From the Old Country

Though he lived most of his life in rural South Taiwan, Zhong Lihe spent several years in Manchuria and Peking, moving among an eclectic mix of ethnicities, social classes, and cultures. His fictional portraits unfold on Japanese battlefields and in Peking slums, as well as in the remote, impoverished hill-country villages and farms of his native Hakka districts. His scenic descriptions are deft and atmospheric, and his psychological explorations are acute. The first anthology to present his work in English, this volume features two novellas, ten short stories, and four short prose works.

Historical Dictionary of Modern Chinese Literature

Modern Chinese literature has been flourishing for over a century, with varying degrees of intensity and energy at different junctures of history and points of locale. An integral part of world literature from the moment it was born, it has been in constant dialogue with its counterparts from the rest of the world. As it has been challenged and enriched by external influences, it has contributed to the wealth of literary culture of the entire world. In terms of themes and styles, modern Chinese literature is rich and varied; from the revolutionary to the pastoral, from romanticism to feminism, from modernism to post-modernism, critical realism, psychological realism, socialist realism, and magical

realism. Indeed, it encompasses a full range of ideological and aesthetic concerns. This second edition of *Historical Dictionary of Modern Chinese Literature* presents a broad perspective on the development and history of literature in modern China. It offers a chronology, introduction, bibliography, and over 400 cross-referenced dictionary entries on authors, literary and historical developments, trends, genres, and concepts that played a central role in the evolution of modern Chinese literature.

Mapping Modern Beijing

Annotation 'Mapping Modern Beijing' investigates various modes of representing Beijing by writers travelling across mainland China, Taiwan, Hong Kong, and overseas Sinophone and non-Chinese communities.

Remains of Life

On October 27, 1930, during a sports meet at Musha Elementary School on an aboriginal reservation in the mountains of Taiwan, a bloody uprising occurred unlike anything Japan had experienced in its colonial history. Before noon, the Atayal tribe had slain one hundred and thirty-four Japanese in a headhunting ritual. The Japanese responded with a militia of three thousand, heavy artillery, airplanes, and internationally banned poisonous gas, bringing the tribe to the brink of genocide. Nearly seventy years later, Chen Guocheng, a writer known as Wu He, or "Dancing Crane," investigated the Musha Incident to search for any survivors and their descendants. *Remains of Life*, a milestone of Chinese experimental literature, is a fictionalized account of the writer's experiences among the people who live their lives in the aftermath of this history. Written in a stream-of-consciousness style, it contains no paragraph breaks and only a handful of sentences. Shifting among observations about the people the author meets, philosophical musings, and fantastical leaps of imagination, *Remains of Life* is a powerful literary reckoning with one of the darkest chapters in Taiwan's colonial history.

Translation of Contemporary Taiwan Literature in a Cross-Cultural Context

Translation of Contemporary Taiwan Literature in a Cross-Cultural Context explores the social, cultural, and linguistic implications of translation of Taiwan literature for transnational cultural exchange. It demonstrates principally how asymmetrical cultural relationships, mediation processes, and ideologies of the translation players constitute the culture-specific translation activity as a highly contested site, where translation can reconstruct and rewrite the literature and the culture it represents. Four main theoretical themes are explored in relation to such translation activity: sociological studies, cultural and rewriting studies, English as a lingua franca, and social and performative linguistics. These offer insightful perspectives on the translation as an interpretive encounter between not only two languages, two cultural systems and assumptions taking place, but also among various translation mediators. This book will be useful to scholars and students working on translation and cultural studies, China/Taiwan literature studies, and literature studies in cross-cultural contexts.

Slow Boat to China and Other Stories

"Dream and Swine and Aurora," "Deep in the Rubber Forest," "Fish Bones," "Allah's Will," "Monkey Butts, Fire, and Dangerous Things"—Ng Kim Chew's stories are raw, rural, and rich with the traditions of his native Malaysia. They are also full of humor and spirit, demonstrating a deep appreciation for human ingenuity in the face of poverty, oppression, and exile. Ng creatively captures the riot of cultures that roughly coexist on the Malay Peninsula and its surrounding archipelago. Their interplay is heightened by the encroaching forces of globalization, which bring new opportunities for cultural experimentation, but also an added dimension of alienation. In prose that is intimate and atmospheric, these sensitively crafted, resonant stories depict the struggles of individuals torn between their ancestral and adoptive homes, communities pressured by violence, and minority Malaysian Chinese in dynamic tension with

the Islamic Malay majority. Told through relatable characters, Ng's tales show why he has become a leading Malaysian writer of Chinese fiction, representing in mood, voice, and rhythm the dislocation of a people and a country in transition.

A Companion to Modern Chinese Literature

This wide-ranging Companion provides a vital overview of modern Chinese literature in different geopolitical areas, from the 1840s to now. It reviews major accomplishments of Chinese literary scholarship published in Chinese and English and brings attention to previously neglected, important areas. Offers the most thorough and concise coverage of modern Chinese literature to date, drawing attention to previously neglected areas such as late Qing, Sinophone, and ethnic minority literature. Several chapters explore literature in relation to Sinophone geopolitics, regional culture, urban culture, visual culture, print media, and new media. The introduction and two chapters furnish overviews of the institutional development of modern Chinese literature in Chinese and English scholarship since the mid-twentieth century. Contributions from leading literary scholars in mainland China and Hong Kong add their voices to international scholarship.

Taiwan Country Study Guide - Strategic Information and Developments Volume 1 Strategic Information and Developments

The Unbroken Chain

It is the late twenty-first century, and Momo is the most celebrated dermal care technician in all of T City. Humanity has migrated to domes at the bottom of the sea to escape devastating climate change. The world is dominated by powerful media conglomerates and runs on exploited cyborg labor. Momo prefers to keep to herself, and anyway she's too busy for other relationships: her clients include some of the city's best-known media personalities. But after meeting her estranged mother, she begins to explore her true identity, a journey that leads to questioning the bounds of gender, memory, self, and reality. First published in Taiwan in 1995, *The Membranes* is a classic of queer speculative fiction in Chinese. Chi Ta-wei weaves dystopian tropes—heirloom animals, radiation-proof combat drones, sinister surveillance technologies—into a sensitive portrait of one young woman's quest for self-understanding. Predicting everything from fitness tracking to social media saturation, this visionary and sublime novel stands out for its queer and trans themes. *The Membranes* reveals the diversity and originality of contemporary speculative fiction in Chinese, exploring gender and sexuality, technological domination, and regimes of capital, all while applying an unflinching self-reflexivity to the reader's own role. Ari Larissa Heinrich's translation brings Chi's hybrid punk sensibility to all readers interested in books that test the limits of where speculative fiction can go.

Taiwan Country Study Guide Volume 1 Strategic Information and Developments

In Taiwanese writer Lo Yi-Chin's *Faraway*, a fictionalized version of the author finds himself stranded in mainland China attempting to bring his comatose father home. Lo's father had fled decades ago, abandoning his first family to start a new life in Taiwan. After travel between the two countries becomes politically possible, he returns to visit the son he left behind, only to suffer a stroke. The middle-aged protagonist ventures to China, where he embarks on a protracted struggle with the byzantine hospital regulations while dealing with relatives he barely knows. Meanwhile, back in Taiwan, his wife is about to give birth to their second child. Isolated in a foreign country, Lo mulls over his life, dwelling on his difficult relationship with his father and how becoming a father himself has changed him. *Faraway* is a powerful meditation on the nature of family and the many ways blood can both unite and divide us. Lo's depiction of family dynamics and fraught politics contains a keen sense of irony and sensitivity to everyday absurdity. He offers a deft portrayal of the rift between China and Taiwan through an intimate view of a father-son relationship that bridges this divide. One of the most celebrated writers in Taiwan, Lo has been greatly influential throughout the Chinese-speaking world, but his work has not previously been translated into English. Jeremy Tiang's translation captures Lo's distinctive voice, mordant wit, and nuanced portrayal of Taiwanese culture.

The Membranes

valorization of free expression in liberal democracies. Focusing on nine Chinese artists—Wang Du, Wang Keping, Huang Yong Ping, Yang Jiechang, Chen Zhen, Yan Pei-Ming, Shen Yuan, Ru Xiaofan, and Du Zhenjun—who migrated to Paris in and around 1989, Leduc explores how their work was recognized before and after the Tiananmen Square incident. Drawing on personal interviews with the artists and curators, and through an analysis of important exhibitions, events, reviews, and curatorial texts, she demonstrates how these and other Chinese artists have been celebrated both for their artistic dissidence—their formal innovations and introduction of new media and concepts—and for their political dissidence—how their work challenges political values in both China and the West. As Leduc concludes, the rise of Chinese contemporary art in the West highlights the significance of artistic and political dissidence in the production of contemporary art, and the often-unrecognized relationship between contemporary art and liberal democracy.

Studies in Taiwanese Folktales

In discussions of postcolonial nationhood and cultural identity, Taiwan is often overlooked. Yet the island—with its complex history of colonization—presents a particularly fascinating case of the struggle to define a “nation.” While the mainland Chinese government has been unequivocal in its resistance to Taiwanese independence, in Taiwan, government control has gradually passed from mainland Chinese immigrants to the Taiwanese themselves. Two decades of democratization and the arrival of consumer culture have made the island a truly global space. Envisioning Taiwan sorts through these complexities, skillfully weaving together history and cultural analysis to give a picture of Taiwanese identity and a lesson on the usefulness and the limits of contemporary cultural theory. Yip traces a distinctly Taiwanese sense of self vis-à-vis China, Japan, and the West through two of the island’s most important cultural movements: the *hsiang-t’u* (or “nativist”) literature of the 1960s and 1970s, and the Taiwanese New Cinema of the 1980s and 1990s. At the heart of the book are close readings of the work of the *hsiang-t’u* writer Hwang Chun-ming and the New Cinema filmmaker Hou Hsiao-hsien. Key figures in Taiwan’s assertion of a national identity separate and distinct from China, both artists portray in vibrant detail daily life on the island. Through Hwang’s and Hou’s work and their respective artistic movements, Yip explores “the imagining of a nation” on the local, national, and global levels. In the process, she exposes a perceptible shift away from traditional models of cultural authenticity toward a more fluid, postmodern hybridity—an evolution that reflects both Taiwan’s peculiar multicultural reality and broader trends in global culture.

Dissidence

The A to Z of Modern Chinese Literature presents a broad perspective on the development and history of literature in modern China. It offers a chronology, introduction, bibliography, and over 300 cross-referenced dictionary entries on authors, literary and historical developments, trends, genres, and concepts that played a central role in the evolution of modern Chinese literature.

Chinese American Literature Since the 1850s

This sourcebook contains more than 160 documents and writings that reflect the development of Taiwanese literature from the early modern period to the twenty-first century. Selections include seminal essays in literary debates, polemics, and other landmark events; interviews, diaries, and letters by major authors; critical and retrospective essays by influential writers, editors, and scholars; transcripts

of historical speeches and conferences; literary-society manifestos and inaugural journal prefaces; and governmental policy pronouncements that have significantly influenced Taiwanese literature. These texts illuminate Asia's experience with modernization, colonialism, and postcolonialism; the character of Taiwan's Cold War and post-Cold War cultural production; gender and environmental issues; indigenous movements; and the changes and challenges of the digital revolution. Taiwan's complex history with Dutch, Spanish, and Japanese colonization; strategic geopolitical position vis-à-vis China, Japan, and the United States; and status as a hub for the East-bound circulation of technological and popular-culture trends make the nation an excellent case study for a richer understanding of East Asian and modern global relations.

Presents a history of the ancient world, from 6000 B.C. to 400 A.D.

Exiles at Home

In the first half of the twentieth century, urban Chinese regularly lost themselves in tales of scandalous affairs, tender romances, and splendid acts of martial gallantry--standard reading fare on Saturdays among city dwellers craving entertainment and escape. Openly disdained by many intellectuals for their frothy content and maudlin appeal, these tales have been largely ignored in histories and anthologies of modern Chinese fiction both in China and the West. Recently, however, increasing attention has been paid to this fiction and its place in the vibrant tradition of Chinese writing during a period of rapid cultural change. The stories selected and translated here invited Chinese readers to enter worlds at once connected to and removed from their familiar surroundings. Today, the stories have become a record of what urban life was actually like, as well as what readers then wished it to be. Like Chinese from decades past indulging in a pleasurable hour or two on a Saturday afternoon, readers of English can now enjoy and learn from these diverse stories, expertly translated. The volume's afterword provides valuable insights into this long-overlooked area of modern Chinese literature.

Usually I Have Read the Book of Mormon and Prayed about It More than They Have of Course I'M Able To Tell Yes I Did Read the Book of Mormon and I Prayed about It and God Told Me It Wasn't True and of Course Then the You Didn't Pray in the Right Spirit I Mean Obviously if You Prayed Right You'D Get the Same Answer and So It Goes into the Circular Reasoning that if You Prayed Right You Would Have Got a Testimony That Was True and if You Didn't Get the Testimony That's True Then You Didn't Pray Right and Then There's Something Wrong with Your Life and There Must Be Hidden Sin And I Think He's Typical of Many People in the Mormon Historical Community They Know There Are Problems Out There but They Are Not Drawn to a Christianity That Is a Critical of False Doctrine They Want a Christianity That's Warm Fuzzy Broad-Minded and Accepts Everybody and So Then Mormonism Can Fit into that Bra under that Broad Umbrella of Anyone That's a Good Person Can Say They'Re a Christian Sort of an Idea so Our Job in Talking with Our Mormon Friends Is To Be Specific that There Are Real Problems To Resolve and if We Believe There's Truth at all They Demand a Solution and a Discussion

So They Go to the Door and Ask You To Read the Book of Mormon and Pray about It They Don't Hand You a Doctrine and Covenants and Say Read this and Pray about It They Don't Hand You the Pearl of Great Price and Say Read this and Pray about It because They'Re Going To Give You a Little by Little Mormon Doctrine and We See this in Their Letters We Get from People that They Didn't Know What They Were Joining It Was a Gradual Process of Being Rhian Doctrine Ated into Mormon Am I Going To Be Rejected by all of Them Well My Wife Divorced Me Well My Kids Disowned Me Well My Father Disinherit Me and I Can Tell You I Know People That Have Had All those Things Happen to Them We Don't Do this Work Glibly We Realize It Is a Very Costly Thing for these People To Make a Profession of Faith in Christ as Opposed to Just Following Mormonism and I Don't Minimize that to People but I Try To Encourage Them that if We'Re Going To Use the Name of Cry in any Way Shape or Form if in any Way We'Re Going To Claim To Be a Follower of God We Have To Be Willing To Stand for Truth

And It's Just like if You Were a Missionary in some Area Where They Believed in Animism or Whatever There Would Be Elements of that Culture in that Religious Belief That Would Take Time for the New Christian To Work through and To Set Aside and so It Is with Mormonism Especially in a Utah Community Where It's So Heavily Influenced by Mormon Thought It May Take the Person Time To Work through the Doctrines of Christianity and What Parts of It They Do or Don't Believe I Mean the Day I Accepted Christ I Was Listening to a Radio Program

And I Was Safe As Long as I Stayed in the Catholic Church I Was Not Trying To Be Critical in My Search but I Was Honestly Searching for Greater Understanding and Knowledge God Gave Us All Our Brains and I Think He Expects Us To Use Them in a Legitimate Search for More Knowledge One of the Things That Appealed to Me about Mormonism Was the Doctrine of Eternal Progression among Other Things as a Member I Was Expected To Read Search Study and Continually Strive To Increase My Knowledge It Was My Responsibility To Learn Truths and Find Things Out for Myself and I Might Interject Here See that's the Assumption You Have Going into It

What Really Concerns Me Is Not that the Challenges Have Arisen to these Teachings in the Church but Its Response in Dealing with Them Too Often I Am Beginning To Hear Things like the Geography of the Book of Mormon Maybe a Matter of Faith and We Are Better Off Not Trying To Search for the Issues or the Lord Has Not Seen To Reveal the Truth of this Issue at this Time He Will Do So through the Prophet at the Proper Time Now I Am Beginning To Even Hear Things like the Current Profit on Apostles Can Overwrite or Clarify the Meaning of Established Truths of Apostles That Are Now Being Reinterpreted

Now I Am Beginning To Even Hear Things like the Current Profit on Apostles Can Overwrite or Clarify the Meaning of Established Truths of Apostles That Are Now Being Reinterpreted Not Only the Bible but Also the Words of Past Prophets and Scriptures Are Reinterpreted under the Authority of Present-Day Apostles and Prophets I Find this Attitude To Be Strangely Reminiscent of the Position of the Catholic Church Took Back in the 60s and 70s When as a Catholic I Saw It Often Attacked for Its Teachings and the Infallibility of the Pope I Fear the Church Has Very Rapidly Turned Completely within Itself for the Only Measure of Truth

There Was a Point Where We Even Despaired that Anything Was True Anymore and that We Wouldn't Fit In Anywhere Again but the Lord Brought Us Through in His Time and We Are Stronger for It Now We Feel We Are Now However More Aware of the Danger of Mormons Finding Out about All the Deception and Suppression and Having no Support from an Ex-Mormon Christian To Lead Them into a New Trust in Jesus Alone and Not an Organization We Nearly Lost Our Faith in God at Times and Didn't Know Anyone Who Had Gone through It like Us Before and Come Out the Other Side as an Act

Why Could I Never Find the Courage To Share the Fullness of the Mormon Gospel with Others When I Had no Fear At All When Proclaiming Myself a Christian Why Had It Even Become Difficult To Tell the Story of Joseph Smith Which Now Seems So Unbelievable Why Did I Have no Great Love for that Most Corrective Books the Book of Mormon and Found It Difficult To Read Why Could I Not Bring Myself To Pay My Tithing Accept Callings or Going to the Temple Regularly I Was Even Beginning To Find It Difficult To Pray I Could Not Seem To Be Comfortable in My Temple Garments any Longer at First I Thought the Problem Was Me

Until I Began To Think about What Bothered Me and Why and What I Really Believed To Be Spiritual Truth I Soon Realized that the Only Things That Troubled Me Were those Things That Were Unique to Mormonism after Reading Several Books by Former Mormons and Studying the Historical Church Writings That Were Referred to in the Books like Journal Discourses and History of the Church I Came To Realize I Could No Longer Remain in the Mormon Church I Have Stopped Wearing the Temple Garments and Have no Intention of Attending any Future Meetings

Diccionario universal de historia y geografía

Aliándose con la música, recurriendo a las antiguas fábulas y a las convenciones del teatro, la poesía ha inventado un nuevo espacio de ficción: la ópera. Todas las figuras del deseo y del extravío pasional pueden interpretarse y desbaratarse en ella. También todas las autoridades se pueden poner en cuestión. Las hechiceras tienen bajo su dominio a los héroes que ellas han descarriado. Sin embargo, su triunfo no es duradero. Ellas son las encarnaciones del arte que multiplica los placeres y que también sabe hasta qué punto su soberanía es precaria. Escuchando a las hechiceras, Jean Starobinski va al encuentro de algunos oyentes de exigencia inquieta: Rousseau, Stendhal, Hoffmann, Balzar y Nietzsche. De sus lecturas, el autor vuelve cargado de descubrimientos intelectuales esclarecedores. Y de algunos problemas.

Descubrir Laponia es abrazar extensiones salvajes y desiertas hasta donde alcanza la vista, tierras que pueden verse en Noruega, Suecia y Finlandia, pero cuyas fronteras siguen siendo misteriosas y donde reina la naturaleza. Aquí viven los sami, cuya herencia y tradiciones siguen muy vivas, que continúan luchando por defender y representar sus intereses en la sociedad actual. Osos, glotones, renos, águilas, ballenas y salmones recorren los diversos paisajes del lejano norte, entre llanuras, bosques, tundra, fiordos, acantilados y lagos. La diversidad de paisajes conforman la belleza de Laponia, tierra de cuentos y leyendas donde se encuentran los trolls y Papá Noel. Laponia es también estaciones muy marcadas y un horizonte que cambia radicalmente de un mes a otro. En invierno, un espeso manto blanco se extiende hasta donde alcanza la vista y brinda la oportunidad perfecta para practicar algunas actividades extraordinarias. Cuando el sol desaparece durante varias semanas, da paso al fantástico ballet de las auroras boreales. La primavera rápidamente se convierte en verano, y el astro que apenas se dejó ver en invierno se niega a ponerse. El sol de medianoche sustituye a la aurora boreal, y los días interminables ofrecen infinitas posibilidades. Los senderos se convierten en un paraíso para los caminantes, que aprovechan al máximo el buen tiempo.

Antropología e historia

Entre los muchos modos posibles de escribir una HISTORIA DE LA LITERATURA HISPANOAMERICANA, esta obra opta -consciente de los riesgos que implica- por uno: el de ordenar y ofrecer la porción " válida " del repertorio global de las letras de Hispanoamérica tanto en el pasado (lo que incluye el legado precolombino y sus posteriores reprocesamientos en nuestra lengua) como en el presente. En vez de hacer el registro enciclopédico de todos los autores y textos de los que se guarda memoria, este libro presenta la historia literaria viva y puesta al día para ser otra vez enjuiciada o valorada en el futuro. Así, el que consulte esta obra podrá hallar información, que aspira a ser equilibrada, sobre lo que se escribió en todos los tiempos y lo que merece ser tenido en cuenta en el nuestro. JOSÉ MIGUEL OVIEDO hace la revisión de lo primero , pero se concentra en lo segundo -los autores clave y los textos fundamentales-, brindando estudios individuales de cierta extensión acerca de estos últimos. Tal compromiso entre el cuadro general y el retrato particular puede permitir una visión más clara, no sólo del hecho literario, sino de sus repercusiones culturales y sociopolíticas. Cada capítulo, acompañado por una selecta bibliografía sobre los temas tratados, permite una consulta fácil de las instancias del proceso y de cómo se insertan en ellas los autores y sus obras. Al final del volumen se encontrará un índice onomástico y una bibliografía general para los que quieran ampliar sus conocimientos y acceder a otras visiones y propuestas sobre el corpus literario hispanoamericano. Las referencias a otras literaturas, la española sobre todo, y a diversas formas de expresión artística son también frecuentes en esta obra; la intención es contextualizar las creaciones y fenómenos estudiados para mostrar que, pese a su especificidad de lengua y ambiente, toda la producción literaria está interconectada.

Orgulloso de sus padres, el autor refleja e ilustra en el libro la trayectoria vital del geólogo castellonense V. Sos Baynat (1895-1992), y la injusticia cometida contra él, con las oportunidades profesionales perdidas para toda la vida. No sólo describe meticulosamente los aspectos biográficos, sino que detalla con precisión el contexto histórico y político que le tocó vivir. Aun así, constata con satisfacción que, al fin, pasados los decenios, la sociedad le devolvía el honor, le restituía el nombre y la valía, le reconocía su inmenso trabajo y dedicación a la ciencia.

La mujer ocupa un lugar singular en la mirada de quienes nos visitaron. Misoginia, asombro, curiosidad, deslumbramiento... Esta obra recoge lo más granado de las observaciones que, sobre la mujer española, dejaron escritas desde Marcial o Plinio, en la antigüedad, a personajes anónimos y otros como Saint-Simon, Casanova, Byron o Dumas. José María Solé, historiador y coordinador de La Aventura de la Historia y Descubrir el Arte, es autor, entre otros libros, de Los pícaros borbones, Los reyes infieles o El Bastardo Real.

Enrica tiene poco más de cuarenta años, es escritora, madre separada con tres hijos y está al borde de la rendición por agotamiento vital. Pero es consciente de que tirar la toalla no es una opción: sabe que el papa Ratzinger renunció a su cargo porque estaba cansado e incluso Forrest Gump dejó un día de correr y regresó a su casa, pero ella no tiene elección... Esto le lleva a preguntarse por el sentido de la desquiciante existencia multitarea que nos impone el mundo actual, que hace que nos llevemos el portátil del trabajo al salón de casa y, al final del día, al dormitorio para ver una serie y de paso contestar un último correo. El resultado es un diario íntimo lleno de humor que narra la interminable carrera de obstáculos en la que se ha convertido la vida moderna, que va desde las labores domésticas, pasando por el trabajo, la burocracia y la vida social, hasta la intimidad del sexo.

América, nº 34

This Spanish-language anthology contains selections by 45 Latin-American authors. It is intended as a text for upper division Latin American literature survey courses. The anthology presumes a high level of linguistic command of Spanish, and it contains footnotes to allusions and cultural references, as well as words and phrases not found in standard bilingual dictionaries used in the US. Emphasis is on major 20th-century writers, while important works from colonial and 19th-century literature are also included. The diverse selections of Literature Hispanoamericana will enable students to have a more sustained exposure to major voices of Latin American literature than possible in anthologies built around fragments. By focusing on fewer authors but more significant selections from their writings, students will have a greater grasp of major canonical figures as well as emergent voices.

Historia universal

Corría el mes de junio de 1769 cuando el marqués de Durfort, embajador de Francia en Viena pidió, para el delfín Luis Augusto, la mano de María Antonieta, archiduquesa del Sacro Imperio Romano Germánico. No había transcurrido un año desde la petición, y ya se concretaba en Versalles el matrimonio entre Luis Augusto, futuro Luis XVI y María Antonieta. Esplendente fue el lujo en la velada, pero en la intimidad de la alcoba sobrevino el silencio, la quietud..., y nada de pasiones. Este concertado matrimonio, uno de los más emblemáticos y desgraciados de la historia, está en el centro de estas páginas, pero la verdadera protagonista será la "austriaca", como llamaban los franceses, despectivamente, a la "intrusa", a la inquilina del Trianon, esa que fue acusada de ostentosa y fría, de engañar a su marido con Axel de Fersen y también con la condesa de Polignac. Minuciosa es esta narración, fundada en los vastísimos conocimientos de historia de Stefan Zweig. Este libro extraordinario y de fluida prosa, nos relata el desmoronamiento de la monarquía francesa y también el despertar del espíritu revolucionario. En estas páginas encontraremos a una reina elegante y lujuriosa,

amante de las grandes fiestas, y también a la mujer despojada de todo su poder que se encamina al cadalso.
