DENIM, DIAMONDS AND DEATH: Bouchercon Anthology 2019 edited by Rick Ollerman.

Diamonds Among the Coal

Corruption at the highest levels of government, greed in the church, and brutality among warring factions make the Congo a very dangerous place for television journalist Valerie Grey. Amid the bloody violence of that country's endless civil war, Grey uncovers a deadly diamond-smuggling scheme that reaches from the heart of the Congo to the White House by way of an American televangelist. Aided by an altruistic doctor, Grey is pursued by the soldiers of the country's dictator, the mercenaries of the mine's owner, and the rebels seeking control of the country. Heart Of Diamonds is a fast-paced tale of ambition, avarice, betrayal, and love.

Denim, Diamonds and Death

13 DIAMONDS - Life Before Death from a Child's Perspective is a story about family. It is about hope and all the beauty life has to offer, until the unimaginable strikes and a brain tumor the size of a tennis ball made itself at home, intruding in the happy lives of a loving family. 13 Diamonds portrays the feelings and views of a young girl who witnessed her mother, the brightest, most beautiful woman she knew, slowly die - taken by this horrific form of cancer. It is about strength, life, death, beauty, grief, and most importantly, it is a story about love.

Heart of Diamonds

An investigative reporter explores an infamous case where an obsessive and unorthodox search for enlightenment went terribly wrong. When thirty-eight-year-old Ian Thorson died from dehydration and dysentery on a remote Arizona mountaintop in 2012, The New York Times reported the story under the headline: "Mysterious Buddhist Retreat in the Desert Ends in a Grisly Death." Scott Carney, a journalist and anthropologist who lived in India for six years, was struck by how Thorson's death echoed other incidents that reflected the little-talked-about connection between intensive meditation and mental instability. Using these tragedies as a springboard, Carney explores how those who go to extremes to achieve divine revelations—and undertake it in illusory ways—can tangle with madness. He also delves into the unorthodox interpretation of Tibetan Buddhism that attracted Thorson and the bizarre teachings of its chief evangelists: Thorson's wife, Lama Christie McNally, and her previous husband, Geshe Michael Roach, the supreme spiritual leader of Diamond Mountain University, where Thorson died. Carney unravels how the cultlike practices of McNally and Roach and the questionable circumstances surrounding Thorson's death illuminate a uniquely American tendency to mix and match eastern religious traditions like LEGO pieces in a quest to reach an enlightened, perfected state, no matter the cost. Aided by Thorson's private papers, along with cutting-edge neurological research that reveals the profound impact of intensive meditation on the brain and stories of miracles and black magic, sexualized rituals, and tantric rites from former Diamond Mountain acolytes, A Death on Diamond Mountain is a gripping work of investigative journalism that reveals how the path to enlightenment can be riddled with danger.

13 Diamonds

World-famous detective Hercule Poirot, accompanied by Captain Hastings, his intrepid friend and colleague, solves two baffling mysteries, one involving a rare diamond and the other centering on a curious death at a manor house. Adapted from the Agatha Christie short stories "The Adventure of

the Western Star" and "The Tragedy of Marsdon Manor," Agatha Christie's Diamonds and Death is a smart, stylish, and suspenseful mystery double feature.

Miles Diamond and the Demon of Death

Mrs. E.J. DeLong is found nowhere on the World Wide Web. She also keeps to herself in person and flies private once a week from the Silicon Valley to a dirt airstrip in a remote corner of Utah. I've been picking her up and dropping her off at San Francisco International Airport for four years now. How she caught the attention of my other passengers - all high-octane tech types - only became clear after somebody tried to kill me - for the third time. From patent trolls and VC's, to the FBI and the Red Chinese, everyone's in a bloody hurry to get their hands on the next big thing. And all they had to do was ask their driver - the insider no one notices.

Black Diamond

When John Diamond discovered that he had cancer, he decided to write about his feelings in his column for the Times. In this book, Diamond tells his story, discussing his cancer and the treatment he received.

A Death on Diamond Mountain

She spent a fortune on the dress. It would have been cheaper to buy unicorn horn, but before she can even put it on, a scream splits the air and the first body is found. Patricia and her friends are the special guests of the world's third richest man, her benefactor, the Maharaja of Zangrabar. At a banquet thrown to celebrate a new peace treaty between his country, and long-time hostile neighbour, Itarnia, the murder of Itarnia's ambassador does not bode well. To prevent a return to war, Patricia and her team must unravel the clues to find the killer, but there's more going on than a simple assassination, and it might be that even the Maharaja is lying to her. With the clock ticking down, another body appears, but just when she needs to create a distraction, so too do some old friends. Murder, mystery, and mayhem abound as her expensive dress sits unworn in its wrapper. Will she get to put it on? Will she be able to follow the breadcrumbs to the end of this mystery? Under pressure like never before, Patricia and her friends must keep two warring nations apart long enough to find the truth, but the truth in politics is an elusive beast, and there's no telling what the killer's motivation might be.

Agatha Christie's Diamonds and Death

Advance praise for Breakdown "Breakdown takes the reader on a journey of growth and transformation through an often overlooked path--demonstrating how the shadow side of life can be a vehicle to enlightenment. Extremely honest and personal, it shines a poignant eye on the struggles of a high-powered job in New York's glitz and glamour scene and the darkness of addiction. Through it all, this illuminating adventure offers a fresh and hopeful point of view to the meaning of life in these troubled times." --Steve Kammon, Editor, Circuit Noize magazine Greg DiStefano has spent a decade on the fringes of the limelight, brushing up against the famous and the infamous in the shadowy underbelly of New York's nightclub scene. It all looks promising--until Greg's bizarre encounter with the prophetic Spiros forces him to reexamine his perception of reality. Propelled by a string of serendipitous events, Greg and Spiros wind their way across the Middle East and India, interacting with a series of seers, sages, and spiritual masters. Troubled by America's soulless culture, internal conflicts, and the meaninglessness of his star-studded dream job, Greg breaks down. Stripped of everything that defines his identity, only a terrifying leap into the unknown can save him. While chronicling dizzying celebrity heights and floor-crawling lows, Breakdown blends elements of religion, philosophy, metaphysics, and sexuality into popular language. A testimonial to the indomitable human spirit, this coming-of-age tale provides hope, deeper meaning, and an opportunity for transformation. Breakdown... find yourself Five Percent of the author's royalties will be donated to Hale House--America's best-known independent facility for addicted babies in Harlem.

Death in the Diamond Lane

A gripping story of family, treachery, death and love. A fortune in stolen diamonds, stolen in 1966 and re-discovered in 2008. Pat Doyle is a penniless social worker who finds the stones and hopes to change his life. Demi is the beautiful woman who helps him, helps him out-run and out-wit Cardiff Gangster, Barry Laine who is prepared to seriously hurt or kill to get his hands on the diamonds. However, Laine didn't figure on the arrival of former Mossad agent, Ben Weiner - a man not to be messed with. The

story moves from Cardiff to London - to Greece - to Venice - to - Antwerp and concludes on a yacht in the Bristol Channel. A fast-moving read with a twist in every turn. A page-turner with a dramatic finish. The debut novel for author Marc Brosnan

Never Touch a Spider!

A tactile touch-and-feel book full of funny bugs.

This Book Is Full Of Spiders: Seriously Dude Don't Touch It

Fan favourite David Wong takes readers to a whole new level with this blistering sequel to the cult sensation John Dies at the End, now a movie starring Paul Giamatti. As the sequel opens, we find our heroes, David and John, again embroiled in a series of horrifying yet mind-bogglingly ridiculous events caused primarily by their own gross incompetence. The guys find that books and movies about zombies may have triggered a zombie apocalypse, despite a complete lack of zombies in the world. As they race against the clock to protect humanity from its own paranoia, they must ask themselves, who are the real monsters? Actually, that would be the shape-shifting horrors secretly taking over the world behind the scenes that, in the end, make John and Dave kind of wish it had been zombies after all. Hilarious, terrifying, engaging and wrenching, This Book Is Full of Spiders, the next thrilling installment, takes us for a wild ride with two slackers from the midwest who really have better things to do with their time than prevent the apocalypse.

Never Touch a Dinosaur!

Join the playful dinosaurs in this exciting addition to our bestselling Never Touch series. The adorable mini format is perfect for on-the-go adventures. Use the handy strap and clip to attach to strollers, bags, and highchairs. The sturdy pages and bumpy silicone touches are sure to keep busy little hands entertained.

The Spider's Touch

Not-So-Scary Hairy Spider

Spider wants to join the insects up the waterspout, but he is too hairy and scary! So his friend helps him try on different outfits to look less scary. Children will love interacting with the Spiders touch-and-feel costumes in this hilarious book.

This Book Is Full of Spiders

My name is David Wong. My best friend is John. Those names are fake. You might want to change yours. You may not want to know about the things you'll read on these pages, about the sauce, about Korrock, about the invasion, and the future. But it's too late. You touched the book. You're in the game. You're under the eye. The only defence is knowledge. You need to read this book, to the end. Even the part about the bratwurst. Why? You'll just have to trust me. Unfortunately for us, if you make the right choice, we'll have a much harder time explaining how to fight off the otherworldly invasion currently

threatening to enslave humanity. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind: NONE OF THIS IS MY FAULT...

John Dies at the End

"Little Miss Muffet is not the only one who's ever been terrified by a spider. In fact, arachnophobia, or the fear of spiders, afflicts millions around the world. Some people are so tormented that they cannot ever relax, even at home, for fear they'll encounter a "creepy crawler." And yet, a love of spiders -- or at least a fascination with them -- touches just as many millions, perhaps more. Though some spiders are dangerous, even deadly, most are perfectly harmless -- except to smaller bugs. In *The Book of the Spider*, naturalist Paul Hillyard examines the engaging world of arachnids and the humorous and frequently absurd ways in which humans respond to this most misunderstood of God's creatures. Hillyard, an arachnologist at the Natural History Museum in London, covers the full spider spectrum, from folklore and myths to Aristotle's early scientific studies to Space Age spiders building webs in outer space. There are more than 35,000 known spider species of all shapes and sizes on planet Earth, and Hillyard addresses a plethora of questions obvious and odd, obscure and intriguing: -- Why is black-widow venom more dangerous than a rattlesnake bite? -- How can humans forecast weather by observing a spider's actions? -- What's the best cooking method for spider a la carte? -- Why are spiderwebs often used to dress wounds and coagulate blood? -- How can spiders be beneficial in the cure of headaches, fevers, and even sexual impotence? In *The Book of the Spider* these and other questions are pondered and answered in a manner that no lover -- or detester -- of spiders will ever forget.

The Book of the Spider

Stink's spider phobia spurs his sister, Judy, and friend Webster to try some desensitization techniques—until a real-life encounter takes them by surprise—in a hilarious episode offering a bonus origami activity. Creepy! Crawly! Criminy! Everyone knows that Stink is bonkers about most scientific things. But there's one exception: dangle a spider in front of him and he goes berserk! Stink is so freaked out by spiders that he can't read about them. He can't look at them. He can't think about them. And he for-sure can't touch them! Stink has arachnophobia (a fear of spiders), and he has it bad. But when a hairy backyard emergency arises, Stink is forced to face his fear—and eight beady eyes—head-on. Will he manage to tame the heebie-jeebies, or will he remain stuck in his web of terror? Arachno-fans will love the comics sprinkled throughout with facts about spiders as well as a hands-on origami challenge.

Stink and the Hairy Scary Spider

Identify specific spiders. Explore their behavior, life cycle, mating habits, geographical location, anatomy, enemies, and defenses.

Spiders

When a little girl finds a huntsman spider in her house, she finds a creative way to usher him outdoors without killing him.

A Huntsman Spider In My House

This basic introduction to spiders demonstrates their wide variety of colors and sizes, as well as the many different environments they live in. Be careful not to touch spiders! Just watch them closely as they spin silk to make webs, to protect their eggs, and to catch food. Copyright © Libri GmbH. All rights reserved.

Spiders

How do spiders spin webs? Who many different kinds of spiders are there in the world? How many eyes do spider have. To find the answers, read 'Find out about Spiders'. This book is part of the new 'Find Out About' series.

Find Out about Spiders

One day a spider appeared on the window ledge outside the glass. Right away she began to spin a web. Thus begins an inspiring true story—a story of an expectant mother who develops an unexpected relationship with the spider that makes a home outside her window. As the summer and the mother's pregnancy progress, the spider is beginning its own circle of life. From its first graceful web, to its creation of a delicate egg sac, the spider lives through the fall season, and what should be the end of its life. But by a small miracle of nature, the orb weaver endures the snow and the winter, and stays with her eggs until spring. This gentle story with strikingly detailed illustrations reveals the exceptional magic in the everyday world, and how it can touch our lives. The parallel stories of the human mother and the spider show how stopping to observe nature can allow you to witness everyday miracles. Additional in-depth information on spiders is included in an afterword.

Once I Knew a Spider

“Reluctant readers and fans of the Wimpy Kid series and its ilk will appreciate the book's dynamic type, graphics galore, cartoonish illustrations, and ironic footnotes.”—Kirkus Don't call him scaredy-cat Sam, because Sam Wu IS NOT AFRAID of ghosts! Except . . . he totally is. Can he conquer his fear by facing the ghost that lives in the walls of his house? After an unfortunate (and very embarrassing) incident in the Space Museum, Sam goes on a mission to prove to the school bully, and all his friends, that he's not afraid of anything—just like the heroes on his favorite show, Space Blasters. And when it looks like his house is haunted, Sam gets the chance to prove how brave he can be. A funny, touching, and charming story of ghost hunting, escaped pet snakes, and cats with attitude!

Sam Wu Is Not Afraid of Ghosts

THERE are certain days of the year when the immense wealth of spider industry going on all around us is revealed in a way calculated to strike even the least observant. We all know—and derive no peculiarly pleasant thrill from the knowledge—that we can, if so minded, find abundance of cobwebs and their occupants by visiting the cellar or the tool-house; and probably we have all at times noticed, with a languid interest, large circular webs on our favourite rose-bushes, with a spider motionless in the centre. But some spring or autumn morning, when the night has been foggy and the sun has only just succeeded in dispersing the mists, every bush and hedge is seen to be draped, every square foot of lawn and meadow to be carpeted with spiders' silk. There has been no special activity in the domain of these creatures, but every silken line is beaded with drops perhaps fifty times its diameter, and what yesterday required careful observation to detect is now visible yards away, and we realise for once something of the prodigious activity constantly going on though ordinarily unnoted. And it never entirely ceases. True hibernation, if it ever occurs, is not the rule among spiders, and there is no time of the year when some species may not be found at work. Beat trees or bushes over an old umbrella, or sweep grass and herbage with a sweeping net in summer, and you will never draw a blank—some spiders are sure to be found. In winter such measures are profitless, but if you take the trouble to grub among ground vegetation, or shake fallen leaves over a newspaper, or search under stones or logs of wood you will have no difficulty in finding spiders enough, and by no means dormant. I have even seen an enthusiastic collector remove inches of snow and disinter rare species from among the roots of the grass beneath!

Report of the ... Meeting

A comprehensively updated edition of an identification guide that was named a Guardian Best Nature Book of the Year Now in a comprehensively revised and updated new edition, Britain's Spiders is a guide to all 38 of the British families, focussing on spiders that can be identified in the field. Illustrated with a remarkable collection of photographs, it is designed to be accessible to a wide audience, including those new to spider identification. This book pushes the boundaries of field identification for this challenging group, combining information on features that can be seen with the naked eye or a hand lens with additional evidence from webs, egg sacs, behaviour, phenology, habitats and distributions. Individual accounts cover 404 species—all of Britain's “macro” spiders and the larger money spiders, with the limitations to field identification clearly explained. This new edition includes nine species new to Britain, many recent name changes, updated distribution maps and species information, new guides to help identify spider families and distinctive species, and the latest species checklist. A guide to spider families, based on features recognizable in the field, focussing on body shape and other characteristics, as well as separate guides to webs and egg-sacs Detailed accounts and more than 700 stunning photographs highlight key identification features for each genus and species, and include information

on status, behaviour and habitats Up-to-date distribution maps, and charts showing adult seasonality
Introductory chapters on the biology of spiders, and where, when and how to find them, including
equipment needed in the field A complete list of the spiders recorded in Britain, indicating the ease of
identification as well as rarity and conservation status Information on how to record spiders and make
your records count, and guidance on how to take your interest further New to this edition: coverage of
nine species new to Britain, updated species information and distribution maps, identification guides
to spider families and distinctive species, and the latest species checklist

SPIDER

SOON TO BE AN ORIGINAL AMAZON PRIME SERIES The legendary thriller that launched the Alex Cross phenomenon _____ Two children have been kidnapped from an elite private school in Washington DC, and Detective Alex Cross is charged with finding them. The kidnapper's identity is quickly determined as one of the children's teachers. But capturing him is the true challenge. As Cross gets pulled deeper into the strange world of the kidnapper, it becomes clear he is far more dangerous than anyone could have anticipated.

Why readers love Alex Cross . . . 'There are so many twists and turns' 'First James Patterson book I've read - it won't be the last' 'Entertaining, intriguing and absolutely enthralling' 'Get to the book, sit down and enjoy' 'A gripping read' _____ 'No one gets this big without amazing natural storytelling talent - which is what Jim has, in spades. The Alex Cross series proves it.' LEE CHILD 'Alex Cross is a legend' HARLAN COBEN 'I wrote, "Along Came a Spider is the best thriller I've come across in many a year. It deserves to be this season's no. 1 bestseller and should instantly make James Patterson a household name." A household name, indeed.' NELSON DEMILLE 'Brilliantly terrifying! So exciting that I had to stay up all night to finish it! Packed with white-knuckle twists.' DAILY MAIL 'An incredibly suspenseful read with a one-of-a-kind villain who is as terrifying as he is intriguing.' CLIVE CUSSLER 'Terror and suspense that grab the reader and won't let go. Just try running away from this one.' ED MCBAIN

Britain's Spiders

The brown recluse is a fascinating spider very well adapted to dwelling in houses and other buildings. Because of this very quality and the ghastly reputation associated with the medical consequences of its bite, it has become infamous throughout North America. Although recluse spiders can cause serious skin injuries and, in very rare cases, death, the danger posed by this spider is often exaggerated as a result of arachnophobia and the misdiagnosis of non-spider-related conditions as brown recluse bites. These misdiagnoses often occur in areas of North America where the spider does not exist, making legitimate bites improbable. One of the greatest factors that keeps the myths alive is misidentification of common (and harmless) spiders as brown recluses. With this book, Richard S. Vetter hopes to educate readers regarding the biology of the spider and medical aspects of its bites, to reduce the incidence of misdiagnoses, and to quell misplaced anxiety. In *The Brown Recluse Spider*, Vetter covers topics such as taxonomy, identification, misidentification, life history characteristics and biology, medical aspects of envenomations, medical conditions misdiagnosed as brown recluse bites, other spider species of medical consideration (several of which have been wrongly implicated as threats to human health), and the psychology behind the entrenched reasons why people believe so deeply in the presence of the spider in the face of strong, contradictory information. Vetter also makes recommendations for control of the spider for households in areas where the spiders are found and describes other species of recluse spiders in North America. Although *The Brown Recluse Spider* was written for a general audience, it is also a valuable source of information for arachnologists and medical personnel.

Touch and Feel Itsy Bitsy Spider

Offering helpful, humor-laced advice on how to avoid getting stung, bit, poked, jabbed, or poisoned--and what to do if it happens--this guide explains everything from rashes to anaphylaxis, tetanus to spider bites, and cat-scratch fever to rabies, all in kid-friendly language. A strong foundation in biology grounds the discussion, which explains how certain plants and animals can be dangerous and reveals medical information on the physical reactions they can produce. The topical trivia and goofy puns make learning fun both in the classroom and at home.

Along Came a Spider

There is a man who likes to play with magic. One day he comes across a wooden spider. Well, this spider has a curse on it. From that day on, anyone who comes in touch with it had the power to kill with it. Only the spider has powers that cannot be explained. One day, a young man takes the spider and makes replicas of it. That is where many problems start to begin. In a small town called Grudge is where most of the people are from. You can tell by the name of the town that it is nothing but trouble for the young man.

The Brown Recluse Spider

Spiders of the World explores the huge diversity of spider species and their fascinating traits, with profiles of 117 families accompanied by expert commentary and beautiful photographs.

Don't Touch That!

Bold and quirky, this imaginative adventure story is about a real insect: the red spider mite.

Wooden Spiders

An examination of metaphor in poetry as a microcosm of the human imagination—a way to understand the mechanisms of creativity. In *The Spider's Thread*, Keith Holyoak looks at metaphor as a microcosm of the creative imagination. Holyoak, a psychologist and poet, draws on the perspectives of thinkers from the humanities—poets, philosophers, and critics—and from the sciences—psychologists, neuroscientists, linguists, and computer scientists. He begins each chapter with a poem—by poets including Samuel Taylor Coleridge, Sylvia Plath, Walt Whitman, Emily Dickinson, Robert Frost, Theodore Roethke, Du Fu, William Butler Yeats, and Pablo Neruda—and then widens the discussion to broader notions of metaphor and mind. Holyoak uses Whitman's poem "A Noiseless Patient Spider" to illustrate the process of interpreting a poem, and explains the relevance of two psychological mechanisms, analogy and conceptual combination, to metaphor. He outlines ideas first sketched by Coleridge—who called poetry "the best words in their best order"—and links them to modern research on the interplay between cognition and emotion, controlled and associative thinking, memory and creativity. Building on Emily Dickinson's declaration "the brain is wider than the sky," Holyoak suggests that the control and default networks in the brain may combine to support creativity. He also considers, among other things, the interplay of sound and meaning in poetry; symbolism in the work of Yeats, Jung, and others; indirect communication in poems; the mixture of active and passive processes in creativity; and whether artificial intelligence could ever achieve poetic authenticity. Guided by Holyoak, we can begin to trace the outlines of creativity through the mechanisms of metaphor.

spiders

This is a book about spiders and arachnophobia. With a touch of humour, deep curiosity and an artist's eye the author examines her phobia and the object of her fear. What is a spider? What makes these eight-legged creatures so scary? To understand her own reactions to spiders better she describes her past and present encounters with them. The story takes her back to her childhood in Norway and the USA, to holidays in Spain and Portugal, to travels around Australia, and to her relocation in Tasmania. She focuses on Australian spiders while including fine examples of these astonishing creatures from elsewhere. Hildegunn Hodne, originally from Norway, now calls Tasmania home. She works as a freelance illustrator, writer and portrait artist with studio space in the small village of Chudleigh, Northern Tasmania. To ensure she continues to encounter spiders and local wildlife she also works as a gardener. *Spider Stories: My Journey from Phobia to Fascination* is her first book. She's currently working on a new book project, focusing on birds and travels. For more examples of Hildegunn's artwork please visit her website: hildegunnhodne.com

Red Spider Hero

Compared to insects, fossil spiders have received only scant attention in the literature. Previously, the only works available were numerous scientific papers, many published in foreign languages. Most of these are basic descriptive taxonomic works, with very few considering broader biological concepts. Despite a significant increase in the discovery and description of fossil spiders within the

last quarter Century this void remained unfilled. Thus, this short monograph aims to achieve several objectives. Firstly, to provide general and up to date background information on the overall importance and diversity of fossils spiders, including an indication of those groups for which the taxonomy is spurious and in need of reassessment. Secondly, to discuss the techniques available for working with fossil spiders and some of the problems encountered by palaeoarachnologists, including bias and limitations of the spider fossil record. Thirdly, the overall evolutionary history of spiders is summarized in the form of an evolutionary tree, which is subsequently used to address key issues of broad interest, such as origins, diversifications and extinctions, including the effects of mass extinctions and predator-prey co-radiations. Finally, the contribution that fossil data can make to understanding the past and present biogeography of the order is considered. This book should be of interest to both amateur and professional arachnologists and palaeontologists and will also serve as a general palaeontological reference work for neontologists studying extant spiders.

The Spider's Thread

A tactile touch-and-feel book all about dragons.

Spider Stories

Life is full of beginnings, of hope, adventure, family and love. This story takes us on a beautiful, often witty and heartwarming journey through life; living among wonderful people, breathtaking locations and often harsh reality. and discovery, in a life filled with love ...and hope.

The World of Spiders

Within the last few decades, arachnology in the Neotropical region has experienced a great development filling the knowledge gap in one of the most diverse regions of the world. Nevertheless, large geographical areas remain poorly sampled, especially within the Amazon, and new genera and species have been continuously discovered, even in urban areas. In congruence with the recent improvements in research, several aspects of the ecology, behaviour and natural history of spiders, such as interactions with other predators and parasitoids, social interactions, dispersal patterns, habitat requirements, mating behaviors, among others, are being carefully investigated. These recent contributions incorporate substantial information on the preexisting knowledge on these subjects every year. Our main objective with this book is to present a summary on these new researches and on the currently knowledge on the main subjects involved in the general theme, emphasizing the contribution of the rich fauna of the Neotropical region to the research of behaviour and ecology of the spiders.

The Private Life of Spiders

Life is about relationships, good and bad. Individualism may feel strong. In reality, it's much weaker than when we stand together. Much of the joy of life comes from the manner in which others touch our lives. Do you remember the last time someone touched your life with a word of encouragement? Your response may have been a smile or a sense of joy. Not all touches are like that. Some people touch our lives with pain through hurtful comments, insinuation, or even lies. Solomon declared that life and death are in the power of the tongue. Our conversations are a key contributor to the effects we have on one another. This book is an invitation to explore the impact of others on us and our influence on them. It takes courage to nurture others and accept their nurturing. Communication coupled with action is the key to growth when we've experienced God as the source of our spiritual lives in Christ. "Glenn Taylor's writing on the subject of healthy relationships is the outcome [of] a lifelong commitment to living fully into all aspects of life. As a result, this book has deep roots and a solid foundation. I commend it to you."

—Dr. Rod Wilson, Vancouver, B.C. "There is no substitute for a firsthand witness. This is as true today as it was for the Resurrection. This book is the direct result of a truly empathetic faithful witness... This is a must read for anyone who is involved in ministry, counseling, or leadership of any kind."

—James Tughan, Canadian Artist, Oakville, Ontario "I believe the chapter on the importance of the community of faith as a place for receiving love, nurture, and healing meets a critical need in our disconnected society."

—Marvin Brubacher, Director of MentorLink Canada

What to Do When You See a Suspicious Stranger - What to Do When You See a Suspicious Stranger by BRIGHT SIDE 2,985,147 views 4 years ago 8 minutes, 11 seconds - Say you're walking home after having dinner with friends. It's dark, but you don't live too far away from the restaurant. Soon ... Stay Calm

Pay Attention

Look like you're walking with a purpose

Don't Text!

Don't keep looking over your shoulder

Be Prepared to Fight

Know when and how to use your phone

Get to a public place

Take different routes

Never hesitate to call the police

Basic safety measures W

If a Stranger Acts Like Your Friend in Public, It's a Cry for Help! - If a Stranger Acts Like Your Friend in Public, It's a Cry for Help! by BRIGHT SIDE 3,564,223 views 3 years ago 8 minutes, 18 seconds - Riley is 19 years old. An hour ago she walked out of her house in a very good mood. She went for a walk, and in a couple of hours ...

Speak to someone

Go toward crowded places

Don't go straight to your home

Make several irrational turns

Hold your keys at the ready

Make a noise

When only one trick is left

Turn around and look at the pursuer
