The Oxford Companion to the Garden

This sumptuous new Oxford Companion is devoted to gardens of every kind and the people and ideas involved in their making, in every part of the world where the designed landscape has played an important part. Its broad sweep makes this the perfect reference for garden-lovers everywhere. It combines a survey of the world's gardens, biographies of garden designers, nurserymen, and others, and entries on the worlds of horticulture and plantsmanship, with articles on a range of topics from garden visiting to garden elements and styles, and from scientific issues to the social history of gardens. The Companion provides comprehensive coverage in 1,750 alphabetical entries, detailing all aspects of the garden from the ancient to the avant garde. The writing is authoritative and engaging, with careful attention paid to the correct naming of plants, and a central aim of giving a vivid impression of what it is like to be in these inspirational gardens. There are sumptuous colour photographs by some of the world's best garden photographers, and elegant engravings of historical subjects. Well over half of the entries are devoted to individual gardens, many of them open to the public. These include every kind of garden from palace gardens such as Versailles to private gardens of outstanding design or plant interest, public gardens, botanic gardens and arboreta, late 20th-century land art, and contemporary gardens everywhere. Central to the book are the garden cultures of Italy, Britain, France, China, Japan, and the USA - unquestionably the most significant in the world - but the geographical coverage is worldwide, including such far-flung regions as Turkey, Peru, and Bali. The Companion draws on some of the expertise from The Oxford Companion to Gardens (1986) - in particular the late Maggie Keswick's groundbreaking writing on Chinese gardens. The international team of advisory editors and contributors includes leading authorities and top garden writers from more than 25 countries around the world. Many of the entries include suggestions for further reading and the work's usefulness is further enhanced by a general bibliography, a thematic listing of contents, and an index of gardens, individuals, themes, and features.

The Oxford Companion to Gardens

Covering the history and design of gardens from the earliest known examples to the present day, this is the first comprehensive reference work of its kind.

The Oxford Companion to Gardens

This illustrated reference covers the history and design of gardens all over the world, from the earliest recorded examples to the present day

The Oxford Companion to Australian Gardens

Australia has an enormously rich heritage of gardens and gardening and there has never before been a reference work of this scale with this diversity covering this wide-ranging subject. Ten years in the making, The (Oxford) Companion to Australian Gardens covers all aspects of Australian gardening from Aboriginal land management practices to modern garden design. Interest in gardening and garden design has increased over the last few years. The aim of the Companion is to further the understanding of gardens and gardening and provide a useful reference tool for anyone with an interest in gardens, landscape gardening, art, and architecture. With around 400 entries, the text covers topics such as designed landscapes, agriculture, architecture, art, botany, ecology, forestry, horticulture, landscape architecture, town planning, and viticulture. With the help of their team of over 200 expert contributors, Richard Aitken and Michael Looker have produced an authoritative and comprehensive reference work. The main text is lavishly illustrated and many of the illustrations have never before been published. This is a must-have reference work for anyone working in or studying garden design or landscape design, particularly those who have an international interest in the subject.

The Oxford Companion to Food

Covers such topics as plant products, cooking terms, national and regional cuisines, food preservation, food science, diet, and cookbooks and their authors.

The Oxford Companion to Wine

This wine book provides comprehensive coverage on all aspects of wine making, and puts wine, wine-making and wine drinking into historical perspective.

The Oxford Companion to Classical Civilization

Illustrated with full-color plates and 140 black-and-white pictures, an encyclopedic, exhaustive, and up-to-date guide contains finely detailed articles and short reference notes on the people, places, and events that shaped ancient Western civilization. UP.

The Oxford Companion to English Literature

This is the most authoritative and engaging philosophical reference work in English. It gives clear and reliable guidance to all areas of philosophy and to the ideas of all notable philosophers from antiquity to the present day. The scope of the volume is not limited to English-language philosophy: it surveys the foremost philosophy from all parts of the world. A distinguished international assembly of more than two hundred contributors provide almost 2,000 alphabetically arranged entries which are not only instructive but also entertaining: they combine learning, lucidity, elegance, and wit. There are more than fifty extended entries of 3,000 words on the main areas of philosophy and the great philosophers: these include essays by Alasdair MacIntyre on the history of moral philosophy, Paul Feyerabend on the history of the philosophy of science, Jaegwon Kim on problems of the philosophy of mind, Richard Swinburne on problems of the philosophy of religion, David Charles on Aristotle, Peter Singer on Hegel, Anthony Kenny on Frege, and Anthony Quinton on philosophy itself. Short entries deal with key concepts (for instance, personal identity, time) doctrines (utilitarianism, holism), problems (the mind-body problem, the meaning of life), schools of thought (Marxist philosophy, the Vienna Circle), and practical issues (abortion, vegetarianism). Individual thinkers past (Pythagoras, Confucius, Galileo, Goethe, Burke, Santayana, de Beauvoir, Radhakrishnan) and present (over 150 contemporary figures, such as Chomsky, Derrida, and Popper) are profiled, and eighty of them are depicted in black-and-white portraits. Interspersed throughout are short explanations of particular philosophical terms (qualia, supervenience, iff), puzzles (the Achilles paradox, the prisoner's dilemma), and curiosities (the philosopher's stone, slime). Every entry is accompanied by suggestions for further reading. A chronological chart of the history of philosophy is located at the end of the book, together

with fourteen diagrams showing the structure of philosophy and the relations between its subjects and doctrines. This book will be an indispensable guide and a constant source of stimulation and enlightenment for anyone interested in abstract thought, the eternal questions, and the foundations of human understanding.

The Oxford Companion to Philosophy

In this volume that is as big and as varied as the nation it portrays are over 1,400 entries written by some 900 historians and other scholars, illuminating not only America's political, diplomatic, and military history, but also social, cultural, and intellectual trends; science, technology, and medicine; the arts; and religion.

The Oxford Companion to United States History

Here is an inspiring, wide-ranging A-Z guide to one of the world's best-loved cuisines. Designed for cooks and consumers alike, *The Oxford Companion to Italian Food* covers all aspects of the history and culture of Italian gastronomy, from dishes, ingredients, and delicacies to cooking methods and implements, regional specialties, the universal appeal of Italian cuisine, influences from outside Italy, and much more. Following in the footsteps of princes and popes, vagabond artists and cunning peasants, austere scholars and generations of unknown, unremembered women who shaped pasta, moulded cheeses and lovingly tended their cooking pots, Gillian Riley celebrates a heritage of amazing richness and delight. She brings equal measures of enthusiasm and expertise to her writing, and her entries read like mini-essays, laced with wit and gastronomical erudition, marked throughout by descriptive brilliance, and entirely free of the pompous tone that afflicts so much writing about food. The Companion is attentive to both tradition and innovation in Italian cooking, and covers an extraordinary range of information, from *Anonimo Toscano*, a medieval cookbook, to Bartolomeo Bimbi, a Florentine painter commissioned by Cosimo de Medici to paint portraits of vegetables, to Paglierina di Riffredo, a young cheese made of unskimmed cows' milk, to *zuppa inglese*, a dessert invented by 19th century Neapolitan pastry chefs. Major topics receive extended treatment. The entry for Parmesan, for example, runs to more than 2,000 words and includes information on its remarkable nutritional value, the region where it is produced, the breed of cow used to produce it (the *razza reggiana*, or *vacche rosse*), the role of the cheese maker, the origin of its name, Molière's deathbed demand for it, its frequent and lustrous depiction in 16th and 17th century paintings, and the proper method of serving, where Riley admonishes: "One disdains the phallic peppermill, but must always appreciate the attentive grating, at the table, of parmesan over pasta or soup, as magical in its way as shavings of truffles." Such is the scope and flavor of *The Oxford Companion to Italian Food*. For anyone with a hunger to learn more about the history, culture and variety of Italian cuisine, *The Oxford Companion to Italian Food* offers endless satisfactions.

The Oxford Companion to Italian Food

The Bible has had an immeasurable influence on Western culture, touching on virtually every aspect of our lives. It is one of the great wellsprings of Western religious, ethical, and philosophical traditions. It has been an endless source of inspiration to artists, from classic works such as Michaelangelo's *Last Judgment*, Handel's *Messiah*, or Milton's *Paradise Lost*, to modern works such as Thomas Mann's *Joseph and His Brothers* or Martin Scorsese's controversial *Last Temptation of Christ*. For countless generations, it has been a comfort in suffering, a place to reflect on the mysteries of birth, death, and immortality. Its stories and characters are an integral part of the repertoire of every educated adult, forming an enduring bond that spans thousands of years and embraces a vast community of believers and nonbelievers. *The Oxford Companion to the Bible* provides an authoritative one-volume reference to the people, places, events, books, institutions, religious belief, and secular influence of the Bible. Written by more than 250 scholars from some 20 nations and embracing a wide variety of perspectives, the Companion offers over seven hundred entries, ranging from brief identifications--who is Dives? where is Pisgah?--to extensive interpretive essays on topics such as the influence of the Bible on music or law. Ranging far beyond the scope of a traditional Bible dictionary, the Companion features, in addition to its many informative, factual entries, an abundance of interpretive essays. Here are extended entries on religious concepts from immortality, sin, and grace, to baptism, ethics, and the Holy Spirit. The contributors also explore biblical views of modern issues such as homosexuality, marriage, and anti-Semitism, and the impact of the Bible on the secular world (including a four-part article on the Bible's influence on literature). Of course, the Companion can also serve as a handy reference, the first

place to turn to find factual information on the Bible. Readers will find fascinating, informative articles on all the books of the Bible—including the Apocrypha and many other ancient texts, such as the Dead Sea Scrolls, Pseudepigrapha, and the Mishnah. Virtually every figure who walked across the biblical stage is identified here, ranging from Rebekah, Rachel, and Mary, to Joseph, Barabbas, and Jesus. The Companion also offers entries that shed light on daily life in ancient Israel and the earliest Christian communities, with fascinating articles on feasts and festivals, clothing, medicine, units of time, houses, and furniture. Finally, there are twenty-eight pages of full-color maps, providing an accurate, detailed portrait of the biblical world. A vast compendium of information related to scriptures, here is an ideal complement to the Bible, an essential volume for every home and library, the first place to turn for information on the central book of Western culture.

The Oxford Companion to Gardens

Winner of the 2017 James Beard Award for Reference & Scholarship The discovery of cheese is a narrative at least 8,000 years old, dating back to the Neolithic era. Yet, after all of these thousands of years we are still finding new ways to combine the same four basic ingredients - milk, bacteria, salt, and enzymes - into new and exciting products with vastly different shapes, sizes, and colors, and equally complex and varied tastes, textures, and, yes, aromas. In fact, after a long period of industrialized, processed, and standardized cheese, cheesemakers, cheesemongers, affineurs, and most of all consumers are rediscovering the endless variety of cheeses across cultures. The Oxford Companion to Cheese is the first major reference work dedicated to cheese, containing 855 A-Z entries on cheese history, culture, science, and production. From cottage cheese to Camembert, from Gorgonzola to Gruyère, there are entries on all of the major cheese varieties globally, but also many cheeses that are not well known outside of their region of production. The concentrated whey cheeses popular in Norway, brunost, are covered here, as are the traditional Turkish and Iranian cheeses that are ripened in casings prepared from sheep's or goat's skin. There are entries on animal species whose milk is commonly (cow, goat, sheep) and not so commonly (think yak, camel, and reindeer) used in cheesemaking, as well as entries on a few highly important breeds within each species, such as the Nubian goat or the Holstein cow. Regional entries on places with a strong history of cheese production, biographies of influential cheesemakers, innovative and influential cheese shops, and historical entries on topics like manorial cheesemaking and cheese in children's literature round out the Companion's eclectic cultural coverage. The Companion also reflects a fascination with the microbiology and chemistry of cheese, featuring entries on bacteria, molds, yeasts, cultures, and coagulants used in cheesemaking and cheese maturing. The blooms, veins, sticky surfaces, gooey interiors, crystals, wrinkles, strings, and yes, for some, the odors of cheese are all due to microbial action and growth. And today we have unprecedented insight into the microbial complexity of cheese, thanks to advances in molecular biology, whole-genome sequencing technologies, and microbiome research. The Companion is equally interested in the applied elements of cheesemaking, with entries on production methodologies and the technology and equipment used in cheesemaking. An astonishing 325 authors contributed entries to the Companion, residing in 35 countries. These experts included cheesemakers, cheesemongers, dairy scientists, anthropologists, food historians, journalists, archaeologists, and on, from backgrounds as diverse as the topics they write about. Every entry is signed by the author, and includes both cross references to related topics and further reading suggestions. The endmatter includes a list of cheese-related museums and a thorough index. Two 16-page color inserts and well over a hundred black and white images help bring the entries to life. This landmark encyclopedia is the most wide-ranging, comprehensive, and reliable reference work on cheese available, suitable for both novices and industry insiders alike.

The Oxford Companion to the Bible

"Celebrating sugar while acknowledging its complex history, 'The Oxford Companion to Sugar and Sweets' is the definitive guide to one of humankind's greatest sources of pleasure"--

The Oxford Companion to Cheese

Embracing the viewpoints of Catholic, Protestant, or Orthodox thinkers, of conservatives, liberals, radicals, and agnostics, Christianity today is anything but monolithic or univocal. In The Oxford Companion to Christian Thought, general editor Adrian Hastings has tried to capture a sense of the great diversity of opinion that swirls about under the heading of Christian thought. Indeed, the 260 contributors, who hail from twenty countries, represent as wide a range of perspectives as possible. Here is a comprehensive

and authoritative (though not dogmatic) overview of the full spectrum of Christian thinking. Within its 600 alphabetically arranged entries, readers will find lengthy survey articles on the history of Christian thought, on national and regional traditions, and on various denominations, from Anglican to Unitarian. There is ample coverage of Eastern thought as well, examining the Christian tradition in China, Japan, India, and Africa. The contributors examine major theological topics such as resurrection, the Eucharist, and grace as well as controversial issues such as homosexuality and abortion. In addition, short entries illuminate symbols such as water and wine, and there are many profiles of leading theologians, of non-Christians who have deeply influenced Christian thinking, including Aristotle and Plato, and of literary figures such as Dante, Milton, and Tolstoy. Most articles end with a list of suggested readings and the book features a large number of cross-references. The Oxford Companion to Christian Thought is an indispensable guide to one of the central strands of Western culture. An essential volume for all Christians, it is a thoughtful gift for the holidays.

The Oxford Companion to Sugar and Sweets

A panoramic history of the culinary traditions, culture, and evolution of American food and drink features nearly one thousand entries, essays, and articles on such topics as fast food, celebrity chefs, regional and ethnic cuisine, social and cultural food history, food science, and more, along with hundreds of photographs and lists of food museums, Web sites, festivals, and organizations.

The Oxford Companion to Christian Thought

The Oxford Handbook of American Indian History presents the story of the indigenous peoples who lived-and live-in the territory that became the United States. It describes the major aspects of the historical change that occurred over the past 500 years with essays by leading experts, both Native and non-Native, that focus on significant moments of upheaval and change.

The Oxford Companion to American Food and Drink

Embracing the whole of Italian literature, from the early thirteenth century to the present, The Oxford Companion to Italian Literature takes a broad view of what constitutes literature, covering historical writing, travel writing, theatre, and philosophy as well as the novel, poetry, literary dialogues, and critical theory. Providing generous coverage of canonical figures - from Dante and Petrarch to Montale and Calvino - it also contains a wealth of short entries on significant minor figures. The Companion also explores Latin literature written by Italian authors - a major feature of Renaissance culture - and Italian dialect literature; and highlights articles which place the writers and their works in their wider social, historical, artistic, and political context. The 2,400 alphabetically-arranged entries provide clear, up-to-date coverage of Italian literature, making this an essential reference for specialists and non-specialists alike. Written by expert contributors, the entries reflect the current state of international scholarship, which has developed in many different and exciting directions in recent years.

The Oxford Companion to Classical Literature

Searchable database of information culled from the 1996 paperback edition of the Oxford companion to twentieth-century poetry in English.

The Oxford Handbook of American Indian History

The Oxford Handbook of English Prose 1500-1640 is the only available overview of early modern English prose writing. It considers the range and variety of the substance and types of English prose, and also analyses the forms and styles of writing adopted in the early modern period.

The Oxford Companion to Music

"Entertaining and authoritative, this alphabetically arranged companion is an indispensable reference guide to crime and mystery writing. Unique in its biographical and critical treatment of major detective writers, it is a comprehensive digest to the gen

The Oxford Companion to Italian Literature

An authoritative guide to wine production in the USA, Canada, and Mexico, highlighting geographical, philosophical, and commercial variations throughout the region. It consists of a series of introductory

essays, discussing in depth key topics such as prohibition, cybersales, wine auctions, microbiology, labor, and viticulture, followed by more than 500 A-Z entries, including individual wineries and wine-makers, regions, grape varieties, technical terms, and more. The text is complemented by 20 beautiful full-colour illustrations, and by an extensive map section. The text is closely linked, for example by the use of cross-references, to the Oxford Companion to Wine, to which it serves as a complementary volume.

The Oxford Companion to Twentieth-century Poetry in English

Remarkably well researched, the essays consider a wide range of texts - from the U.S., Britain and Canada - and take a variety of theoretical approaches, including formalism and Marxism and those related to psychology, postcolonialism, reception, feminism, queer studies, and performance studies ... This collection pushes boundaries of genre, notions of childhood ... Choice. Back cover of book.

The Oxford Handbook of English Prose 1500-1640

This Handbook sets a new agenda for theoretical and practical explorations of citizenship, analysing the main challenges and prospects informing today's world of increased migration and globalization. The Oxford Handbook of Citizenship

When Connie is sent to live with her aunt, she knows it's going to be one more place where she doesn't fit in. But soon she realises how wrong she is. The seaside town is full of adults and children who have strange links to creatures. It's the heart of the secret Society for the Protection of Mythical Creatures, a group of people sworn to ensure that mythical beasts are kept safe. Normally the creatures and their chosen humans work in harmony. But something abnormal is happening here. The Sirens, who for generations have kept their deadly song to themselves, are once again luring humans to their deaths. It doesn't take long for Connie to realise that the victims are oil workers. The Sirens are fed-up with their seas being polluted, but should the Society protect the Sirens or the oil industry? Connie doesn't think she has a role to play, until it becomes clear that she's a Universal - the first person in over a century who can communicate with every type of beast on earth and in the air. Her power is immense.

It corrupted the previous Universal . . . and now he's back. And he'll use any means he can - from violence to the terrifying Storm Giants - to turn Connie to the dark side.

A Companion to Roman Art

The Oxford Handbook of Percy Bysshe Shelley takes stock of current developments in the study of a major Romantic poet and prose-writer, and seeks to advance Shelley studies beyond the current scholarship. It consists of forty-two chapters written by a prestigious international cast of established and emerging scholar-critics, and offers the most wide-ranging single-volume body of writings on Shelley. The volume builds on the textual revolution in Shelley studies, which has transformed understanding of the poet, as critics are able to focus on what Shelley actually wrote. This Handbook is divided into five thematic sections: Biography and Relationships; Prose; Poetry; Cultures, Traditions, Influences; and Afterlives. The first section reappraises Shelley's life and relationships, including those with his publishers through whom he sought to reach an audience for the 'Ashes and sparks' of his thought, and with women, creative collaborators as well as muse-figures; the second section gives his under-investigated prose works detailed attention, bringing multiple perspectives to bear on his shifting and complex conceptual positions, and demonstrating out the range of his achievement in prose works from novels to political and poetic treatises; the third section explores Shelley's creativity and gift as a poet, emphasizing his capacity to excel in many different poetic genres; the fourth section looks at Shelley's response to past and present literary cultures, both English and international, and at his immersion in science, music, theatre, the visual arts, and tourism and travel; the fifth section concludes the volume by analysing Shelley's literary and cultural afterlife, from his influence on Victorians and Moderns, to his status as the exemplary poet for Deconstruction. The Oxford Handbook of Percy Bysshe Shelley brings out the relevance to Shelley's own work of his dictum that 'All high poetry is infinite' and continues to generate original critical responses.

The Oxford Companion to Spirits and Cocktails

The perfect guide to great gardens across Britain and Ireland, with contact details, directions and inspiring photographs ý from garden expert Patrick Taylor Visit 300 of the loveliest public and private gardens in the world with the perfect travelling companion. Patrick Taylor's unique garden appreciation and photographs provide insight and expertise to whet your appetite. Discover a who's-who of gardening. An exciting addition to Eyewitness Companions; the visual reference series covering favourite hobbies and pastimes from French Cheeses and Opera to Horse Riding.

A Companion to Contemporary Britain 1939 - 2000

An idealized image of European concert-goers has long prevailed in historical overviews of the nineteenth and twentieth centuries. This act of listening was considered to be an invisible and amorphous phenomenon, a naturally given mode of perception. This narrative influenced the conditions of listening from the selection of repertoire to the construction of concert halls and programmes. However, as listening moved from the concert hall to the opera house, street music, and jazz venues, new and visceral listening traditions evolved. In turn, the art of listening was shaped by phenomena of the modern era including media innovation and commercialization. This Handbook asks whether, how, and why practices of music listening changed as the audience moved from pleasure gardens and concert venues in the eighteenth century to living rooms in the twentieth century, and mobile devices in the twenty-first. Through these questions, chapters enable a differently conceived history of listening and offer an agenda for future research.

Secret of the Sirens

Written by the world's leading scholars and researchers in sound studies, this handbook offers new and engaging perspectives on the significance of sound in its material and cultural forms.

The Oxford Companion to Children's Literature

This book explores the historical relations between science and religion and discusses contemporary issues with perspectives from cosmology, evolutionary biology and bioethics.

The Oxford Handbook of Percy Bysshe Shelley

With all of the new developments in information storage and retrieval, researchers today need a clear and comprehensive overview of the full range of their options, both online and offline, for finding the best information quickly. In this third edition of *The Oxford Guide to Library Research*, Thomas Mann maps out an array not just of important databases and print sources, but of several specific search techniques that can be applied profitably in any area of research. From academic resources to government documents to manuscripts in archives to business Web sites, Mann shows readers how best to exploit controlled subject headings, explains why browsing library shelves is still important in an online age, demonstrates how citation searching and related record searching produce results far beyond keyword inquiries, and offers practical tips on making personal contacts with knowledgeable people. Against the trendy but mistaken assumption that everything can be found on the Internet, Mann shows the lasting value of physical libraries and the unexpected power of traditional search mechanisms, while also providing the best overview of the new capabilities of computer indexing. Throughout the book Mann enlivens his advice with real-world examples derived from his experience of having helped thousands of researchers, with interests in all subjects areas, over a quarter century. Along the way he provides striking demonstrations and powerful arguments against those theorists who have mistakenly announced the demise of print. Essential reading for students, scholars, professional researchers, and laypersons, *The Oxford Guide to Library Research* offers a rich, inclusive overview of the information field, one that can save researchers countless hours of frustration in the search for the best sources on their topics.

The Oxford Companion to English Literature

This interdisciplinary and international handbook captures and shapes much needed reflection on normative frameworks for the production, application, and use of artificial intelligence in all spheres of individual, commercial, social, and public life.

The Case of Mrs. Clive

DigiCat Publishing presents to you this special edition of "The Case of Mrs. Clive" by Mrs. Clive. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

The Case of Mrs. Clive

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Case of Mrs. Clive

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Rich in titles on English life and social history, this collection spans the world as it was known to eighteenth-century historians and explorers. Titles include a wealth of travel accounts and diaries, histories of nations from throughout the world, and maps and charts of a world that was still being discovered. Students of the War of American Independence will find fascinating accounts from the British side of conflict. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided

as an additional tool in helping to insure edition identification: ++++ British Library T071790 Signed at end: C. Clive. On the pay disputes at Drury Lane Theatre. With a half-title. London: printed for B. Dod, 1744. 22p.; 8°

The case of mrs. Clive submitted to the publick

The Case of Mrs. Clive by Catherine Clive Coming to Drury Lane in 1728 while still in her teens, Kitty Rafter (1711-1785) quickly became a favorite of the town by virtue of her singing voice, vivacity, and gift for mimicry. Admired first as a singing actress, Miss Rafter in 1731 gave unequivocal notice of her considerable talent as a comic actress in the role of Nell in Coffey's *The Devil to Pay*, one of several hundred she mastered. Her specialties: Flora in *The Wonder*, Lady Bab in *High Life Below Stairs*, Lappet in *The Miser*, Catherine in *Catherine and Petruchio*, Mrs. Heidelberg in *The Clandestine Marriage*, and the Fine Lady in *Lethe*. Mrs. Clive's (on 4 Oct. 1733, Miss Rafter married George Clive, a barrister) popularity as comedienne and performer of prologues and epilogues is indicated by the frequency of her performances and long tenure at Drury Lane (she retired in 1769) and documented by the panegyrics of Fielding, Murphy, Churchill, Garrick, Dr. Johnson, Horace Walpole, Goldsmith, fellow players, contemporary memoir writers, and audiences who admired her. Dr. Johnson, I feel, gives the most balanced, just contemporary appraisal of Mrs. Clive the actress: "What Clive did best, she did better than Garrick; but could not do half so many things well; she was a better romp than any I ever saw in nature." Part of the half she could not do well were tragedy roles, attested to by Thomas Davies, who comments on her performances as Ophelia in *Hamlet* and Zara in *The Mourning Bride*: "Of Mrs. Clive's Ophelia I shall only say, that I regret that the first comic actress in the world should so far mistake her talents as to attempt it." And on Zara, "for her own benefit, the comic Clive put on the royal robes of Zara: she found them too heavy, and, very wisely, never wore them afterwards." Part of the half she could do well is noticed, once again, by Davies: particularly adroit and distinguished in chambermaid parts, Mrs.... We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

The Case of Mrs. Clive Submitted to the Publick

Kitty Clive (1711-1785) was a top London stage star. She dominated spoken as well as musical comedy. From the 1740s onwards, her reputation suffered a sharp decline. For anyone curious about star production in eighteenth-century Britain, her story is not to be missed. Kitty Clive (1711-1785) was a top London stage star. Singing powered her ascent and, for twenty years, was foundational to her success as she came to dominate spoken as well as musical comedy. Her protean powers transfixed audiences, whether in low-style productions or in works by masters like Purcell, Shakespeare, and Dryden. Celebrities such as Handel and Henry Fielding wrote vehicles for her. Clive's career was unique. Despite a sometimes awkward biography - her father was a disgraced Irish Catholic; she defied managers; her marriage was almost certainly a social ruse and her 'husband' a homosexual - her musical voice helped her to become the champion of British song, of patriotism, and of propriety. Yet in the 1740s, critical opinion turned against Clive and the financial power she wielded. Salvaging her career with David Garrick's help, Clive gutted her legacy. She quit serious song and took to caricaturing herself on stage, winning back audiences by disparaging her earlier achievements. Altering works mid-performance, creating and re-shaping stage genres, and leveraging press coverage while seeming not to, she was above all a shrewd manager and a fascinating stage artist. Clive's career reveals to us gorgeous song otherwise lost and perspectives previously unknown. For music historians, musicologists, theatre scholars, and anyone curious about performance history and star production in eighteenth-century Britain, her story is not to be missed. BERTA JONCUS is Senior Lecturer in Music at Goldsmiths, University of London.

The Case of Mrs. Clive

In eighteenth-century England, actresses were frequently dismissed as mere prostitutes trading on their sexual power rather than their talents. Yet they were, Felicity Nussbaum argues, central to the success of a newly commercial theater. Urban, recently moneyed, and thoroughly engaged with their audiences, celebrated actresses were among the first women to achieve social mobility, cultural authority, and financial independence. In fact, Nussbaum contends, the eighteenth century might well be called the "age of the actress" in the British theater, given women's influence on the dramatic repertory and, through it, on the definition of femininity. Treating individual star actresses who helped spark a cult of celebrity—especially Anne Oldfield, Susannah Cibber, Catherine Clive, Margaret Woffington, Frances Abington, and George Anne Bellamy—*Rival Queens* reveals the way these women animated issues of national identity, property, patronage, and fashion in the context of their dramatic performances. Actresses intentionally heightened their commercial appeal by catapulting the rivalries among themselves to center stage. They also boldly challenged in importance the actor-managers who have long dominated eighteenth-century theater history and criticism. Felicity Nussbaum combines an emphasis on the actresses themselves with close analysis of their diverse roles in works by major playwrights, including George Farquhar, Nicholas Rowe, Colley Cibber, Arthur Murphy, David Garrick, Isaac Bickerstaff, and Richard Sheridan. Hers is a comprehensive and original argument about the importance of actresses as the first modern subjects, actively shaping their public identities to make themselves into celebrated properties.

The Case of Mrs. Clive Submitted to the Publick

The Case of Mrs. Ruhmkorff's Will by Percy Andreae is about young and ambitious Nurse Forsyth who comes to Clive's house one night after he breaks his leg in an attempt to commit suicide. Excerpt: "It was late one hot afternoon towards the middle of June when the matron, calling me into her sanctum at Guy's, placed the following telegram in my hands:— "To the Matron, Guy's Hospital, London. "Send immediately bright and capable nurse to Mrs. Francis Cunninghame, Glen Elc, Scadbury. Case of melancholia. Patient is a gentleman. Wire time of arrival to Glen Elc, and carriage will be in waiting at Scadbury Junction. Urgent."

The Case of Mrs. Clive (1744)

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Case of Mrs. Clive Submitted to the Publick

In bringing biography and celebrity together, the essays in *Making Stars* interrogate contemporary and current understandings of each. Although biography was not invented in the eighteenth century, the period saw the emergence of works that focus on individuals who are interesting as much, if not more, for their everyday, lived experience than for their status or actions. At the same time, celebrity emerged as public fascination for the private lives of publicly visible individuals. Biography and celebrity are mutually constitutive, but in complex and varied ways that this volume unpacks. Contributors to this volume present us a picture of eighteenth-century celebrity that was mediated across multiple sites, demonstrating that eighteenth-century celebrity culture in Britain was more pervasive, diverse and, in many ways, more egalitarian, than previously supposed.

The Case of Mrs. Clive

This book establishes the significance of actresses, female playgoers and women critics in shaping Shakespeare's burgeoning reputation in the eighteenth century.

The case of mrs. Clive submitted to the publick

This volume presents a sampling of the more than 250 papers presented at the Congress of the ISA held at Stratford-upon-Avon in August 1981. Most of the papers are concerned with Shakespeare as a writer for the theater. Other essays deal with Shakespeare as a literary, rather than theatrical, writer. Several of the offerings cover subjects usually neglected, and develop fresh insight into his work.

The Case of Mrs. Clive Submitted to the Publick

Presents a two-volume A to Z reference on English authors from the sixteenth, seventeenth and eighteenth centuries, providing information about major figures, key schools and genres, biographical information, author publications and some critical analyses.

Catalogue of the Printed Books in the Library of the British Museum

An alphabetized volume on women writers, major titles, movements, genres from medieval times to the present.

Tipu Sultan

Tipu Sultan commonly referred to as Sher-e-Mysore or "Tiger of Mysore", was an Indian ruler of the Kingdom of Mysore based in South India. He was a pioneer of rocket artillery. He expanded the iron-cased Mysorean rockets and commissioned the military manual Fathul Mujahidin. He deployed the rockets against advances ...

Tipu Sultan: How history remembers him, why controversy doesn't forget ...

As Practically The Whole Of Tipu'S Life Was Taken Up With Fighting, The Author Has Devoted Considerable Space To Campaigns And Battles. However, He Has Not Ignored Other Aspects Of His Career. He Has Paid Sufficient Attention To The Causes And Results Of Wars, While TipuS Relation With The ...

Who is the father of Tipu Sultan? Explore the Answer at ... - BYJU'S

21 Jun 2024 — Tippu Sultan was the sultan of Mysore, who won fame in the wars of the late 18th century in southern India. Tippu was instructed in military tactics by French officers in the employ of his father, Hyder Ali, who was the Muslim ruler of Mysore. In 1767 Tippu commanded a corps of cavalry against the.

Was tipu sultan a Mughal or raja? - History of india and duniya (world)

The story that he was betrayed by Mir Sadik, his Dewan, to the English, or perhaps to some of the other confederated powers besieging Seringapatam, does not appear improbable, although unsupported by any evidence; but, as he was a great tyrant, there can be no doubt that his ministers were glad to get ride of him on ...

RCIN 67213 - War coat of Tipu Sultan - Royal Collection Trust

'Tipu Sultan' (Sultan Fateh Ali Tipu, 1750-99) was the Indian ruler, or Sultan, of the Kingdom of Mysore (1782-99) who fought against the British East India Company's ambitions for conquest of southern India in the late 18th century. A formidable figure, he acquired legendary status in the late 18th and early ...

History of Tipu Sultan - Mohibbul Hasan

Tipu Sultan (1 December 1751 – 4 May 1799), is also known as Sher-e-mysoor, was the ruler of Mysore from 1782 to 1799. He was also a scholar, soldier and poet. Tipu was the eldest son of Sultan Hyder Ali and his wife Fathima Fakhr-un-Nisar. Tipu Sultan was born in Devanahalli in 1751. The birthplace of Tipu Sultan, ...

Tippu Sultan | Mysore ruler, Indian resistance, Anglo ...

31 Oct 2019 — A son of the soil, Tipu patronised many temples and was responsible for the restoration of the Sringeri Sharada Mutt, which was vandalised by the Marathas. Under him, Mysore Kingdom became an economic superpower that boasted of one of the best living standards in the world. His administrative prowess ...

History of Tipu Sultan

There is much to learn about Tipu Sultan, the Tiger of Mysore. He was a fascinating and complex ruler who made significant contributions to Indian history. Though he was known for his military prowess, Tipu Sultan was also a patron of the arts and sciences. In this short note, we will explore some of the most ...
