The Qur'anic Narrative

Recent arguments surrounding the meaning and message of the Qur'an often focus on whether or not it supports or exhorts violence. Such arguments, though, tend to ignore the fact that the scriptures found there speak to various aspects of life and living. The Qur'anic Narrative attempts to show that the Qur'an has an inspiring message that aims to enlighten the path of those who embrace it and guides them through the journey of life. Exploring various themes related to everyday experiences, Safi reveals the meaning of the Qur'an with regard to issues of spirit, faith, charity, patience, fasting, salvation, pride, charity, moral discipline, and other relevant topics. In an attempt to recapture the Islamic spirit promoted in the Qur'an, this book offers an approach that speaks to areas of life many people are concerned about. It pastes together a narrative that is more consistent and more representative of the overall Qur'anic message, which, the author contends, is ultimately one of peace and hope. Safi places the Qur'an in context, too, by examining its meaning to early recipients of the scriptures and its place in that particular social and historical context. He continues by updating that meaning for modern readers and adherents, relating the intended meaning to an evolving human audience and to contemporary experiences. The author contends that extremist readings are misinterpretations and that those who may view the Qur'an as a holy text that encourages, even demands, violence are incorrect. Ultimately, readers will come away from this work with a broader appreciation of the Qur'an and its intended meaning and message.

The Art of Narrative in the Holy Qur'an

This work attempts to recapture the fluid relationship between ethics and such institutions as faith, politics and literary art not seen, according to the author, since the time of Muhammad. By exploring the narrative that Muhammad employs in the Qur'an, the author works to reestablish the spiritually and politically desiccated relationship and prove that if today's Arab-Muslims still deem him the ethico-political and religio-artistic model to emulate, as he has been in the past, it is because he relates art to life.

By the sixteenth century, Muslim culture stretched from India to Africa to Europe, preserving with it the ancient learning that helped spawn the Renaissance. With its interwoven ideas of faith and reason, justice and mercy, the path of Islam--which literally means "surrendering to God's will"--offers a uniquely focused and balanced approach to living life with a profound awareness of God. With gentleness and insight, Sohaib N. Sultan leads you through the central themes of both the Qur'an and the collected sayings of Prophet Muhammad, known as hadith. These teachings dispel common misconceptions about Muslim beliefs and offer practical guidance for your own spiritual journey, from understanding the merciful nature of God; to cultivating peace and justice in the self, family, and society; to answering questions about the afterlife and how to attain it. Now you can experience the wisdom of Qur'anic teachings even if you have no previous knowledge of Islam or Muslim writings. Insightful yet unobtrusive facing-page commentary explains the texts for you, allowing you to enter into the path of surrender to God.

The Qur'an and Sayings of Prophet Muhammad

This book is about my life growing up as a Muslim boy and young Islamic scholar in West Africa. In search for answers, I arrived at the truth through objective study of the Bible and the Quran. I began to discover the errors in the Quran. Many Muslims have been misled, which will be demonstrated in this book, and some have become extremists as a result. For those who have the potential to become Islamic extremists and terrorists, and for the Christian reader, this book is my attempt as a former Muslim to create a bridge between the Islamic and Christian world. Without judgment or condemnation, this is my way of reaching out to my Muslim brethren, so that we can at least have a conversation about Jesus Christ and Mohammed.

My Journey from Islam to Christianity

Journey Into Islam

To my earthly father, my only worth was through my death. But God saw me so differently that, at first, I could barely comprehend it. Esther Ahmad thought she knew the way to earn her Muslim father's love. She raised her hand for the suicide mission, her martyrdom guaranteeing her family a place in heaven. But God had a different mission for Esther—a journey out of Pakistan, from despair to hope, from shame to purity, and from Allah's wrath to a Father's love. In *Unveiled*, Esther examines a world in which women have no rights, no worth, no voice, and she shows how the treatment of Muslim women is linked directly to Islamic teachings. With vivid personal stories, she lays out the lies of the Qur'an against the truth she found in the Bible. This is no academic comparison but a question of life or death: What is a woman worth?

The Qur'an and Sayings of Prophet Muhammad

This book provides an exhaustive examination of the historical development of a key story in the life of Muhammad, the tale told of his journey to the divine realm and back. It shows how in the early centuries of the Islamic community, both Sunn and Sh Muslims appropriated this fascinating story and interpreted it to suit their own ends. In particular, the book traces the development of a critical and influential strand of this rich ascension literature ascribed to one of Muhammad's famous companions, the scholar known as Ibn Abbas. Frederick S. Colby demonstrates that this version of the tale originated in the early period and spread throughout the Islamic world, affecting how people from Spain to Afghanistan came to think about Muhammad and his legacy. Colby also includes translations of richly textured ascension narratives that have never before appeared in English.

Narrating Muhammad's Night Journey

The extraordinary life of the man who founded Islam, and the world he inhabited - and remade. Muhammad's was a life of almost unparalleled historical importance; yet for all the iconic power of his name, the intensely dramatic story of the prophet of Islam is not well known. In *The First Muslim*, Lesley Hazleton brings him vibrantly to life. Drawing on early eyewitness sources and on history, politics, religion, and psychology, she renders him as a man in full, in all his complexity and vitality. Hazleton's account follows the arc of Muhammad's rise from powerlessness to power, from anonymity to renown, from insignificance to lasting significance. How did a child shunted to the margins end up revolutionizing his world? How did a merchant come to challenge the established order with a new vision of social justice? How did the pariah hounded out of Mecca turn exile into a new and victorious beginning? How did the outsider become the ultimate insider? Impeccably researched and thrillingly readable, Hazleton's narrative creates vivid insight into a man navigating between idealism and pragmatism, faith and politics, non-violence and violence, rejection and acclaim. *The First Muslim* illuminates not only an immensely significant figure but his lastingly relevant legacy.

God-oriented Life

It is the pure grace of Allah Ta'ala that He has made the religion of Islam our faith. It is this same religion that gives us a sense of direction and a mission to fulfill as the purpose of our lives. Like all missions, instructions are given, goals are aimed for and rewards or punishments are given out in lieu of the outcome. Thus is the course of our lives. The mission of our life is what Allah has revealed in the Qur'an, "I have only created Jinns and men, that they may serve Me." adh-Dhariyat This book talks about two possible paths that a person can take. One is that of a person who lived with a Muslim name, but lost his faith; it speaks of his failure in his mission and loss in missing his goal and the subsequent punishment for this failure. The second is that of a true Muslim who lives to fulfil this mission and strives to complete the goals set out, and the subsequent rewards that await him. In both instances what has been mentioned is not only the deeds of both the people and their outcome, but this book covers their way of life, their sudden meeting with Death, their journey to and stay in the grave, their state on the Day of Reckoning, their meeting with their permanent abodes, and their eternities. This book is an explanation of the poem that describes the two paths that a person may take. The foundation of the poem originally was the two Hadiths that are included at the end of this book. The poem and the book then developed to include more verses of the Qur'an and more Ahadith, and eventually (after two years) took the form that is now presented to you. The purpose of this book with its vivid language is not to make an enjoyable or a limited educational read, but rather to give the reader an idea of what is beyond the deceptive screen of death.

Journey Of Wisdom For a Purposeful & Fulfilling Life

In this seminal work, the author suggests that each chapter of the Qur'an contains at least one distinct theme that underlies and shows the logical connection between every verse of that chapter. Moreover, he proposes that the chapters themselves take together make up a deliberate and unique portrait of human beings and of spiritual life. Finally, the author argues that the secrets to the themes are contained and shown in the hadith literature describing the spiritual rewards and effects (fada il) of various different chapters of the Qur'an.

The Two Roads

A Tentative Guide to the Themes of the Surahs of the Qur'an

Who is Allah? What does He ask of those who submit to His teachings? Pulitzer Prize-winner Jacke Miles gives us a deeply probing, revelatory portrait of the world's second largest, fastest-growing and perhaps most tragically misunderstood religion. In doing so, Miles illuminates what is unique about Allah, His teachings, and His resolutely merciful temperament, and he thereby reveals that which is false, distorted, or simply absent from the popular conception of the heart of Islam. So, too, does Miles uncover the spiritual and scriptural continuity of the Islamic tradition with those of Judaism and Christianity, and the deep affinities among the three by setting passages from the Hebrew Bible, the New Testament, and the Qur'an side by side. In the spirit of his two previous books, God and Christ, and with his characteristic sensitivity, perspicacity and prodigious command of the subject, Miles calls for us all to read another's scriptures with the same understanding and accommodating eye that we turn upon our own.

God in the Qur'an

Written by an American Muslim who converted to Islam over 40 years ago, this intimate portrait identifies the Qur'an as a companion and friend to the Muslims wherever they may be, especially in this anti-spiritual world with its emphasis on money, power and material possessions as the main goal of life and the answer to life's mysteries. It recounts the journey of a book that began in 7th century Arabia in the darkness of a cave in the black mountains outside of Makkah in present-day Saudi Arabia. The author explains in depth the many reasons why the Muslims-and he himself as a practicing Muslim-continue to respect and love their holy book as a treasure of great value in this world, even now in the present era with its secular outlook on life and its emphasis on a modern-day scientific rather than traditional worldview that provides no opening into the life and world of the Spirit. The book has been divided into two parts, each with nine chapters on a selected topic. Part One presents and clarifies the historical context in which the Qur'an was delivered, the circumstances around which the descent of the revelation was made known to humanity, how it came to be compiled and codified into a single book for future generations, and finally the influence the Qur'an had in the development of Islamic culture and science across the early centuries of Islam's growing stature as a global force. Many people today know of the existence of the Qur'an as the holy book of the Muslims, no doubt because the verses are often quoted by media pundits and terrorists alike to prove some obscure point that has nothing to do with the universal truths of the revelation, but the average person nowadays has very little idea of the historical narrative that brought the Islamic scripture to humanity in the first place or the context in which it was delivered. Part Two explores more deeply the spiritual life of the book which becomes the spiritual life of the Muslims who read and recite its verses. The Religion of Islam actually began with the descent of the initial verses through the Archangel Gabriel to the Prophet of Islam. It is virtually the heart and soul of the religion. The book is identified as "An Intimate Portrait" because in unveiling its very heart as a living presence for the Muslims, the author hopes to reveal the source and origin of all the emotions and higher sentiments that have descended to humanity through the book and will ascend back to God through its recitation and study. In addition to several chapters that identify the Qur'an as a book of knowledge and a book of blessing, the author has included a practical first-hand account of how the Muslims, whether they are young children, natural born Muslims, non-Arabic speaking Muslims, or Muslim converts such as the author himself, learn to come to terms with the correct recitation of the verses, including a focused knowledge of the exact pronunciation of the Arabic letters through the science of tajwid that governs the sonorous chanting of the sacred words and verses. Readers will not be disappointed in having this unique access to the historical, devotional and spiritual record of this "final revelation" of divine origin. It is a book that provides a complete and traditional worldview that present and future generations can live by, a book that has virtually changed the way billions of people down through the ages understand the purpose and meaning of life, a book that gives a sense of personal identity to individuals in search of the profound questions and mysteries they must confront and come to terms with in their lives. In short, according to the Muslims, it is a book like no other in this world.

Sirah of The Final Prophet

NEW YORK TIMES BESTSELLER • 2015 Christian Book Award winner • Nabeel Qureshi describes his dramatic journey from Islam to Christianity in this expanded edition with new bonus content and reflections. "My friend Nabeel Qureshi was courageous enough to chase down the truth with intellectual integrity, no matter the personal cost," --Lee Strobel, bestselling author of *The Case for Christ*. Providing an intimate view into a loving Muslim home, Qureshi shares how he developed a passion for Islam before discovering, almost against his will, evidence that Jesus rose from the dead and claimed to be God. Unable to deny the arguments but not wanting to deny his family, Qureshi struggled with an

inner turmoil that will challenge Christians, Muslims, and all those who are interested in two of the world's greatest religions and the quest for truth. Qureshi--with great courage and intimacy--wrote this book with three major purposes in mind: To tear down walls between two of the world's major religions by giving non-Muslim readers an insider's perspective into a Muslim's heart and mind. To equip the reader with facts and knowledge, showing the strength of the case for the gospel contrasted with the case for Islam. To portray the immense inner struggle of Muslims grappling with the gospel, including all the sacrifices and doubts that rise up along the way. Seeking Allah, Finding Jesus is more than the memoir of a man's pursuit of answers to the most important issues of life and faith. Ultimately, it's the story about the transformative grace and mercy of the one true God. This edition has been expanded to include: A revised foreword and introduction A new afterword by apologist Mark Mittelberg and a reflection by Nabeel's wife A substantially extended epilogue that shares how Nabeel told his friend David of his decision to follow Christ, how his parents found out, and more Expert contributions from scholars and ministry leaders on each section of the book, contributions previously included only in the ebook edition An appendix with a topical table of contents (for teaching from Seeking Allah, Finding Jesus) An appendix tackling the objection that Ahmadi Muslims--the Islamic movement that Qureshi was raised in--are not true Muslims And a sneak peek prologue from Nabeel's book, No God but One: Allah or Jesus?

Seeking Allah, Finding Jesus

How would one know their role & life purpose unless one receives clear & practical instructions of what God wants & expects of him or her? Here comes the need for Prophethood. Thus, God has sent thousands of Messengers & Prophets to mankind to convey His Message & communicate to us. Every nation on Earth received a Prophet. They all preached the same general Message that there is only one deity worthy of worship. He is the One & Only God, without a partner, son, daughter, or equal. God sent Messengers & Prophets to guide humanity from worshipping created beings & to worship their Creator, the Creator of all things. The Prophets came to teach their people about who their Creator is, how to build a relationship with Him, & how to love Him. The Prophets taught their people that life is only a test, where the successful will enter Paradise eternally, & the unsuccessful will enter the ultimate punishment in the afterlife. Out of the Infinite Mercy & Love of God, God continued to send Messengers with Books from God to guide humanity-- starting with Prophet Adam, including Noah, Abraham, Ishmael, Jacob, Moses, Prophet Jesus, & Prophet Muhammad, peace be upon them all. Many of the Prophets are found in Jewish & Christian traditions. All the previous Messengers & Books other than the Holy Quran & Prophet Muhammad were sent down only to a specific group of people & were only meant to be followed for a particular period. For example, Prophet Jesus, peace be upon him, was one of God's mightiest Messengers, who were sent down with the same general Message of all the previous Prophets but was only sent to the Children of Israel--the nation that lived before us, as their final Prophet because they were disobeying the commandments of God & veering away from the laws sent down by the previous Messenger, Moses, PBHM. Whenever God would send Messengers with Revelation, after they passed, people would distort & change the Revelations of God. What was pure Revelation from God-- would be polluted with myths, words of men, superstitions, irrational philosophical ideologies, & idol worship. The religion of God was lost in a plethora of religions. Such as how Prophet Jesus PBHM, was sent to reform the previous Message sent before him by the previous Messenger, Moses, PBHM. Prophet Mohammad came to reform Prophet Jesus' Message since it was distorted by his followers & did not survive in its original form. When humanity was in the depth of the dark ages, God the Almighty sent his last & final Messenger to mankind, Prophet Muhamad, peace be upon him, & his final Revelation, the Quran, to redeem humanity. dProphet Muhammad--A summarized story of God's Last & Final Prophet aims to introduce Prophet Muhammad PBUH, derived from early Islamic Sources, helping you better understand who Prophet Muhammad was & instill a love for him. Studying the story & life of Prophet Muhammad is the best way to develop that love for our Prophet. Studying the life of Prophet Muhammad is an obligation given to us by our Creator & helps us better understand God's final Book, the Holy Quran, & its context. Sources from the Quran, Hadith, & Seerah (Sirah) Books from Ibn Ishaq, Ibn Kathir, Ibn Hisham, & Ar-Raheeq Al-Makhtum (The Sealed Nectar-- Ar Raheeq Al Maktoum by Safiur Rahman Mubarakpuri). Spiritual Gems of Islam

This book contains a summary of The Bible The Quran and Science 2014 of Dr. Maurice Bucaille, The biography of prophet Muhammad (pbuh), An Islamic prayer book according to Quran and Sunnah, and last but not least is that this book also contains "The Qur'an & Modern Science: Compatible or Incompatible? 2014" by Dr. Zakir Naik and Mr.Faisal Fahim. This is an A to Z book on Islam, Quran, Bible, Torah, Science And it also includes the Islamic prayer book with a biography of the prophet. This book seeks to spiritually unite by highlighting similarities in the texts. It sheds new light and dispels many preconceived ideas in separating what belongs to Revelation from what is the product of error or human interpretation. (The Qur'an & Modern Science: Compatible or Incompatible?)Ever since the dawn of human life on this planet, Man has always sought to understand Nature, his own place in the scheme of Creation and the purpose of Life itself. In this quest for Truth, spanning many centuries and diverse civilizations, organized religion has shaped human life and determined to a large extent, the course of history. While some religions have been based on books, claimed by their adherents to be divinely inspired, others have relied solely on human experience. Al-Qur'an, the main source of the Islamic faith, is a book believed by Muslims, to be of completely Divine origin. Muslims also believe that it contains Divine guidance for all humankind. Since the message of the Qur'an is believed to be for all times, it should be relevant to every age. Does the Qur'an pass this test? In this booklet, I intend to give an objective analysis of the Muslim belief regarding the Divine origin of the Qur'an, in the light of established scientific discoveries. There was a time, in the history of world civilization, when 'miracles', or what was perceived to be a miracle, took precedence over human reason and logic. But how do we define the term 'miracle'? A miracle is anything that takes place out of the normal course of life and for which humankind has no explanation. However, we must be careful before we accept something as a miracle. An article in The Times of India', Mumbai, in 1993 reported that 'a saint' by the name 'Baba Pilot' claimed to have stayed continuously submerged under water in a tank for three consecutive days and nights. However, when reporters wanted to examine the base of the tank of water where he claimed to have performed this 'miraculous' feat, he refused to let them do so. He argued by asking as to how one could examine the womb of a mother that gives birth to a child. The Baba' was hiding something. It as a gimmick simply to gain publicity. THIS BOOK HAS MUCH MORE ADDED INFORMATION ON THE NEW DISCOVERIES OF SCIENTIFIC INFORMATION FOUND IN THE HOLY QURAN & THIS INFORMATION IS ARRANGED AND ORGANIZED BY AUTHOR MR.FAISAL FAHIM. THE LATEST INFORMATIONS ARE ALL ADDED IN 2014 REVEIWED BY FAISAL.Allah (swt) Says: "Invite to the Way of your Lord (i.e. Islam) with wisdom (i.e. with the Divine Revelation and the Qur'an) and fair preaching, and argue with them in a way that is better. Truly, your Lord knows best who has gone astray from His Path, and He is the Best Aware of those who are guided."[Quran 16:125]From author: To the people who loved reading & purchasing my book.Please share my book & tell others about it.And please write a positive review about my book on the website.I really appreciate it & thank you very much. Sincerely, Your author Mr.Faisal Fahim
