The Castle Spectre; an Ancient Baronial Romance, by S. Wilkinson, Founded on the Original Drama of M. G. L.

Miss Gussie Werth is the only ordinary lady in her family, without a single drop of magic to liven things up. Fortunately, she's just been abducted. Miss Gussie Werth has grown up surrounded by the most supernatural family in England. Nell talks to the dead, Lord Werth is too often found in the churchyard at the dead of night... and the less said about Lord Bedgberry, the better. Somehow, Gussie has been passed over by the family curse. She sups on chocolate, not blood; she's blissfully oblivious to spectres (except for Great-Aunt Honoria, of course); and she hasn't the smallest inclination to turn into a beast upon the full moon, and go ravening about the countryside. All things considered, her life has been unbearably placid and uninteresting. Thankfully, Gussie has just been abducted by a neighbouring family every bit as strange as her own... and as deliciously spectacular disasters start to stack up, she begins to suspect that she may not be quite as normal as she thought. Far from being ordinary, Gussie may well prove to be the worst Werth of them all... Meet the Regency-era Addams Family—full of spectres, gorgons, and polite, ravening monsters—in this fresh, absurd gothic fantasy by the author of *Modern Magick* and the *Malykant Mysteries*. "Strange and utterly delightful" (Olivia Atwater), *Wyrde and Wayward's* notorious House of Werth will sink its teeth into you and leave you wanting more.

This collection examines early modern women's contribution to the culturally central mode of complaint. Complaint has largely been understood as male-authored, yet, as this collection shows, early modern women used complaint across a surprising variety of forms from the early-Tudor period to the late-seventeenth century. They were some of the mode's first writers, most influential patrons, and most innovative contributors. Together, these new essays illuminate early modern women's participation in one of the most powerful rhetorical modes in the English Renaissance, one which gave voice to political, religious and erotic protest and loss across a diverse range of texts. This volume interrogates new texts (closet drama, song, manuscript-based religious and political lyrics), new authors (Dorothy Shirley, Scots satirical writers, Hester Pulter, Mary Rowlandson), and new versions of complaint (biblical, satirical, legal, and vernacular). Its essays pay specific attention to politics, form, and transmission from complaint's first circulation up to recent digital representations of its texts. Bringing together an international group of experts in early modern women's writing and in complaint literature more broadly, this collection explores women's role in the formation of the mode and in doing so reconfigures our understanding of complaint in Renaissance culture and thought.

Angels at My Fingertips

A complete account of how and why people look to angels *Angels at My Fingertips* takes us back to the territory that made *Angels in My Hair* a million-copy-selling international bestseller. Stories of Lorna's early life in rural Ireland, of how angels helped and guided her through traumatic events, lead to a detailed description of what angels are like, the different types of angels, how they behave and interact with God and other angels as well as human beings and their role during our lives and after death. *Angels at My Fingertips* also contains an account of how Joe, her husband, who died young in *Angels in My Hair* returns to visit her. For the first time Lorna reveals the role of the souls of our loved ones who may return from heaven briefly to help and guide us. Information as detailed as this never been published anywhere before now. Since she went public about her unprecedented gifts, Lorna's reputation has grown. The Catholic Church is at last beginning to show recognition, asking her to speak in churches, and leading American theologian Matthew Fox has compared her to the medieval saint, Hildegard of Bingen. Her unique qualities have been recognised by leading Islamic theologians too. Lorna's last two books for have been Sunday Times Number One bestsellers, and *Message of Hope from the Angels* was also the number one bestselling MBS book in the year it was published.

Angels in My Hair

Angels In My Hair is the autobiography of a modern day mystic, an Irish woman with powers of the saints of old. When she was a child, people thought Lorna was 'retarded' because she did not seem to be focussing on that was around her. Lorna remembers seeing not just the world around her but seeing, equally vividly, angels and spirits. For many years she assumed everyone saw the same. As Lorna tells the story of her life, growing up in a poor family, later working in Dublin, marrying and experiencing family tragedy, the reader meets, as she did, the creatures from the spirit worlds who also inhabit our own - mostly angels of an astonishing beauty and variety, including the prophet Elijah and an Archangel - but also the spirits of people who have died. Today, it is not only the sick and troubled who come to visit Lorna, looking for healing and consolation, but theologians of different faiths and the head of a religious order in Rome travel to see her for guidance and spiritual insight. This remarkable document is the testimony of a woman who sees things at the far end of the spectrum, beyond the range of our everyday experience.

Stairways to Heaven

Lorna Byrne sees and talks with angels every day of her life and has done since she was a baby. As a child Lorna was told by the angels that her job on this earth was to share the wisdom and knowledge that God and the angels were giving her. When Lorna's husband died, her world fell apart. In Stairways to Heaven she tells the story of how she pulled her life back together and how she, an uneducated mother of four, broke her silence and started to spread the angels' message to the world. Lorna tells us of the future that God envisages for us – and some possible other futures, depending on the decisions we make. 'Everyone must play their part', she says. She reveals some of the most extraordinarily detailed information about angels and the way they work in the world, that has ever been written down. She also introduces us to the Guardian Angel of the Earth and explains why it is so important that we listen to him. She tells the tragic love story of two spirits who she met first as a young child. These spirits stayed close to her for twenty years using Lorna's spiritual gifts to heal those who had done them wrong – and also to heal the descendants of those wrongdoers, whose lives were still being overshadowed. The overwhelming reaction of readers to Lorna's writing – regardless of religious belief – is that it gives them hope, helping them to realise that no matter how alone they might feel they have a guardian angel by their side.

Love From Heaven

"Lorna Byrne sees angels and speaks to them every day. She sees so much more than angels, though: she sees love as a physical force, emanating from those she observes. In this book, Lorna reveals what angels have taught her about love and how we can unlock the love stored within all of us. She has also created a seven-day program with exercises you can do each day in order to have more self-appreciation."--

Prayers from the Heart

Lorna Byrne has helped millions of people around the world by calling on them to realise that they each have a guardian angel and by showing them that can ask for help from God and the angels. Lorna is often asked for help on how to ask and how to pray, so in this new book she gives detailed advice and also includes prayers for different occasions. She says: 'Sometimes our prayers are so focussed on asking for things, we forget to listen out for what God, the angels and our love ones are trying to tell us. God always has this abundance of blessings prepared for us, small blessings and great blessings. He wants to give every individual great life-changing blessings, beginning when that individual is born. God will do everything to make it happen, but He will never infringe on an individual's free will, which a good reason for us to engage intelligent conversation with him - listening as well as asking - in prayer.'

My Guardian Angel, My Best Friend

A collection of children's stories by international bestselling author Lorna Byrne. Lorna Byrne says we all see angels when we are young children, but are gradually conditioned to screen them out. Here, for the first time, she has written stories, inspired by real life, of seven children whose lives were transformed and made better by their interaction with their guardian angels. Among these, there is a story of a little girl called Suzy, paralysed from birth and unable to play with other children. Angels play with her and bring her great happiness. In another story a little girl called Emma is mean to her classmates and

gets her little brothers into trouble at home. Her guardian angel gradually prompts her towards a more harmonious and happy life. Tommy feels he is an outsider because he is no good at football. Then with his guardian angel's loving help and attention, Tommy scores a brilliant goal! Lorna began telling stories to her daughter Aideen at an age when, like all children, she was beginning to focus far more on the material world and less on spiritual influences. These stories are written to show children the ways in which they can ask for help from their guardian angels and perhaps even to catch a glimpse of them.

The Origin of Consciousness in the Breakdown of the Bicameral Mind

National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—*American Journal of Psychiatry*

In this study, which is first of all a folk-lore study, we pursue principally an anthropo-psychological method of interpreting the Celtic belief in fairies, though we do not hesitate now and then to call in the aid of philology; and we make good use of the evidence offered by mythologies, religions, metaphysics, and physical sciences.

In March 2015, millions worldwide were captivated by news reports of the dramatic rescue of an 18-month old girl, Lily Groesbeck, who'd somehow survived fourteen hours in an overturned car, submerged in an icy-cold Utah river, after her mother apparently lost control of the vehicle. Police officers arrived at the scene and heard a woman's voice spurring them on: 'Please hurry, there isn't much time.' Yet, once the two victims were recovered, it was clear the voice could not have come from Lily's mother: she'd been killed on impact. How to explain this modern-day miracle? Ptolemy Tompkins, New York Times bestselling collaborator, with the help of responding officer, Tyler Beddoes will do just that. PROOF OF ANGELS will be the first mainstream trade book to effectively address a topic that has captivated individuals across cultures, age groups and religious beliefs for centuries. This deeply engaging, hard-hitting book is poised to do for angels what PROOF OF HEAVEN, the international bestseller by Eben Alexander on which Ptolemy Tompkins collaborated, did for Near Death Experiences. Tyler Beddoes' compelling story launches a sweeping inquiry into the evidence supporting the existence of spiritual beings. Weaving real-life stories into a rich narrative exploring the history, nature and significance of angels in our lives, this book will appeal to the enormous audience who have bought books such as PROOF OF HEAVEN. PROOF OF ANGELS is poised to join the ranks of major bestselling inspirational titles by offering readers not only a highly entertaining look into a universally fascinating topic but by also delivering afresh, well-constructed and deeply reassuring message: we are not alone.

A cabal of powerful Boston politicians is willing to pay Kenzie and Gennaro big money for a seemingly small job: to find a missing cleaning woman who stole some secret documents. As Kenzie and Gennaro learn, however, this crime is no ordinary theft. It's about justice, about right and wrong. But in Boston, finding the truth isn't just a dirty business . . . it's deadly.

Edward Lannion, the young master of Hatting Hall, is about to marry Marian Fox. At Penndean, a nearby house, preparations are under way for the wedding, overseen by the anxious Benet. Family and friends gather together for a celebratory dinner on the eve of the ceremony. The night is warm and clear, and after dinner the guests walk in the grounds and under the stars, full of happy anticipation. But then there is a sudden and extraordinary event, which changes everything. Iris Murdoch's novel is a marvellous and compelling human comedy. Edward and Marian, the couple at the centre of the story, are led by events to learn the truth about themselves; in the process, their friends, and lovers, are forced to make new choices, and see things as they are. And watching over all of them is Jackson, Benet's servant, a dark, mysterious and dangerous presence. It is Jackson who must intervene in the story to set the two young lovers onto the right path.

The Latin & Irish Lives of Ciaran

From the acclaimed, controversial singer-songwriter Sinéad O'Connor comes a revelatory memoir of her fraught childhood, musical triumphs, fearless activism, and of the enduring power of song. Blessed with a singular voice and a fiery temperament, Sinéad O'Connor rose to massive fame in the late 1980s and 1990s with a string of gold records. By the time she was twenty, she was world famous--living a rock star life out loud. From her trademark shaved head to her 1992 appearance on Saturday Night Live when she tore up Pope John Paul II's photograph, Sinéad has fascinated and outraged millions. In *Rememberings*, O'Connor recounts her painful tale of growing up in Dublin in a dysfunctional, abusive household. Inspired by a brother's Bob Dylan records, she escaped into music. She relates her early forays with local Irish bands; we see Sinéad completing her first album while eight months pregnant, hanging with Rastas in the East Village, and soaring to unimaginable popularity with her cover of Prince's "Nothing Compares 2U." Intimate, replete with candid anecdotes and told in a singular form true to her unconventional career, Sinéad's memoir is a remarkable chronicle of an enduring and influential artist.

The Five Lessons of Life

"Enthralling, searching, profound, an extraordinarily powerful work on Jewish identity in the twenty-first century."—Rabbi Lord Jonathan Sacks A bold proposal for discovering relevance in Judaism and ensuring its survival, from a pioneering social activist, business leader, and fighter pilot in the Israeli Air Force *God Is in the Crowd* is an original and provocative blueprint for Judaism in the twenty-first century. Presented through the lens of Tal Keinan's unusual personal story, it a sobering analysis of the threat to Jewish continuity. As the Jewish people has become concentrated in just two hubs—America and Israel—it has lost the subtle code of governance that endowed Judaism with dynamism and relevance in the age of Diaspora. This code, as Keinan explains, is derived from Francis Galton's "wisdom of crowds," in which a group's collective intelligence, memory, and even spirituality can be dramatically different from, and often stronger than, that of any individual member's. He argues that without this code, this ancient people—and the civilization that it spawned—will soon be extinct. Finally, Keinan puts forward a bold and original plan to rewrite the Jewish code, proposing a new model for Judaism and for community in general. Keinan was born to a secular Jewish family in Florida. His interest in Judaism was ignited by a Christian minister at his New England prep school and led him down the unlikely path to enlistment in the Israel Air Force. Using his own dramatic experiences as a backdrop, and applying lessons from his life as a business leader and social activist, Keinan takes the reader on a riveting adventure, weaving between past, present, and future, and fusing narrative with theory to demonstrate Judaism's value to humanity and chart its path into the future. Advance praise for *God Is in the Crowd* "Beautifully written, brilliantly argued, this is a unique contribution to the conversation and a must read for anyone concerned with Jewish continuity."—Yossi Klein Halevi, author of *Letters to My Palestinian Neighbor* "God Is in the Crowd blends social science, economics, religion, and national identity to help us see more clearly who we are as individuals, people, and a society."—Dan Ariely, author of *The Upside of Irrationality* "American, Israeli, entrepreneur, fighter pilot, and investor: Keinan's diagnosis of Israel and the Jewish Diaspora is provided through the lens of a rich and gripping life story. Keinan's contribution is indispensable to the debate about the future of the Jewish people."—Dan Senor, co-author of *Start-up Nation*

God Is in the Crowd

We are children of the stars. This is our legacy and our heritage. In the history of the cosmos, Earth is a young planet. Our souls, on the other hand, have been around forever and will continue to be around forever. Thus Earth is not our only home. We have lived many lives in unusual environments before deciding to journey here and learn the lessons of Earth. After our schooling is completed on this planet, we will journey onward to discover new worlds to explore. The memories of these soul journeys are recorded in our subconscious, and in *Legacy from the Stars* hypnotherapist Dolores Cannon shows that they can be retrieved through regressive hypnosis. She reports dramatic cases where the subjects relived other lifetimes in strange environments -- inhabitants of other planets. After reading her latest book, you may agree that "we are all extraterrestrials," and Earth is merely a stop-over in our long adventure.

In Their Own Words

Scott Belmer presents the true stories of nine Buddhist monks who lived in Tibet under Communist rule, and chronicles their amazing and often miraculous journey across the vast mountain range of the Himalayas to freedom and exile in India. 8-page color photo insert.

Road to Freedom - A Journey from Occupied Tibet

"In this book Marya recounts the exciting tale of their journey, while at the same time revealing many aspects of Tibet's religion and culture. The story is also an example of how setting a goal and taking a realistic and determined approach to fulfilling it eventually leads to success." -His Holiness the Fourteenth Dalai Lama In accordance with the Tibetan tradition of finding the reincarnations of high lamas, the guidance of His Holiness the Dalai Lama was sought to locate the rebirth of Nechung Rinpoche, who passed away in 1983. Rinpoche is the eminent lama of Nechung, the institution that houses the Chief State Oracle. His Holiness gave several clues: the year of the boy's birth, the names of his parents, and the locale of Lhasa, the capital city of Tibet. A search party of three people—a monk from Nechung Monastery in India, Marya and Miguel—made journeys to Tibet in 1987 and 1993. Their search led them to sacred visionary lakes and ancient monasteries. The expeditions were precarious and filled with challenges such as where to look, whom to trust, and how to accomplish a nearly impossible mission in a Chinese communist-occupied country where surveillance was prevalent. Ultimately, the escape with the eight-year-old lama entailed crossing multiple heavily guarded checkpoints, including two international airports.

The Dance of 17 Lives

In January 2000, two Ambassador taxis twisted their way up the narrow road leading towards Dharamsala in the Himalayan foothills of northern India - the home-in-exile of the Dalai Lama. In one taxi was a fourteen-year-old boy, the 17th Karmapa, one of the most important figures in Tibetan Buddhism. The boy's arrival in Dharamsala was the culmination of an extraordinary escape which had brought him 900 miles across the Himalayas, in conditions of high danger, from the monastery in Tibet where he had lived since he was seven years old. Fascinated by this charismatic young figure, Mick Brown travelled to Dharamsala to meet him, and found himself drawn into the labyrinthine - not to say surreal - web of intrigue surrounding the 17th Karmapa's recognition and young life.

Lama Yeshe didn't see a car until he was fifteen years old. In his quiet village, he and other children ran through fields with yaks and mastiffs. The rhythm of life was anchored by the pastoral cycles. The arrival of Chinese army cars in 1959 changed everything. In the wake of the deadly Tibetan Uprising, he escaped to India through the Himalayas as a refugee. One of only 13 survivors out of 300 travellers, he spent the next few years in America, experiencing the excesses of the Woodstock generation before reforming in Europe. Now in his seventies and a leading monk at the Samye Ling monastery in Scotland - the first Buddhist centre in the West - Lama Yeshe casts a hopeful look back at his momentous life. From his learnings on self-compassion and discipline to his trials and tribulations with loss and failure, his poignant story mirrors our own struggles. Tibet shines a light on how the most desperate of situations can help us to uncover vital life lessons and attain lasting peace and contentment.

Freedom In Exile

The autobiography of the Dalai Lama of Tibet, a fascinating insight into the mind of one of the greatest contemporary spiritual leaders 'An extraordinary story' Daily Mail 'Compelling, fascinating, eye-opening' Washington Post 'A vital historical witness, not only to inhumanity but to compassion' Los Angeles Times 'Forthright... often amusing' New York Times In 1938 a two-year-old boy was recognised through a traditional process of discovery as being the reincarnation of all previous Dalai Lamas, the spiritual rulers of Tibet. Taken away from his parents, he was brought up in Lhasa according to a monastic regimen of rigorous austerity and in almost total isolation. Aged seven he was enthroned in the 1000-room Potala palace as the supreme spiritual leader of a nation the size of Western Europe, with population of six million. And at fifteen, he became head of state. With Tibet under threat from the newly Communist Chinese, there followed a traumatic decade during which he became the confidant of both Chairman Mao and Jawaharlal Nehru as he tried to maintain autonomy for his people. Then in 1959, he was finally forced into exile - followed by over 100,000 destitute refugees. Here, in his own words, he describes what it was like to grow up revered as a deity among his people, reveals his innermost feelings about his role, and discusses the mysteries of Tibetan Buddhism.

Escape from Tibet

Two brothers face cruelty, hardship, and hope, on the ultimate journey in search of freedom. Eleven-year-old Tenzin hasn't seen his older brother, Pasang, in five years, so he is thrilled when Pasang unexpectedly returns to their Tibetan village late one night. Now eighteen, Pasang is an educated monk whose return from India provokes the suspicious and ever-watchful eyes of the Chinese authorities. Unbeknownst to Tenzin, Pasang has conspired with their mother to leave again -- taking his younger brother with him, this time, in search of a better life. At first Tenzin is thrilled to embark on such an adventure with Pasang. But crushing homesickness soon sets in as the brothers eke out a meager existence begging in the unfamiliar streets of Lhasa, often narrowly dodging the police. They finally scrape together enough money to begin the most harrowing part of their journey: the physically excruciating, dangerous, and illegal trek to a new country on the other side of the Himalayan mountains, where they can be granted refugee status and begin to rebuild their lives. Along the way they suffer abuse at the hands of border police, meet fellow Tibetans from whom they draw strength, and have a chance encounter with a film crew that will change their lives. Based on the true story of the brothers' journey in the mid-1990s first made into an acclaimed documentary by Nick Gray, "Escape from Tibet"

is a riveting tale of courage, adventure, and triumph. The outpouring of support for the boys that resulted after the documentary aired in the U.K. led to the brothers moving to Britain, where they live today. Only now do they feel that the full story of their daring escape can be told. A foreword by His Holiness the Dalai Lama and an introduction provide historical context. Black and white photographs of Nick Gray's travels through Tibet vividly evoke the boys' homeland, and a timeline, glossary, and maps further contextualize the Tibetans' controversial and ongoing struggle with China.

My Spiritual Autobiography

This book is a first. There has never been one entirely dedicated to the spiritual life of the Dalai Lama. My Spiritual Autobiography will be a revelation to His Holiness' thousands of friends and followers around the world.

Theos Bernard, the White Lama

Theos Bernard, the White Lama recounts the real story behind the purported adventures of Theos Casimir Bernard (1908--1947), the self-proclaimed "White Lama" who in 1937 became the third American in history to reach Lhasa, the capital city of Tibet. Bernard met, associated, and corresponded with the major social, political, and cultural leaders of his day, from the Regent and high politicians of Tibet to saints, scholars, and diplomats of British India, and from Charles Lindbergh and Franklin Delano Roosevelt to Gandhi and Nehru. But he also had his flaws. He was an entrepreneur propelled by grandiose schemes, a handsome man who shamelessly used his looks to bounce from rich wife to rich wife to support his activities, and a master manipulator who concocted his own interpretations of Eastern wisdom to suit his own ends. Despite the bright future ahead of him, Bernard disappeared in India during the communal violence of the 1947 Partition, never to be seen again. Through diaries, interviews, and previously unstudied documents, Paul G. Hackett shares Bernard's compelling life story, along with his efforts to awaken America's religious counterculture to the unfolding events in India, Tibet, and the Himalayas.

The Way Of The White Clouds

'It tells of terrible journeys, of men masked against the sun (riding through ethereal regions with their feet frozen), of welcoming fog-girt monasteries lit by butter lamps at the journey's end' New Statesman The Way of the White Clouds is the remarkable narrative of a pilgrimage which could not be made today. Lama Anagarika Govinda was among the last to journey through Tibet before its invasion by the Chinese. His unique account is not only a spectacular and gloriously poetic story of exploration and discovery, it is also invaluable for its sensitive and clearly presented interpretation of the Tibetan tradition. 'Why is it that the fate of Tibet has found such a deep echo in the world? There can only be one answer: Tibet has become the symbol of all that present-day humanity is longing for' Lama Anagarika Govinda

For Tibet, With Love

'Sometimes you just have to do something, don't you? Sometimes an injustice comes along and you think 'No, this cannot be', and rather than just turn off the TV, you know it's time to act' So begins Isabel Losada's extraordinary FOR TIBET WITH LOVE in which she explores whether it's possible for an ordinary person to change the world, just a little, and if something so serious can be achieved with joy in one's heart. From visits to Nepal and Tibet, to meetings with the Chinese ambassador and Tibetan awareness-raising groups, Isabel single-handedly hatches a stunning PR coup involving Nelson's Column, a 15 metre banner and a base-jumping parachutist that captured headlines worldwide. And then she meets the Dalai Lama... Warm and funny, moving and thought-provoking, the astonishing FOR TIBET WITH LOVE celebrates the fact that we can make a difference.

My Spiritual Journey

In His Own Words The Compelling Personal Story of the Spiritual Life of the Dalai Lama

To a Mountain in Tibet

Offers an intimate travelogue of the author's trek to Kailas, the holiest mountain in Tibet, in the wake of the death of his mother and the loss of his family.

The Last Dalai Lama

One of the most acclaimed and perceptive observers of globalism and Buddhism now gives us the first serious consideration - for Buddhist and non-Buddhist alike - of the Fourteenth Dalai Lama's work and ideas as a politician, scientist, and philosopher. 'Pico Iyer's exceptionally intimate portrait of the Dalai Lama takes us beyond global celebrity image and into a true private audience with a leader of tremendous complexity.' Elizabeth Gilbert, author of bestseller Eat, Pray, Love 'A thoughtful and beautifully written portrait ...[Pico Iyer does an] exemplary job of explaining the complex spiritual and political history that underpins the extraordinary institution that is the Dalai Lama, and illuminating the extraordinary man who presently occupies it.' Daily Telegraph Pico Iyer has been engaged in conversation with the Dalai Lama (a friend of his father's) for the last three decades - a continuing exploration of his message and its effectiveness. Now, in this insightful, impassioned book, Iyer captures

the paradoxes of the Dalai Lama's position: though he has brought the ideas of Tibet to world attention, Tibet itself is being remade as a Chinese province; though he was born in one of the most remote, least developed places on earth, he has become a champion of globalism and technology. He is a religious leader who warns against being needlessly distracted by religion; a Tibetan head of state who suggests that exile from Tibet can be an opportunity; an incarnation of a Tibetan god who stresses his everyday humanity. Moving from Dharamsala, India - the seat of the Tibetan government-in-exile - to Lhasa, Tibet, to venues in the West where the Dalai Lama's pragmatism, rigour, and scholarship are sometimes lost on an audience yearning for mystical visions, *The Open Road* illuminates the hidden life, the transforming ideas, and the daily challenges of a global icon.

The Open Road

"I packed a blue Samsonite suitcase with my belongings -- a couple of pairs of jeans and shirts, UB40 tapes, the Swiss army knife I had stolen from my mother, my Tibetan prayer book, and a red plastic Camay soap dish I bought in Dharamsala that had become a good luck charm for me." With these, all his worldly possessions at the age of seventeen, Daja Wangchuk Meston caught an airliner to America, the unfamiliar land of which he was a citizen, and began his arduous personal journey to discover and mend his long-severed ties to his family, his country, and, in a very real sense, his own identity. In this moving memoir, the author tells the incredible story of a young man who used his Buddhist upbringing and the love of a good woman -- his young wife -- to learn that forgiving others can play a critical role in healing a damaged soul. Daja had much to forgive. In the early 1970s, at the age of three, he was taken by his hippie American parents to Nepal and left in the care of a Tibetan family. The Tibetans in turn placed him in a Buddhist monastery where, at the age of six, he was ordained to be a monk. There, in scenes reminiscent of the novels of Charles Dickens, he was ostracized by the other boy monks, who taunted him for his Caucasian physical traits, left so hungry he stole scraps of bread, and slept on a flea-infested straw mat. He was an outsider in an insular monastic world, unable to understand what had befallen him and longing for the warmth of his mother's embrace. His mother became a Buddhist nun, and caring for a child, she thought, would impede her spiritual journey. Her occasional and brief visits with young Daja became increasingly rare. As he grew up, there were often years without a single maternal visit. His father, unbeknownst to the boy, had suffered a mental breakdown and returned, helpless, to Los Angeles. The story of Daja's self-generated ouster from the monastery as an adolescent (he pretended to have slept with a prostitute), his eventual migration to his homeland, his lifelong attempt to understand and reconnect with his parents, and his eventual and dangerous work on behalf of Tibetan rights under Chinese oppression make for a compelling reading experience. But more than that, the story of Daja Meston reminds us of the universal human need for roots and family bonds. It is ultimately an unforgettable story of love, hope, and forgiveness and of a gentle man with an enormous capacity for all three.

Comes the Peace

An introduction to Tibetan Buddhism which highlights the core teachings of the faith, based on a 15th-century text and presented in easy-to-follow steps.

The Way to Freedom

A little book for those in search of words to calm and inspire. In this mini ebook His Holiness the Dalai Lama teaches us how to deal with suffering.

The Dalai Lama's Book of Awakening

For nearly a decade, Matteo Pistono smuggled out of Tibet evidence of atrocities by the Chinese government, showing it to the United States government, human rights organisations, and anyone who would listen. Yet Pistono did not originally intend to fight for social justice in Tibet - he had gone there as a Buddhist pilgrim. Pistono's quest led him to Tibet and to a meditation master whose spiritual brother is Sogyal Rinpoche, bestselling author of *The Tibetan Book of Living and Dying*. Pistono not only became the master's student but also couriered messages to him in Tibet from the Dalai Lama in India. This began an extraordinary, and ultimately vital, adventure. *In the Shadow of the Buddha* is a book about Tibet through the eyes of a devotee - a stranger hiding in plain sight. It's about how a culture's rich spiritual past is slipping away against the force of a tyrannical future. It's about how Tibetans live today, and the tenacity of their faith in the future in spite of dire repression and abuse. It's also about Pistono's

own journey from being a frustrated political activist to becoming a practicing Buddhist mystic, a man who traveled thousands of miles and risked his own life to pursue freedom and peace.

In the Shadow of the Buddha

The Wisdom of Compassion offers rare insights into the Dalai Lama's life as he interacts with remarkable people from all walks of life. In these deeply engaging behind-the-scenes stories we see not only the Dalai Lama at his most human, and most humane, but also the way he approaches the world with humour and optimism. As he empathizes with those who are suffering, and demonstrates the tangible benefits of practising forgiveness and compassion, the Dalai Lama reveals the many lessons he has learned, including how * his collaborations with leading neuroscientists, psychologists, teachers and students from around the world have taught him how to educate the heart; * his inspiring friendship with a blind Irishman, the only person he calls his hero, has taught him how one can overcome adversity; * through his encounters with illiterate grandmothers learning how to harness solar power for their communities, a beggar girl, and his soulmate, Archbishop Desmond Tutu, he has discovered how compassion can be translated into action. Enhanced by the Dalai Lama's seven decades of practice and illuminated through captivating anecdotes, The Wisdom of Compassion can help readers to lead more fulfilling lives. The Dalai Lama also shows how, when we open our hearts and minds to others, we are on the surest path to true happiness.

The Wisdom of Compassion

The author's report on a journey he and his father made to Tibet. Includes information about the people, land, religion and customs.

Out of this World

A Hundred Thousand White Stones is one young Tibetan woman's fearlessly told story of longing and change. Kunsang Dolma writes with unvarnished candor of the hardships she experienced as a girl in Tibet, violations as a refugee nun in India, and struggles as an immigrant and new mother in America. Yet even in tribulation, she finds levity and never descends to self-pity. We watch in wonder as her unlikely choices and remarkable persistence bring her into ever-widening circles, finding love and a family in the process, and finally bringing her back to her childhood home. A Hundred Thousand White Stones offers an honest assessment of what is gained in pursuing life in the developed world and what is lost.

A Hundred Thousand White Stones

A complete history of the Dalai Lamas and Tibetan Buddhism, this is a must-read for the Buddhism, religious history, and general spirituality audiences.

Secret Lives of the Dalai Lama

In 1969 Ole and Hannah Nydahl became the first Western students of H.H. the Karmapa, the head of the Kagyu tradition of Yogis in Tibetan Buddhism. After their years of practice in the Himalayas, he authorized them to teach and start centers in his name. They have continued this work ever since. Riding the Tiger is the inside story of the development of Tibetan Buddhism in the West. In his refreshingly unsentimental style, Lama Ole shows all aspects of the work. With breathtaking intensity, he highlights both healthy and unhealthy tendencies in the light of the Buddha's ultimate aim: To bring about the fully developed beings whose every activity blesses the world.

Riding the Tiger

A wonderful collection of inspirational thoughts on life, death and rebirth, giving the reader an intimate personal portrait of His Holiness the Dalai Lama in his own words. This ebook shows us how to embrace love and compassion in our everyday lives.

The Dalai Lama's Little Book of Inner Peace

The Lawudo Lama presents two life stories along with an extended introduction laying out their social and cultural context. It takes place in the Mount Everest region of Nepal, the home of the famous Sherpa guides, where the people practice Tibetan Buddhism and revere the local lamas and yogis.

The stories are centered in Lawudo, a small village in the Khumbu region, and the central figure is the renowned Lawudo Lama. The first Lawudo Lama portrayed, Lama Kunzang Yeshe (1864-1946), was a yogi of the Nyingma lineage who spent much of his life meditating in a cave near Lawudo, and his life is reconstructed through meticulous research of written and oral histories. The second story is of Kunzang Yeshe's reincarnation, a monk of the Gelug lineage known as Lama Zopa Rinpoche, whose story is given in a first-person narrative. Lama Zopa is well known in the West as the author of several books and as the Spritual Director of the Foundation for the Preservation of the Mahayana Tradition (FPMT), which has more than 100 affiliate Buddhist centers worldwide. Lama Zopa Rinpoche travels and teaches extensively to large audiences and has thousands of students. The Lawudo Lama will appeal to travelers to Nepal, to Buddhist practitioners, and to scholars trying to understand the culture of the region. It is well documented, and is accompanied by more than 125 color and black and white photos, drawings, lineage charts, and maps.

The Lawudo Lama

This book contains the essential guide to some of the central Buddhist teachings based on the recent UK lectures by his holiness.

The Four Noble Truths

Public awareness of the plight of Tibet is expanding with the release of two new films--SEVEN YEARS IN TIBET, starring Brad Pitt and KUNDAN, directed by Martin Scorsese. For viewers who want the full story, this book tells the saga of a people struggling to maintain their identity as they wage a nonviolent struggle against the Chinese government. Now updated with a conversation with the Dalai Lama himself. Photos. Index.

Oral Literature in Africa

Ruth Finnegan's *Oral Literature in Africa* was first published in 1970, and since then has been widely praised as one of the most important books in its field. Based on years of fieldwork, the study traces the history of storytelling across the continent of Africa. This revised edition makes Finnegan's ground-breaking research available to the next generation of scholars. It includes a new introduction, additional images and an updated bibliography, as well as its original chapters on poetry, prose, "drum language" and drama, and an overview of the social, linguistic and historical background of oral literature in Africa. This book is the first volume in the World Oral Literature Series, an ongoing collaboration between OBP and World Oral Literature Project. A free online archive of recordings and photographs that Finnegan made during her fieldwork in the late 1960s is hosted by the World Oral Literature Project (<http://www.oralliterature.org/collections/rfinnegan001.html>) and can also be accessed from publisher's website.

Threads and Traces

"This book is a translation of historian Carlo Ginzburg's latest collection of essays. Through the detective work of uncovering a wide variety of stories or microhistories from fragments, Ginzburg takes on the bigger questions: How do we draw the line between truth and fiction? What is the relationship between history and memory? Stories range from medieval Europe, the inquisitional trial of a witch, seventeenth-century antiquarianism, and twentieth-century historians"--Provided by publisher.

Simulacra and Simulation

Develops a theory of contemporary culture that relies on displacing economic notions of cultural production with notions of cultural expenditure. This book represents an effort to rethink cultural theory from the perspective of a concept of cultural materialism, one that radically redefines postmodern formulations of the body.

Absorption and Theatricality

With this widely acclaimed work, Michael Fried revised the way in which eighteenth-century French painting and criticism are viewed and understood. Analyzing paintings produced between 1753 and 1781 and the comments of a number of critics who wrote about them, especially Dennis Diderot, Fried discovers a new emphasis in the art of the time, based not on subject matter or style but on values and effects.

Philosophy manual: a South-South perspective

Alors que les séries anglo-saxonnes font des gorges chaudes sur les innovations policières américaines, d'aucuns se plaisent à rappeler l'antériorité de la police scientifique française. Et ils n'ont pas tout à fait tort. Dans un XIXe siècle marqué par le sceau du scientisme, dans un XIXe siècle baignant dans le paradigme de l'indice, y compris dans le domaine de l'art, dans un XIXe siècle voyant l'institutionnalisation de la dactyloscopie ou science des empreintes digitales, c'est bel et bien le nom du Français Alphonse Bertillon qui s'impose. Avec son élève Edmond Locard, il va devenir le socle d'une police scientifique française amenée à s'épanouir pleinement dans l'entre-deux-guerres. Ce succès se mesure notamment au grand nombre de vocations suscitées, ce qui atteste l'existence d'une véritable culture forensique. Source d'inspiration ou de discussion au-delà des frontières, la police scientifique française entre néanmoins en concurrence avec d'autres pôles. Elle doit aussi affronter ses propres divisions internes, la criminalistique restant une fonction partagée par de nombreux acteurs du maintien de l'ordre. Lorsque la prise de conscience d'un déclin s'opère à la fin des années 1940, nier les signes avant-coureurs relèverait donc de la naïveté. La traversée du désert ne prend fin qu'à la fin des années

1980 à la faveur d'une grande remise à plat conduite par Jacques Genthial. Refondée sur les principes mêmes de ses pionniers, la police scientifique française renoue ainsi avec son leadership d'antan. Amos Frappa est le lauréat du prix de thèse 2021 de l'institut des hautes études du ministère de l'Intérieur (IHEMI).

The newspaper press was an essential aspect of the political culture of the French Revolution. *Revolutionary News* highlights the most significant features of this press in clear and vivid language. It breaks new ground in examining not only the famous journalists but the obscure publishers and the anonymous readers of the Revolutionary newspapers. Popkin examines the way press reporting affected Revolutionary crises and the way in which radical journalists like Marat and the Pere Duchene used their papers to promote democracy.

Revolutionary News

Barbara Spackman here examines the ways in which decadent writers adopted the language of physiological illness and alteration as a figure for psychic otherness. By means of an ideological and rhetorical analysis of scientific as well as literary texts, she shows how the rhetoric of sickness provided the male decadent writer with an alibi for the occupation and appropriation of the female body.

Fisheries in the Pacific: The Challenges of Governance and Sustainability is a multidisciplinary book, which examines various aspects of coastal and oceanic fisheries in Pacific waters. These interrelated fisheries sectors are critical for regional food security and also represent a reserve of food resources for the rest of the world. The introduction and eight chapters highlight that both these sectors raise major economic and ecological issues while revealing significant social changes, political asymmetries and alliances, geostrategic rationales, developments in legislation, customary dynamics, and conservation challenges. Through complementary approaches and interpretations of both quantitative and qualitative data, this book aims to contribute to a better understanding of the current situation of fisheries in the Pacific. It also responds to the compelling need to establish a constructive and ongoing dialogue on the matter between social scientists and environmental scientists, based in Europe and in the Pacific Islands, and between these experts and the various stakeholders and policy-making institutions involved in the Pacific region.

Fisheries in the Pacific

A classic of modern French literature, the thrilling real-life story of the military hero, ambassador, ladies man, writer, and loving son I grew up longing for the day when I could tear down the veil of darkness and absurdity concealing the true face of the universe and discover at last a smile of kindness and wisdom; I grew up in the certitude that one day I should help my fellow men to wrest the world from our enemies and give back the earth to those who ennoble it with their courage and warm it with their love. *Promise at Dawn* begins as the story of a mother's sacrifice: alone and poor, she fights fiercely to give her son the very best. Romain Gary chronicles his childhood in Russia, Poland, and on the French Riviera; he recounts his adventurous life as a young man fighting for France in World War II. But above all he tells the story of the love for his mother that was his very life—their secret and private planet, their wonderland “born out of a mother's murmur into a child's ear, a promise whispered at dawn of future triumphs and greatness, of justice and love.”

Promise at Dawn

Im Sommer 1900 entdeckte Frankreich aapacheso, halbstarke Raufbolde und Straaenrauber, die laut Presseberichten in Scharen die Stadte unsicher machten. Damit begann in der Dritten Republik die systematische wissenschaftliche und gesellschaftliche Auseinandersetzung mit Jugendkriminalitat: Faszinosum oder Schreckgespenst? Nachtseite der eigenen Identitat, die soziale und politische Krisen hatten zutage treten lassen und die man durch Erziehung und Sozialpolitik korrigieren oder bandigen konnte? Oder irritierende Alteritat, derer man sich lieber durch Einsperren, Verbannen oder gar Exekution entledigte? In der vorliegenden Monographie werden die devianten Lebensstile, zeitgenossischen Analysen und Reaktionen erstmals im Zusammenhang aller relevanten Umbruche und Denkmodelle

untersucht. So wird nachvollziehbar, in welchem überhitztem Spannungsfeld die Grundlagen moderner Kriminalpolitik im republikanischen Frankreich gelegt wurden. .

"Salvator Rosa (1615–1673) was a colorful and controversial Italian painter, talented musician, a notable comic actor, a prolific correspondent, and a successful satirist and poet. His paintings, especially his rugged landscapes and their evocation of the sublime, appealed to Romantic writers, and his work was highly influential on several generations of European writers. James S. Patti analyzes Rosa's tremendous influence on French writers, chiefly those of the nineteenth century, such as Stendhal, Honoré de Balzac, Victor Hugo, George Sand, and Théophile Gautier. Arranged in chronological order, with numerous quotations from French fiction, poetry, drama, art criticism, art history, literary history, and reference works, *Salvator Rosa in French Literature* forms a narrative account of the reception of Rosa's life and work in the world of French letters. James S. Patti, professor emeritus of French at Vanderbilt University, is the author of *Dürer in French Letters*. He lives in Nashville, Tennessee.

Adopting a boldly innovative approach to women's autobiographical writing, Françoise Lionnet here examines the rhetoric of self-portraiture in works by authors who are bilingual or multilingual or of mixed races or cultures. *Autobiographical Voices* offers incisive readings of texts by Zora Neale Hurston, Maya Angelou, Marie Cardinal, Maryse Condé, Marie-Thérèse Humbert, Augustine, and Nietzsche.

L'Histoire

This book brings together 24 provocative texts that collectively express the power and diversity of women's views on architecture today. This volume presents a dialogue among women historians, practitioners, theorists, and others concerned with critical issues in architecture and urbanism.

A history of Africa from the 16th to the 18th centuries, this study concentrates on the continuing evolution of African states and cultures, the increase in external trade, and the consequences of the slave trade. The series is co-published in Africa with seven publishers, in the United States and Canada by the University of California Press, and in association with the UNESCO Press.

Tourism over the past three decades has grown phenomenally but is continually modified by ongoing events and forces—such as increasing or abating pollution and congestion issues, new forms of transportation, and altered economic, social, or political conditions. The contributions in this work are of great importance to the advancement of knowledge of tourism, and, as a first theoretical book in the area, it establishes a significant benchmark for subsequent tourism research. The volume includes contributions by tourism specialists from Australia, France, Canada, the Netherlands, New Zealand, the United Kingdom, and the United States: Richard Butler, Professor of Geography, University of Western Ontario, London, Ontario, Canada; Graham Dann, Senior Lecturer in Sociology, University of West Indies, Bridgetown, Barbados; Emanuel de Kadt, Director, Institute of Development Studies, University of Sussex, Brighton, Sussex, United Kingdom; Bryan Farrell, Professor of Geography, University of California, Santa Cruz; Nelson H. Graburn, Professor of Anthropology, University of California, Berkeley; Martinus J. Kusters, Director of the Netherlands Institute for Tourism and Transport, Breda; Marie-Françoise Lanfant, Director of Research, Centre Nationale de la Recherche Scientifique, Paris; Dennison Nash, Professor of Anthropology, University of Connecticut; Douglas G. Pearce, Professor of Geography, University of Canterbury, Christchurch, New Zealand; John Pigram, Associate Professor of Geography and Planning and Executive Director, Center for Water Policy Research, University of New England, Armidale NSW, Australia; and Geoffrey Wall, Professor of Geography, University of Waterloo, Waterloo, Ontario, Canada. *Tourism Alternatives* is a provocative and important book that will be of interest to tourism planners at all levels of government and private enterprise, and to scholars and students in the fields of tourism and resort development.

Le moniteur universel

This book focuses on a little-known corpus of testimonial accounts published by French women deported to Nazi camps, and will be of interest to those studying modern French literature, women's studies and the Holocaust.

A Reference Grammar of French

In recent years, critical interest in francophone literature has become increasingly pronounced. In the case of the French Caribbean, the work of several writers (Aime Césaire, Frantz Fanon, Édouard Glissant and Patrick Chamoiseau, for example) has gained international recognition, and has formed a vital part of more general debates on history, culture, language and identity in the post colonial world. The majority of such writers, however, have been male and, perhaps recalling the preference that France has always shown for the island, have come in large part from Martinique. *Mapping a Tradition: Francophone Women's Writing from Guadeloupe* aims to explore a different side of francophone Caribbean writing through the examination of selected novels by Jacqueline Manicom, Michele Lacrosil, Maryse Conde, Simone Schwarz-Bart and Dany Bebel-Gisler. Placing the work of these writers in the context of that of their better-known, male counterparts, this study argues that it has provided an important mode of intervention in, and disruption of, a literary tradition which has failed to address questions of sexual difference and has often excluded issues relating to French Caribbean women. At the same time, this study suggests that Guadeloupean women's writing of the last thirty years may be seen to constitute a 'tradition' in itself, replete with its own influences and inheritances. At once within, and outside the 'dominant' tradition, women's writing from Guadeloupe - and Martinique - has come to occupy a position at the forefront of contemporary efforts to expand and redefine a still-burgeoning corpus of literary and theoretical work.

Third World Women and the Politics of Feminism

Political Censorship of the Arts and the Press in Nineteenth-Century Europe presents a comprehensive account of the attempts by authorities throughout Europe to stifle the growth of political opposition during the nineteenth-century by censoring newspapers, books, caricatures, plays, operas and film. Appeals for democracy and social reform were especially suspect to the authorities, so in Russia cookbooks which referred to 'free air' in ovens were censored as subversive, while in England in 1829 the censor struck from a play the remark that 'honest men at court don't take up much room'. While nineteenth-century European political censorship blocked the open circulation of much opposition writing and art, it never succeeded entirely in its aim since writers, artists and 'consumers' often evaded the censors by clandestine circulation of forbidden material and by the widely practised skill of 'reading between the lines'.

A State in the Making

Questions of methodology and the use of sources are fundamental to all academic disciplines. In recent years, this topic has become far more challenging as scholars are increasingly adopting an interdisciplinary approach to achieve richer and deeper analyses, particularly in the humanities and social sciences. Building New Bridges / Bâtir de nouveaux ponts is a collection of scholarly papers that deals with the first principles of source identification and their effective utilization. The contributors to the volume come from a wide range of disciplines and represent both French and English Canada. Together, they explore and encourage the interdisciplinarity trend - around which considerable academic trepidation remains - and seek to explain, for example, how historians and those in English or French analyze texts, how scholars approach paintings, photography, and film, and how the study of music relates tempo and lyrics to wider societal trends. They utilize their respective research to elucidate means of effectively employing evidences and methods to achieve richer, deeper, and more nuanced results. As a whole, the collection provides an excellent primer for scholars of methodology.
