Guide complet de l'étudiant français, a series of progressive French lessons

Vols. for 1871-76, 1913-14 include an extra number, The Christmas bookseller, separately paged and not included in the consecutive numbering of the regular series.

The Hofburg in Vienna

A Research Guide to the Ancient World: Print and Electronic Sources is a partially annotated bibliography that covers the study of the ancient world, and closes the traditional subject gap between the humanities and the social sciences in this area of study. This book is the only bibliographic resource available for such holistic coverage.

Draft CEB guide to durable concrete structures

Quarterly accession lists; beginning with Apr. 1893, the bulletin is limited to "subject lists, special bibliographies, and reprints or facsimiles of original documents, prints and manuscripts in the Library," the accessions being recorded in a separate classified list, Jan.-Apr. 1893, a weekly bulletin Apr. 1893-Apr. 1894, as well as a classified list of later accessions in the last number published of the bulletin itself (Jan. 1896)

Tales from the Operas

Adab is a concept situated at the heart of Arabic and Islamic civilization. What became of it, towards modernity? The question of the civilising process (Norbert Elias) helps us reflect on this story.

Arden Early Modern Drama Guides offer students and academics practical and accessible introductions to the critical and performance contexts of key Elizabethan and Jacobean plays. Essays from leading international scholars give invaluable insight into the text by presenting a range of critical perspectives, making the books ideal companions for study and research. Key features include: - Essays on the play's critical and performance history - A keynote essay on current research and thinking about the play - A selection of new essays by leading scholars A survey of resources to direct students' further reading about the play in print and online Shakespeare's *The Merchant of Venice* has often been labelled a 'problem play', and throughout the ages it has been an object of both fascination and repulsion. Without neglecting the socio-political and religious issues that are at the heart of the play, this collection of critical essays invites readers to rediscover the variety of approaches that this multifaceted work calls for, exploring its gender aspects, its rich mythological background, its legal matters and the ways in which it has been adapted to the screen. Essays consider the play in relation to its sources, genre and religion, historical and socio-political context and its critical reception and performance history.
