

War And Popular Culture Resistance In Modern China 1937 1945

[#China cultural resistance](#) [#WWII China popular culture](#) [#Sino-Japanese War resistance](#) [#Modern China 1937-1945](#)
[#Chinese wartime culture](#)

Explore the critical role of popular culture in fueling resistance movements across modern China during the tumultuous period of 1937-1945. This era saw various forms of cultural expression, from literature to performing arts, mobilized to bolster national spirit and challenge foreign occupation, showcasing the enduring resilience of the Chinese people amidst the Sino-Japanese War.

A portrait of Portugal

Includes supplemental material: Behind the scenes of The Wormworld saga; From the sketchbook of Daniel Lieske; Fan art gallery.

Verzeichniss der von dem k. k. Generalmajor Eduard Freiherrn von Maretich de Riv-Alpon in Wien hinterlassenen Münz- und Medaillen-Sammlung

Set in the aftermath of the “Carnation Revolution” of April 25, 1974, Antonio Lobo Antunes’s *Warning to the Crocodiles* is a fragmented narrative of the violent tensions resulting from major political changes in Portugal. Told through the memories of four women who spend their days fashioning homemade explosives and participating in the kidnap and torture of communists, the novel details the clandestine activities of an extreme right-wing Salazarist faction resisting the country’s new embrace of democracy. *Warning to the Crocodiles* (Exortação aos Crocodilos) has won: - Best Novel by the Portuguese Writers Association (Grande Prémio de Romance e Novela da Associação Portuguesa de Escritores) (1999) - The D. Dinis Prize of the Casa de Mateus Foundation (Prémio D. Dinis da Fundação Casa de Mateus) (1999) - The Austrian State Literature Prize (Prémio de Literatura Europeia do Estado Austríaco) (2000)

This book is incredibly valuable to students of various esoteric traditions because the notes and excerpts are taken from private and previously unpublished sources, and from authors whose out-of-print books are not readily accessible. Interesting information has been collected and annotated concerning such topics as blood telegraphy, ever-burning lamps, optics, spiritual skills in healing, transplantation, apparent death, isopathy, and magnetism. Includes a look into a Rosicrucian workshop.

Toward Liberty

Globalisation has led to increasing cultural and religious diversity in cities around the world. What are the implications for young people growing up in these settings? How do they develop their religious identities, and what roles do families, friends and peers, teachers, religious leaders and wider cultural influences play in the process? Furthermore, how do members of similar and different cultural and faith backgrounds get on together, and what can young people tell us about reducing conflict and promoting social solidarity amid diversity? *Youth On Religion* outlines the findings from a unique large-scale project investigating the meaning of religion to young people in three multi-faith locations. Drawing on survey data from over 10,000 young people with a range of faith positions, as well as a series of fascinating interviews, discussion groups and diary reports involving 160 adolescents, this book examines myriad aspects of their daily lives. It provides the most comprehensive account yet of the role of religion for young people growing up in contemporary, multicultural urban contexts. *Youth On Religion* is a rigorous and engaging account of developing religiosity in a changing society. It presents young people’s own perspectives on their attitudes and experiences and how they negotiate their identities. The book will be an instructive and valuable resource for psychologists, sociologists, criminologists, educationalists and anthropologists, as well as youth workers, social workers and anyone working with young people today. It will also provide essential understanding for policy makers tackling issues of multiculturalism in advanced societies.

Europa! Europa?

Eugenics and Human Heredity.

Neue Leipziger literaturzeitung

Everyone knows what sadism is, but nobody chooses to read De Sade. Nor must they, as we have now taken the collected graphics from 4000 book pages, and put them together without the text.

Die Ritter von Schulthess-Rechberg'sche Münz- und Medaillen-Sammlung

Sounds of Articulating Identity - Tradition and Transition in the Music of Palau, Micronesia, provides an overview of historical and contemporary music-making practices and their social contexts in the Republic of Palau. The study identifies and analyzes strands of musical development over the course of, roughly, the last century. Its secondary focus is on the conceptualization of the musical transition in Palauan discourse(s) and its interaction with local identity negotiation. As the ethnomusicological exploration of the Palauan world proceeds, the book demonstrates how a study of the music of a small island nation is capable of transcending the boundaries of ethnomusicology as an academic discipline, and it adds rich material to the discourse about globalization and to the field of cultural studies.

Die Ritter-von-Schulthess-Rechberg'sche Münz- und Medaillen-Sammlung

Reproduction of the original: The Log of a Cowboy by Andy Adams

A Rosicrucian Notebook

Collection of essays on economic theory. Most of the essays originally appeared in the late 1920s in German journals devoted to the social sciences, with the original German language collection being issued in 1933.

Youth On Religion

From the author The New Yorker hails as "one of the most skillful psychological portraitists writing anywhere." The Splendor of Portugal's four narrators are members of a once well-to-do family whose plantation was lost in the Angolan War of Independence; the matriarch of this unhappiest of clans and her three adult children speak in a nightmarish, remorseless gush to give us the details of their grotesque family life. Like a character out of Faulkner's decayed south, the mother clings to the hope that her children will come back, save her from destitution, and restore the family's imagined former glory. The children, for their part, haven't seen each other in years, and in their isolation are tormented by feverish memories of Angola. The vitriol and self-hatred of the characters know no bounds, for they are at once victims and culprits, guilty of atrocities committed in the name of colonialism as well as the cruel humiliations and betrayals of their own kin. Antunes again proves that he is the foremost stylist of his generation, a fearless investigator into the worst excesses of the human animal.

Human Heredity

Bilingual Europe makes clear that Latin played an important role in European culture for a much longer period than we thought and it explores how and why this was so.

Photoatlas of Inclusions in Gemstones

According to Greek legend, Antigone, the daughter of Oedipus, secretly buried her brother in defiance of the order of Creon, king of Thebes. Sentenced to death by Creon, she forestalled him by committing suicide. The theme of the conflict between Antigone and Creon--between the state and the individual, between man and woman, between young and old--has captured the Western imagination for more than 2000 years. George Steiner here examines the far-reaching legacy of this great classical myth. He considers its treatment in Western art, literature, and thought--in drama, poetry, prose, philosophic discourse, political tracts, opera, ballet, film, and even the plastic arts. A study in poetics and in the philosophy of reading, *Antigones* leads us to look again at the influence the Greek myths exercise on twentieth-century culture. "A remarkable feat of intellectual agility."--Washington Post Book World "[An] intellectually demanding but rewarding book. . . consistently stimulating and sometimes disturbing."--The New Republic "An. . . account of the various treatments of the Antigone theme in European languages. . . Penetrating and novel."--The New York Times Book Review "A tradition of intelligence and style lives in this prolific man."--Los Angeles Times "Antigones triumphantly demonstrates that Antigone could fill several volumes of study without becoming tedious or exhausted."--The New York Review of Books

This unusual work is a complete treatise on the identification of precious stones that is thoroughly recommended for inclusion on the jeweller or antiquarian's bookshelf. Contents Include: Preface; How to Use The Book; Refractive Index and its Measurement; Double Refraction and How to Detect it; Colour, Colour Filters and the Dichroscope; Specific Gravity and How to Measure It; Detection of Synthetic and Imitation Stones; The Use of the Microscope; The Identification of Diamond; The Identification of Ruby; The Identification of Sapphire; The Identification of Emerald; Aquamarine and Alexandrite; The Identification of Zircon; The Identification of Topaz; The Identification of Pink, Mauve, etc. Stones; The Identification of Brown and Orange Stones; Quartz, Opal, and Garnets; Tourmaline, Peridot, and Spinel; Identification of Translucent and Opaque Stones; Amber, Tortoiseshell, Coral, and Jet; Pearls: Real, Cultured, and Imitation; Appendix: Glossary, Alphabetical Summary of Gem Species, Crystal Systems, Bibliography, Specific Gravity and Refractive Index Tables; Names and Addresses of Recommended Suppliers; and an Index. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Marquis de Sade: 100 Erotic Illustrations

The essays in this collection addresses questions of intense interest in Homeric studies today: the questions of performance and poet-audience interaction, especially as depicted in idealized performances within the *Iliad* and the *Odyssey*; the ways in which epic incorporates material of diverse genres, such as women's laments, blame poetry, or folk tales; how the ideological balance of epic can change and be influenced by 'alternative ideologies' introduced through the incorporation of new material; the implications of the continuity of tradition for etymological studies; and how the traditional nature of epic affects textual criticism. The essays differ in focus and method, but all share one fundamental approach to Homer: an understanding of the Homeric tradition as a poetic system that expresses and preserves what is culturally important and a view of the Homeric epics as instances of a cultural tradition which they attempt to explore through the epics themselves and through the comparative, anthropological, and linguistic evidence they bring to bear on these texts. A unique collection that explores Homeric poetry through a variety of tools and approaches--linguistics, philology, cultural anthropology, sociology, textual criticism, and archeology--this volume will be of interest to all scholars and students of oral poetry and Classical literature.

The Simple Guide to Customs and Etiquette in China

Any first-time visitor to China who reads this guide will find some valuable stepping-stones regarding correct behaviour in many of the commonly-experienced contexts of everyday life. However, the business visitor to China in particular, who may well have already boned up on such matters as Chinese negotiating style, China's recent economic boom and new market openings, could well find here some important insights into more general Chinese customs and etiquette -- the 'background', as it were, to doing business.

Simple Etiquette in China

A guide to China and Chinese society, which covers such topics as travel, food and drink, doing business and leisure pursuits.

Customs & Etiquette of China

- Ensures you arrive in China aware of common courtesies, basic manners and culturally-sensitive taboos - Empowers you through understanding cultural differences - Provides essential information necessary to make a success of your visit, whether for business or pleasure

Customs and Etiquette of China

A comprehensive ready-reckoner to the essential customs and etiquette of China -- the Giant of Asia -- knowledge that becomes increasingly important as she makes her twenty-first century advance as a major world power economically, industrially, politically and culturally. The Simple Guides ensure that you will not arrive in your host country ignorant of common courtesies, basic manners and culturally-sensitive taboos. Contents: Understanding the Past (including Chinese dynasties); The People (including minority cultures and the 'overseas Chinese'); The Foreigner in China; Hotels, Sightseeing and Money; Communications and Making Friends; Home Life, Visits and Presents; Doing Business; Leisure Activities (including shopping and what to buy); Travel within China; Banquets and Being Entertained (including traditional tea and tea houses); Medical Matters (including visiting a doctor); Mandarin; Facts About China; Index.

Simple Guide to China

The Simple Guide to China's Customs and Etiquette will help you: -Gain an insider feel for the place; -Feel at home in the company of Chinese people; -Avoid faux pas in conversation, in travelling, in personal relationship.

Chinese Business Etiquette

East-West business is booming as thousands of people flock to China. The author, with 25 years of experience dealing with the Chinese, provides up-to-date advice on how to succeed, avoid gaffes, interpret behaviour and make positive impressions.

Etiquette Guide to China

This essential guide to Chinese etiquette will make embarrassing social blunders a thing of the past! Whether you're traveling to China for business or pleasure, whether your stay will be long or short, your visit will be more pleasurable and effective if you understand your host culture and how to work within it. This updated and expanded edition of the best-selling Chinese etiquette guide on the market addresses not just the puzzling protocols relating to name cards, bowing or shaking hands, bathrooms and public baths—but also what to do when entertaining Chinese dinner guests, attending a Chinese tea ceremony, taking the subway, and much more! It also provides the latest etiquette in mobile phone manners, texting, social media and other forms of digital communication. The glossary at the back of the book has been revised to include the latest technology-related words and expressions used by China today. Two new chapters address the changing role of foreigners in the workplace and the contemporary business style and etiquette used by the younger generation of China who are now increasingly cosmopolitan—but still very Chinese! Etiquette Guide to China includes everything you need to know to be a successful, courteous traveler: Hand gestures and body language How to address the Chinese Dining and restaurant manners Gift giving and celebration in China Entering into and

understanding business relationships How to behave in professional situations Dealing with China's political culture The Chinese way of negotiating

SAVING FACE IN CHINA

Easy to read and full of humor, this useful and entertaining guide will be invaluable to anyone working in China or with Chinese. It deals with an essential element of social codes in China: the importance of "saving face." The author brings up this sensitive subject by presenting many real life experiences and anecdotes of Chinese and foreigners (Europe and North America) interacting with each other. It provides an important tool in building good relations and efficient communication with the Chinese, offers helpful tips and provides a basic knowledge of the most important aspects of etiquette and customs in China. The advice offered is straightforward and easy to apply both in daily life and in business.

Chinese Etiquette and Culture

Covers all aspects of Chinese table manners, etiquette, and cultural traditions. Indispensable for travelers, businesspeople, or anyone involved in cross-cultural relations. Mini audio CD included.

It's All Chinese to Me

Picture yourself in China with this fun, graphic-novel inspired introduction to China, its culture and people! Ready to gain insight into Chinese culture in a fascinating way? This comprehensive introduction to Chinese culture lets you peer into what makes China unique—its people. Firsthand tips, background info, and illustrations give you graphic impressions of the real China, and allow you to get a feel for not only what it's like, but how to survive the cultural differences. You'll find out about: Major influences and historical events that guide Chinese behavior Key concepts crucial to interacting with Chinese people Social idiosyncrasies that surprise most Westerners Dealing with culture shock in China Peculiarities of Chinese business culture In *It's All Chinese to Me*, you'll find the core insights to help demystify Chinese culture for Westerners. "Offers a balanced view of China's cultural strengths and weaknesses and should be required reading for international travelers. Highly recommended."—Midwest Book Review "An excellent job of illustrating many of the common issues people may encounter while in China. Bravo!"—Mark Rowswell, AKA Dashan, performer and cultural ambassador

Saving Face in China

Ways that are Dark

England, 1264: as Simon de Montfort and his fellow Barons challenge Henry III's arrogant conviction of the divine right of kings to rule, the country moves inexorably towards civil war. In the little town of Lewes in Sussex, Judith, daughter of Belaset, seeks revenge for the massacre of her family and other Jews by de Montfort. As a trusted messenger between the King and his loyal followers, she is asked to act as go-between for King Henry and William Foville, Prior of St Pancras in Lewes. Judith seizes the opportunity to strike one last blow against de Montfort before her wedding to Aaron of London. The castle in Lewes overlooks the little town, as it has done since the Conqueror gave the land to William de Warenne. Jervis FitzHugh, squire to Williams descendant John de Warenne, longs for adventure, and for the hand of Madeleine de Tourney. His longings are both fulfilled, but in a most unexpected way. Judith, Aaron, Jervis and Madeleine all become closely intertwined in a way that none of them could have foreseen. Far from a simple journey to France and back, Judith finds herself facing danger and deceit, as de Montfort's followers do all they can to prevent the message getting through. Help comes from the Kings supporters, in England and in France, and from other more unexpected quarters. When the inevitable happens, and the Battle of Lewes is fought, Judith's work is done. BUT

could it have really happened? Yes, it could! Most of the characters in the book really existed, and the historical accuracy of the events of the time have been carefully researched and verified by the author. BELESET'S DAUGHTER is a 2002 Eppie Award finalist. For an author bio and photo, reviews and a readingsample, visit www.bosonbooks.com.

Chinese Business Etiquette and Culture

The world may be getting smaller, but the job of keeping in touch with international clients and suppliers, colleagues at the office back home, and family and friends remains a real challenge. Global Connect! makes it easy! It is the world's most comprehensive reference tool for communicating by phone, fax, e-mail, and courier from anywhere in the world.

The Chinese Book of Etiquette and Conduct for Women and Girls

"What do you mean, he's asked how much I am?" asked a stunned Eden Collinsworth upon learning that a Chinese businessman had inquired if she were available for purchase. Despite this precarious introduction to China, no country has fascinated Collinsworth more during a career that has moved her around the world. Convinced that—despite the nation's status as a world leader—the Chinese are still socially uncomfortable with their Western counterparts, she collaborated with a major Chinese publisher to produce a bestselling Western etiquette guide. Now, in these pages, Collinsworth tells the unforgettable story of the year she spent living among the Chinese while writing a book featuring advice on such topics as the rules of the handshake, making sense of foreigners, and behavior that is considered universally rude. Informative, hilarious, and thought-provoking, *I Stand Corrected* is at once an entertaining memoir and essential reading for those looking to understand the mores of the rapidly changing—and increasingly important—nation that is China.

Passport China

Wei Yen explores how differences in world views between Eastern and Western thought and culture have on management and leadership behaviors. In *The Geography of Thought* Richard Nisbett showed how the thought and culture of the East is rooted in Chinese Confucian ideals while that of the West goes back to the early Greeks. In *From Great Wall to Wall Street*, Wei Yen explores how these differences impact today's leadership and management practices. He delves deeply into the two cultures and their philosophical roots, and explains why there can exist significant misunderstandings between the two camps. Yen was born in China, raised in Hong Kong, educated both there and in the US and then spent half his working life in the US and half in Asia. From his vantage point, straddling both cultures he compares and contrasts the pragmatic, wholistic Chinese (or Asian) management style with the rational and analytical Western management style. He shows their pros and cons, the areas where they differ and situations where one may be more successful than the other. Yen argues that understanding traditional Chinese culture, and how it affects management behaviors and current events, can help decision makers make better decisions in business, finance and politics. He further combines culture with credit analysis to argue that it is unlikely that China will suffer a financial collapse despite a slowing economy and high debt levels. Equally, he shows how that same philosophical traditions also lie behind China's inability to innovate or project the "soft power" that the West's globally successful popular culture has achieved. How can the West take advantage of China's epic rise to strike win-win outcomes? How can the Chinese be more integrated into the global community and become a better global citizen in the future? How can policy makers make more realistic policies? None of these can be accomplished without first understanding where each other is coming from.

I Stand Corrected

Don't just see the sights?get to know the people. For thousands of years, the Chinese believed that they had created a perfect social system, based on Confucian values and tempered by the Mandate of Heaven. Dynasties came and went, but the essence of being Chinese remained essentially unchanged until the twentieth century. Since then, change has taken place in Chinese society at unprecedented speed, as the country first experienced the turmoil of civil war and revolution before emerging on to the world stage as a global superpower. This thoroughly updated edition of *Culture Smart! China* puts these changes into historical context, explains deep-seated cultural attitudes, and guides you through the maze of unfamiliar social situations, in order to help you discover for yourself the pragmatism, genius, warmth, and humanity of this extraordinary country and its people. Have a more meaningful and successful time abroad through a better understanding of the local culture. Chapters on values,

attitudes, customs, and daily life will help you make the most of your visit, while tips on etiquette and communication will help you navigate unfamiliar situations and avoid faux pas.

From the Great Wall to Wall Street

This book is aimed to provide practical and useful tips on doing business with China and the Chinese people either for big or small deals based on the author's 20-year personal experience in living and working in China and the western world. The advices, glimpse and learning points included in the book will guarantee to improve your ability for making more money and enjoying a better life in the process of business interaction with the middle kingdom which is emerging as the new Superpower of the world. "Dr Shengfei Gan's book on China is a remarkable work, written by a Chinese geologist who has not only grown up in China but has lived abroad for many years. The book therefore offers a perspective on China through both Chinese and Western eyes. The book is written in a plain and highly readable format which provides a remarkable insight into China from almost every aspect – covering its history, politics, religion, customs, lifestyle, etiquette, economic affairs and ways to approach business in and with China. I believe it will become mandatory reading for anyone interested in China, whether as a student, academic, business executive, tourist, politician or simply someone trying learn more about China and understand the complexities of its culture, politics and long-term vision compared to the West. I can heartily endorse this book as a most readable and interesting analysis of the greatest economic and cultural phenomenon of the twenty first century." – Tony Trahar, Former Chief Executive, Anglo American Plc.

The Lowdown

Chinese Business Etiquette

This book attempts to bring in the perspective of situational variation in analyzing linguistic politeness, and looks at politeness in the larger framework of social context. It outlines the way into the problem of politeness in Chinese culture and the steps taken in the application of politeness strategies in verbal interaction.

Chinese Book of Etiquette and Conduct for Women and Girls

Create meaningful relationships that translate to better business Access to Asia presents a deeply insightful framework for today's global business leaders and managers, whether traveling from Toronto to Taipei, Baltimore to Bangalore, or San Francisco to Shanghai. Drawing from her extensive experience and global connections, author Sharon Schweitzer suggests that irrespective of their industry, everyone is essentially in the relationship business. Within Asia, building trust and inspiring respect are vital steps in developing business relationships that transcend basic contractual obligations. Readers will find in-the-trenches advice and stories from 80 regional experts in 10 countries, including China, Hong Kong, India, Japan, and Korea. Discover the unique eight-question framework that provides rich interview material and insight from respected cultural experts Track cultural progress over time and highlight areas in need of improvement with the Self-Awareness Profile Learn the little-known facts, reports, and resources that help establish and strengthen Asian business relationships Effective cross-cultural communication is mandatory for today's successful global business leaders. For companies and individuals looking to engage more successfully with their counterparts in Asia, Access to Asia showcases the critical people skills that drive global business success.

Ways That Are Dark Some Chapters on Chinese Etiquette, and Social Procedure (Classic Reprint)

Extremely useful to newcomers and old china hands alike, this Chinese business guide explains how Chinese history and classical literature play a huge role in negotiating in China. Negotiating a deal in China requires patience—a well-known Confucian virtue; persistence—something which comes with time; and survival instincts—something that comes with persistence. For both the uninitiated, negotiations in China may come as a culture shock, laced with frustration. For the experience China trade negotiator, it is a never-ending learning process. For both parties, the secret to negotiating in China may well lie in the knowledge of the military ploys described in China's ancient classics. In *The Art of the Deal in China*, author Laurence J. Brahm applies Sun Tzu's *Art of War*, the ultimate guru's statement of military strategy and the *Thirty-six Strategies*, a collection of sayings which capsulize strategic prowess in ancient Chinese history, to modern-day negotiating situations in China, both commercial and political. The stories in the book, all based on actual happenings, will not only amuse but will provide hope to many foreigners engaged in the often drawn-out and frustrating process of negotiating a deal in China.

China and the English, Or, The Character and Manners of the Chinese

Culture Smart! China puts the latest dramatic changes into a historical context, explains deep-seated cultural attitudes, and guides the visitor through a maze of unfamiliar social situations. It will enable you to discover for yourself the warmth, intelligence, humor, and humanity of this extraordinary people. For thousands of years, the Chinese believed that they had created a perfect social system. Dynasties came and went, but the essence of being Chinese remained more or less unchanged until the twentieth century. Following invasion by the Japanese, civil war, and revolution, in 1949 Mao Zedong and the Communists took power. China was largely closed off from the rest of the world, undergoing almost constant revolution at an often terrible price. After Mao's death in 1976 the country opened its doors to the West and introduced a nascent market economy, called "socialism with Chinese characteristics." China became the "workshop of the world." Low wages and a low yuan boosted exports and created jobs for millions. The spectacular Beijing Olympics of 2008 heralded China's arrival as an economic superpower. When the world plunged into economic crisis, in China, too, factories closed, but most unemployed workers simply made their way back to the countryside. The patience, diligence, enterprise, and natural optimism that are part of the Chinese character helped tide it over the setback. Since then social and economic development have been astonishing. Under Communist Party direction, the economy moved from export-led growth to home consumption. New mega-cities sprang up, peopled by a generation of city dwellers, light years away from their parents' rural world. Opinion is divided about the present economic slowdown. Either way, this is a country no one can ignore. The Chinese have always taken a long-term view of events. They are proud of their ancient civilization and their modern achievements. Among the young, educated, urban elite there is an eagerness to discuss issues that were formerly "off limits."

Etiquette Guide to China

Written with precision and flair by a host of leading academics from Beijing and Hong Kong, this single volume is a welcome addition to the study of world civilizations, a broad yet detailed chronological sweep through time. Every aspect of Chinese civilization is explained, interpreted, contextualized and brought to life with well-balanced commentary and photographic documentation. Published by City University of Hong Kong Press. ^{TM/Î} 'xúH>úH

The Chinese Book of Etiquette and Conduct for Women and Girls, Entitled, Instruction for Chinese Women and Girls, by Lady Tsao; Tr. from the Chinese B

This book draws on a number of disciplines, including sociology, cultural anthropology and political science. It examines how Chinese native speakers in the People's Republic of China, Melbourne, Singapore and other Southeast Asian countries formulate face-to-face requests. In the Chinese socio-cultural context, both *li* and *mianzi* play a prime role in the perception and conceptualization of politeness. Unlike the West, where directness is considered impolite, Chinese speakers place greater emphasis on the use of terms of address which mark relative social distance and relative power. Failure to use appropriate terms of address constitutes impoliteness. Directness is neither face-threatening nor imposing. Rather, it serves to signal ingroup solidarity. Effective communication in China demands cultural sensitivity - sensitivity to distinguish between norms and strategies in politeness.

The Chinese Book of Etiquette and Conduct for Women and Girls, Entitled, Instruction for Chinese Women and Girls

This is a reproduction of a book published before 1923.
