An NYRB Classics Original First published in 1956, Zama is now universally recognized as one of the masterpieces of modern Argentine and Spanish-language literature. Written in a style that is both precise and sumptuous, weirdly archaic and powerfully novel, Zama takes place in the last decade of the eighteenth century and describes the solitary, suspended existence of Don Diego de Zama, a highly placed servant of the Spanish crown who has been posted to Asunción, the capital of remote Paraguay. There, eaten up by pride, lust, petty grudges, and paranoid fantasies, he does as little as he possibly can while plotting his eventual transfer to Buenos Aires, where everything about his hopeless existence will, he is confident, be miraculously transformed and made good. Don Diego's slow, nightmarish slide into

the abyss is not just a tale of one man's perdition but an exploration of existential, and very American, loneliness. Zama, with its stark dreamlike prose and spare imagery, is at once dense and unforeseen, terse and fateful, marked throughout by a haunting movement between sentences, paragraphs, and sections, so that every word seems to emerge from an ocean of things left unsaid. The philosophical depths of this great book spring directly from its dazzling prose.

"Ellos no saben lo que hacen": esa es la definición más exacta que se puede dar de la ignorancia fundamentada en cualquier ideología. Tal ignorancia, sin embargo, no es evidencia de una ceguera o un desconocimiento. Al contrario, en realidad refleja un placer, un placer que, paradójicamente, nació de la instrucción de renunciar a todo goce. Cuando no sabemos, nos gusta; y donde uno disfruta (porque no sabemos) hay un "síntoma" (utilizando las palabras de Jacques Lacan), que es un síntoma de la ideología. Así, por ejemplo, el judío es el síntoma del nazi, o el traidor revisionista el síntoma del estalinista. De los totalitarismos fascista y soviético a la economía libidinal de la pretendida posmodernidad, los síntomas ideológicos, y el disfrute cuasi culinario que los acompaña, están por todas partes. En Ellos no saben lo que hacen, Slavoj Žižek analiza y desbroza, con su virtuosismo habitual, la ignorancia ideológica pasando, sin pudor ninguno, de Alfred Hitchcock a Woody Allen, de la tragedia del Titanic a Chernóbil, y de la teoría crítica de la Escuela de Frankfurt a la de Jacques Lacan. Un libro fundamental en la producción teórica del filósofo esloveno, el teórico más iconoclasta del mundo.

Porque no saben lo que hacen

Set mostly in the American South, at the crossroads of a world both secular and devoutly Christian, April Ayers Lawson's stories evoke the inner lives of young women and men navigating sexual, emotional, and spiritual awakenings. In 'The Negative Effects of Homeschooling', Conner, sixteen, accompanies his grieving mother to the funeral of her best friend Charlene, a woman who was once a man. In 'The Way You Must Play Always', Gretchen, a thirteen year old who looks even younger, heads into her weekly piano lesson in nervous anticipation of her next illicit meeting with her teacher's brother, Wesley. 'Vulnerability' charts the edgy attraction a promising young artist begins to feel for her art dealer. And in the title story, 'Virgin', Jake grapples with the growing chasm between him and his wife, Sheila, a woman who was still a virgin when they wed. At a cocktail party thrown by a wealthy donor to his hospital, he ponders the intertwining imperatives of marriage - sex and love, violation and trust, spirituality and desire - even as he finds himself succumbing to the temptations of his host. Self-assured and sensual, this collection introduces the work of a young writer of unusual mastery.

Winner of the National Book Award and National Book Critics Circle Award "A charming book about enchantment, a profound book about fairy tales."—John Updike, The New York Times Book Review Bruno Bettelheim was one of the great child psychologists of the twentieth century and perhaps none of his books has been more influential than this revelatory study of fairy tales and their universal importance in understanding childhood development. Analyzing a wide range of traditional stories, from the tales of Sindbad to "The Three Little Pigs," "Hansel and Gretel," and "The Sleeping Beauty," Bettelheim shows how the fantastical, sometimes cruel, but always deeply significant narrative strands of the classic fairy tales can aid in our greatest human task, that of finding meaning for one's life.

The House of the Spirits

An erotic masterpiece of twentieth century fiction - a tale of sensual obsession and bloodlust in eighteenth century Paris 'An astonishing tour de force both in concept and execution' Guardian In eighteenth-century France there lived a man who was one of the most gifted and abominable personages in an era that knew no lack of gifted and abominable personages. His name was Jean-Baptiste Grenouille, and if his name has been forgotten today. It is certainly not because Grenouille fell short of those more famous blackguards when it came to arrogance, misanthropy, immorality, or, more succinctly,

wickedness, but because his gifts and his sole ambition were restricted to a domain that leaves no traces in history: to the fleeting realm of scent . . . 'A fantastic tale of murder and twisted eroticism controlled by a disgusted loathing of humanity . . . Clever, stylish, absorbing and well worth reading' Literary Review 'A meditation on the nature of death, desire and decay . . . A remarkable début' Peter Ackroyd, The New York Times Book Review 'Unlike anything else one has read. A phenomenon . . . [It] will remain unique in contemporary literature' Figaro 'An ingenious and totally absorbing fantasy' Daily Telegraph 'Witty, stylish and ferociously absorbing' Observer

Child psychiatrist Dr. Bruce D. Perry has helped children faced with unimaginable horror: genocide survivors, murder witnesses, kidnapped teenagers, and victims of family violence. In the classic *The Boy Who Was Raised as a Dog*, Dr. Perry tells their stories of trauma and transformation and shares their lessons of courage, humanity, and hope. Deftly combining unforgettable case histories with his own compassionate, insightful strategies for rehabilitation, Perry explains what happens to children's brains when they are exposed to extreme stress—and reveals the unexpected measures that can be taken to ease such pain and help them grow into healthy adults. Wells, was a prolific English writer in many genres, including the novel, history, politics, and social commentary, and textbooks and rules for war games.

But when he sets out to find the author's other works, he makes a shocking discovery: someone has been systematically destroying every copy of every book Carax has written. In fact, Daniel may have the last of Carax's books in existence. Maga

The 120 Days of Sodom is the Marquis de Sade's masterpiece. A still unsurpassed catalogue of sexual perversions and the first systematic exploration of the psychopathology of sex, it was written during Sade's lengthy imprisonment for sexual deviancy and blasphemy and then lost after the storming of the Bastille during the French Revolution in 1789. Later rediscovered, the manuscript remained unpublished until 1936 and is now introduced by Simone de Beauvoir's landmark essay, 'Must We Burn Sade?' Unique in its enduring capacity to shock and provoke, *The 120 Days of Sodom* must stand as one of the most controversial books ever written, and a fine example of the Libertine novel, a genre inspired by eroticism and anti-establishmentarianism, that effectively ended with the French Revolution.

The Boy Who Was Raised as a Dog

A serial killer is on the loose in the Vatican... In the days following the death of Pope John Paul II, 115 cardinals are called to the Vatican in order to take part in the conclave and elect the new Pope. With Rome under siege to foreign press and thousands of mourners, the last thing it needs is a serial killer on the loose... Paola Dicanti is a profiler who works with the Italian police. She has been put in charge of profiling serial killers in a department of one - i.e. herself - but so far all her experience of serial killers is theoretical. This is until she is called to the church of Santa Maria in the Vatican state. A cardinal has been found murdered, his eyes destroyed, his hands cut off. It seems that this is not the first victim - another cardinal was found in similar circumstances but the authorities didn't want a scandal. Recovering from a bitter affair with her boss, Paola begins to build her profile using information from

the scene of the crime, from the autopsy, and from forensic evidence. She is helped in this by Anthony Fowler, a priest from the States. But it turns out that Fowler is no ordinary priest - he clearly has links to the CIA, and knows a lot about the serial killer than Dicanti could ever have guessed...

Women Who Love Too Much

The New York Times bestseller. 'This selection of 43 stories should by all rights see Lucia Berlin as lauded as Jean Rhys or Raymond Carver' - Independent Introduced by Lydia Davis, Lucia Berlin's stories in A Manual for Cleaning Women make for one of the most remarkable unsung collections in twentieth-century American fiction. With extraordinary honesty and magnetism, Lucia Berlin invites us into her rich, itinerant life: the drink and the mess and the pain and the beauty and the moments of surprise and of grace. Her voice is uniquely witty, anarchic and compassionate. 'With Lucia Berlin we are very far away from the parlours of Boston and New York and quite far away, too, from the fiction of manners, unless we are speaking of very bad manners . . . The writer Lucia Berlin most puts me in mind of is the late Richard Yates.' - LRB, 1999

THE INVISIBLE MAN

The stories are wrapped in a romantic atmosphere and try to describe characters whose most conspicuous element is being subjected to the influence of strong passions, which sometimes give rise to supernatural or extremely extraordinary events, or are the product of this type of event . Thus, in The transformation, a strong pride becomes the tyrant that moves all the actions of the protagonist of the story, which leads him to an extraordinary situation, in whose description all the elements abound that give the reader the aesthetic sensation of the sublime. In another story, The Dream, what leads to the extraordinary act is an intense conflict between two opposing passions, and in The Immortal Mortal it is jealousy that leads the protagonist to commit an act that will lead him to a more conflictive and intense sentimental situation, which marks the end of the story. Both the exposition of characters constituted by an abnormal and deformed passionate structure and the description of the extraordinary and horrible situations that these characters bring about, which tend to impress the reader, place all these stories at the very center of the Gothic.
