In Genesis. God said, "Let us create man in our own image..." and they did. But did they expect us to turn out this way? A people plagued with trouble, lack and sin? Do they now question God about us? "Why Master, do You love them so?" Why do you give them chances over and over?

At least I know John. and I know Psalm 8.

The Seeker and the Monk

WINNER of the 2021 Thomas Merton Award awarded by The International Thomas Merton Society What if we truly belong to each other? What if we are all walking around shining like the sun? Mystic, monk, and activist Thomas Merton asked those questions in the twentieth century. Writer Sophronia Scott is asking them today. In The Seeker and the Monk, Scott mines the extensive private journals of one of the most influential contemplative thinkers of the past for guidance on how to live in these fraught times. As a Black woman who is not Catholic, Scott both learns from and pushes back against Merton, holding spirited, and intimate conversations on race, ambition, faith, activism, nature, prayer, friendship, and love. She asks: What is the connection between contemplation and action? Is there ever such a thing as a wrong answer to a spiritual question? How do we care about the brutality in the world while not becoming overwhelmed by it? By engaging in this lively discourse, readers will gain a steady sense of how to dwell more deeply within--and even to love--this despairing and radiant world.

The Artist's Way: A Spiritual Path to Higher Creativity

Presents a twelve-week program intended to increase creativity by capturing the creative energy of the universe.

The Artist's Way

On the far eastern borders of the Soviet Union, in the sunset of Stalin's reign, soldiers are training for a war that could end all wars, for in the atomic age man has sown the seeds of his own destruction. Among them is Pavel Gartsev, a reservist. Orphaned, scarred by the last great war and unlucky in love, he is an instant victim for the apparatchiks and ambitious careerists who thrive within the Red Army's ranks. Assigned to a search party composed of regulars and reservists, charged with the recapture of an escaped prisoner from a nearby gulag, Gartsev finds himself one of an unlikely quintet of cynics, sadists and heroes, embarked on a challenging manhunt through the Siberian taiga. But the fugitive, capable, cunning and evidently at home in the depths of these vast forests, proves no easy prey. As the pursuit goes on, and the pursuers are struck by a shattering discovery, Gartsev confronts both the worst within himself and the tantalising prospect of another, totally different life. Translated from the French by Geoffrey Strachan

The Archipelago of Another Life

All too often we yearn for a more spiritual life but tell ourselves it's too difficult. But the smallest prayer is heard and answered. The simplest overture meets with a loving response. Each of the prayers in this book is a starting point. Taken collectively, they offer an approach to the Divine that is powerful as well as simple. These prayers not only allow us to reach out to God, but they allow the Divine Energy to reach out to us. The book is called *Life Lessons* because each entry is a corrective to commonly held misconceptions of the divine. Like the postures assumed in hatha yoga, they stretch us gently. Through these prayers, we learn more of ourselves and the divine.

The Complete Artist's Way

How do dreams come true? Two decades ago, before he was an internationally acclaimed author and teacher, Gay Hendricks didn't know. In fact, he didn't even know what his deepest desires were. Then, when he least expected it — at a cocktail party — a question prompted an epiphany. The opposite of the small talk he dreaded at such gatherings, the simple question of a fellow partygoer was big enough to alter the course of Hendricks's personal, professional, and spiritual life. Hendricks shares that catalyzing conversation here, turning it into a powerful, step-by-step process that anyone can use to clarify their dreams, overcome the obstacles that stand in their way, and experience their joyful fulfillment.

Five Wishes

In *The Creative Life*, bestselling author of *The Artist's Way* Julia Cameron parts the curtain on her own life to reveal a world rich with creative possibility. According to Julia Cameron, when we allow our creative spirit to serve as our compass, we discover that the art we have always longed to create is suddenly within our grasp. In this book, she shows readers how to use their creative hearts and minds to cultivate lives that nourish and sustain their art. Through beautifully drawn scenes from her own life, as well as the lives of the many artists around her, Cameron reveals that creativity flourishes during the quiet pauses in our lives—and that it is only when we allow ourselves to slow down and savor life that we uncover ways to depict it sensitively and poetically in our art.

The Creative Life

Despite checking off the boxes of worldly accomplishments, most high-achieving women are secretly dissatisfied. They feel stuck in lives that look perfect on the outside, yet on the inside, they're unfulfilled,

plagued by the nagging feeling that there's got to be more. They feel guilty and ungrateful for feeling trapped in lives that are so good. They disown their pain, or numb it with excessive work, eating, drinking, shopping, social media, or exercising. They search for solutions in books, meditation, yoga, therapy, medication, and workshops, but something is still missing. They wonder: What's wrong with me? Dr. Valerie Rein has worked with hundreds of high-achieving women and discovered that the issues they all struggle with are not just personal--they're rooted in the ancestral and collective trauma experienced by women in the patriarchal world for millennia. In *Patriarchy Stress Disorder*, Dr. Rein describes how this trauma creates an invisible inner prison, that holds them back from stepping into the full power of their authentic presence, unbridled joy, outrageous success, freedom, and fulfillment. In this book, Dr. Valerie explains: - Why you're dissatisfied in spite of your achievements, and why it's not your fault. - What secretly drains 90 percent of your time and energy, and how to reclaim it. - How to upgrade your game of "How much can I bear?" to "How good can it get?"
