The Prince and Betty

Greedy robber baron Benjamin Scobell has hatched what he believes to be a can't-fail scheme to bolster his bank account even further. But his plans to build a gambler's paradise on a little-visited Mediterranean island go horribly awry when it's discovered that his beloved niece Betty has a history of romantic entanglement with the heir to the country's throne. Disaster -- and hilarity -- ensues.

When you're in the mood for top-notch humor writing, only the very best will do. Dive into "The Clicking of Cuthbert" for an array of golf-themed belly laughs. A must-read for Wodehouse buffs, golf fanatics, or anyone who appreciates Wodehouse's gift for the guffaw-provoking turn of phrase.

The Clicking of Cuthbert

Jeeves—my man, you know—is really a most extraordinary chap. So capable. Honestly, I shouldn't know what to do without him. On broader lines he's like those chappies who sit peering sadly over the marble battlements at the Pennsylvania Station in the place marked "Inquiries." You know the Johnnies I mean. You go up to them and say: "When's the next train for Melonsquashville, Tennessee?" and they reply, without stopping to think, "Two-forty-three, track ten, change at San Francisco." And they're right every time. Well, Jeeves gives you just the same impression of omniscience. As an instance of what I mean, I remember meeting Monty Byng in Bond Street one morning, looking the last word in a grey check suit, and I felt I should never be happy till I had one like it. I dug the address of the tailors out of him, and had them working on the thing inside the hour. "Jeeves," I said that evening. "I'm getting a check suit like that one of Mr. Byng's." "Injudicious, sir," he said firmly. "It will not become you." "What absolute rot! It's the soundest thing I've struck for years." "Unsuitable for you, sir." Well, the long and the short of it was that the confounded thing came home, and I put it on, and when I caught sight of

myself in the glass I nearly swooned. Jeeves was perfectly right. I looked a cross between a music-hall comedian and a cheap bookie. Yet Monty had looked fine in absolutely the same stuff. These things are just Life's mysteries, and that's all there is to it. But it isn't only that Jeeves's judgment about clothes is infallible, though, of course, that's really the main thing. The man knows everything. There was the matter of that tip on the "Lincolnshire." I forget now how I got it, but it had the aspect of being the real, red-hot tabasco. "Jeeves," I said, for I'm fond of the man, and like to do him a good turn when I can, "if you want to make a bit of money have something on Wonderchild for the 'Lincolnshire.'"

My Man Jeeves

In *The Inimitable Jeeves*, Bertie Wooster and his valet Jeeves embark on a series of riotous adventures. Among other things they involve Bertie's feeble attempts to stop his friend Bingo Little from falling in love with every girl he meets. But the amiable chump's main concern is to avoid the eagle eye and iron will of his merciless Aunt Agatha. In one of the funniest works in the English language, P. G. Wodehouse charms, delights, and occasionally surprises the reader with his shrewd parody of the carefree lives of the English elite.

Piccadilly Jim

Although P.G. Wodehouse's woebegone protagonists are usually young men, in *Jill the Reckless* the master of British humor turns his attention to the fairer sex. Jill Mariner's young adulthood is beset by an array of mishaps and misfortunes -- but will she work her way out of the wreckage and find true love? If you're already a Wodehouse fan, you can probably guess the correct answer, but dip into *Jill the Reckless* to hear the tale told as only he can tell it.

The Inimitable Jeeves

'Wodehouse said letters make "a wonderful oblique form for an autobiography," and Sophie Ratcliffe's expertly edited collection amply proves the point.' *Spectator* One of the funniest and most admired writers of the twentieth century, P. G. Wodehouse always shied away from the idea of a biography. A quiet, retiring man, he expressed himself through the written word. His letters - collected here - provide an illuminating biographical accompaniment to legendary comic creations such as Jeeves, Wooster, Psmith and the Empress of Blandings. This is a book every lover of Wodehouse will want to possess. 'The letters, gossipy in the kindest, amused/bemused manner, bear true witness to the wide-ranging influences on Wodehouse's' best-known novels and best-loved characters.' *The Times*

Jill the Reckless

A Jeeves and Wooster novel 'It's hard to single out one book as the entire Jeeves and Wooster collection is *Bach Rescue Remedy* in literary form, but this tale of romantic imbroglio is a priceless hoot... Every sentence is a perfectly wrought delight.' *Independent* At Deverill Hall, an idyllic Tudor manor in the picture-perfect village of King's Deverill, impostors are in the air. The prime example is man-about-town Bertie Wooster, doing a good turn to Gussie Fink-Nottle by impersonating him while he enjoys fourteen days away from society after being caught taking an unscheduled dip in the fountains of Trafalgar Square. Bertie is of course one of nature's gentlemen, but the stakes are high: if all is revealed, there's a danger that Gussie's simpering fiancée Madeline may turn her wide eyes on Bertie instead. It's a brilliant plan - until Gussie himself turns up, imitating Bertram Wooster. After that, only the massive brain of Jeeves (himself in disguise) can set things right.

P. G. Wodehouse a Life in Letters

Take Gussie Fink-Nottle, the soupy Madeleine Bassett, Old Pop Bassett, the unscrupulous Stiffy Byng, the Rev. H. (Stinker) Pinker, an 18th century cow-creamer, a small notebook and mix with Aunt Dahlia. It all spells trouble for Bertie and Jeeves.

The Mating Season

P.G. Wodehouse saw his first article published when still at school, and went on to become the leading humour writer of the twentieth century. He created characters famous across the English-speaking world, such as Rupert Psmith, Stanley Ukridge, Uncle Fred, the inhabitants of the Drones Club, Bertie Wooster and Jeeves, and Lord Emsworth and his beloved Empress, all of whom remain as popular today as they were when they first appeared all those years ago. But behind all the brilliant

metaphors that make us laugh out loud, there is a surprising background of reality. Wodehouse didn't create his stories from scratch; he used real settings and exaggerated the characteristics of people he knew. With examples of Wodehouse's unique imagery, the P.G. Wodehouse Miscellany follows the development and progress of his legendary characters, tells us where Wodehouse got his ideas from and demonstrates why his admirers included Bertrand Russell, Berthold Brecht, George Orwell, Rudyard Kipling and the Kaiser. This informative little miscellany will be a must for all fans of P.G. Wodehouse.

The Code of the Woosters

'The funniest writer ever to put words to paper' HUGH LAURIE

From his early days Wodehouse adored cricket and references to the game run like a golden thread through his writings. He not only wrote about this glorious British pastime, but also played it well, appearing six times at Lords, where his first captain was Sir Arthur Conan Doyle. Illustrated with wonderful drawings and contemporary score-sheets, *Wodehouse at the Wicket* is the first ever compendium of Wodehouse's writings on cricket. Edited by cricket historian Murray Hedgcock, this delightful book also contains fascinating facts about Wodehouse's cricketing career and how it is reflected in his work. The perfect gift for Wodehouse readers and fans of all things cricket. 'You don't analyse such sunlit perfection, you just bask in its warmth and splendour' STEPHEN FRY 'Immersed in a P.G. Wodehouse book, it's possible to keep the real world at bay and live in a far, far nicer, funnier one where happy endings are the order of the day' MARIAN KEYES 'The greatest comic writer ever' DOUGLAS ADAMS 'P.G. Wodehouse should be prescribed to treat depression. Cheaper, more effective than valium and far, far more addictive' OLIVIA WILLIAMS

In Search of Blandings

A Jeeves and Wooster novel Bertie Wooster looks pretty stylish in his new Tyrolean hat - or so he thinks: others, notably Jeeves, disagree. But when Bertie embarks on an errand of mercy to Tottleigh Towers, things get quickly out of control and he's going to need all the help Jeeves can provide. There are good eggs present, such as Gussie Fink-Nottle and the Rev. 'Stinker' Pinker. But there also is Sir Watkyn Bassett J.P., enemy of all the Woosters hold dear, to say nothing of his daughter Madeline and Roderick Spode, now raised to the peerage. And Major Brabazon Plank, the peppery explorer, who wants to lay Bertie out cold. Thank goodness for the intervention of Chief Inspector Witherspoon of Scotland Yard - but is this gentleman all he seems?

The Intrusion of Jimmy

When a man needs only two hundred pounds to marry his cook and buy a public house, one would expect his life to be trouble free, but the fifth Earl of Shortlands has to reckon with his haughty daughter, Lady Adela, and Mervyn Spink, his butler, who also happens to be his rival in love. Mike Cardinal offers to sort out the problem by pretending to be Stanwood Cobbold but his way is blocked by Spink and reformed burglar, Augustus Robb. Confused? Let P.G. Wodehouse untangle the complications in this light-hearted comedy which ends happily - for almost everyone.

The P.G. Wodehouse Miscellany

Papers, presentations, and toasts by long-time P. G. Wodehouse aficionados Curtis Armstrong and Elliott Milstein, exploring Wodehouse's characters, settings, themes, and styles, as well as the activities of The Wodehouse Society (US) and The P G Wodehouse Society (UK).

Wodehouse At The Wicket

Fourteen tales of animals of extraordinary strong dispositions and the often calamitous events they precipitate.

These wonderful comic short stories are the essence of innocent fun. In them you'll encounter some of Wodehouse's favourite characters - including, for the first time, his future hero Uncle Fred. Ukridge

We all know Jeeves and Wooster, but which is the best Jeeves story? We all know Blandings, but which is the funniest tale about Lord Emsworth and his adored prize-winning pig? And would the best of Ukridge, or the yarns of the Oldest Member, or Wodehouse's Hollywood stories outdo them? This bumper anthology allows you to choose, bringing you the cream of the crop of stories by the twentieth century's greatest humorous writer. There are favourites aplenty in this selection, which has been compiled with enthusiastic support from P.G. Wodehouse societies around the world. With additional material including novel extracts, working drafts, articles, letters and poems, this anthology provides the best overall celebration of side-splitting humour and sheer good nature available in the pages of any book.

Young Men in Spats

In an adventure of a lifetime, Alexander Armstrong wraps up warm and heads ever north to explore the hostile Arctic winter – the glittering landscape of Scandinavia, the isolated islands of Iceland and Greenland, and the final frontier of Canada and Alaska. Along the way he learns from the Marines how to survive sub-zero temperatures by eating for England, takes a white-knuckle drive along a treacherous 800-mile road that's a river in summer and, with great reluctance, strips off for a dip in the freezing Arctic waters - and that's all before wrestling Viking-style with a sporting legend called Eva as part of an Icelandic winter festival. Sharing the wonder of the Arctic in his inimitable style, Land of the Midnight Sun is a brilliantly entertaining travelogue that takes readers on an exhilarating and hilarious journey to the farthest reaches of the globe. Through his witty exploration of the region's remarkable landscape and lifestyle, and its even more remarkable people, Armstrong proves himself the ideal travel companion.

The Jeeves Omnibus

This episodic novel tells the story of Archibald Moffam, a perennially down-on-his-luck character who meets with misfortune as he tries to navigate the landmines of marriage, family relationships, and the working life. Told with the kind of sparkling wit only P.G. Wodehouse can muster, *Indiscretions of Archie* is enough to make anyone feel better about their own mishaps, while providing plenty of belly laughs along the way.

A Few Quick Ones

In Wodehouse's final novel, unfinished at his death, the author returns to his favourite part of England for one last time. In a classic plot, Vicky Underwood is parted from her fiancé, Jeff Bennison, which means that her uncle, Galahad Threepwood, has to engineer a complicated plot to bring them back together. Many old friends reappear to take their last bow: the Earl of Emsworth, Dame Daphne Winkworth, Beach the butler, the Empress of Blandings (Lord Emsworth's prize pig), Freddie Threepwood (his son), G. Ovens, innkeeper, and an array of the earl's formidable sisters. There may be trouble in the air, but at Blandings Castle it is always summer, always quiet and sunlit - and the powers of darkness are always ultimately defeated. Just how that defeat would have been brought about, had Wodehouse completed his story, is shown in the copious notes he made for it. These are included in this volume, together with commentary by Richard Osborne, Tony Ring and Norman Murphy.

What Ho!

For all fans of the incomparable and outrageously funny portrayer of English upper-class life, here is a necessary addition to the Wodehouse shelf. Taken mostly from old newspapers and magazines, these previously uncollected articles and short stories were written early in Wodehouse's literary career. Included are the only mystery story Wodehouse ever wrote, the first of his many articles for *Punch*, a hilarious spoof of the advertising world, amusing accounts of British public school life, and many other collector's delights.

Bill the Conqueror

"Nine stories include a crime wave at Blandings Castle; Ukridge appearing on Corky's doorstep at 3 in the morning, wearing his yellow mackintosh and requesting a whisky and soda; and the Oldest Member warning of the folly of driving into the father of the girl you loved"--Publisher's description.

Indiscretions of Archie

WITH A NEW INTRODUCTION BY NINA STIBBE A hundred years ago P.G. Wodehouse, now widely regarded as the best comic novelist of the twentieth century, wrote *SOMETHING FRESH*, the first of his novels set in Blandings Castle. Here resides the dotty Lord Emsworth, who is 'as completely happy as only a fluffy-headed old man with excellent health and a large income can be'; his son, the Hon. Freddie Threepwood, who 'had been expelled from Eton for breaking out at night and roaming the streets of Windsor in a false moustache' and their butler, Beach, who had 'acquired a dignified inertia which almost qualified him for inclusion in the vegetable garden'. Featuring a valuable scarab unwittingly acquired from a dyspeptic American billionaire, plus imposters, engagements, broken engagements, elopements, mistaken identities, family spats and shots fired in the dead of night, *SOMETHING FRESH* is Wodehouse at his glorious best. 'The gardens of Blandings Castle are that original garden from which we are exiled.' Evelyn Waugh

Sunset at Blandings

A Blandings novel When the moon is full at Blandings, strange things happen: among them the commissioning of a portrait of The Empress, twice in succession winner in the Fat Pigs Class at the Shropshire Agricultural Show. What better choice of artist, in Lord Emsworth's opinion, than Landseer. The renowned painter of The Stag at Bay may have been dead for decades, but that doesn't prevent Galahad Threepwood from introducing him to the castle - or rather introducing Bill Lister, Gally's godson, so desperately in love with Prudence that he's determined to enter Blandings in yet another imposture. Add a gaggle of fearsome aunts, uncles and millionaires, mix in Freddie Threepwood, Beach the Butler and the gardener McAllister, and the moon is full indeed.

The Uncollected Wodehouse

P. G. Wodehouse's short comic book, *The Swoop!*, or *How Clarence Saved England*, was originally made available in the UK on April 16, 1909, by Alston Rivers Ltd. in London. *A Tale of the Great Invasion* has the subtitles. *The Military Invasion of America* and *A Remarkable Tale of the German-Japanese Invasion of 1916* were the titles of a modified and greatly condensed version that was published in the July and August 1915 issues of *Vanity Fair*. When the story was included in the anthology *The Swoop! and Other Stories* in 1979, four years after Wodehouse's passing, it was the first to be published in the United States. In *The Swoop!*, many armies simultaneously invade England "England was not only under the invader's heel. Nine intruders had their heels on it. There was not enough place to stand." - and makes references to a number of well-known historical personalities, including boxer Bob Fitzsimmons, writer Edgar Wallace, politician Herbert Gladstone, and actor-managers Seymour Hicks and George Edwardes. A humorous spoof on the then-popular genre of invasion novels, *The Swoop!* Wodehouse "reverses all expectations and changes the established pattern."

Lord Emsworth

"We read Wodehouse because he was a master of words. We can read Kent for the same reason". Wooster Sauce, journal of The P.G. Wodehouse Society (UK) **A TOUR OF THE COMIC IMAGINATION OF P.G. WODEHOUSE** P. G. Wodehouse (1881-1975) is widely acknowledged as the greatest English comic writer of the 20th century. The creator of Jeeves & Wooster, Lord Emsworth and Blandings, Ukridge, Mr. Mulliner, the Oldest Member and the Eggs, Beans and Crumpets of the Drones Club, the consistently upbeat tone of his 100 or so books represents one of the largest-ever literary bequests to human happiness by one man. Indeed, Wodehouse was not just a writer for his time, but for all time, and in 2019, a memorial commemorating his life and work was dedicated in Westminster Abbey, London, the only one to honour an out-and-out humourist. In this concluding volume of his groundbreaking trilogy, lifelong enthusiast Paul Kent sets out to explain the enduring, global appeal of PGW's comic world from the U.K. to Japan via India and Russia. Granted unprecedented access to Wodehouse's papers and library, it contains a wealth of fresh insight and scholarship that gets right to the heart of Wodehouse's comic vision and is a must for both casual fan and devotee alike. "Paul Kent has added his joy and light while giving us new insights into Wodehouse . . . Your time with his books will breeze by, and you will clamor for more. Hear that distant sound? That's me already clamoring". GARY HALL, PLUM LINES, THE QUARTERLY JOURNAL OF THE WODEHOUSE SOCIETY (US) "Kent is forging the new path in the way I hope writing about Wodehouse will go". TIM ANDREW, CHAIRMAN, THE P.G. WODEHOUSE SOCIETY (UK)

The Penguin Book of the British Short Story: 2

An inventive, fast-paced comedy featuring P.G. Wodehouse's iconic double act. Winner of the 2014 Olivier Award for Best New Comedy. When a country house weekend takes a turn for the worse, Bertie Wooster is unwittingly called on to play matchmaker – reconciling the affections of his host's drippy daughter Madeline Bassett with his newt-fancying acquaintance Gussie Fink-Nottle. If Bertie, ably assisted by the ever-dependable Jeeves, can't pull off the wedding of the season he'll be forced to abandon his cherished bachelor status and marry the ghastly girl himself! Based on P.G. Wodehouse's delightfully bonkers stories, especially *The Code of the Woosters*, the Goodale Brothers' dramatisation premiered at the Duke of York's Theatre, West End, in November 2013, prior to a UK tour. Written for a cast of three, who play multiple roles, this adaptation will suit any theatre company or drama group looking for a comic play to perform.

Something Fresh

In 1915, and for the next decade or so, P.G. Wodehouse's fictional world mushroomed within his imagination. His best-known creations, Jeeves and Bertie, arrived in that year, as did Lord Emsworth and many of the Blandings circle; the Oldest Member teed off in 1919; the Drones Club threw open its doors in 1921; a new, thoroughly improved Stanley Featherstonehaugh Utridge returned to the fold in 1923, and Mr Mulliner sipped his first hot scotch and lemon at the bar parlour of the Angler's Rest in 1926. Plum would steadily re-visit these characters and locations for another half-century, interspersing his tales with one off novels, stories and further, less voluminous sub series until his death in 1975. These were truly golden years, with Plum at the height of what he called his "mid-season form". Paul Kent continues his groundbreaking study of Wodehouse's imagination by casting a fresh eye over his created world, whose characters and stories have made our world feel better about itself for well over a century.

Full Moon

A P.G. Wodehouse novel Seize this wonderful chance to embark on a Wodehousian voyage on the luxurious liner S.S. Atlantic - in the company of Monty Bodkin, whose passion for Gertrude Butterwick knows no bounds (except those set by the wild-at-heart Hollywood starlet Lotus Blossom and her pet alligator). Also aboard are a movie mogul, the centre-forward for the All-England ladies hockey team and the two Tennyson brothers (one of whom has been mistaken for the late poet laureate and given a fat movie contract...). Also a chatty steward, and a mouse doll in which all manner of things can be hidden. This hilarious comic novel is Wodehouse at full sail - a voyage of pure delight.

The Swoop! Or, How Clarence Saved England

"[Blandings] is an entire world unto itself and, one senses, Wodehouse pours into it his deepest feelings for England." —Stephen Fry The Honourable Galahad Threepwood has decided to write his memoir—a tell-all that could destroy polite society. Everyone wants this manuscript gone, particularly Lord Emsworth's neighbor Sir Gregory Parsloe-Parsloe, who would do anything to keep the story of the prawns buried in the past. But the memoir isn't the only problem. A chorus girl disguised as an heiress, a double-dealing detective, a stolen prize-winning sow, and a crazy ex-secretary are only a few of the complications that must be dealt with before everyone can have their happy ending.

Pelham Grenville Wodehouse, V3

"An invaluable portrait, thanks to a broad, incisive and complex understanding of Wodehouse's psyche." --Janet Maslin, New York Times To Evelyn Waugh he was simply "the Master." He wrote ninety novels and story collections, and among his immortal characters are Jeeves, Psmith, and the Empress of Blandings (who is, of course, a pig). Equally impressive is the range of his devotees: Dorothy Parker, John Updike, Ludwig Wittgenstein, Salman Rushdie, John le Carre, and Seamus Heaney. Wodehouse had an extraordinary Broadway career, working with Guy Bolton and Jerome Kern, and even dared to rewrite Cole Porter's Anything Goes for the London stage. Robert McCrum's magisterial biography chronicles the achievements and shadows of a gilded life. The ill-judged broadcasts from Berlin, where Wodehouse was interned during World War II, produced a violent backlash in England and tarred him, unfairly, as a Nazi sympathizer. His long love affair with America was compromised by endless acrimony with the IRS. This is the book all Wodehouse fans have been waiting for; it eclipses all previous accounts of his life. An Economist Best Book of 2004.

The Well of Loneliness

This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel *The Unlit Lamp* (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy *The Forge* (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel *The Well of Loneliness* (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

At Home in Exile

This is a story of a girl's construction of her identity, and of her family's search for a place in the world, for the Heimat that is so resonant for those of German background. We follow Helga through an adventurous childhood in Iran, whose vast open spaces her mother called 'my spiritual home'. Her engineer father worked on a grand scale, designing and laying roads and railways, and tunnelling through mountain ranges. Then came the invasions of World War II, and the family, half-German, half-Austrian, found themselves on a long voyage to Australia, designated enemy aliens. They were interned for nearly five years in the dusty Victorian countryside. On their release at the end of the War, stranded in Melbourne, they sought another home. The children were dispatched to convents, and at the Academy of Mary Immaculate, Helga found a temporary homeland, in faith. Everyday life in the Australia of the late 1940s and early 1950s is freshly seen by this feisty, loving migrant family. Through their eyes, we encounter a strange place, Australia, as if for the first time. Helga's development from a thoughtful, sensitive child to a self-possessed young woman, wrestling with her faith and with how to live a decent life, is vividly recounted.

Psychoanalytic Perspectives on Puberty and Adolescence

Puberty is a time of tumultuous transition from childhood to adulthood activated by rapid physical changes, hormonal development and explosive activity of neurons. This book explores puberty through the parent-teenager relationship, as a "normal state of crisis"

Imperial Leather

Imperial Leather chronicles the dangerous liaisons between gender, race and class that shaped British imperialism and its bloody dismantling. Spanning the century between Victorian Britain and the current struggle for power in South Africa, the book takes up the complex relationships between race and sexuality, fetishism and money, gender and violence, domesticity and the imperial market, and the gendering of nationalism within the zones of imperial and anti-imperial power.

Boy in Darkness

Essential reading for students of Japanese society, *An Introduction to Japanese Society* now enters its third edition. Here, internationally renowned scholar, Yoshio Sugimoto, writes a sophisticated, yet highly readable and lucid text, using both English and Japanese sources to update and expand upon his original narrative. The book challenges the traditional notion that Japan comprises a uniform culture, and draws attention to its subcultural diversity and class competition. Covering all aspects of Japanese society, it includes chapters on class, geographical and generational variation, work, education, gender, minorities, popular culture and the establishment. This new edition features sections on: Japan's cultural capitalism; the decline of the conventional Japanese management model; the rise of the 'socially divided society' thesis; changes of government; the spread of manga, animation and Japan's popular culture overseas; and the expansion of civil society in Japan.

Child Molesters

Paul John Eakin's earlier work *Fictions in Autobiography* is a key text in autobiography studies. In it he proposed that the self that finds expression in autobiography is in fundamental ways a kind of fictive construct, a fiction articulated in a fiction. In this new book Eakin turns his attention to what he sees as the defining assumption of autobiography: that the story of the self does refer to a world of biographical and historical fact. Here he shows that people write autobiography not in some private realm of the autonomous self but rather in strenuous engagement with the pressures that life in culture entails. In

so demonstrating, he offers fresh readings of autobiographies by Roland Barthes, Nathalie Sarraute, William Maxwell, Henry James, Ronald Fraser, Richard Rodriguez, Henry Adams, Patricia Hampl, John Updike, James McConkey, and Lillian Hellman. In the introduction Eakin makes a case for reopening the file on reference in autobiography, and in the first chapter he establishes the complexity of the referential aesthetic of the genre, the intricate interplay of fact and fiction in such texts. In subsequent chapters he explores some of the major contexts of reference in autobiography: the biographical, the social and cultural, the historical, and finally, underlying all the rest, the somatic and temporal dimensions of the lived experience of identity. In his discussion of contemporary theories of the self, Eakin draws especially on cultural anthropology and developmental psychology.

The Titus Books

San Francisco is the endgame of gentrification, where racialized displacement means that the Black population of the city hovers at just over 3 percent. The Robeson Justice Academy opened to serve the few remaining low-income neighborhoods of the city, with the mission of offering liberatory, social justice--themed education to youth of color. While it features a progressive curriculum including Frantz Fanon and Audre Lorde, the majority Latinx school also has the district's highest suspension rates for Black students. In *Progressive Dystopia* Savannah Shange explores the potential for reconciling the school's marginalization of Black students with its sincere pursuit of multiracial uplift and solidarity. Drawing on ethnographic fieldwork and six years of experience teaching at the school, Shange outlines how the school fails its students and the community because it operates within a space predicated on antiblackness. Seeing San Francisco as a social laboratory for how Black communities survive the end of their worlds, Shange argues for abolition over revolution or progressive reform as the needed path toward Black freedom.

Touching the World

Individuals decide, in the present, how to recall the past, and, in the process, imbue the past with meaning that has evolved over time and is relevant in the present." "Tracing the changing meanings of the term over time, considering its connection to memory, analyzing its relationship with identity, and exploring the way in which nostalgia is used personally and collectively constitute the main thrust of the book."--Jacket.

A Woman's Thoughts about Women

NATIONAL BESTSELLER • The lives of three women—transgender and cisgender—collide after an unexpected pregnancy forces them to confront their deepest desires in “one of the most celebrated novels of the year” (Time) “Reading this novel is like holding a live wire in your hand.”—Vulture Named one of the Best Books of the Year by more than twenty publications, including The New York Times Book Review, Entertainment Weekly, NPR, Time, Vogue, Esquire, Vulture, and Autostraddle PEN/Hemingway Award Winner • Finalist for the Lambda Literary Award, the National Book Critics Circle Award, and the Gotham Book Prize • Longlisted for The Women’s Prize • Roxane Gay’s Audacious Book Club Pick • New York Times Editors’ Choice Reese almost had it all: a loving relationship with Amy, an apartment in New York City, a job she didn't hate. She had scraped together what previous generations of trans women could only dream of: a life of mundane, bourgeois comforts. The only thing missing was a child. But then her girlfriend, Amy, detransitioned and became Ames, and everything fell apart. Now Reese is caught in a self-destructive pattern: avoiding her loneliness by sleeping with married men. Ames isn't happy either. He thought detransitioning to live as a man would make life easier, but that decision cost him his relationship with Reese—and losing her meant losing his only family. Even though their romance is over, he longs to find a way back to her. When Ames's boss and lover, Katrina, reveals that she's pregnant with his baby—and that she's not sure whether she wants to keep it—Ames wonders if this is the chance he's been waiting for. Could the three of them form some kind of unconventional family—and raise the baby together? This provocative debut is about what happens at the emotional, messy, vulnerable corners of womanhood that platitudes and good intentions can't reach. Torrey Peters

brilliantly and fearlessly navigates the most dangerous taboos around gender, sex, and relationships, gifting us a thrillingly original, witty, and deeply moving novel.

Progressive Dystopia

This volume offers introductions to the work of fifteen avant-garde American women filmmakers.

The Female Eunuch

"Stott finds that male behavior could be strikingly similar in diverse locales, from taverns and boarding-houses to college campuses and sporting events. He explores the permissive attitudes that thrived in such male domains as the streets of New York City, California during the gold rush, and the Pennsylvania oil fields, arguing that such places had an important influence on American society and culture. Stott recounts how the cattle and mining towns of the American West emerged as centers of resistance to Victorian propriety. It was here that unrestrained male behavior lasted the longest, before being replaced with a new convention that equated manliness with sobriety and self-control."

Nostalgia

In *Mirrors*, Galeano smashes aside the narrative of conventional history and arranges the shards into a new pattern, to reveal the past in radically altered form. From the Garden of Eden to twenty-first-century cityscapes, we glimpse fragments in the lives of those who have been overlooked by traditional histories: the artists, the servants, the gods and the visionaries, the black slaves who built the White House, and the women who were bartered for dynastic ends

Detransition, Baby

Explores the religion developed by the Quanzhen Taoists, who sought to cultivate the mind not only through seated meditation, but also throughout the daily activities of life.

***WINNER, 2010 Nautilus Silver Book Award – Cosmology/New Science Gaia theory argues that the flora and fauna of the planet operate in a self-regulating web that keeps the world livable. According to the theory, humankind is the most powerful species in this web and also its biggest threat. This provocative book explores ways to minimize and ultimately eliminate this threat with love and intimacy. Controversial Italian author Serena Anderlini-D'Onofrio has authored the first global ecology study based on an analysis of human health. Anderlini-D'Onofrio identifies her remedy within the context of Gaia theory, re-envisioning it as a more inclusive philosophy that positively impacts not only relationships, but world ecology under duress. The author links human sexuality to the global ecosystem, claiming that freedom from fear will stimulate a holistic health movement powerful enough to heal relationships and restore planetary balance. *Gaia and the New Politics of Love* is bracing in its range, weaving together issues of human and global health; the relationship of politics, sexuality, and ecology; practices and styles of love; the changing roles of eroticism and gender in our lives; and polyamory, bisexuality, and the AIDS reappraisal movement. Clarification Statement from the Author The argument of this book emphasizes the arts of loving as a way to help humanity make peace with our hostess Gaia, the third planet. Some of these arts involve sharing emotional resources and amorous partners. Often, the arts of loving require the use of barriers: mechanical protections such as condoms. At times they do not because only tantric energies are exchanged. The author of this book is persuaded that barriers are recommendable when sexual practices result in the exchange of deep body fluids, unless previous fluid-bonding arrangements have been made. The author is also persuaded that good practices of holistic health contribute to strengthening the immune systems of those who engage in the arts of loving. Safety practices are important in making the arts of loving healthy regardless of what factors are involved in the syndromes most prevalent today, including AIDS and other conditions in the STD spectrum. Historically, disagreement has moved knowledge forward: Today's science is the result of yesterday's disagreements and controversies. The author believes in critical thinking and she respects dissidence in science today, including Gaia science, reappraisals of AIDS, and holistic medicine. She hopes her readers will be open to hearing more than one side of a story. This statement and the contents of this book do not constitute medical advice in any way. Readers are invited to consult their own healers and health care providers. Serena Anderlini-D'Onofrio, PhD Author of *Gaia and the*

Wasn't that the whole point of being alive? ... To ask the right questions, not just as a journalist but as a human being? To not just examine other people's dark, cold, self-hating, contradictory, disconnected places, but to examine one's own, given that this was possibly the most uncomfortable inquiry one could ever undertake? ... not to rush to one position or another, but to allow disparate ideas to co-exist, within ourselves and within others. To begin to know oneself, and to begin to know that we don't know. More than a decade ago, journalist David Leser started writing a biography of his famous father, legendary magazine publisher, Bernard Leser. But David couldn't finish the project because he didn't want to employ his investigative and forensic feature writer's skills to unmask his father - to do so seemed utterly at odds with his desire to be the loving son he wanted to be. But freed from the obligation of having to think of his father as a book project, David started seeing him as a man, as both a son and a father, as someone loved and familiar but also flawed and unknowable. And the harder he looked at his father, the more he saw himself and how his own life had been lived both in tribute to and rebellion from the legacy of his father. A lyrical, deeply moving and searingly honest memoir of two men, father and son, and their shared truths and burdens, *To Begin to Know* is a story of love and forgiveness, of acceptance and hope. It goes to the heart of a family - the hearts of all families - and asks questions crucial to us all.

Mirrors

The instant Sunday Times bestseller from the UK's number one true crime podcast, *RedHanded!* What is it about killers, cults, and cannibals that capture our imaginations even as they terrify and disturb us? How do we carefully consume these cases and what can they teach us about what makes victims and their murderers our collective responsibility? *RedHanded* rejects the outdated narrative of killers as monsters and that a victim 'was just in the wrong place at the wrong time.' Instead, it dissects the stories of killers in a way that challenges perceptions and asks the hard questions about society, gender, poverty, culture, and even our politics. With Bala and Maguire's trademark humour, research on real-life cases, and unflinching analysis of what makes a criminal, the authors take you through the societal, behavioural, and cultural drivers of the most extreme of human behaviour to find out once and for all: what makes a killer tick?

The Teachings and Practices of the Early Quanzhen Taoist Masters

Zachariel Wilder is adored by some as a rockstar, abhorred by others as one of the original seven Alpha Angels, and feared by more as a demonic fallen angel. He prides himself on control-over his emotions, over his body, and over his beastly side. But mostly, over those that take the chance to play by the golden weredragon's rules, where he is Lord and Master. So you can imagine his surprise when he finds his jade heart ensnared by the spell of a little Arborian witch. Alluna is sweet, innocent, untouched, and Zak can't get her out of his mind. It's driving him insane. Alluna needs punishment for daring to enslave his heart. Now, if he can only convince himself he really wants to break the spell...especially when loving her feels sooo right.

Gaia and the New Politics of Love

THE FINAL PART OF THE MIGHTY GORMENGHAST TRILOGY 'I would not for anything have missed Gormenghast' C S Lewis In this final part of the trilogy, we follow Titus, now almost twenty, as he escapes from the Castle, flees its oppressive Ritual, and becomes lost in a sandstorm. Helped by the owner of a travelling zoo, Muzzlehatch, and his ex-lover Juno, Titus ends up stranded in a big, bustling city. No one there having heard of Gormenghast, the general consensus is that the boy is deranged, and with no papers, he's soon arrested for vagrancy. But there are a few people who believe in his story, or at least who are intrigued by it, and they try to help him. And now Titus, the deserter, the traitor, longs for his home, and looks for it all the time to prove, if only to himself, that Gormenghast is truly real. '[The Gormenghast Trilogy] is one of the most important works of the imagination to come out of the age that also produced *The Four Quartets*, *The Unquiet Grave*, *Brideshead Revisited*, *The Loved One*, *Animal Farm* and *1984*.' Anthony Burgess

The Underground History of American Education

Sexuality is an integral part of our lives, and our identities. But how do we study it? Written in a lively and accessible style, Studying Sexualities aims to introduce students to the critical study of sexuality, taking a look at the major theories, media representations, and cultural practices. After having carefully explained the key theoretical and empirical debates on the subject – outlining Foucauldian Constructionism, Psychoanalysis, and Queer Theory - the authors draw on their own original research to address timely topics related to gender, sexuality, and popular culture. Contemporary examples used within the book include discussions of sex shops, cybersex, and sex toys, the TV series Sex and the City, Will and Grace and The L Word, and the immensely popular Twilight books. Studying Sexualities is essential reading for undergraduate and postgraduate students on Cultural, Media, Film, or visual Studies, or Sociology and Sexuality courses, who are interested in researching the fascinating complexities of sexuality today. NIALl RICHARDSON is a lecturer at the University of Sussex, and CLARISSA SMITH and ANGELA WERNDLy are lecturers at the University of Sunderland, UK. This book is the culmination of their considerable teaching and writing experience within the field of sexualities. Their specific research interests include feminism and popular culture, queer theory, the body and consumption.
