Saturday Evening Girls Paul Revere Pottery

Among the Arts & Crafts potteries of early 20th century, the Saturday Evening Girls (SEG) Paul Revere Pottery holds a special place. Founded in Boston around 1907 the pottery gave young women the chance to learn a trade and the skills needed to run a business. It was a success, creating forms and decorative designs that are cherished by connoisseurs and collectors today. This long-awaited and eagerly anticipated source book is the most comprehensive reference on the Saturday Evening Girls Paul Revere Pottery ever published, and the only book that exclusively chronicles its history and art.

It is an essential and important reference for beginning as well as advanced collectors. Included are 675 color photos and historic catalogs and illustrations, making up the largest archive of SEG material gathered in one place. The marks and artists' signatures are illustrated as an aid for identification. The pots they made, in all their forms, are carefully described and, for the collector and appraiser, their value on the current market is estimated. A chapter on collecting explores the passion that leads to collecting as well as stories, venues and helpful hints. Written with warmth, humor, passion, and scholarship, this gem of a book fills a void in the existing literature, becoming the quintessential resource on an important and increasingly well-recognized American Art Pottery. It proudly takes its place in documenting women's art and history.

Art & Reform

The handmade ceramics of the Paul Revere Pottery, often enlivened with stylized images of animals, flowers or abstract patterns, are best known today by the name of the girls' club whose members created the wares: the Saturday Evening Girls (SEG). Local reformers organized this club in 1899 to provide cultural activities for young Italian and Jewish immigrants of Boston's North End. Under the guidance of designer and illustrator Edith Brown, and as a way of helping with difficult family finances, the group soon turned to crafts. Before long, SEG ceramics had caught on, and were being sold through department stores in cities throughout the Eastern United States; though their success was largely curtailed by World War I, the pottery continued to operate until 1942. Today, SEG ware is highly collectible. Art and Reform offers a briskly written, handsomely illustrated introduction to this episode in Boston's cultural history, discussing the role of the SEG club in the life of the city's immigrant community and its ties to education reform and the Arts and Crafts movement. The book presents some 50 examples of the ceramics themselves, mostly by Sara Galner, one of the group's most gifted members, showing the wit, charm, quiet beauty and lasting influence of these remarkable decorative objects.

The Saturday Evening Girls Club

For the young women living in Boston's North End in 1908, the Saturday Evening Girls Club is an escape from the drudgery of daily life. For Caprice, Ada, Maria and Thea, it's the one time each week the friends can be together. They support each other's dreams and help each other navigate romances and family clashes, cultural prejudices, loss and heartbreak. Through it all one thing is certain - they could not get through it all without their friendship, and the Saturday Evening Girls Club.

Under Copp's Hill

An eleven-year-old immigrant must clear her name when things start disappearing from a Boston settlement house. Innocenza Moretti's parents died in a fire when she was two. Ever since, she's lived with her grandmother and seven lodgers in the flat downstairs from her aunt, uncle, and cousins in a crowded tenement in Boston's North End. Innies world changes when she and her cousin Teresa become members of a settlement house where immigrant girls can learn more about American life. Best of all, they'll get to participate in a library club. At school, Innies has to share books with two or three other girls. Having her own books would be like eating Sunday dinner every day. The girls' first assignment at the settlement house is unpacking books that had to be moved because of the recent fire that tore through the city. But now valuable things are vanishing: a pottery mug. A silver teapot. Money. And the prime suspect is Innies! With the help of Teresa and their new friend Matela Rosen, Innies searches for the real culprit. A secret tunnel under Copp's Hill Burying Ground leads them to a surprising thief. This ebook includes a historical afterword.

An Independent Woman

Edith Guerrier (1870-1958) embodied the ideals of the "New Women" who emerged by the thousands in turn-of-the-century America to take advantage of greater economic and educational opportunities for their sex. At the age of twenty-one, she began working with children in a settlement house in Boston's North End, where she soon maintained a reading room and a Boston Public Library delivery station. A pioneer in the new field of librarianship just opening to women, she founded many library clubs and eventually became the supervisor of branch libraries in Boston. Guerrier is perhaps best remembered for her work on behalf of young immigrant women in Boston's North End. Among the numerous "girls" clubs she founded was the Saturday Evening Girls, composed of young women of Jewish and Italian ancestry. Wanting to do more than simply "keep the girls off the street," she devised a plan to enable her charges to become financially self-sufficient. In 1908, with her lifelong companion Edith Brown, she began to develop what eventually became the Paul Revere Pottery. Potters worked an eight-hour day in an airy, healthful atmosphere, and received a decent wage, an annual paid vacation, and a daily hot lunch--all of which were virtually unheard of in the early twentieth-century workplace. Paul Revere Ware today is valued as a collector's item. Guerrier's autobiography has never been published. Her story takes us from her New England girlhood through her years on the midwestern frontier, to her education at Vermont Methodist Seminary and Female College, and finally through her odyssey in Boston, where she lived for most of her adult life. Molly Matson provides an introduction that examines Guerrier's life and several careers and discusses the history of turn-of-the-century Boston. In a substantive foreword, Polly Welts Kaufman situates Guerrier's autobiography within the context of recent scholarship on the changing roles of women during this period of American history.

American Art Pottery

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 14.0px Verdana} At the height of the Arts and Crafts era in Europe and the United States, American ceramics were transformed from industrially produced ornamental works to handcrafted art pottery. Celebrated ceramists such as George E. Ohr, Hugh C. Robertson, and M. Louise McLaughlin, and prize-winning potteries, including Grueby and Rookwood, harnessed the potential of the medium to create an astonishing range of dynamic forms and experimental glazes. Spanning the period from the 1870s to the 1950s, this volume chronicles the history of American art pottery through more than three hundred works in the outstanding collection of Robert A. Ellison Jr. In a series of fascinating chapters, the authors place these works in the context of turn-of-the-century commerce, design, and social history. Driven to innovate and at times fiercely competitive, some ceramists strove to discover and patent new styles and aesthetics, while others pursued more utopian aims, establishing artist communities that promoted education and handwork as therapy. Written by a team of esteemed scholars and copiously illustrated with sumptuous images, this book imparts a full understanding of American art pottery while celebrating the legacy of a visionary collector.

The Condition of the Working-Class in England in 1844

Reproduction of the original: The Condition of the Working-Class in England in 1844 by Frederick Engels

The History of Greenock

Examining international case studies including USA, Asia, Australia and New Zealand, this book identifies and explores the use of heritage throughout the world. Challenging the idea that heritage value is self-evident, and that things must be preserved, it demonstrates how it gives tangibility to the values that underpin different communities.

Uses of Heritage

Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled "Historical Painting Techniques, Materials, and Studio Practice" at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques

and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

Historical Painting Techniques, Materials, and Studio Practice

A new world imagined -- Native peoples of the Americas -- Europe and the Americas -- Africa, the New East, Asia, and the Americas.

A New World Imagined

Illustrated with 200 stunning photographs and encompassing objects from furniture and ceramics to jewelry and metal, this definitive work from Jo Lauria and Steve Fenton showcases some of the greatest pieces of American crafts of the last two centuries. Potter Craft

Craft in America

The sixtieth anniversary edition of Frantz Fanon's landmark text, now with a new introduction by Cornel West First published in 1961, and reissued in this sixtieth anniversary edition with a powerful new introduction by Cornel West, Frantz Fanon's *The Wretched of the Earth* is a masterful and timeless interrogation of race, colonialism, psychological trauma, and revolutionary struggle, and a continuing influence on movements from Black Lives Matter to decolonization. A landmark text for revolutionaries and activists, *The Wretched of the Earth* is an eternal touchstone for civil rights, anti-colonialism, psychiatric studies, and Black consciousness movements around the world. Alongside Cornel West's introduction, the book features critical essays by Jean-Paul Sartre and Homi K. Bhabha. This sixtieth anniversary edition of Fanon's most famous text stands proudly alongside such pillars of anti-colonialism and anti-racism as Edward Said's *Orientalism* and *The Autobiography of Malcolm X*.

The Wretched of the Earth

This authoritative catalogue of the Corcoran Gallery of Art's renowned collection of pre-1945 American paintings will greatly enhance scholarly and public understanding of one of the finest and most important collections of historic American art in the world. Composed of more than 600 objects dating from 1740 to 1945.

Corcoran Gallery of Art

"Have nothing in your house that you do not know to be useful, or believe to be beautiful." This quote alone from William Morris could summarise the ideology of the Arts & Crafts movement, which triggered a veritable reform in the applied arts in England. Founded by John Ruskin, then put into practice by William Morris, the Arts & Crafts movement promoted revolutionary ideas in Victorian England. In the middle of the "soulless" Industrial Era, when objects were standardised, the Arts & Crafts movement proposed a return to the aesthetic at the core of production. The work of artisans and meticulous design thus became the heart of this new ideology, which influenced styles throughout the world, translating the essential ideas of Arts & Crafts into design, architecture and painting.

Coming Up Taller

In this book, the Two Red Roses Foundation shows its commitment to provide a historic and scholarly record of tiles and architectural faience from its collection. Author Dr. Susan Montgomery, whose research and writing on the subject exceeds expectations, explores in great detail the works of sixteen of the most prominent tile makers of the Arts and Crafts movement and more than 165 objects from the TRRF's collection. From individual tiles, large and small, to running friezes, wainscots, fireplaces, panels, and entire room and outdoor installations, the book investigates and speaks to the ideals of tile design, craftsmanship, competition and production against the backdrop of the financial challenges and realities the tile makers faced. More than six years in the making, this handsomely designed, 360 page catalogue contains hundreds of high-definition color images, historic facts and figures. An extensive bibliography and index makes it a most valuable reference for collectors and scholars.

The Arts & Crafts Movement

Like music, art is a universal language. Although looking at works of art is a pleasurable enough experience, to appreciate them fully requires certain skills and knowledge." --Carol Strickland, from the introduction to *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* * This heavily illustrated crash course in art history is revised and updated. This second edition of Carol Strickland's *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* offers an illustrated tutorial of prehistoric to post-modern art from cave paintings to video art installations to digital and Internet media. * Featuring succinct page-length essays, instructive sidebars, and more than 300 photographs, *The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern* takes art history out of the realm of dreary textbooks, demystifies jargon and theory, and makes art accessible-even at a cursory reading. * From Stonehenge to the Guggenheim and from Holbein to Warhol, more than 25,000 years of art is distilled into five sections covering a little more than 200 pages.

The Endless Possibilities

A treasury of literary history featuring caricatures of bohemian life in 1920s New Orleans with captions by William Faulkner. After meeting in the French Quarter, Nobel Prize-winning novelist William Faulkner and renowned silver artist William Spratling shared a house together—and collaborated on a parody volume that offered a witty portrait of the creative denizens of the city, a group that included such future icons as publisher and Broadway producer Horace Liveright, Pulitzer-winning biographer Carl Van Doren,; novelist John Dos Passos, actress and screenwriter Anita Loos, and others. This unique book provides both an enjoyable glimpse into the early lives of prominent literary and artistic figures and a snapshot of New Orleans history.

The Annotated Mona Lisa

Atlit is a holding camp for "illegal" immigrants in Israel in 1945. There, about 270 men and women await their future and try to recover from their past. Diamant, with infinite compassion and understanding, tells the stories of the women gathered in this place. Shayndel is a Polish Zionist who fought the Germans with a band of partisans. Leonie is a Parisian beauty. Tedi is Dutch, a strapping blond who wants only to forget. Zorah survived Auschwitz. Haunted by unspeakable memories and too many losses to bear, these young women, along with a stunning cast of supporting characters who work in or pass through Atlit, begin to find salvation in the bonds of friendship and shared experience, as they confront the challenge of re-creating themselves and discovering a way to live again.

Sherwood Anderson and Other Famous Creoles

Volume 6, *Life Writings of Frontier Women* series. Few diaries, journals, and memoirs published have provided as rich and well rounded a window into their authors' lives and worlds as the diary of Helen Mar Kimball Whitney. Because it provides a rare account of the widely experienced situations and problems faced by widows, her record has relevance far beyond Mormon history.

Day After Night

"Stunning..." - Parade Magazine "A rare pictorial journey across America." - Bookpage Portraits of the American Craftsman is a collection of portraits of the people and products made in small workshops all over the country, with lyrical descriptions of what they make, who they are, and the tradition embedded in their trade. This book is a celebration of the handmade at a time when it's being embraced by a new generation of DIY and local-focused consumers who are averse to the mass-produced. Award-winning photographer Tadd Myers is four years into a cross-country journey to capture images of the American craftsman engaged in his work. At a time when the public is growing disenchanted by the disposable items that litter the American landscape, the workers in Tadd's portraits are still using human eyes to guide human hands; the objects they make carry the souls of their makers. His beautifully rendered photographs and profiles celebrate the thriving American culture of true craftsmanship, which is alive and well in all parts of the country: from the Steinway factory in Queens, NY to hatmakers in Tennessee; from a carousel works shop in Ohio to guitar makers in Texas; from hatmakers in Chicago to boatbuilders in Vermont. In the connected realm of photo-rich social media platforms such as Pinterest and Etsy, and in reaction to the mammoth corporations that create and sell us our wares, we're seeing a boom of Americans of all ages re-evaluating the values that actually inspire them. Away from these

conglomerates, the American craftsman keeps a different, more personal kind of work alive – work that is uniquely inspirational and genuine.

A Widow's Tale

296 architectural drawings, floor plans, and photographs illustrate 40 different kinds of "Mission-style" homes from The Craftsman (1901-16), voice of American style of simplicity and organic harmony. Thorough coverage of Craftsman idea in text and picture, now collector's item.

Portraits of the American Craftsman

We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience

Craftsman Homes

Devoted to the Arts and Crafts Movement past and present, this new magazine celebrates the revival of quality and craftsmanship. Each issue is a portfolio of the best work in new construction, restoration, and interpretive design, presented through intelligent writing and beautiful photographs. Offering hundreds of contemporary resources, it showcases the work not only of past masters, but also of those whose livelihoods are made in creating well-crafted homes and furnishings today. The emphasis is on today's revival in architecture, furniture, and artisanry, informed by international Arts & Crafts and the early-20th-century movement in America: William Morris through the Bungalow era. Includes historic houses, essays and news, design details, how-to articles, gardens and landscape, kitchens and baths. Lots of expert advice and perspective for those building, renovating, or furnishing a home in the Arts & Crafts spirit. From the publisher of Old-House Interiors magazine and the Design Center Sourcebook. artsandcraftshomes.com

The Book of the Thousand Nights and a Night, Vol 1

"Women have played active, prominent roles in Boston history since the days of Anne Hutchinson - the colonial freethinker who bravely challenged the authority of ruling Puritan ministers in 1638. Hutchinson's action is only one of more than 200 stories of Boston women told in the newly expanded guidebook from the Boston Women's Heritage Trail. Several maps indicate the sites where these historic women walked, worked, and lived, while photographs and other illustrations help bring these women to life once again. The updated guidebook will take you on seven walks through seven distinctly different Boston neighborhoods. Hutchinson's story is told by her statue on the grounds of the Massachusetts State House, while Rose Fitzgerald Kennedy's is found at the site of her birthplace in the North End. An underground railway stop on Beacon Hill reveals the dramatic escape of enslaved Ellen and William Craft to Boston. Other trails lead walkers to new statues of Underground Railroad conductor Harriet

Tubman in the South End and of Abigail Adams, Lucy Stone and Phillis Wheatley - three women who used the pen for change - portrayed in bronze in the recently dedicated Boston Women's Memorial on Commonwealth Avenue. The Boston Women's Heritage Trail guidebook is a must for visitors, students, and residents of Boston alike. Its lively descriptions show the significant role Boston women played in shaping the history and the future of both Boston and the nation."

The Life, Letters and Work of Frederic Leighton

A collection marked by authenticity and pathos, where a variety of characters appear transiently, as if on a stage.

Arts & Crafts Homes and the Revival

The Arts and Crafts Movement exerted a profound influence on early-twentieth-century America, not only in the applied and decorative arts but also in the area of social reform. Standing at this intersection of art and reform were American art potteries that taught ceramics skills to working-class women as a means of securing income, restoring health, and/or uplifting the spirit. Like its better known and more successful predecessors -- the Marblehead Pottery in Massachusetts, the Newcomb Pottery in New Orleans, and the Paul Revere Pottery in Boston (home of the "Saturday Evening Girls") -- the Arequipa Pottery in Fairfax, California, had fascinating origins, and it produced distinctive wares that today are prized by collectors. *Fired by Ideals: Arequipa Pottery and the Arts & Crafts Movement* tells the story of the Arequipa Sanatorium and Pottery, whose roots lie in the 1906 San Francisco earthquake and fire. The dust and smoke from the disaster prompted an outbreak of tuberculosis, which afflicted "working girls" in particular. In 1911, a progressive physician, Dr. Philip King Brown, founded a treatment center in rural Marin County, north of San Francisco, where these women could get the rest and medical care they needed, as well as engage in a therapeutic and marketable pursuit: the manufacture of art pottery. In addition to its engaging historical narrative supported by dozens of vintage photographs, the book employs technical illustrations and beautiful full-color reproductions to examine the production process at Arequipa and the types of pottery made there.

Never in Fear

Stunning portraits by the renowned Renaissance artist illuminate fascinating figures from the European merchant class, intellectual elite, and court of King Henry VIII. Nobles, ladies, scholars, and merchants were the subjects of Hans Holbein the Younger (1497/98–1543), an inventive German artist best known for his dazzling portraits. Holbein developed his signature style in Basel and London amid a rich culture of erudition, self-definition, and love of luxury and wit before becoming court painter to Henry VIII. Accompanying the first major Holbein exhibition in the United States, this catalogue explores his vibrant visual and intellectual approach to personal identity. In addition to reproducing many of the artist's painted and drawn portraits, this volume delves into his relationship with leading intellectuals, such as Erasmus of Rotterdam and Thomas More, as well as his contributions to publishing and book culture, meticulous inscriptions, and ingenious designs for jewels, hat badges, and other exquisite objects. This volume is published to accompany an exhibition on view at the J. Paul Getty Museum at the Getty Center from October 19, 2021, to January 9, 2022 and at the Morgan Library & Museum from February 11 to May 15, 2022.

Boston Women's Heritage Trail

As long as there have been doors there have been doorstops. Early on they may have been a convenient rock or piece of furniture, but in the 19th and early 20th centuries, doorstops were manufactured as decorative items for the home. Generally cast in iron, they are avidly sought after by today's collectors. Though mass produced, they were usually painted by hand and so each has become a unique treasure, appreciated both for its shape and the "folk art" quality of its finish. This wonderful new book brings together over 1,000 doorstops photographed in full color and organized by categories: flowers, birds, animals, wagons, Native Americans, people, houses & windmills, and nautical. It includes an informative history of doorstops, valuable information for collectors, histories and marks of the foundries that made them and more. Gathered from various wonderful collections, this book represents some of the finest doorstops ever produced and gives the reader a broad, encyclopedic view of the hobby. Values are included.

The Land of Give and Take

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Fired by Ideals

Pottery from the Catawba Valley, mountain pottery of Western North Carolina, the Coles, Nell Cole Graves, the Cravens, Jugtown, M.L. Owen, and even rare and unusual pieces are discussed. Signs, stamps, shapes, and symbols used are given coverage, as well as the implications of condition of the pottery. Family tree charts in this book are reprinted from *The Traditional Potters of Seagrove, NC*, copyright 1994, Robert C. Lock, Inc.

Holbein

Packed with insider information, this is the ultimate field guide for Arts and Crafts collectors interested in acquiring art pottery, furniture, metalworking, and lighting.

The Innocents Abroad

Few American cities possess a history as long, rich, and fascinating as Boston's. A site of momentous national political events from the Revolutionary War through the civil rights movement, Boston has also been an influential literary and cultural capital. From ancient glaciers to landmaking schemes and modern infrastructure projects, the city's terrain has been transformed almost constantly over the centuries. The *Atlas of Boston History* traces the city's history and geography from the last ice age to the present with beautifully rendered maps. Edited by historian Nancy S. Seasholes, this landmark volume captures all aspects of Boston's past in a series of fifty-seven stunning full-color spreads. Each section features newly created thematic maps that focus on moments and topics in that history. These maps are accompanied by hundreds of historical and contemporary illustrations and explanatory text from historians and other expert contributors. They illuminate a wide range of topics including Boston's physical and economic development, changing demography, and social and cultural life. In lavishly produced detail, *The Atlas of Boston History* offers a vivid, refreshing perspective on the development of this iconic American city. Contributors Robert J. Allison, Robert Charles Anderson, John Avault, Joseph Bagley, Charles Bahne, Laurie Baise, J. L. Bell, Rebekah Bryer, Aubrey Butts, Benjamin L. Carp, Amy D. Finstein, Gerald Gamm, Richard Garver, Katherine Grandjean, Michelle Granshaw, James Green, Dean Grodzins, Karl Haglund, Ruth-Ann M. Harris, Arthur Krim, Stephanie Krueel, Kerima M. Lewis, Noam Maggor, Dane A. Morrison, James C. O'Connell, Mark Peterson, Marshall Pontrelli, Gayle Sawtelle, Nancy S. Seasholes, Reed Ueda, Lawrence J. Vale, Jim Vrabel, Sam Bass Warner, Jay Wickersham, and Susan Wilson

The Doorstop Book

The Weller Pottery Company was founded in 1882 in Zanesville, Ohio, and it was one of the largest potteries in the region. This huge reference features 175 full-color photos, complete descriptions, histories of each line, information on the artists and their monograms, catalog reprints, and current values to the beautiful pottery of Weller.

The Arts & Crafts Collector's Guide

Madam President

"We're going after all these scams and make sure that everyone pays their fair share here in America. I'm gonna hold them accountable, and we're gonna have a special effort to track all these resources wherever they might lead." - Hillary Clinton, speech before the AFL-CIO convention in Philadelphia - ABC News, April 06, 2016 Impassioned words tailored to warm the hearts of an American electorate disgruntled over increasing inequality and unemployment, even while corporate America grows fatter at their expense? Or empty election rhetoric not worth the paper the speech was written on? Can a President, whose campaign has largely been funded by the 'billionaire class' and Wall Street really 'walk the talk' on corporate crime? The book raises this among many other questions as it attempts a factual analysis of strategic issues related to a possible Madam Clinton Presidency! As a former First Lady, Senator, Secretary of State and now the Democratic Party's presumptive nominee for the 2016 U.S. Presidential elections, Hillary Clinton enjoys the advantage of bringing a certain experience to the table that none of the others can boast of. The advantage of experience does not come alone though but is accompanied by a certain baggage in the form of track record. Will Hillary's immense experience and charisma override this past baggage and catapult her to the Oval Office to make history as its first ever woman occupant? If that happens, will these issues come back to haunt her Presidency or will she be able to bury the ghosts of the past and indeed live true to her word and achieve all her election promises?" Simply brilliant, unbiased, timely and thorough investigative journalism on what the world can expect of the Hillary Clinton Presidency. Woodward and Bernstein would be proud of it. This extensively researched, verified and cited work is certain to impact and change the dynamics of the 2016 U.S. Presidential Elections. America has only been allowed to see the 'tip of the iceberg'. In this beautifully written, organized and riveting book, Ramesh exposes the 'rest of the iceberg'. A 'must read' for every American!!!" - Ajit Patel, Chief Technology Officer, WWA Advisors LLC, USA "A formidable grand picture ... this is a fascinating compilation of information available in the public domain - no fiction! - on the intricacies and interdependencies of American campaign politics and [lack of] financial sector regulation and supervision. ... I have not seen so clearly that America is really confronting a choice between Scylla and Charybdis." - Prof. (em.) Dr. Hans Dieter Seibel, Germany "The breath-taking analysis by Ramesh S Arunachalam can be profitably applied to understand any popular politician pursuing public office with passion and single minded ambition. The author's fidelity to facts is absolute. His ability to connect the dots is astounding. He takes us through hard data with an easy stride. Madam President will never become dated. While serving as a prism to scrutinize and understand Hillary Clinton's future actions, this work is actually a clarion call to rescue American democracy from the fatal embrace of money-power." - G R Swaminathan, Assistant Solicitor General of India

Madame President

"The harrowing, but triumphant story of Ellen Johnson Sirleaf, leader of the Liberian women's movement, winner of the Nobel Peace Prize, and the first democratically elected female president in African history, "--NoveList.

Madam President

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

Madam President

After President Woodrow Wilson suffered a paralyzing stroke in the fall of 1919, his wife, First Lady Edith Wilson, began to handle the day-to-day responsibilities of the Executive Office. Mrs. Wilson had had little formal education and had only been married to President Wilson for four years; yet, in the tenuous peace following the end of World War I, Mrs. Wilson assumed the authority of the office of the president, reading all correspondence intended for her bedridden husband and assuming his role for seventeen long months. Though her Oval Office presence was acknowledged in Washington, D.C. circles at the time—one senator called her "the Presidentress who had fulfilled the dream of suffragettes by changing her title from First Lady to Acting First Man"—her legacy as "First Woman President" is now largely forgotten. William Hazelgrove's *Madam President* is a vivid, engaging portrait of the woman who became the acting President of the United States in 1919, months before women officially won the right to vote.

Madam President

COMPLETED HILLARY CLINTON ELECTED PRESIDENT BOOK WHICH WAS PRODUCED BEFORE ELECTION ALONG WITH DONALD TRUMP VERSION. FOR THOSE WHO ARE LOOKING FOR A KEEPSAKE OR WHO STILL REFUSE TO BELIEVE DONALD TRUMP IS PRESIDENT AND THAT HILLARY SHOULD BE IT. DESCRIPTION BELOW OF BOOK: The history books will show that during the early morning hours of Wednesday November the 9th, the glass ceiling shattered into pieces as Hillary Rodham Clinton became the 45th President of the United States. The former First Lady, New York Senator, and Secretary of State added the highest position in the nation to her ledger as she defeated billionaire businessman Donald Trump in what truly was a historic race all the way around. In the end, voters spoke out in trusting the steady leadership and experience of Clinton over the unpredictability and brashness of Trump; a process that left her battered but not broken. With millions of Americans making it a point to visit the grave of women's rights pioneer Susan B. Anthony throughout Election Day, the symbolism was poignant when Clinton pushed through the last major barrier for her gender when it came to the workforce. Clinton's election will be a day that will forever serve as a major historical moment in American history and the term "Madam President" can now be firmly entered into the English language.

Madam President

*Fifth Edition*Devlyn Marlowe, the first woman President of the United States, has just been elected. Breaking with the tradition of hiring a political writer to chronicle her administration, President Marlowe selects one Lauren Strayer, a professional biographer with a reputation for absolute honesty. There's a slight problem with Devlyn's plan, though. Lauren wants nothing to do with what she sees as a political hack job. It takes some serious persuading, but the Commander-in-chief is an eloquent negotiator, and Lauren reluctantly agrees to take the job, provided she truly has editorial freedom. So, armed with her computer, her incredibly ugly Pug and fair bit of trepidation, Lauren finds herself in residence at 1600 Pennsylvania Avenue. There, amidst the harrowing and demanding life of the First Family, Lauren begins to understand and eventually love the complex woman who is both leader of a great nation and loving single parent to three rambunctious children.

Madam Vice President Commemorative Journal: A Blank Lined Notebook Tribute to Kamala Harris with Inspiring Words of Hope and Equality

Commemorate the first Madam Vice President with this inspirational journal! The MVP has spoken! Features: 6" x 8" trim size with 112 lined note pages printed on quality paper Beautifully designed matte cover with dynamic art Inspirational quotes of hope, truth, and equality from the MVP Incredible information and tribute biography about her life

The Making of the President, 1960

Analyses the 1960 election when John F. Kennedy was elected President of the United States.

Dear Madam President

THE NUMBER ONE NEW YORK TIMES BESTSELLER DEAR MADAM PRESIDENT is an empowering letter from former White House Communications Director Jennifer Palmieri to the first woman president, and by extension, to all women working to succeed in any field. By using lessons learned during her experiences with Hillary Clinton, President Obama, and Elizabeth Edwards - to name a few - Palmieri through each chapter creates a forward-thinking framework of inspirational and practical advice for all women everywhere - from boardrooms to living rooms - who are determined to seize control of their lives, their workplaces, and their country. DEAR MADAM PRESIDENT will turn the results of the 2016 election into something incredibly empowering for future female leaders and independent thinkers everywhere. We haven't wrapped our heads around what it should look like for a woman to be in the job of President. Our only models are men. This of course was seen during the Hillary Clinton campaign, and no one knows this better than Jennifer Palmieri. While wildly disappointed by the outcome of the election, Palmieri optimistically argues in the book that the Clinton candidacy and all she experienced on the campaign trail - confusion, admiration, hate, love, acceptance, rejection - can now open the country up to reimagining women in leadership roles. And that is what Palmieri takes on in this book - redefining expectations for women looking to lead and creating a blueprint for women candidates and leaders to follow.

The Making of the President, 1968

"White unites a novelist's knack of dramatization and a historian's sense of significance with a synthesizing skill that grasps the reader by the lapels." —Newsweek The third book in Theodore H. White's landmark series, *The Making of the President 1968* is the compelling account of the turbulent 1968 presidential campaign, the assassinations of Robert F. Kennedy and Martin Luther King, Jr., and election of Richard Nixon. White made history with his groundbreaking *The Making of the President 1960*, a narrative that won the Pulitzer Prize for revolutionizing the way that presidential campaigns were reported. Now, *The Making of the President 1968*—back in print, freshly repackaged, and with a new foreword by Chris Matthews—joins Theodore Sorensen's *Kennedy*, White's *The Making of the President 1960, 1964, and 1972*, and other classics in the burgeoning Harper Perennial Political Classics series.

MR. PRESIDENT

Although the framers gave the president little authority, George Washington knew whatever he did would set precedents for generations of future leaders. To ensure their ability to defend the nation, he simply ignored the Constitution when he thought it necessary. In a revealing new look at the birth of American government, "Mr. President" describes Washington's presidency in a time of continual crisis, as rebellion and attacks by foreign enemies threatened to destroy this new nation. Constantly weighing preservation of the Union against preservation of individual liberties and states' rights, Washington assumed more power with each crisis. In a series of brilliant but unconstitutional maneuvers he forced Congress to cede control of the four pillars of executive power: war, finance, foreign affairs, and law enforcement. Drawing on rare documents and letters, Unger shows how Washington combined political cunning and sheer genius to seize ever-widening powers, impose law and order while ensuring individual freedom, and shape the office of President of the United States.

Madam President

A little girl imagines what her day would be like if she were Madam President. There would be executive orders to give, babies to kiss, tuna casseroles to veto (or VETO!)...and so much more! Not to mention that recess would definitely require more security. With deadpan wit and hilarious illustrations, best-selling picture book creator Lane Smith introduces readers to an unforgettable new character.

/DIVDIV

The House at Sugar Beach

Journalist Helene Cooper examines the violent past of her home country Liberia and the effects of its 1980 military coup in this deeply personal memoir and finalist for the 2008 National Book Critics Circle Award. Helene Cooper is "Congo," a descendant of two Liberian dynasties—traced back to the

first ship of freemen that set sail from New York in 1820 to found Monrovia. Helene grew up at Sugar Beach, a twenty-two-room mansion by the sea. Her childhood was filled with servants, flashy cars, a villa in Spain, and a farmhouse up-country. It was also an African childhood, filled with knock foot games and hot pepper soup, heartmen and neegee. When Helene was eight, the Coopers took in a foster child—a common custom among the Liberian elite. Eunice, a Bassa girl, suddenly became known as “Mrs. Cooper’s daughter.” For years the Cooper daughters—Helene, her sister Marlene, and Eunice—blissfully enjoyed the trappings of wealth and advantage. But Liberia was like an unwatched pot of water left boiling on the stove. And on April 12, 1980, a group of soldiers staged a coup d’état, assassinating President William Tolbert and executing his cabinet. The Coopers and the entire Congo class were now the hunted, being imprisoned, shot, tortured, and raped. After a brutal daylight attack by a ragtag crew of soldiers, Helene, Marlene, and their mother fled Sugar Beach, and then Liberia, for America. They left Eunice behind. A world away, Helene tried to assimilate as an American teenager. At the University of North Carolina at Chapel Hill she found her passion in journalism, eventually becoming a reporter for the Wall Street Journal and the New York Times. She reported from every part of the globe—except Africa—as Liberia descended into war-torn, third-world hell. In 2003, a near-death experience in Iraq convinced Helene that Liberia—and Eunice—could wait no longer. At once a deeply personal memoir and an examination of a violent and stratified country, *The House at Sugar Beach* tells of tragedy, forgiveness, and transcendence with unflinching honesty and a survivor’s gentle humor. And at its heart, it is a story of Helene Cooper’s long voyage home.

Madam President

Takes a look at women in politics in the past, present, and future.

The Cowboy President

The Cowboy President: How the American West Transformed Theodore Roosevelt details how his time spent in the Western Dakota Territory helped him recover from an overwhelming personal loss, but more importantly, how it transformed him into the man etched onto Mount Rushmore, a man who is still rated as one of the top five Presidents in American history. Unlike other Roosevelt biographies, *The Cowboy President* details how the land, the people and the Western code of honor had an enormous impact on Theodore and how this experience influenced him in his later years.

Anticipating Madam President

Annotation Conveying the complexity and challenges surrounding the pursuit of the White House, the authors explore the conditions the first female president will encounter—both on the campaign trail and in office.

Electing Madam Vice President

Electing Madam Vice President presents the presidential bids of the six women who ran for the Democratic nomination for President of the United States in 2020 and the historic, groundbreaking vice-presidential candidacy of Kamala Harris. When Vice President Kamala Harris and her family moved into Number One Observatory Circle, the official Vice Presidential residence of the United States, she claimed a title no other women in the United States ever had: Vice President. She is closer to the United States presidency than any woman in history. Yet, she has repeated often that she is standing on the shoulders of women who have come before her to try to break down barriers, including the United States Presidency. Often left off the history pages, and out of many Americans’ minds, are the bids of women who run for president. The 2020 Democratic primary included the most women ever to run in one election. This book demonstrates the progress women candidates have made as they have moved from symbolic to viable candidates and shines a light on the diminishing obstacles that face women candidates while taking readers on a journey through the victorious progress of a woman United States Vice President.

Madam President

“Charlotte Kramer, the 45th President of the United States, has done the unprecedented in allowing a network news team to document a day in her life—and that of her most senior staff. But while twenty news cameras are embedded with the president, the unthinkable happens: five major attacks are leveled on US soil. Her secretary of defense, Melanie, and her press secretary, Dale, must instantly

jump into action in supporting the president and reassuring the country that the safety they treasure is in capable hands"--

Mr. President

Mr. President: A Life of Benjamin Harrison, the thirteenth volume in the Indiana Historical Society Press's youth biography series, examines Harrison's rise to political prominence after his service as a Union army general during the Civil War. Although he served only one term, defeated for re-election by Cleveland in 1892, Harrison had some impressive achievements during his four years in the White House. His administration worked to have Congress pass the Sherman Antitrust Act to limit business monopolies, fought to protect voting rights for African American citizens in the South, preserved millions of acres for forest reserves and national parks, modernized the American navy, and negotiated several successful trade agreements with other countries in the Western Hemisphere. After losing the White House, Harrison returned to Indianapolis, once again becoming one of the city's leading citizens. He died from pneumonia on March 13, 1901, in his home on North Delaware Street, today open to the public as the Benjamin Harrison Presidential Site.

Confidence Man

From the Pulitzer Prize-winning New York Times reporter who has defined Donald J. Trump's presidency like no other journalist: a magnificent and disturbing reckoning that chronicles his life and its impact, from his rise in New York City to his tortured postpresidency. All of Trump's behavior as president had echoes in what came before. In this revelatory and news-making book, Haberman brings together the events of his life into a single mesmerizing work. It is the definitive account of one of the most norms-shattering and consequential eras in American political history.

Constitutional-amendment Campaign Year, 1894

During his presidential campaign, Barack Obama himself told veteran political reporter Richard Wolffe, 'You'll get more access than anyone else', and Renegade is his unique story of how a political newcomer with no money and an outsider's name grew into the world's most powerful leader. But it is also a uniquely intimate portrait of the person behind the iconic posters and the man codenamed 'Renegade' by his Secret Service protectors. Wolffe portrays an historic candidate and his - until now - inscrutable character and campaign in untold, stunning detail, from his university lecturer's office in Iowa to the Oval Office in Washington. With unprecedented access, gained over a dozen exclusive interviews with Obama, Wolffe shares with us his front row seat. We fly on the candidate's plane and ride in his bus on an odyssey across a country in crisis; we stand next to him at a bar on the night he secures the nomination; and feel the tension backstage as he delivers his convention speech to a stadium crowd and a transfixed TV audience. Renegade is not just an election epic but is also an insightful biography of the new President of the United States.

Renegade

In the tradition of Theodore White's landmark books, the definitive look at how Donald J. Trump shocked the world to become president From Roger Stone, a New York Times bestselling author, longtime political adviser and friend to Donald Trump, and consummate Republican strategist, comes the first in-depth examination of how Trump's campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming. In the early hours of November 9, 2016, one of the most contentious, polarizing, and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J. Trump to concede, shocking a nation that had, only hours before, given little credence to his chances. Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media. Stone, a long time Trump retainer and confidant, gives us the inside story of how Donald Trump almost single-handedly harnessed discontent among "Forgotten Americans" despite running a guerrilla-style grass roots campaign to compete with the smooth running and free-spending Clinton political machine. From the start, Trump's campaign was unlike any seen on the national stage—combative, maverick, and fearless. Trump's nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security. Here Stone outlines how Donald Trump skillfully ran as the anti-Open Borders candidate as well as a supporter of American sovereignty, and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters.

The veteran adviser to Nixon, Reagan, and Trump charts the rise of the alt-conservative media and the end of the mainstream media monopoly on voter impacting information dissemination. This is an insider's view that includes studying opposition research into Bill, Hillary, and Chelsea Clinton's crimes, and the struggle by the Republican establishment to stop Trump and how they underestimated him. Stone chronicles Trump's triumph in three debates where he skillfully lowered expectation levels but skewered Mrs. Clinton for the corruption of the Clinton Foundation, her mishandling of government email, and her incompetence as Secretary of State. Stone gives us the inside word on Julian Assange, Wikileaks, Clinton campaign chief John Podesta, Huma Abedin, Anthony Weiner, Carlos Danger, Doug Band, Jeffery Epstein, and the efforts to hide the former first lady's infirmities and health problems. Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e-mails released by Wikileaks came from the Russians. The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton's weaknesses, particularly her reputation as a crooked insider, and ignited the passions of out-of-work white men and women from the rust belt and beyond, at a time when millions of Americans desperately wanted change. Stone also reveals how and why the mainstream media got it wrong, including how the polls were loaded and completely misunderstood who would vote. Stone's analysis is akin to Theodore H. White's seminal book The Making of the President 1960. It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard-bitten political survivor who Donald Trump called "one tough cookie."

Congressional Record

"With a historian's insight, Mr. White explores the arguments of Harry Hopkins and Joseph Davies to Truman on the knotty postwar problem of Poland; of Henry Wallace on relations with Russia during the same administration; of Charles Wilson on the origins of the Vietnam War under Eisenhower; of Adlai Stevenson on Cuba during the Kennedy years; and of George Ball on Vietnam under Lyndon Johnson." "Altogether Mr. White fashions a provocative interpretation of America's role in the cold war and a number of questions about the potential effectiveness of policies that might have been. The relevance of his findings to today's situation in Iraq, and to the absence of dissent on official policy within the Bush administration, need scarcely be more apparent."--Jacket.

The Making of the President 2016

"If President George Washington were alive - as in much of his legacy he still is - he would not be as surprised at how our country conducts itself as one might think. For all around us is vivid evidence of the precedents that Washington himself set, benign results of the remarkable foresight of this great and good man." "Dr. North Callahan has been described as that "rare academician who combines impeccable scholarship with an extraordinarily readable style." In this book, he dramatically portrays in human terms the Father of our Country and his inestimable bequests. The principles Washington personified are a powerful part of our modern society; this in spite of cynics who try futilely to tear him down." "The author shows that most of the lasting precedents by George Washington were set during his second term as president, from 1793-97. This was also the most painful and challenging period of his peacetime life as he struggled to mold the new republic into an enduring nation." "Among Washington's problems were: the lack of American precedents to guide him; the troublesome French envoy, Edmund Genet, who caused the government its greatest diplomatic crisis; the bitter feud between his two great cabinet members, Hamilton and Jefferson; the ghastly yellow fever epidemic of 1793; the colorful Whiskey Rebellion; the controversial Jay's Treaty with England; the rise of political parties; and the resulting furious criticism of President Washington by partisans and press." "Samuel Eliot Morison said that "Washington's services in time of peace have never been adequately appreciated." Thanks, Mr. President goes far in remedying this. Some skeptics have accused Washington of being irreligious, extravagant and self-centered. North Callahan herein proves him to have been a devout Christian gentleman, financially conscientious and the most magnanimous leader in American history."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Against the President

A dual biography of bachelor politicians James Buchanan and William Rufus King that analyzes a much-discussed intimate friendship in nineteenth-century American politics.

Congressional Record

The first book-length assessment of Coolidge's presidency in thirty years draws on the recently opened papers of his White House physician for hitherto unknown personal information. Ferrell (history, Indiana U.) exonerates Coolidge for the failures of his party's foreign policy, but holds him accountable for having had insufficient economic savvy to warn Wall Street against the overspeculation that caused the Depression. Annotation copyrighted by Book News, Inc., Portland, OR

Thanks, Mr. President

In this "heroic narrative" (The Wall Street Journal), discover the inspiring and timely account of the complex relationship between leading suffragist Alice Paul and President Woodrow Wilson in her fight for women's equality. Woodrow Wilson lands in Washington, DC, in March of 1913, a day before he is set to take the presidential oath of office. He is surprised by the modest turnout. The crowds and reporters are blocks away from Union Station, watching a parade of eight thousand suffragists on Pennsylvania Avenue in a first-of-its-kind protest organized by a twenty-five-year-old activist named Alice Paul. The next day, The New York Times calls the procession "one of the most impressively beautiful spectacles ever staged in this country." Mr. President, How Long Must We Wait? weaves together two storylines: the trajectories of Alice Paul and Woodrow Wilson, two apparent opposites. Paul's procession of suffragists resulted in her being granted a face-to-face meeting with President Wilson, one that would lead to many meetings and much discussion, but little progress for women. With no equality in sight and patience wearing thin, Paul organized the first group to ever picket in front of the White House lawn—night and day, through sweltering summer mornings and frigid fall nights. From solitary confinement, hunger strikes, and the psychiatric ward to ever more determined activism, Mr. President, How Long Must We Wait? reveals the courageous, near-death journey it took, spearheaded in no small part by Alice Paul's leadership, to grant women the right to vote in America. "A remarkable tale" (Kirkus Reviews) and a rousing portrait of a little-known feminist heroine, this is an eye-opening exploration of a crucial moment in American history one century before the Women's March.

Official Report of the Proceedings and Debates of the Third Constitutional Convention of Ohio

"One of the most diverting political bios in recent memory." -- Entertainment Weekly Revised and updated with a new epilogue, Madam Secretary is the moving and inspiring memoir of one of the most distinguished public figures in American history, seven-time New York Times bestselling author and former Secretary of State Madeleine Albright. A national bestseller on its first publication in 2003, Madam Secretary is the riveting personal story of former Secretary of State Madeleine Albright. For eight years, during Bill Clinton's two presidential terms, Albright was an active participant in some of the most dramatic events of our time—from the pursuit of peace in the Middle East to NATO's humanitarian intervention in Kosovo. In this thoughtful memoir, one of the most admired women in American history shares her remarkable story, including thoughts on her upbringing in Czechoslovakia and her role as a wife and mother, and provides an insider's view on global affairs during this period of extraordinary turbulence. Madam Secretary offers an inimitable blend of Albright's warm humor, personal recollection, and riveting insight on events that shaped our nation and our world.

Exercises of the Semi-centennial Anniversary of Tualatin Academy and Pacific University, Held at Forest Grove, Oregon, July 9, 1898

As Henry Kissinger observes in this magisterial book, there has never been a true world order. For most of history, civilizations have defined their own concepts of order, each one envisioning its distinct principles as universally relevant. Now, as international affairs take place on a global basis, these historic concepts of world order are meeting. Every region participates in questions of high policy in every other, often instantaneously - yet there is no consensus among the major actors about the rules and limits guiding this process, or its ultimate destination. The result is mounting tension. Blending historical insight with prognostication, World Order is a meditation from one of our era's most prominent diplomats on the 21st century's ultimate challenge: how to build a shared international order in a world of divergent historic perspectives, violent conflict, proliferating technology and ideological extremism.

Historical Collections

The dramatic and penetrating story of the political maneuverings and personalities behind the creation of the office of the president, with ramifications that continue to this day. For the first time, by focusing closely on the dynamic give-and-take at the Constitutional Convention, Ray Raphael reveals how politics and personalities cobbled together a lasting, but flawed, executive office. Remarkably, the

hero of this saga is Gouverneur Morris, a flamboyant, peg-legged delegate who pushed through his agenda with amazing political savvy, and not a little deceit. Without Morris's perseverance, a much weaker American president would be appointed by Congress, serve for seven years, could not be reelected, and have his powers tightly constrained. Charting the presidency as it evolved during the administrations of Washington, Adams, and Jefferson, Raphael shows how, given the Constitution's broad outlines, the president's powers could easily be augmented but rarely diminished. Today we see the result—an office that has become more sweeping, more powerful, and more inherently partisan than the framers ever intended. And the issues of 1787—whether the Electoral College, the president's war powers, or the extent of executive authority—continue to stir our political debates.
