### The Complete Sherlock Holmes

Presents the four novels and fifty-six short stories which comprise the entire Sherlock Holmes saga

### Sherlock Holmes: The Complete Novels and Stories: Volumes I and II

Since his first appearance in Beeton's Christmas Annual in 1887, Sir Arthur Conan Doyle's Sherlock Holmes has been one of the most beloved fictional characters ever created. Now, in one eBook, Bantam Classics presents all fifty-six short stories and four novels featuring Conan Doyle's classic hero—a truly complete collection of Sherlock Holmes's adventures in crime! Volume I includes the early novel *A Study in Scarlet*, which introduced the eccentric genius of Sherlock Holmes to the world. This baffling murder mystery, with the cryptic word *Rache* written in blood, first brought Holmes together with Dr. John Watson. Next, *The Sign of Four* presents Holmes's famous "seven percent solution" and the strange puzzle of Mary Morstan in the quintessential locked-room mystery. Also included are Holmes's feats of extraordinary deception in such famous cases as the chilling "The Adventure of the Speckled Band," the baffling riddle of "The Musgrave Ritual," and the ingeniously plotted "The Five Orange Pips." Volume II begins with *The Hound of Baskervilles*, a haunting novel of murder on eerie Grimpen Moor, which has rightly earned its reputation as the finest murder mystery ever written. *The Valley of Fear* matches Holmes against his archenemy, the master of imaginative crime, Professor Moriarty. In addition, the loyal Dr. Watson has faithfully recorded Holmes's feats of extraordinary detection in such famous cases as the thrilling "The Adventure of the Red Circle," Holmes's tragic and fortunately premature farewell in "The Final Problem," and the twelve baffling adventures from *The Case Book of Sherlock Holmes*. Conan Doyle's incomparable tales bring to life a Victorian England of horse-drawn cabs, fogs, and the famous lodgings at 221 B Baker Street, where for more than forty years Sherlock Holmes earned his undisputed reputation as the greatest fictional detective of all time.

### The Complete Sherlock Holmes

Barnes & Noble Classics pulls together a constellation of influences--biographical,

historical, and literary--to enrich each reader's understanding of these enduring works. The Complete Sherlock Holmes comprises four novels and fifty-six short stories revolving around the world's most popular and influential fictional detective--the eccentric, arrogant, and ingenious Sherlock Holmes. He and his trusted friend, Dr. Watson, step from Holmes's comfortable quarters at 221b Baker Street into the swirling fog of Victorian London to exercise that unique combination of detailed observation, vast knowledge, and brilliant deduction. Inevitably, Holmes rescues the innocent, confounds the guilty, and solves the most perplexing puzzles known to literature. The Complete Sherlock Holme starts with Holmes's first appearance, *A Study in Scarle*, a chilling murder novel complete with bloodstained walls and cryptic clues, followed by the baffling *The Sign of Four*, which introduces Holmes's cocaine problem and Watson's future wife. The story collections *The Adventures of Sherlock Holmes* and *The Memoirs of Sherlock Holmes* feature such renowned tales as "A Scandal in Bohemia," "The Red-Headed League," and "The Musgrave Ritual." Tired of writing stories about Holmes, his creator, Sir Arthur Conan Doyle, killed him off at the end of "The Final Problem," the last tale in *The Memoirs*. But the public outcry was so great that eight years later he published the masterful *The Hound of the Baskervilles*, which supposedly takes place before Holmes's death. The separate Volume II of *The Complete Sherlock Holmes* collects the remaining accounts of Holmes's exploits, including "The Adventure of the Empty House," which reveals the elaborate circumstances behind Holmes's literary resurrection. Kyle Freeman, a Sherlock Holmes enthusiast for many years, earned two graduate degrees in English literature from Columbia University, where his major was twentieth-century British literature.

### The Complete Works Sherlock Holmes

Sherlock Holmes (/Èf\lRk ÈhoŠmz/) is a fictional detective created by Scottish author and physician Sir Arthur Conan Doyle, a graduate of the University of Edinburgh Medical School. A London-based "consulting detective" whose abilities border on the fantastic, Holmes is famous for his astute logical reasoning, his ability to adopt almost any disguise, and his use of forensic science skills to solve difficult cases. Holmes, who first appeared in publication in 1887, was featured in four novels and 56 short stories. The first novel, *A Study in Scarlet*, appeared in Beeton's Christmas Annual in 1887 and the second, *The Sign of the Four*, in Lippincott's Monthly Magazine in 1890. The character grew tremendously in popularity with the first series of short stories in *The Strand Magazine*, beginning with "A Scandal in Bohemia" in 1891; further series of short stories and two novels published in serial form appeared between then and 1927. The stories cover a period from around 1880 up to 1914. All but four stories are narrated by Holmes's friend and biographer, Dr. John H. Watson; two are narrated by Holmes himself ("The Blanched Soldier" and "The Lion's Mane") and two others are written in the third person ("The Mazarin Stone" and "His Last Bow"). In two stories ("The Musgrave Ritual" and "The Gloria Scott"), Holmes tells Watson the main story from his memories, while Watson becomes the narrator of the frame story. The first and fourth novels, *A Study in Scarlet* and *The Valley of Fear*, each include a long interval of omniscient narration recounting events unknown to either Holmes or Watson. *The Adventures Of Sherlock Holmes* *The Memoirs Of Sherlock Holmes* *The Return Of Sherlock Holmes* *The Valley of Fear* *A Study in Scarlet* *The Sign of the Four* *The Hound of the Baskervilles* *The Final Problem*

It was first published on 14 October 1892; the individual stories had been serialised in The Strand Magazine between July 1891 and June 1892. The stories are not in chronological order, and the only characters common to all twelve are Holmes and Dr. Watson. The stories are related in first-person narrative from Watson's point of view. In general the stories in The Adventures of Sherlock Holmes identify, and try to correct, social injustices. Holmes is portrayed as offering a new, fairer sense of justice. ### Sherlock Holmes

Within the canonical pages of 'The Complete "Sherlock Holmes" Stories', readers discover the full range of Arthur Conan Doyle's masterful storytelling—a compendium of intrigue that spans four groundbreaking novels and fifty-six short stories. These tales, which birthed the detective genre as

we know it, showcase Holmes's unparalleled deductive abilities and Doyle's own narrative dexterity. Meticulously compiled in this anthology are the renowned 'A Study In Scarlet,' 'The Sign of the Four,' 'The Hound of the Baskervilles,' and 'The Valley of Fear,' alongside collections that include 'The Adventures of Sherlock Holmes,' and many more. Revealing the formidable combination of Doyle's rich prose and intricate plotting, this essential volume is not only a cornerstone of literary history but also a testament to enduring entertainment value, set within the contextual framework of Victorian and later Edwardian society's evolving conventions. Sir Arthur Conan Doyle's literary prowess is magnificently displayed within this complete anthology, crafting a world where logic triumphs over mystery. A trained physician, Conan Doyle's analytical background shines through his creation of Sherlock Holmes, a character whose iconic status echoes the writer's own intellectual curiosities and his profound impact on speculative fiction. As an author, Doyle's multifaceted repertoire included fantasy, science fiction, and historical novels—yet it was with Holmes that he captured the imaginations of audiences worldwide and defined investigative fiction. It was, perhaps, through his own passionate engagement with the enigmas of his time that Sherlock Holmes and his adventures were conceived—a reflection and an evolution of the then-emerging fascination with criminal science and forensic methodology. 'The Complete "Sherlock Holmes" Stories' is an indispensable treasure for both the ardent aficionado of detective literature and the casual reader seeking to delve into the labyrinthine puzzles that only Holmes could unravel. In reading this comprehensive collection, one not only embarks on a journey through the gaslit streets of London but also experiences the intellectual rigor and expansive human insight that Conan Doyle wove into every tale. It is a scholarly pilgrimage through the roots of crime fiction, an intimate rendezvous with the mind of the genre's founding father, and ultimately, a lifetime's worth of entertainment suspended within a singular, enduring legacy.

The story marks the first appearance of Sherlock Holmes and Dr. Watson, who would become the most famous detective duo in popular fiction. The book's title derives from a speech given by Holmes, a consulting detective, to his friend and chronicler Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet": "There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it." BOOK TWO: The Sign of the Four The story is set in 1888. The Sign of the Four has a complex plot involving service in India, the Indian Rebellion of 1857, a stolen treasure, and a secret pact among four convicts ("the Four" of the title) and two corrupt prison guards. It presents the detective's drug habit and humanizes him in a way that had not been done in the preceding novel, A Study in Scarlet (1887). It also introduces Doctor Watson's future wife, Mary Morstan. BOOK THREE: The Adventures of Sherlock Holmes is a collection of twelve short stories by Arthur Conan Doyle, first published on 14 October 1892. It contains the earliest short stories featuring the consulting detective Sherlock Holmes, which had been published in twelve

monthly issues of The Strand Magazine from July 1891 to June 1892. The stories are collected in the same sequence, which is not supported by any fictional chronology. The only characters common to all twelve are Holmes and Dr. Watson and all are related in first-person narrative from Watson's point of view. BOOK FOUR: The Memoirs of Sherlock Holmes is a collection of short stories. The twelve stories were originally published in The Strand Magazine from December 1892 to December 1893 as The Adventures number 13 to 24. For instance, "The Final Problem" was published under the subheading "XXIV.--The Adventure of the Final Problem." [3] BOOK FIVE: The Hound of the Baskervilles is the third of the four crime novels. Originally serialised in The Strand Magazine from August 1901 to April 1902, it is set largely on Dartmoor in Devon in England's West Country and tells the story of an attempted murder inspired by the legend of a fearsome, diabolical hound of supernatural origin. Sherlock Holmes and his companion Dr. Watson investigate the case. This was the first appearance of Holmes since his apparent death in "The Final Problem"

### Poems I Guess I Wrote

Some thoughts I wrote down on a flight back from California in November 2018. Started writing cause I thought it would help me feel better, and within the course of two hours, i had written 50 of them. I've barely edited or proof-read them since. These have all been written as a part of my healing process, as I go through a split-up with my wife of 5+ years, accompanied with my severe depression and anxiety. If you can relate to anything, that's great, if you can't relate or you think something is offensive, I really don't care. Buy the book and burn it in protest. Then tell your friends to do the same.

### I Wouldn't Call Em Poems

This is a chapbook collection of poetry about nothing. A lot of poets take their work very seriously, which can be a great thing, but I got tired of writing overly complicated descriptions of my own feelings and everything I saw wrong in the world. It's just more fun to write short poems about action figures.

### A Book I'll Never Write

Thomas Kemp is a sixty-seven year old divorced man and the father of two grown sons, a daughter, and two lovely daughter-in-law's. He started writing poetry for his own enjoyment when he was nineteen years old and a Marine stationed in the Far East. When asked what compelled a young service man to write poetry he would say There was something inside of me that made me write every chance I got. I wrote on anything I could find in those days; napkins, coasters you know, those ones made of paper even tablecloths. Thomas finally sat down long enough to write his first novel starting in 1993 which he finished and published in 1996 a book called The Road From Here To Where You Stay, a poetical thriller and love story woven within the murder plot of former President John F. Kennedy. Cleverly written to intrigue and seduce? Thomas, as Poet, clearly shows his ability to weave the violence of war and the murder of a president with cleverly placed poems and words whispered among the pages with loving grace and romance. Be enriched and enthralled and read the romantic words from a man who has become a familiar poet to many, who is today called YOUR POET IS And POETRY I wrote FOR YOU

### Poetry I Wrote for You

I wrote this book of Poetry from feelings that I guess I had within my soul for many years. In 1997 my mother and my oldest brother passed away. They died a month and a half of each other. This was a hard time for my family and me. I wrote a poem in their memories and its' title is "I want to be just like you." I entered a poetry contest through a magazine article that I read and I won first place with this poem. I wrote it in about five minutes and this is when I found out that I had some talent in writing poetry. So this book of poetry is really dedicated to my mother and my brother. If they were still alive I know they both would enjoy all of my pieces.

### My Most Warm and Deepest Inner Feelings

I Wrote You a Poem (I Wrote You Every Poem) is Kristina Mahr's sophomore poetry collection, picking up the themes explored in It's Only Words but carrying them even further, even deeper, to the outer stretches of love and heartbreak. Let me tell you how wide it is, let me tell you how deep it is. Endless in both directions.

### I Wrote You a Poem: (i Wrote You Every Poem)

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

### 'Can't Talk, Can Think, Can Write!'

La Fleur is a poetry collection about dealing with love and relationships. This book takes the reader into the Authors personal world of heartbreak, pain, love, and triumph. La Fleur takes place at a time in the Authors life where she was transitioning from being a girl to a woman. La Fleur translates to The Flower in English which is very symbolic for the Author for many reasons. First the name Jasmine is a type of flower; and second the Author finds it unique since flowers need two things to grow, the sun and the rain. La Fleur conveys those concepts. All the pain one experiences in a relationship only to later find joy and happiness. I believe the song by Maze and Frankie Beverly, Joy and Pain put it best when it explains that love is filled with joy and pain. All poems are written based off the Authors experiences. The book talks about some of the things the Author experienced such as dealing with men that very disrespectful and degrading to the point where the Author has to decide to love and respect herself before she can expect anyone else to. You will find many poems in this book based off that concept such as the title, Gypsy Lover 1 & 2 which talks about a guy leaving her for someone else and then comparing her to this woman he had left her for, which is something that the Author has experienced

many times in her life. The Author believes that after a while when you keep going through things you become experienced and choosing on how you take or deal with the situation you learn from it and move forward. A lot of people think the idea of falling in love is fun and games until they get in deep and realize the work and commitment it takes to put into making a relationship work out if it is meant to be. Its not a self-help or how to book but rather a biography of the hearts experiences.

What is the matter with matter? And what's this stuff called Polyisopropene? In his new book "Creative Experimenting Using Rubber Bands" Author David Tracy helps the reader to identify, confront, and overcome their preconceived notions, and misconceptions, about matter and energy by using ordinary rubber bands to perform a series of surprising experiments. Presented in a creative, intuitive, hands-on style, the book introduces the reader to a short history of science, and the search for a "primordial stuff," before delving into the life of Galileo and the first experiments into the nature of motion. Many of the projects and experiments are simple, inexpensive, and produce interesting results for anyone with a sincere interest in the physics and chemistry of polymers and their many modern uses. The book is intended for creative thinkers and those who are in search of creative new ways of looking at old problems, but can also be used by students of science in search of new understanding.

#### Poetry Turning Thoughts and Feelings Into Words

**PULITZER PRIZE FINALIST** • The highly anticipated biography of Sylvia Plath that focuses on her remarkable literary and intellectual achievements, while restoring the woman behind the long-held myths about her life and art. "One of the most beautiful biographies I've ever read." —Glennon Doyle, author of #1 New York Times Bestseller, *Untamed* With a wealth of never-before-accessed materials, Heather Clark brings to life the brilliant Sylvia Plath, who had precocious poetic ambition and was an accomplished published writer even before she became a star at Smith College. Refusing to read Plath's work as if her every act was a harbinger of her tragic fate, Clark considers the sociopolitical

context as she thoroughly explores Plath's world: her early relationships and determination not to become a conventional woman and wife; her troubles with an unenlightened mental health industry; her Cambridge years and thunderclap meeting with Ted Hughes; and much more. Clark's clear-eyed portraits of Hughes, his lover Assia Wevill, and other demonized players in the arena of Plath's suicide promote a deeper understanding of her final days. Along with illuminating readings of the poems themselves, Clark's meticulous, compassionate research brings us closer than ever to the spirited woman and visionary artist who blazed a trail that still lights the way for women poets the world over.

### Red Comet

The Last Time I'll Write About You is popular Filipino YA and romance writer Dawn Lanuza's debut collection of poetry. Featuring beautiful, relatable poems about first love, this book is the perfect companion for anyone who has loved, lost, and emerged anew.

### The Last Time I'll Write About You

This book contains collections of poems written to make the reader think about various things. It covers areas like peace, love, humor, anger, politics, war and so much more. These collections of poems are influenced through everyday events of my life, friends and events happening around us on a day-to-day basis. As I write each one it becomes apparent to me that I am not the only one seeking these answers in life, religion, love and the daily struggles therein. I have been told that some of these poems may anger some readers and yet at the same time they spark feelings and emotions from others. By leaving the ending of most of my poems as a question I hope to have the reader further engulfed in the investigation of what I have written and at the same time spark conversations with others in search of the answers not for me, but for themselves.

### Made You Think

To write or read a poem is often to think in distinctively poetic ways—guided by metaphors, sound, rhythms, associative movement, and more. Poetry's stance toward language creates a particular intelligence of thought and feeling, a compressed articulation that expands inner experience, imagining with words what cannot always be imagined without them. Through translation, poetry has diversified poetic traditions, and some of poetry's ways of thinking begin in the ancient world and remain potent even now. In *How Poems Think*, Reginald Gibbons presents a rich gallery of poetic inventiveness and continuity drawn from a wide range of poets—Sappho, Pindar, Shakespeare, Keats, William Carlos Williams, Marina Tsvetaeva, Gwendolyn Brooks, and many others. Gibbons explores poetic temperament, rhyme, metonymy, etymology, and other elements of poetry as modes of thinking and feeling. In celebration and homage, Gibbons attunes us to the possibilities of poetic thinking.

### How Poems Think

The collected works of Anne Sexton showcase the astonishing career of one of the twentieth century's most influential poets. For Anne Sexton, writing served as both a means of expressing the inner turmoil she experienced for most of her life and as a therapeutic force through which she exorcised her demons. Some of the richest poetic descriptions of depression, anxiety, and desperate hope can be found within Sexton's work. *The Complete Poems*, which includes the eight collections published during her life, two posthumously published books, and other poems collected after her death, brings together her remarkable body of work with all of its range of emotion. With her first collection, the haunting *To Bedlam and Part Way Back*, Sexton stunned critics with her frank treatment of subjects like masturbation, incest, and abortion, blazing a trail for representations of the body, particularly the female body, in poetry. She documented four years of mental illness in her moving Pulitzer Prize-winning collection *Live or Die*, and reimagined classic fairy tales as macabre and sardonic poems in *Transformations*. *The Awful Rowing Toward God*, the last book finished in her lifetime, is an earnest and affecting meditation on the existence of God. As a whole, *The Complete Poems* reveals a brilliant yet tormented poet who bared her deepest urges, fears, and desires in order to create extraordinarily striking and enduring art.

### The Complete Poems

Reginald Gibbons collects here a lifetime's worth of thoughts on composing and translating poetry. Not a manifesto or a general theory of the lyric, rather, the book explores how a poem thinks: that is, what results from the circumstances of a poet's native language, choice of words and topics, the

mentality that the poet shares with other writers, and the range of poetic possibilities (and limitations) in a given language. Through exemplary case studies taken from his own experience in writing poetry, as well as in translating poetry from languages ranging from Sophocles's and Pindar's ancient Greek to their contemporary French, Italian, Portuguese, Russian, and Spanish successors, Gibbons traces the curious persistence of classical modes and images into the twenty-first century. He shows how the very language used in composing a poem, be it ancient Greek, Renaissance English, or contemporary Russian, both limits and enables how a poet thinks and what the poet can say. Even in describing difficult poetic concepts and operations, Gibbons writes in a clear, companionable style, entirely accessible not just to practicing poets, but also to general readers interested in poetry, and to writers of various stripes interested in the way our native language can often circumscribe what and how we think poetically, and affect how we compose poetry and prose. This book joins other titles by this award-winning writer on the Press's list."

### How Poems Think

The inspiration for writing poetry came years ago when I was in high school but I never seriously did anything about it until I started working in the school system. Just watching the children sometimes gave me ideas and brought a poem to mind. I guess being the mother of three, I never took the time to write anything down until I had an empty nest. Even then, I didn't get serious about writing a book until I started working at Sand Creek Elementary School five years ago. While helping third and fourth graders write simple poems. I became obsessed in writing myself. I would sometimes stay up late and write four or five poems in an evening. Some good and some not so good. One of the first poems I wrote was called Children Lost. I was inspired to write it after seeing so many children who seem to need attention they didn't get at home. Just a few kind words or praise from a teacher or an assistant was like giving them a new toy. To see their smiles when you complemented them on something done well just stole my heart. Life events would come to mind like the time my best friend and I went fishing and she was so eager to catch the big one that in her excitement to reel it in she fell and sat on it. That was the inspiration for Fishing with My Friend. Just thinking about my grandchildren would sometimes trigger a new poem. With nine grandchildren ranging in age from four to seventeen you never know what they will say or do. Whatever the reason, here are the results.

### Think, Feel and Write in Love

The careless words she wrote is a collection of poetry by Precious Chidera about the love struggle everyone feels. The heartbreak and raw emotions we let ourselves think. It is divided into four sections to read at the different hours of the night when your mind needs an escape. I don't hunger for the wonderful day ahead I don't thirst for the flavors of new seasons what I need most is the assurance that the bond that exists between is unbreakable.

### Moments in Time

Description I've written a book, but it's not the usual kind of "I've got this disorder, this is how I deal." My book is funny and it rhymes. I think it helps people. Those I've shared it with said it's made it easier to understand the illness without making it obvious that that's what I am doing. I rhyme a lot, make fun of psychiatry and talk about the hospital as an imperfect place that doesn't promise a cure, but does the best it can. I make fun of the food, my own doctor, and talk about friends I've made, and lost. My last poem talks about self-injury, which to some people might be disturbing, but it is a part of my illness, so I write about it. I Go from Bad to Verse is not like any other book - it makes my story approachable; in between readable verses, I explain how I came to write each poem. I think anyone can pick it up and grasp what someone with a chronic illness goes through. Just because an illness is a mental one shouldn't stop it from being understandable and have people relate to it. Donna S. Rubin About the Author Donna S. Rubin is 48 and lives in a suburb of New York City. She was diagnosed with bipolar-disorder approximately 12 years ago and her poetry reflects issues dealing with having a mental illness. She is a college graduate and even though she wasn't diagnosed in college, in retrospect she went through a major depression in her freshman year. Currently she is between jobs, trying to figure out what her next step is before becoming a famous author!

### The Careless Words She Wrote

"Join Heller on her quest to help save the world, one poet at a time." — from the foreword by Susan G. Wooldridge Write a Poem, Save Your Life helps writers of all ages and experience levels navigate their way through all aspects of life. With writing prompts, tools, encouragement, and moving student examples, Meredith Heller gently guides us in the art of using poetry to figure out who we are and what matters to us and to heal the deeper issues many of us face, such as depression, addiction, health and body image issues, low self-esteem, trauma, gender and sexual identity issues, and home and family problems. Along the way, we learn that writing poems helps us believe in ourselves, make positive life choices, and find direction, purpose, and meaning.

### I Go From Bad to Verse

A mix of experiences that you will feel, emotions to make you smile, cry, laugh, and sometimes, weep. Who knows where my poems may take you or what emotions you will feel. The Journey has just begun and will venture through the many unpublished poems yet to come. Some will make you think in thought-provoking ways, others will astound you with the twists. Other poems will make you relate to the experiences you may have had or felt in situations of your life. So the journey begins. This book I wrote for children of all ages from 9 to 99. I hope they are deemed suitable for those who read it. Obviously there has to be some parent guidance for those who are at a very young age. There's a whole range of different experiences that I guess most people will and can be able to tolerate, my sense of humor can sometimes get me into all sorts of trouble and I guess that's why I see the funny side of life. The way I see it is that life can throw an awful lot of trials and tribulations any given time, and let's face it I have had my share of them. Any way kids please enjoy what I have written, and parents if you feel any of the poems are unsuitable please don't read them to the children. The Poems are mainly for older children and teenagers, I hope they make you all understand and maybe smile. Many thanks Terry.

### The Black Flamingo

Unfinished Songs came to life in 1982. I decided to write down my poems and write a book. Since I write my poems like lyrics to a song, it was to be called Unfinished Songs. I moved back to San Antonio and got a job that gave me time to write almost every day. Jobs changed and it gave me no time for the book. Unfinished Songs went dormant. When I wrote a Mother Earth Cries, it sparked new life in Unfinished Songs. This is a great poem and it needs some exposure in this world. A lot of poems in

Unfinished Songs are personal poems I have written about what happened to me in my life. They are all in the book. I guess Unfinished Songs has a lot of my life in it. aGeorge William Soderquist

### Write a Poem, Save Your Life

A collection of the author's greatest poetry--from the wistful to the unsettling, the wonders of nature to the foibles of human nature--is an ideal introduction for first-time readers. Original.

### Poems for Children

Read about Ralph and his clipboard, Nora with her knitted animals and Tamara and her botox. Some poems are silly, some funny, some sad, some confusing. They will all make you stop and think. Some might educate you and I hope all will entertain. They simply tell a story and tell a story simply, no technical words or backwards writing to decipher. I am The Parkinality Poet (aka Janet Bric-a-Brac, aka Julie Walker) and I have written all the poems and performed many to live audiences. All of the 'people' are fictional, they reside in that overcrowded place; 'My Imagination'. So, make a bookmark and enjoy returning to your favourite pages. Don't be afraid to fold pages over and doodle, make the book your own. I want you to enjoy this book. I want to see dog-eared, well thumbed copies, hence no e books (yet; never say never) remember you can't wear out electric books (or eat electronic chocolate cake). So, put on a cardigan, sit down in a comfy chair. Pour yourself a lemon squash, settle down with a bag of ordinary crisps, relax and enjoy. I hope whilst you read, you laugh and learn, and when you reach the end of the book have gained some information (by stealth). Have a think - have you learnt anything new today?

### Unfinished Songs

The title of this book is based on the famous phrase of the French philosopher Ren  Descartes: "I think, soon I exist. As the poet A.J. Cardias thinks that the mere act of thinking does not prove someone's existence, he decided to put *Escrevo*. Think about it: If someone just makes you think, and doesn't try to express what you think, they will practically become an insignificant person, because people will not pay attention to you or know anything about the "thinker". And what I write can be read for many generations after I leave. Whether they will agree or not is no longer up to me. I think so. The author

### I'm Nobody! Who Are You?

A book like this doesn't come along very often. A teenage boy's book of poetry. Emotional poetry. Most filled with love and happiness; others passion and strength, a few with sadness and despair. All heartfelt, all true. So *I Wrote It Down ...* is a diary of six years of the young author's life. While reading each poem, the reader will learn how teens and adults experience much the same emotions; stemming from life changes, true love, loss, family realizations, future hopes, dreams and goals. All building upon whom Alec has come to be. This poetry book is a true life account of one teenage boy who has learned to live one moment at a time, celebrate each moment and move toward his dreams and goals.

### The Parkinality Poetry Book

Shortlisted for the Michael Murphy Memorial Prize 2023 Winner of the Poetry Category OCM Bocas Prize for Caribbean Literature 2022 An Irish Times Best Poetry Books of 2021 A White Review Book of the Year 2021 Jason Allen-Paisant grew up in a village in central Jamaica. 'Trees were all around,' he writes, 'we often went to the yam ground, my grandmother's cultivation plot. When I think of my childhood, I see myself entering a deep woodland with cedars and logwood all around. [...] The muscular guango trees were like beings among whom we lived.' Now he lives in Leeds, near a forest where he goes walking. 'Here, trees represent an alternative space, a refuge from an ultra-consumerist culture...' And even as they help him recover his connections with nature, these poems are inevitably political. As Malika Booker writes, 'Allen-Paisant's poetic ruminations deceptively radicalise Wordsworth's pastoral scenic daffodils. The collection racializes contemporary ecological poetics and its power lies in Allen-Paisant's subtle destabilization of the ordinary dog walker's right to space, territory, property and leisure by positioning the colonised Black male body's complicated and unsafe reality in these spaces.'

### I Write, Soon I Exist

I started writing poetry when I was seventeen years old; I found out that when you put your thoughts into words sometimes magic happens. I'm not talking about genies popping out of a bottle or anything like that, but in how I see things clearer and how beautiful this world truly is. I found out later in life how much easier it was to find a date in high school. I used to try and talk to girls and found out sometimes I'd get a little gun shy and pass up my chance. Then one day, I wrote a poem for this girl I had my eye on. I walked up to her and handed her the poem and then walked away. Later she approached me and we went out on a date. I found the magic potion to breaking the ice (so to speak) was a piece of paper and a writing pen. I learned how to put my thoughts down on a piece of paper, which later I put into a blank book that I would write my poems in. After I was told by at least fifty or so people that I should share these poems to others, I sat down and sorted out the poems I thought could touch your heart the best. I hope my poems are inspirational enough to help you create your own book.
