Blades of Winter

In one of the most exciting debuts in years, G. T. Almasi has fused the intricate cat-and-mouse games of a John le Carré novel with the brash style of comic book superheroes to create a kick-ass alternate history that reimagines the Cold War as a clash of spies with biological, chemical, and technological enhancements. Nineteen-year-old Alix Nico, a self-described “million-dollar murder machine,” is a rising star in ExOps, a covert-action agency that aggressively shields the United States from its three great

enemies: the Soviet Union, Greater Germany, and the Nationalist Republic of China. Rather than risk another all-out war, the four superpowers have poured their resources into creating superspies known as Levels. Alix is one of the hottest young American Levels. That's no surprise: Her dad was America's top Level before he was captured and killed eight years ago. But when an impulsive decision explodes—literally—in her face, Alix uncovers a conspiracy that pushes her to her limits and could upset the global balance of power forever. “Smart, sassy, and seriously appealing: a stunning debut.”—Jeff Long, New York Times bestselling author of *The Descent* Look for all of G. T. Almasi's riveting Shadowstorm novels: [BLADES OF WINTER](#) | [HAMMER OF ANGELS](#) | [TALON OF SCORPIO](#)

Hammer of Angels

In G. T. Almasi's thrilling alternate reality, the United States, the USSR, and the Republic of China share a fragile balance of power with Greater Germany, which emerged from World War II in control of Europe and half of the Middle East. To avoid nuclear Armageddon, the four superpowers pursue their ambitions with elite spies known as Levels, who are modified with mechanical and chemical enhancements. Nineteen-year-old Alix Nico, code-named Scarlet, is a kick-ass superheroine with killer Mods and an attitude to match. She's considered one of America's top Levels, even though her last mission nearly precipitated World War III. So now Scarlet and her new partner, Darwin, have been sent to Greater Germany to help sow the seeds of anarchy and prevent Germany's defection to Russia and China. But where Scarlet goes, chaos follows—and when her mission takes an unexpected turn, she and Darwin must go ever deeper into enemy territory. As Scarlet grapples with a troubling attraction to her new partner, explosive information comes to light about the German cloning program and one of its prisoners—a legendary American Level who just happens to be Scarlet's father. “Action-packed . . . Hammer of Angels has all the elements of a perfect spy novel.”—All Things Urban Fantasy Look for all of G. T. Almasi's riveting Shadowstorm novels: [BLADES OF WINTER](#) | [HAMMER OF ANGELS](#) | [TALON OF SCORPIO](#)

Talon of Scorpio

Superagent Alix Nico returns in a new Shadowstorm thriller from the author of *Blades of Winter*, which was hailed as “a hell-bent-for-leather mash-up of spy novel and science fiction” by Jason Bourne novelist Eric Van Lustbader. Alix Nico, code-named Scarlet, is a one-woman demolition derby. As a top American Level, she's a cybernetically and biologically enhanced operative fighting a Cold War among the forces of freedom, a Soviet Union that never fell, a China hungry for power, and a Germany that emerged from World War II more powerful than ever. There's a mole within ExOps, the covert agency responsible for the security of the United States, who has been working to decapitate the organization's leadership. And when treason strikes, Scarlet and her partner, Darwin, find themselves matched against a rogue Level known as Talon, a merciless killing machine whose augmentations place her in a league of her own. But behind Talon lurks the real enemy, a traitor whose thirst for control threatens to upset the fragile balance of mutually assured destruction that has kept the four Great Powers from breaking into open warfare—until now. Praise for G. T. Almasi's *Blades of Winter* “Almasi handles his high-octane blend of espionage, alternate history, and coming-of-kick-ass-age debut with an impressively steady hand. . . . The story leaps into immediate action like Alix going after an adversary and maintains its breakneck pace to the very end, with blood dripping from every page.”—Publishers Weekly (starred review) “First-rate . . . a hell-bent-for-leather mash-up of spy novel and science fiction, set in a well-realized alternate history, starring a snarky, hormonal nineteen-year-old named Scarlet, who will capture your heart as well as your imagination.”—Eric Van Lustbader, New York Times bestselling author of Robert Ludlum's™ *The Bourne Enigma* “Smart, sassy, and seriously appealing, *Blades of Winter* is a fully realized alternate history with extraordinary detailing and high-velocity writing.”—Jeff Long, New York Times bestselling author of *The Descent* “A fun, fast-moving alt-history romp!”—S. M. Stirling, New York Times bestselling author of *Prince of Outcasts* Look for all of G. T. Almasi's riveting Shadowstorm novels: [BLADES OF WINTER](#) | [HAMMER OF ANGELS](#) | [TALON OF SCORPIO](#)

Shadowstorm

The invasion of the arch-wizards is on! The archwizards of Shade Enclave have come out of the desert with a message of peace, and an act of war. Split by petty disputes and causeless feuds, the merchant realm of Sembia is wide open for invasion, and with no shortage of Sembians more than happy to sell

out to the Shadovar, can only one man--even if that man is Erevis Cale--do anything to stop it? From the Paperback edition.

The Winter Warriors

Perfect for fans of Joe Abercrombie, Duncan M. Hamilton and Conn Iggulden, this heroic fantasy by the Sunday Times bestselling author David Gemmell is packed with old world magic, battles, ancient heroes and the terrifying forces of evil... "Gemmell is a master at what he does." -- SFX "Gemmell's great reading - the action never lets up. He's several rungs above the good - right into the fabulous!" -- ANNE MCCAFFREY "Gemmell is top of the tree in the fantasy field." -- STARLOG "Multilayered, moving, poignant, action packed, surprising, humourous and totally unique" -- ***** Reader review "Powerful heroic fantasy full of unforgettable characters" -- ***** Reader review "Cracking read!" -- ***** Reader review ***** The prophecy was clear: upon the death of three kings, the world will be plunged into chaos, and all the cast-out demons of history will return to bring blood and horror to the world. Two of the kings are dead. The third, about to be born, is hunted by the Demon Riders of the Krayakin, Lords of the Undead. All the terrifying forces of evil range against a pregnant queen at bay in a haunted forest. But she is not alone. Three warriors stand with her, the last remnants of the once proud Drenai army. Three old men, ancient heroes, discarded by the king; Nogusta the Swordsman, Kebra the Bowman, and the hulking fighter, Bison. The fate of empires rests on their fading skills as they journey through a tormented world on a perilous quest to save the unborn king.

Winter of Ice and Iron

In this gorgeous, dark fantasy in the spirit of Jacqueline Carey, a princess and a duke must protect the people of their nations when a terrible threat leaves everyone in danger. With the Mad King of Emmer in the north and the vicious King of Pohorir in the east, Kehara Raehema knows her country is in a vulnerable position. She never expected to give up everything she loves to save her people, but when the Mad King's fury leaves her land in danger, she has no choice but to try any stratagem that might buy time for her people to prepare for war—no matter the personal cost. Hundreds of miles away, the pitiless Wolf Duke of Pohorir, Innisth Eanete, dreams of breaking his people and his province free of the king he despises. But he has no way to make that happen—until chance unexpectedly leaves Kehara on his doorstep and at his mercy. Yet in a land where immanent spirits inhabit the earth, political disaster is not the greatest peril one can face. Now, as the year rushes toward the dangerous midwinter, Kehara and Innisth find themselves unwilling allies, and their joined strength is all that stands between the peoples of the Four Kingdoms and utter catastrophe.

Darkened Blade

Kelly McCullough, author of Drawn Blades, presents another Fallen Blade adventure with Aral Kingslayer... Aral Kingslayer has nothing to lose—and only justice to gain. Torn apart by the death of his goddess, he must avenge her in order to save himself from being lost forever.... It's been nine long years since the death of his patron, Namara, and exalted assassin Aral Kingslayer desperately misses the thrill and glory of being a higher power of justice. Now he is haunted by the ghosts of the past—and by the ghost of the lost goddess herself. When Namara calls upon Aral in a dream to seek justice for her death and the ruination of her temple, Aral must obtain the help of his fellow former Blades and his Shade familiar, Triss, to pursue the vengeance he knows Namara deserves. Even if it means attacking Heaven's Son—and going against one of their own—in a bloody battle of epic proportions...

The Sword of Winter

THE KING is dead and his kingdom lies in ruins. Prince Alarik, his only son, has vowed to avenge his father's death and reclaim the Kerg throne. But first he must stay alive. That means eluding the undead invaders who slaughtered the mightiest army on Zania with contemptuous ease. Helped by a mysterious outlander, and accompanied by the remnants of the king's guard, Alarik sets off in search of allies. Along the way he discovers that his unique silver eyes mark him as a sorcerer of a rare magical path and that his true adversary is a dark god whose goal is to destroy all living things. Alarik needs more than swords to defeat the black tide that has arisen. If he is to prevail, he must embrace the restless power that has begun to stir inside him. Hounded by enemies, Alarik is forced to learn magic on the run. After numerous battles and great loss, his small band finally reaches Fyri, only to find the kingdom on the brink of civil war. Powerful Fyrian nobles plot to seize the throne, and the Druants, a woodland people conquered

by Fyri three generations ago, view the undead threat as an opportunity to throw off the yoke of their oppressor. Alarik must unite these seemingly irreconcilable factions before it is too late.

Shadow Storm

The three surviving contenders for the throne of the Seven Kingdoms continue to struggle among themselves, Robb Stark defends his kingdom from the Greyjoys, Jon Snow confronts an escalating threat, and Danerys Stormborn and her dragon allies continue

A Storm of Swords

At the heart the wood elf kingdom of Athel Loren, the forest-king Orion slumbers through the winter months to be reborn each spring and resume his arboreal throne. However, this year he awakens to discover a foul canker at the core of his eternal spirit – he has been cursed, though by whom and for what reason he does not know. In the grip of a furious rage he leads the asrai to war, but as the corruption spreads to the woodland realm around him, he feels his power waning and must rely upon his loyal subjects to help him unmask the traitor within their ranks.

Sword of Winter

Tony Prosdociami lives in the bustling Metropolis of San Ventura - a city gripped in fear, a city under siege by the hooded supervillain, The Cowl. When Tony develops super-powers and acts to take down The Cowl, however, he finds that the local superhero team Seven Wonders aren't as grateful as he assumed they'd be... Seven Wonders

The Ables, set in a world of secret superheroes who protect the world unknowingly, follows a Phillip, 12-year-old boy who finds out he has the power of telekinesis and is also blind. He is ecstatic to attend super hero school until he learns he has been placed in a special class for disabled kids with powers. Now, Philip and his friends -The Ables- must overcome more than villains in order to maximize their powers and identify the growing evil threatening humanity. The Ables is a fast-paced, captivating debut novel from Jeremy Scott, a bold new voice in fantasy and sci-fi, and already a widely popular storyteller as co-creator and narrator of CinemaSins, a YouTube channel that has amassed more than 8 million subscribers.

The Vaults of Winter

Born in the storm that doomed his father, Connavar grows to manhood among the mist-covered mountains of Caer Druagh, where the Rigante tribe dwell in harmony with the land and its gods. But beyond the border, across the water, an evil force is gathering strength, an unstoppable force that will change the world beyond all recognition. Haunted by malevolent spirits and hunted by evil men, Connavar sets out on a spectacular mission to save his people. In this latest tale of love and honour, friendship and courage, from the master of the genre, Gemmell explores the intriguing worlds of Celtic myth and earth magic.

The Ables

In a sweeping epic of dazzling magic, soaring suspense, and dark longing, three immortal souls are united by fate and a fearless ambition that will change the course of history—even as it destroys their own way of life. . . . On an upper floor of a plush, high-security building on Central Park West, an elegant man sits in the office of Dr. Anne Kramer, confessing to the heinous murder that has horrified

the modern world. Randolph Sontime is renowned for his personal charm, and Dr. Kramer is fighting to keep from falling victim to it. For the first time in her life, she truly understands the meaning of the word “charisma.” Not knowing that her own destiny is irrevocably tied to his, Anne Kramer listens to the story of Sontime’s life. “It began with the magic, you see. And so, perforce, must I.” As a boy named Han at the House of Ra, an isolated oasis in the Egyptian desert of a far ancient time, Sontime lived in privilege. There the chosen were trained in the science of alchemy—magic, philosophy, miracles. Only two other initiates were as skilled as he: Akan, quiet and studious, a boy whose thirst for knowledge was matched only by his hunger for truth; and Nefar, beautiful and brilliant, a girl as filled with wonder and unfathomable ambition as Han himself. Together they discovered that in union, theirs was a power unmatched in the physical world. But even in the House of Ra, there were boundaries to be observed, knowledge that only the masters understood and feared. As the threesome’s thirst for answers—and for each other—deepened, they were tempted by the dark arts that they had sworn to avoid. “Look at three magnificent youths who stand astride your world and scoff at the rules you must obey. . . . Look at us, and call us gods.” Their power was palpable, their desire total—until the fateful moment when their alliance was forever damned, their gifts horribly corrupted. A seductive work that seethes with mystery and passion, *The Alchemist* hurtles readers back through time to an era when magic was sacred and the workings of the world lay in the hands of a few gifted, but tortured souls. In a stunning feat of unbridled imagination, Donna Boyd has created her most hypnotic novel to date.

Winter in Aphelion

Myke Cole continues to blow the military fantasy genre wide open with an all-new epic adventure in his highly acclaimed *Shadow Ops* universe—set in the early days of the Great Reawakening, when magic first returns to the world and order begins to unravel... US Navy SEAL Jim Schweitzer is a consummate professional, a fierce warrior, and a hard man to kill. But when he sees something he was never meant to see on a covert mission gone bad, he finds himself—and his family—in the crosshairs. Nothing means more to Jim than protecting his loved ones, but when the enemy brings the battle to his front door, he is overwhelmed and taken down. That should be the end of the story. But Jim is raised from the dead by a sorcerer and recruited by a top secret unit dabbling in the occult, known only as the Gemini Cell. With powers he doesn’t understand, Jim is called back to duty—as the ultimate warrior. As he wrestles with a literal inner demon, Jim realizes his new superiors are determined to use him for their own ends and keep him in the dark—especially about the fates of his wife and son...

Sword in the Storm

A celebration of the greatest kind of shop in the world, by an award-winning cast of writers including Ali Smith, Andrey Kurkov, Elif Shafak and Daniel Kehlmann. A cabinet of curiosities, a time machine, a treasure trove - we love bookshops because they possess a unique kind of magic. In *Browse* Henry Hitchings asks fifteen writers from around the world to consider the bookshops that have shaped them; each conjures a specific time and place. Ali Smith chronicles the secrets and personal stories hidden within the pages of secondhand books; Alaa Al Aswany tells of the Cairo bookshop where revolutionaries gathered during the 2011 uprisings; Elif Shafak evokes the bookstores of Istanbul, their chaos and diversity, their aromas of tobacco and coffee. Yvonne Adhiambo Owuor recalls the quandary of choosing just one book at a favourite childhood store in Nairobi, while Iain Sinclair shares his grief on witnessing a beloved old haunt close down. Others explore bookshops they have stumbled upon, adored and become addicted to, from Delhi to Bogota_. These inquisitive, enchanting pieces are a collective celebration of bookshops - for anyone who has ever fallen under their spell. Henry Hitchings is an award-winning writer, reviewer and critic. He has written for the *Guardian*, *TLS*, *Financial Times* and *Wall Street Journal*, and is currently the *Evening Standard*'s theatre critic. He is the author of several acclaimed books on language, literature and culture, including *Dr Johnson's Dictionary* and *The Language Wars*. In 2008, his book *The Secret Life of Words* won the John Llewellyn Rhys Prize and the Somerset Maugham Award, and in 2009 he was shortlisted for the title of *Sunday Times* Young Writer of the Year.

Rebel Winter

Set in the world of the role-playing game, *Pathfinder* and *Pathfinder Online*.

The Alchemist

Imbued with cyberpunk attitude and in the rebellious tradition of afrofuturism, GLEEM is drawn with a fierce momentum hurtling towards a future world. Carrasco's distinct cinematic style layers detailed panels and spreads, creating a multiplicity of perspectives, at once dizzying and hypnotic. Vignettes unspool in proximity to our own social realities and expand into the outer layers of possibility. Whether in the club or a robot repair workshop, the characters in these three interconnected stories burst across frames until they practically step off the page. A boy becomes bored at church with his grandmother until he tries a psychedelic drug. A group of friends are told that they need a rare battery if they want any chance of reviving their friend. Street style and cybernetics meet and burst into riotous dancing. Kindness and violence might not be as distant from each other as we think. GLEEM unsettles with a confidence that could make you believe in anything.

Gemini Cell

We are not alone. Some call them devils or demons. But they are real. They are down there. And they are waiting for us to find them. In a cave in the Himalayas, a guide discovers a self-mutilated body with a warning: Satan exists. In the Kalahari Desert, a nun unearths evidence of a proto-human species and a deity called Older-than-Old. In Bosnia, something has been feeding upon the dead in a mass grave. So begins mankind's most shocking realization: the underworld is a vast geological labyrinth populated by another race of beings. With all of Hell's precious resources and territories to be won, a global race ensues. Nations, armies, religions, and industries rush to colonize and exploit the subterranean frontier. A scientific expedition is launched westward to explore beneath the Pacific Ocean floor, both to catalog the riches there and to learn how life could develop in the sunless abyss. But in the dark underground, as humanity falls away from them, the scientists and mercenaries find themselves prey not only to the savage creatures, but also to their own treachery, mutiny, and greed. One thing is certain: Miles inside the earth, evil is very much alive.

The Dome of the Rock in Jerusalem has been blown to bits by extremists, and, in retaliation, thousands have died in another major attack on the United States. Now the FBI has been dispatched to deal with a new menace. A plague targeted to ethnic groups--Jews or Muslims or both--has the potential to wipe out entire populations. But the FBI itself is under political assault. There's a good chance agents William Griffin, Fouad Al-Husam, and Jane Rowland will be part of the last class at Quantico. As the young agents hunt a brilliant homegrown terrorist, they join forces with veteran bio-terror expert Rebecca Rose. But the plot they uncover--and the man they chase--prove to be far more complex than anyone expects.

Jason Bourne is back this summer with a major motion picture starring Matt Damon and Alicia Vikander. Re-discover the original Jason Bourne in THE BOURNE ENIGMA – a brand new Jason Bourne novel. Jason Bourne is in Moscow to attend the wedding of his old friend and fellow spymaster General Boris Karpov. But amid the celebrations, the General has an important message to deliver to Bourne – 'a lifeline,' he says, 'for the end of the world'. Before Bourne can decipher this enigmatic warning, Karpov's wedding ends in chaos and bloodshed. Bourne discovers that the Russian has betrayed the Kremlin to forewarn him of the crippling disaster about to engulf the world. Bourne has just four days to discover the nature of the catastrophe and halt it. To get to the truth, Bourne must first track down an infamous and elusive arms dealer – a man both he and Karpov have been hunting for years. With the clock ticking, Bourne follows a labyrinthine path that weaves from the underbelly of Moscow to the pyramids of Egypt and the war-torn border between Syria and Turkey as he races to stop a world-threatening conspiracy in its tracks.
