Stolen from Her Mother: An Utterly Heartbreaking World War Two Page-turner Set Between Ireland and America

With a broken heart, she sinks to the ground. Tears run down her face as the truth hits her. "You can't do this. She's my daughter, my flesh and blood. I'll never stop looking for her. Never. No matter what you say or do, I'll find her." Galway, Ireland. 1941: While war rages across the world, Kate struggles on her family farm by the wild Atlantic Ocean. Living off rations and looking after her sick father, she doesn't dare dream of falling in love. But when she meets American airman, Tony, whose blue eyes are as stormy as the sea, her life collides with the war in ways she never imagined... They fall madly in love, stealing kisses in the rolling fields, and Tony vows to make her his wife. Their time is cut short when Tony leaves for war, promising to come back for her. Only then does Kate learn she is carrying his child--but when her family find out, she is shunned and banished to a Magdalen Laundry. Imprisoned

in the home for unmarried mothers, where the windows are covered in barbed wire, the girls survive on scraps and sleep in a crammed dormitory. Kate writes to Tony to tell him about their child, but she never hears back... Is he even still alive? And when she gives birth to baby Eva, Kate's worst nightmare comes true: her precious child is sold to a stranger. But she made a promise to her darling daughter, and she'll never stop looking for her. Can Kate escape, save her child and reunite her family before it's too late? A heartbreaking, tear-jerking and completely unputdownable World War Two page-turner about the power of a mother's love, and the devastating effects of the war. Fans of *Before We Were Yours*, *Orphan Train* and *Diney Costeloe* will be utterly glued to this unforgettable novel. Readers love *Stolen from Her Mother*: "Captivated right from the very start and gripped me in its pages until the very end. I couldn't put it down and read it in a few hours... It is so well written with great character development and a storyline that is intensely raw and deals with real situations and issues in a really sensitive way... I was brought to tears... I haven't been able to stop thinking about it. This is a truly heart-wrenching and emotionally destroying read. I loved it, I cannot wait to reread it." Goodreads reviewer, PIf I could give this book 10 stars, I would gladly do it. A beautiful story, tear jerking, breathlessly heartbreaking." Goodreads reviewer, PDear moms! While the tears in my eyes are drying up, I am writing this letter to all women, especially to moms, because I want to recommend you a wonderful book about a young girl Kate. It is not just a love story or fiction book, it's a great work of art... After reading the book you will never be the same!... My heart was torn to pieces... Brilliant... I am sure that you will love this amazing book as I did." Goodreads reviewer, PA heartbreaking, tear-jerking and completely unputdownable World War Two page-turner. Sheer escapism, beautifully written, I will now look for more of this author's work." NetGalley reviewer

A Life's Work

'An incitement to riot . . . It's an extraordinary piece of work and the writing is utterly beautiful . . . I laughed out loud, often, in painful recognition.' Esther Freud 'As compulsive as a thriller.' Kate Kellaway, Observer 'Thank god for Rachel Cusk's beautifully written and compelling memoir.' Claire Messud, Guardian Books of the Year 'Cusk is not afraid to address frankly the grief for freedom lost, the despair, pain, boredom and guilt - all in the context of the mother's unspeakable love for the baby . . . Perhaps the most beautifully written and moving book on the subject.' Stephanie Merritt, Observer *A Life's Work* is Rachel Cusk's funny, moving, brutally honest account of her early experiences of motherhood. An education in babies, books, breast-feeding, toddler groups, broken nights, bad advice and never being alone, it is a landmark work, which has provoked acclaim and outrage in equal measure.

Life's Work

A mother and child share an inexplicable bond. In this story, a mother tells how the sweet innocence of a child takes her to her own special place. It is a reassuring story of how a mother and child are always close at heart. *A Mother's Special Place* is a book that both children and adults will enjoy over and over again.

A Mother's Special Place

Rachel Comforted

Full of warmth and nostalgia, Rachel shares culinary inspiration passed down through the generations.

Recipes from My Mother

From New York Times bestselling author Rachel Gibson comes the story of a mother-daughter journey to rediscover the past before it disappears forever. Lou Ann Hunter's mother, Patricia, has always had a passionate nature, which explains why she's been married and divorced five times and spooned enough male patients to be ousted from three elderly care facilities. She also has Alzheimer's, which is why she wants to spend the rest of her life surrounded by childhood memories at Sutton Hall, her family's decrepit plantation home in Louisiana. Lou Ann, a.k.a. Lulu the Love Guru, has built an empire preaching sex, love, and relationship advice to the women of America—mostly by defying the example her mother has set for her. But with Patricia suddenly in need of a fulltime caretaker, Lou Ann reluctantly agrees to step out of the spotlight and indulge her mother's wishes, even if it means trading in her Louboutins and Chanel N°5 for boots and mosquito repellent. Upon her arrival at Sutton Hall, Lou Ann discovers that very little functions as it should—least of all Patricia's mind. And as she adjusts to this new and inevitably temporary dynamic with the help of a local handyman and a live-in nurse, she is forced to confront the reality that neither her nor her mother's future is going according to plan. Heartrending at times and laugh-out-loud funny at others, *How Lulu Lost Her Mind* is the book for everyone and their mother. Fans of Emily Giffin, Kristan Higgins, and Jill Shalvis won't be able to forget it.

How Lulu Lost Her Mind

The Prayers of Rachel is a journey into the lives of April and her sons during some of the darkest days of their lives. Newly estranged from her husband, April faces the backlash that the estrangement has had on her sons. Once children of faith, drinking, doing drugs, and breaking the law are all a part of the downward spiral that the boys went headlong into. April held on tightly to a faith that at times she was sure would break. In the midst of some of her darkest hours, she learned that peace comes through faith in a big God. April also learned how to rely on prayer to calm some of the greatest, tumultuous storms she has ever experienced. "Amen, amen, my beautiful sister in Christ. I love this message and I must share it with others. God bless you WOG." --a friend "Hanging on the edge of my seat to read the next chapter!" --a friend

The Prayers of Rachel

An "extraordinary" page-turning generational saga about a young man's search for a parent he never knew, and a moving portrait of motherhood, race, and the truths we hide in the name of family (Alice Walker, Pulitzer Prize-winning author of *The Color Purple*) Jenry Castillo is a musical prodigy, raised by a single mother in Miami. He arrives at Brown University on a scholarship—but also to learn more about his late father, Jasper Patterson, a famous ballet dancer who died tragically when Jenry was two. On his search, he meets his estranged grandfather, Winston Patterson, a legendary professor of African American history and a fixture at the Ivy League school, who explodes his world with one question: Why is Jenry so focused on Jasper, when it was Winston's daughter, Juliet, who was romantically involved with Jenry's mother? Juliet is the parent he should be looking for—his other mother. Revelation follows revelation as each member of Jenry's family steps forward to tell the story of his origin, uncovering a web of secrecy that binds this family together even as it keeps them apart. Moving seamlessly between the past and the present, *The Other Mother* is a daring, ambitious novel that celebrates the complexities of love and resilience—masterfully exploring the intersections of race, class, and sexuality; the role of biology in defining who belongs to whom; and the complicated truth of what it means to be a family.

The Other Mother

Becoming a parent is one of life's greatest joys - and one of its greatest challenges. It is a time when we need a helping hand. In *The Baby Book*, Rachel Waddilove shares the wisdom of her considerable professional and personal experience to help parents through the first year of their child's life. This reassuring book includes advice on: - breastfeeding and bottle feeding - establishing a flexible routine - sleep issues and getting your baby to sleep through the night - crying - introducing solid food - travelling with your baby Since its first publication in 2005, thousands of new parents have benefitted from *The Baby Book*. If you are an expectant or new parent, and want the best for your baby, Rachel's down-to-earth style and wealth of experience make this an essential guide.

RACHEL COMFORTED

Her heart torn in two after sending her children away on the Kindertransport, Trudi Beck stays behind in Berlin, devastated, to face the dangers of war alone.

The Baby Book

In this touching and intimate memoir, Edith Money Maturin shares conversations with her young daughter as she navigates the darkness of grief after the loss of her husband. This poignant book is a testament to the strength and resilience of the human spirit. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. A Mother's Promise

Rachel and Shirley. Two women from different decades in Jonathan Harvey's *The Years She Stole*. Somehow their lives are entwined and neither can know the impact one woman will have on the other until it's way too late . . . 2017 Pregnant Rachel Taylor is enjoying a holiday in Morocco when she gets the phone call to say her mother hasn't got much time left to live. With a head of mixed emotions she returns to the village where she grew up to say her last goodbyes. It's true to say their relationship had often been strained and Rachel had never quite understood why. When clearing out her mother's things she thinks she finds an answer, and her world is changed forever. 1978 Shirley Burke is on a family holiday at Butlin's when she first sets eyes on Doug, a man considerably older than herself. When his daughter goes missing one night, Shirley's the one who finds her and returns her to him. When his gratitude turns into something else, Shirley realizes this is her time to shine. But Doug is married, and her young life is about to get very complicated.

Rachel Comforted

This practical journal provides a place to record your experiences, your memories and to track your baby's development.

The Years She Stole

Who's Going To Watch My Kids? is the true story of working mom Rachel Levy Lesser's struggles to find and hold on to a nanny for her two young children. It also includes the stories of 15 other working moms and their humorous and heartfelt nanny tales. Each mother longs to employ the modern day Mary Poppins - that perfect nanny who they soon learn doesn't exist. This book explores the unique relationships that develop between working mothers (and fathers) and the nannies and the kids they care for. These relationships are more than professional yet not as intimate as familial ones (or sometimes even more so!) The working mothers in this book, Rachel included, put up with more issues from their nannies than they ever would with their employees in their offices, but in turn they also learn many lessons from their nannies and grow closer than they ever imagined. Rachel includes her own nanny rules based off of lessons learned from her experiences and those of the other mothers in the book.

The Baby Book Journal

Full-time FindingJoy.net blogger, speaker, marketer, podcaster, and single mom of seven, Rachel Marie Martin presents a rallying cry to anyone who believes the lie that she is "just a mom." Over the years, you willingly pour everything you have into your family, but in the process, you lose the essence of who you are. In her characteristic raw and visceral style, Rachel teaches you how to rewrite the pages of your story, follow your passion, and discover the beauty of who you are. Drawing on lessons from her own incredible journey--together with insight from conversations with thousands of other women--Rachel encourages moms to break cycles, take off masks, and prevent fear from taking control. She balances her "no excuses" approach with breathing room and grace for those messy moments in life and mothering. Rachel reminds you there is always a reason to hope, to move forward, and to dare the impossible. You can make changes. You can pursue dreams, find yourself, and live a life of deep happiness and boundless joy. Stop waiting for "someday." Take hold of the moment, and say yes to your dreams.

Who's Going to Watch My Kids?

An account by Rose Calally of the tragic death of her daughter Rachel.

Rachel Comforted

Bestselling author BJ Hoff promises to delight her many faithful readers with her compelling new series, *The Riverhaven Years*. With the first book, *Rachel's Secret*, Hoff introduces a new community of unforgettable characters and adds the elements readers have come to expect from her novels: a tender love story, the faith journeys of people we grow to know and love, and enough suspense to keep the pages turning quickly. When the wounded Irish American riverboat captain, Jeremiah Gant, bursts into the rural Amish setting of Riverhaven, he brings chaos and conflict to the community--especially for young widow, Rachel Brenneman. The unwelcome "outsider" needs a safe place to recuperate before continuing his secret role as an Underground Railroad conductor. Neither he nor Rachel is prepared for the forbidden love that threatens to endanger a man's mission, a woman's heart, and a way of life for an entire people.

The Brave Art of Motherhood

What happens when you discover that the person you admire, love and trust most of all has secretly discredited your integrity for most of your life—even on their deathbed? Rebecca Painter's frank, far-flung and often funny exploration of a painful mother-daughter relationship is for anyone challenged by hidden as well as open assaults on their character. To understand and heal her deep-rooted/lifelong trauma, the author transports readers across the Pacific to her mother's youth in the outback of 1920s New Zealand, and Rachel's fateful voyage to the Pacific Northwest in 1939. Did a telegraph error ruin her engagement to the man she called the love of her life? Why would she quickly marry an American cult leader, Rebecca's father, whose paranormal influence lingers after his untimely death? We witness the family's survival struggles, and Rebecca's challenges as an outsider attending an elite women's college—which resemble the barriers her mother faced in the British class system. Rebecca's dream of a scholarly career is deferred, but her prayers are answered by the chance to care for and be reconciled with her dying mother. [LOVE] *RACHEL* speaks of believable miracles, and—despite decades of soul-wrenching negative judgments—how personal integrity can be defended and empowered from within. "A gripping, haunting journey of forgiveness. Despite her mother's harsh judgments, Rebecca learns to love herself, have compassion for her mother...and comes to terms with their demons. Her memoir is a lyrical and intelligent page-turner and an inspiration." —Carole Mallory, actress, supermodel, author of *Picasso's Ghost*, *Loving Mailer*, and *Flash* "Rebecca Painter's wonderful memoir examines the compelling, dramatic and puzzling events of her mother's life, in her struggle to understand their fraught relationship.... As a daughter, I consider this to be more than just a great story. It is a truly important read about human relations." —Miriam Katin, artist, author of award-winning illustrated memoir *We Are on Our Own and Letting It Go* "A daringly honest, amazing account of a complex, always fascinating relationship." —Lee J. Strauss, author of *The First Language* and *Toward a Biology of Culture*

Remembering Rachel

As Rachel's family slowly crumbles under the pressure of a man who refuses to accept his children for what they are, Rachel is forced to ever greater extremes in order to free herself from his crushing grip, in this compelling and beautifully written memoir.

Rachel's Secret

NATIONAL BESTSELLER SHORTLISTED for the 2021 Kobo Emerging Writer Prize "A comedy for catastrophic times." --CBC "A hilarious memoir of effervescent misadventures." --Toronto Star "How am I laughing at someone's mother's cancer? How? We think we can't laugh about death, about cancer, about our mothers and their suffering . . . and we can't, but we can. And there's so much relief in that." --Carolyn Taylor, *BARONESS VON SKETCH SHOW* A whip-smart and darkly funny memoir about an unconventional family, the limits of wellness fads, and the mother of all catastrophes. Rachel Matlow's eccentric mom, Elaine, never quite followed the script handed down to her. Her bold out-there-ness made it okay for Rachel to be their genderqueer self and live life on their own terms. But when Elaine decides to try to heal her cancer naturally, Rachel has to draw the line. What ensues is a tug of war between logical and magical thinking, an odyssey through New Age remedies ranging from herbal

tinctures and juice cleanses to a countryside ayahuasca trip, and a portrait of a mother and child who've never been physically closer or ideologically further apart. In facing their inimitable mother's death, Rachel has written a book bursting with life—the epic adventures and epic fails, the broken limbs and belly laughs. As hilarious as it is poignant, *Dead Mom Walking* is about writing the story of your life only to find out that life has other plans.

Memories of her Mother [i.e. Elizabeth Fry], in a letter to her sisters, by R. E. C. [i.e. Rachel E. Creswell.]

'this book is filled with recipes that look so very, very good to eat.' NIGELLA LAWSON 'it's refreshing that Rachel Ama is, in many ways, just herself' RUBY TANDOH OBSERVER RISING STAR OF FOOD, 2019 Find brilliant plant-based dishes that make cooking and enjoying delicious vegan food every day genuinely easy – and fun - in Rachel Ama's *Vegan Eats*. No bland or boring dishes, and forget all-day cooking. Rachel takes inspiration from naturally vegan dishes and cuisines as well as her Caribbean and West African roots to create great full-flavour recipes that are easy to make and will inspire you to make vegan food part of your daily life. Rachel's recipes are quick and often one-pot; ingredients lists are short and supermarket-friendly; dishes can be prepped-ahead and, most importantly, she has included a song with each recipe so that you have a banging playlist to go alongside every plate of delicious food. Cinnamon French toast with strawberries Chickpea sweet potato falafel Peanut rice and veg stir-fry Caribbean fritters Plantain burger Tabbouleh salad Carrot cake waffles with cashew frosting So if you share Rachel's attitude that vegan food should fit into your life with ease and pleasure – whether you are a fully fledged vegan looking for new ideas, want to reduce your meat intake, make more environmentally friendly food choices, or just keen to eat more veg – Rachel's genius cookbook is for you.

[LOVE] RACHEL: A Daughter's Memoir of Love, Betrayal and Grace

At 1.45am on New Year's Day, Rachel Moran left her mother's house to make the 20 minute walk back to her own flat. She never arrived. Rachel was just like many women of her age, loved by her family, adored by her boyfriend and with a bright future ahead of her. Her fatal mistake was to walk the mile or so alone to feed the kittens she and her boyfriend kept. She was taken from the street and brutally murdered by Michael Little. Her body wasn't discovered for a month. In an attempt to make sense of what happened that night and in the months that followed, her mother kept a diary of what happened. A harrowing and heart-wrenching story, the murder of Rachel Moran will stay with you forever.

Daddy's Rules

In *Rachel Carson and Her Sisters*, Robert K. Musil redefines the achievements and legacy of environmental pioneer and scientist Rachel Carson, linking her work to a wide network of American women activists and writers and introducing her to a new, contemporary audience. Rachel Carson was the first American to combine two longstanding, but separate strands of American environmentalism—the love of nature and a concern for human health. Widely known for her 1962 best-seller, *Silent Spring*, Carson is today often perceived as a solitary “great woman,” whose work single-handedly launched a modern environmental movement. But as Musil demonstrates, Carson's life's work drew upon and was supported by already existing movements, many led by women, in conservation and public health. On the fiftieth anniversary of her death, this book helps underscore Carson's enduring environmental legacy and brings to life the achievements of women writers and advocates, such as Ellen Swallow Richards, Dr. Alice Hamilton, Terry Tempest Williams, Sandra Steingraber, Devra Davis, and Theo Colborn, all of whom overcame obstacles to build and lead the modern American environmental movement.

Dead Mom Walking

THE RAY FAMILY. There are women who cannot grow alone as standard trees;—for whom the support and warmth of some wall, some paling, some post, is absolutely necessary;—who, in their growth, will bend and incline themselves towards some such prop for their life, creeping with their tendrils along the ground till they reach it when the circumstances of life have brought no such prop within their natural and immediate reach. Of most women it may be said that it would be well for them that they should marry,—as indeed of most men also, seeing that man and wife will each lend the other strength, and yet in lending lose none; but to the women of whom I now speak some kind of marriage is quite indispensable, and by them some kind of marriage is always made, though the union is often unnatural. A woman in want of a wall against which to nail herself will swear conjugal obedience sometimes to

her cook, sometimes to her grandchild, sometimes to her lawyer. Any standing corner, post, or stump, strong enough to bear her weight will suffice; but to some standing corner, post, or stump, she will find her way and attach herself, and there will she be married. Such a woman was our Mrs. Ray. As her name imports, she had been married in the way most popular among ladies, with bell, book, and parson. She had been like a young peach tree that, in its early days, is carefully taught to grow against a propitious southern wall. Her natural prop had been found for her, and all had been well. But her heaven had been made black with storms; the heavy winds had come, and the warm sheltering covert against which she had felt herself so safe had been torn away from her branches as they were spreading themselves forth to the fulness of life. She had been married at eighteen, and then, after ten years of wedded security, she had become a widow.

Rachel Ama's Vegan Eats

A play in two actsFor Heidegger the question "What is BEING?" is not only the most important question a philosopher can ask, it can only be grasped by THINKING it. Hannah Arendt, an 18-year-old student of Heidegger, is seduced by him. Rachel, a character, student, and intellectual partner of Hannah in the Play correctly says "I'm no match for the most metaphysical of men, Mama. He is holding the door open. Evil is not through with us."

Rachel Ray

Rachel is a 17-year-old student who falls in love with a VW Beetle. To raise the money to buy it, she starts work in a factory where she befriends a young man, P.T. She soon shares his fascination for electricity, then she begins to suspect his real intentions, but it may already be too late.

The Murder of Rachel

What to Expect When You're No Longer Expecting When your baby dies, you find yourself in a life you never expected. And even though pregnancy and infant loss are common, they're not common to you. Instead, you feel like a stranger in your own body, surrounded by well-meaning people who often don't know how to support you. What you need during this time is not a book offering easy answers. You need a safe place to help you navigate what comes next, such as: · Coping with a postpartum body without a baby in your arms. · Facing social isolation and grief invalidation. · Wrestling with faith when you feel let down by God. · Dealing with the overwhelming process of making everyday decisions. · Learning to move forward after loss. · Creating a legacy for your child. In *Unexpected*, bereaved mom Rachel Lewis is the friend you never knew you'd need, walking you through the unique grief of baby loss. When nothing about life after loss makes sense . . . this book will. "The guide that all parents experiencing pregnancy loss need when leaving the hospital grief-stricken, without a baby in their arms."--LINDSEY M. HENKE, founder of Pregnancy After Loss Support

Rachel Carson and Her Sisters

"This volume, presenting Calle's installation of Rachel Monique at the Palais de Tokyo, was designed in close collaboration with the artist." -- from www.artbook.com/9782365111171.html (viewed 20 October 2017).

Rachel Ray

Rachel is a Jew living in Kishinev, Russia. At fourteen, she has dreams of being a writer. But everything is put on hold when a young man is murdered and Rachel is forced to keep the murderer's identity a secret. Tensions mount and Rachel watches as lies and anti-Jewish propaganda leap off the pages of the local newspaper, inciting many to riot against the Jews. Violence breaks out on Easter Sunday, 1903, and when it finally ends, Rachel finds that the person she loves most is dead and that her home has been destroyed. Her main support comes surprisingly from a young Christian named Sergei. With everything against them, the two young people find comfort in their growing bond, one of the few signs of goodness and hope in a time of chaos and violence.

Rachel and Her Mother

An account by Rose Calally of the tragic death of her daughter Rachel

Rachel's Machine

In this blazingly smart and voracious debut novel, an artist turned stay-at-home mom becomes convinced she's turning into a dog. • "A must-read for anyone who can't get enough of the ever-blurring line between the psychological and supernatural that Yellowjackets exemplifies." —Vulture One day, the mother was a mother, but then one night, she was quite suddenly something else... An ambitious mother puts her art career on hold to stay at home with her newborn son, but the experience does not match her imagination. Two years later, she steps into the bathroom for a break from her toddler's demands, only to discover a dense patch of hair on the back of her neck. In the mirror, her canines suddenly look sharper than she remembers. Her husband, who travels for work five days a week, casually dismisses her fears from faraway hotel rooms. As the mother's symptoms intensify, and her temptation to give in to her new dog impulses peak, she struggles to keep her alter-canine-identity secret. Seeking a cure at the library, she discovers the mysterious academic tome which becomes her bible, *A Field Guide to Magical Women: A Mythical Ethnography*, and meets a group of mommies involved in a multilevel-marketing scheme who may also be more than what they seem. An outrageously original novel of ideas about art, power, and womanhood wrapped in a satirical fairy tale, *Nightbitch* will make you want to howl in laughter and recognition. And you should. You should howl as much as you want.

Unexpected

I was older than his mother. Young guys need a lover who is older. Someone who bakes cookies for them. Who gives them a hug and kiss. Yes! *Erotica*: all individuals are unrelated adults. Bundled collection.

Rachel, Monique...

An elegant, wry, and superbly nuanced story about a woman with three sons—and three daughters in law—who must come to terms with the new configuration of her family. As Anthony and Rachel Brinkley welcome their third daughter-in-law to the family, they don't quite realize the profound shift that is about to take place. For different reasons, the Brinkleys' two previous daughters-in-law hadn't been able to resist Rachel's maternal control and Anthony's gentle charm and had settled into their husbands' family without rocking the boat. But Charlotte—very young, very beautiful, and spoiled—has no intention of falling into step with the Brinkleys and wants to establish her own household. Soon Rachel's sons begin to think of their own houses as home and of their mother's house as simply the place where their parents live—a necessary and inevitable shift of loyalties that threatens Rachel's sense of herself, breaks Anthony's heart, and causes unexpected consequences in all the marriages. Then a crisis brings these changes to the surface, and everyone has to learn what family love means all over again.

Rachel's Secret

"I didn't write this book because mothering little ones is easy for me. I wrote it because it isn't. I know that this is a hard job, because I am right here in the middle of it. I know you need encouragement because I do too." In this book, Rachel Jankovic, mother of seven, offers practical advice on how to persevere in the high but demanding call of motherhood. This is not a tender reminiscence from someone who had children so long ago that she only remembers the sweet parts. This is a small collection of thoughts on mothering young children for when you are motivated, for when you are discouraged, for the times when discipline seems fruitless, and for when you are just plain old tired. The opportunities for growth abound here but you have to be willing. You have to open your heart to the tumble. As you deal with your children, deal with yourself always and first. This is what it looks like, and feels like, to walk as a mother with God.

Remembering Rachel

Part memoir, part detective story, part untold history of museums - *The Museum Makers* is a fascinating and moving family story. 'Rachel Morris is one of the smartest storytellers I have ever met ... a wonderful and beguiling book' James Rebanks, author of *The Shepherd's Life* Without even thinking I began to slide all these things from the dusty boxes under my bed into groups on the carpet, to take a guess at what belonged to whom, to match up photographs and handwriting to memories and names - in other words, to sort and classify. As I did so I had the revelation that in what we do with our memories and the stuff that our parents leave behind, we are all museum makers, seeking to make sense of the past.;

Museum expert Rachel Morris had been ignoring the boxes under her bed for decades. When she finally opened them, an entire bohemian family history was laid bare. The experience was revelatory - searching for her absent father in the archives of the Tate; understanding the loss and longings of the grandmother who raised her - and transported her back to the museums that had enriched her lonely childhood. By teasing out the stories of those early museum makers, and the unsung daughters and wives behind them, and seeing the same passions and mistakes reflected in her own family, Morris digs deep into the human instinct for collection and curation.
