### Into the Future

This is a PG-13 version of the original novel with minimal sexual content, some adult situations, language and violence. If you prefer a steamy more erotic content, then the original version is also available on amazon. Just search by my name or by title. When author Torie Mills moved to tiny Fremont, Iowa, she found the love of her life and the place where she finally felt she belonged. Five generations of Dave Cameron's family had inhabited the large idyllic Victorian house he and Torie now called home. They settled in, started a family and seemed to be living the perfect fairytale ending. Fast forward two years into the future. The Cameron family, including little one-year-old Rose, have been chased from their home by the time travels they believed they had left behind. Quiet Mahaska County has become a Mecca for fans of the psychological thriller Where Evil Lived, which Torie wrote concerning the 1959 mass murder of her Mills cousins. It was just meant to be a way to help Dave heal and put it behind him for good. Now it had taken on a life of its own. While Torie searches desperately for the answers that

will fix her fractured family and allow them the happily ever after they deserve, Dave struggles to hold on to his sanity and keep a secret from her that will test him to the limits of his endurance as he comes to terms with the time travel gift that neither he, Torie nor their child will be able to resist or control.

Over a hundred years before, Rory O’Rourke heads back to Seattle from a photo shoot in Montana on the Oriental Limited. When a young woman in tight clothing called ‘capris’ falls into his arms, Rory finds his hands full with not one, but two young women who claim they must have traveled back in time. ### A Time-Traveler's Highland Love

To Conquer a Scot Time-traveling isn't what Abigail Cross had in mind for her Scottish vacation, nor was a potential marriage to the Laird Aedan Macleod. The fact that the obnoxious, yet hot, and definitely sexy Highlander sees the world very differently than she does, is beside the point. Aedan Macleod knows what he wants in a wife, and Abigail certainly doesn't meet his Highland standard, even though he must rein in his desire because beautiful, opinionated Abigail would never suit as a laird's wife. Tempers flare yet passion is undeniable, as Abby navigates her way in seventeenth-century Scotland. When two rival clans threaten the maddening twenty-first-century minx who's captured Laird Aedan's heart, the mighty Highlander is willing to sacrifice everything to keep Abigail safe. To Save a Savage Scot Kenzie Jacobs is fascinated by a portrait of the roguish Highlander, Black Ben, which hangs in her ancestral home. There's a mystery surrounding his death, and Kenzie longs to solve it by traveling through time to 17th century Scotland—and perhaps meet the gorgeous laird who haunts her dreams. Black Ben, Laird of Ross, suited his dark name more than ever since his wife died in childbirth. He has vowed never to marry again. But Kenzie is an intoxicating elixir and even more potent than whiskey. As confusing and crazy as she may seem, he can't get her out of his system. But there's no way they can ever work, as she does not fit into his plans. Fate has brought them together, and Ben can't stop Kenzie from returning to her time, though he would do anything—except marry her—to keep her with him. Kenzie has a life to get back to but leaving her favorite, though infuriating, Highlander behind, might be the toughest thing she'll ever have to do. To Win a Highland Scot Fate brought them together—or was it something else entirely? The Fae took everything Scottish warrior Boyd Macleod had. Cursed and alone, he existed for a hundred years but never truly lived. Not until she arrived. The Sassenach is quick-witted, outspoken, and entirely too beautiful for his peace of mind. She stirs in him a hunger he hasn't felt in...he can't even remember how long. Now, that hunger won't be quenched by anything short of possessing her—mind, body, and soul—forever. Maya Harris has no idea what kind of strange magic threw her into the past. All she knows for sure is that she doesn't belong here. She can't afford to let herself get too attached to Boyd. The powerful, sensual Highlander is not for her. But the longer she spends with him, the harder it becomes to remember why she shouldn't give in to his heated seduction... A river of time flows between them. Will love be enough to bridge it? Or will Boyd and Maya remain star-crossed forever?
