Memoirs of a Drug Lord

"Memoirs of a Drug Lord" is a memoir-novel that, at first, sets off with a mood of realism as a memoir ought to, but with less of that stale non-fictional format typical in most memoirs; the blurred lines between fact and fiction grow invigoratingly deceiving with each turn of the page, as the writer's zestful edge-sitting narration of tales, of depictions told from the Drug Lord's perspective himself; seizes the reader till the point of a contagiously fining want for more. For purposes of preserving his identity, and for the obvious fact that concealing the author's name to read as the pen name "Josh Royal" plays right into the entertainingly alluring snares that the writer entraps the reader with, and with great endearment; as the reader fails to resists their growing affections for the main character. This is not a story about drugs, but the story of a middle-class boy from an almost cult-like religious milieu, who overcame the many odious obstacles that life threw at him; and the use and sell of drugs became the very assets that propelled him to the status of that of a Lord in view of most of his fellow country folk. This is a book about love and hate, and falling into and out of both emotive states. This is a story about brotherhood, one that can stand the test of time. And things that were just meant to have happened, happened.

"There came a point in my life when I totally stopped believing in the ideology that the more and harder I worked, the greater the reward I would earn, money wise or in terms of social satisfaction; without even speaking of the long sort after feeling of happiness. I made my first million dollars by the age of twenty four, and three years after that, I was worth more than ten million dollars. I never looked back after that, the money grew exponentially with time, and I wish I could sell the entire experience as an easy and smooth sailing, big money earning scheme, these illegal dealings I had begun to exploit; but despite it being a scheme, I learnt that nothing in life came easy, or without a fair exchange in the form of any resources akin to the respective persons. Although..."

Drug Warrior

I WANTED TO SEND A MESSAGE TO THE CARTELS. WE KNOW WHO YOU ARE. WE KNOW WHAT YOU'RE DOING. WE'RE GOING TO MAKE IT HARD FOR YOU. BUT AS I WOULD SOON FIND

OUT, THEY WERE GOING TO MAKE IT HARD FOR ME, TOO.' Infiltrating cartels and bringing down international drug lords since his days in 1980s Chicago, Jack Riley was one of the best agents the Drug Enforcement Administration had ever had. But when he moved to the border town of El Paso, he was on the front line of the battle against Mexican cartels waging war just miles away. His brief was to capture the DEA's deadliest target: El Chapo. For over twenty years, Riley had seen the fear and bloodshed that Joaquín 'El Chapo' Guzmán Loera and his Sinaloa Cartel had caused, whilst the availability of drugs on American streets had exploded. Soon after arriving in El Paso, Riley found himself entangled in America's most deadly feud, and a bounty on his head. . . Drug Warrior is a thrilling journey into a life spent at the heart of America's drug wars, including the opioids crisis now ravaging its heartland, and a unique insight into the DEA's operation to finally bring its long-time nemesis to justice.

I Am a Drug Lord

A unique and unbelievable first-hand account of how one man fought his way to the top of the criminal underworld... and what he needed to do to stay there. As you read this, someone somewhere is buying drugs. Across the globe, millions of people are involved in the brutal, cold-blooded world of drug dealing, but only a small number make life-changing money. Only a few get to the top, make the calls, know how it all works and truly become drugs lords. And even fewer survive. I know because I am one of those drug lords. After thirty years, I've decided to retire and tell the story of how I got to the top of this tainted profession, what's involved in being a serious criminal, the tricks of the trade, the art of the deal and what it really takes to stay alive for so long. This will be my last confession. And I hope you learn something.

Memoirs Of A Drug Dealer's Girlfriend

Being a drug dealer girlfriend isn't very many good points, to be honest. Yes, he has money, but that's not important. Well, not to me anyway, he can't do much with it. I guess a good thing is that people have his back, and consequently have my back, but I would rather be in a situation where that isn't needed at all. This book is a Memoir that goes into great detail to explain the struggles of being in love with a drug dealer and the life that comes with that.

Closet Full of Coke

A Glimpse Inside a Hidden World Narrated by the teenage girl who lived it, Closet Full of Coke tells the true story of how a New York suburban fifteen-year-old girl's savvy and wit helps turn the small-time drug business of Armando, a Colombian drug dealer, into a multi-million-dollar cocaine operation that puts them on the DEA's Wanted List. This intimate diary gives readers a fast-paced glimpse of the couple's speedy rise to riches, and their inevitable descent. These wannabe drug lords of the 1980s New York-to-Florida drug scene end their story only three years later with an untimely death, betrayal, and revenge. Here is a true account of drug dealers whose obsession with money, power, sex, and glamor drives them to a lifestyle of deceit and recklessness, ending in tragedies that destroy lives forever. This is no ordinary memoir; this is Memoir Noir From the Author: I wanted the foolish girl I once was to tell her story without interruption. The result is a diary written like a novel. There is no reflection or analysis. There is a salacious story full of colorful characters and dialog, told by the teenager who lived it. Drug dealers have an interesting ethos unknown to outsiders. They live by elaborate rules and codes, and use intricate methodology to conduct business. They are far more organized than people imagine, and they see themselves as business people and entrepreneurs. Serious dealers who want success don't use drugs and they deal to other dealers, not to users. I compare my book to Film Noir. According to filmsite.org, "the primary moods of classic film noir" include "melancholy, alienation, disillusionment, disenchantment, moral corruption, evil, guilt, desperation, and paranoia." These moods are prominent in my book. Readers have called it "haunting," "a car wreck you can't look away from," "a roller coaster ride," and "Alice in Wonderland meets Scarface." So if you like the edge of your seat, hold on tight and listen to my story. FREE Read the first eight chapters for free on the Closet Full of Coke website!

Never Charged Never Convicted

VIRGINIA VALLEJO: Top Colombian television journalist, cover model and socialite PABLO ESCOBAR: Head of the Medellin cartel, the founder of the global cocaine industry and one of the most ambitious - and brutal - criminals in history Over the course of their tempestuous love affair, Vallejo witnessed first-hand the bloodshed, fear and corruption that accompanied the rise of Escobar's crime empire. In this explosive tale of drugs, sex, wealth and violence, Vallejo describes the man she knew and loved.

But, increasingly plagued by threats of kidnap and death for her knowledge on Escobar's ties to the political establishment, Vallejo sought extradition to the United States. Her testimony would reopen one of the most important criminal cases in Colombian history.

Loving Pablo, Hating Escobar

Book of Kim THE TESTIMONY OF A DRUG LORD REBORN THIS BOOK IS THE AUTOBIOGRAPHY OF KIM SOBORG CHRISTENSEN, ONE OF AUSTRALIA'S BIGGEST CONVICTED DRUG LORDS AND THE LARGEST TRAFFICKING CASE ON RECORD, ITS ABOUT THE DRUGS HITLER MADE TO CREATE THE SUPER HUMAN BEING, AND HOW IT GOT INTO OUR WORLD TODAY, AND THE ROLE IT PLAYS, THE DRUG THAT OPENED UP PANDORAS BOX, THE DRUG THAT OPENS UP THE THIRD EYE, AND INTO THE THIRD WORLD, THIS IS A STORY ABOUT TRAFFICKING, MANUFACTURING & RESTRUCTURING ORGANIC DRUGS TO STOP & PREVENT THE DEATH CAUSED BY HEROIN & OPIOIDS, ITS ABOUT UNLAWFUL DEPORTATION, CORRUPTION, & THE NEVER ENDING BATTLE FOR FREEDOM, ITS ABOUT MORE HURT & PAIN THAN ANY MAN COULD EVER IMAGINE, THIS IS THE STORY ABOUT A WORLD WITHOUT GOVERNMENTS, RELIGION, OR THE ROOT OF ALL EVIL "MONEY"

The Testimony of a Drug Lord Reborn

An unrepentant true crime memoir about the life of a man who sold and used cocaine daily for thirty-eight years. A man with over fifty years of involvement with illegal drugs starting at the age of thirteen. Offering a fair and balanced account of how drugs and drug dealing affected his life, those closest to him as well as the lives of others. This is a different kind of drug dealer story. The kind you don't hear. The kind they don't want told.

The Life and Times of Cocaine Charlie

Written with the New York Times bestselling author, David Ritz, Jemeker Thompson tells the gripping tale of succeeding financially in the drug game, but then, after a lengthy prison term, turned her life around to inspire others just like her. Jemeker Thompson-Hairston paid a heavy price for her involvement in the drug game. Learning from her sources of a federal investigation, Jemeker went on the run. It was love for her young son that brought her back to Los Angeles, even though she knew she would be arrested. A subsequent 15-year sentence would cost her not only her legitimate business and the fortune she'd amassed through the drug trade, but the most precious thing of all: time with her child. But not all was lost. Fortunately, while Thompson-Hairston was serving out the fifteen-year sentence, one pivotal moment helped her turn her life around, setting her on a path to help and inspire others like her. Now, in Queen Pin, written with New York Times bestselling author David Ritz, she reveals in gripping detail her journey of redemption that readers won't soon forget.

Queen Pin

During the mid 1980s Howard Marks had forty three aliases, eighty nine phone lines and owned twenty five companies throughout the world. Whether bars, recording studios or offshore banks, all were money laundering vehicles serving the core activity: dope dealing. Marks began to deal small amounts of hashish while doing a postgraduate philosophy course at Oxford, but soon he was moving much larger quantities. At the height of his career he was smuggling consignments of up to fifty tons from Pakistan and Thailand to America and Canada and had contact with organisations as diverse as MI6, the CIA, the IRA and the Mafia. Mr Nice is Howard Mark's extraordinary story.

The Testimony of a Drug Lord Reborn

In his book, Gonzales provides snapshots of true-life accounts to eloquently describe the world in which he lived from the humble beginnings of his childhood, to his life as a Drug Kingpin, to his transformation in State Prison. He goes into detail of how he perfected the manufacturing and distribution of amphetamines during the mid to late 1980s. His escapades include run-ins with infamous drug lords and mad men of various underground organizations. And of course, he discusses the key people involved in helping him rise from a Latino Texan minion to a convicted Drug Kingpin.

Amphetamine King

THE INTERNATIONAL BESTSELLER FROM PABLO ESCOBAR'S SON Until now, we believed that everything had been said about the rise and fall of the most infamous drug lord of all time, Pablo Escobar – from books to film to the cult series 'Narcos'. But these versions have always been told from the outside, only capturing half the truth, and never from the intimacy of his own home. Now, more than two decades after the full-fledged manhunt finally caught up with Escobar, his son brings us the dramatic truth as never before. Here we find a man of contradictions – generosity and infinite love for his family; yet capable of the most extreme acts of cruelty and violence. In a deeply personal exploration of his father, we see the inner world of a man who was celebrated by some as a benevolent Robin Hood figure and by others, as a dangerous leader of the most ruthless mafia organisation in human history, reaping vengeance and death on anyone that might stand in his way. When Escobar died, his then teenage son vowed revenge. But Escobar Jr. quickly recognised that meant following in his father's footsteps—something neither of them had ever wanted. With his change of heart, he denounced the Pablo Escobar legacy. This is far from the story of a child seeking redemption, but a shocking look at the consequences of violence and his attempt to come to terms with it.

Pablo Escobar

Enter the world of Brooklyn, the underworld of New York City through the boundless, in-depth mind of Calvin "Klein" Bacote. Making himself believe he had nothing to live for, he turned his life into a crime scene, finding something he was willing to die for. The Game. Klein was addicted to drugs, but not by way of usage. His high was obtained via hustling. He was a major figure, flooding the city with mass quantities, addicting more than half the city with 90% quality pure cocaine. He was reported to have grossed over \$25 million dollars annually. Klein, a mythological figure to most, a villain to some and an icon to others. From the child growing up in the late 60's and 70's to the larger than life character throughout the 80's and 90's, no stone is left unturned. He traverses every end of the spectrum, from the barely teenaged stick-up kid to the man who helped build Konvict Records while serving as a protege to the international star Akon. Raised in the hellish dwellings of Brooklyn's unforgiving Red-Hook Housing Projects, a neighborhood where legendary mobsters and gangsters have made their bones. One would think was he born to be this way? Klein will show you things your mind is yet to fathom. The already proclaimed best seller "Neighborhoods Under Siege" walks through Brooklyn in places you just couldn't go, during an era where life's value was less than that of a bag of rice. This book wears many hats. Live through the conviction of a mother, gun of an enforcer and soul of a hustler. Your conscience will tell you to stop reading, but your curiosity won't be denied. In "Neighborhoods Under Siege" Klein treks across his life and the lives of many other Brooklynites with such graphic detail, you'll relive these events as if you actually lived them. Ask this generation's #1 hip-hop artist who depicts Klein's life through his music. The influences in Klein's life made him an influence in the lives of others. Take part in the journey of one of the last men standing from an unsung, but never the less influential era and see how to escape when the "Neighborhoods Under Siege"

Neighborhoods Under Siege

****A Sunday Times Book of the Year**** The closest you'll ever get to the most infamous drug kingpin in modern history, told by the person who stood by his side The story of Pablo Escobar, one of the wealthiest, powerful and violent criminals of all time has fascinated the world. Yet the one person closest to him has never spoken out – until now. Maria Victoria Henao met Pablo when she was 13, eloped with him at 15, and despite his numerous infidelities and violence, stayed by his side for the following 16 years until his death. At the same time, she urged him to make peace with his enemies and managed

to negotiate her and her children's freedom after Pablo's demise. On the 25th anniversary of Pablo's death, the most intriguing character in the Escobar narrative is ready to share her story and reveal the real man behind the legend.

Mrs Escobar

Robert Mazur spent five years undercover infiltrating the criminal hierarchy of Colombia's drug cartels. The dirty bankers and businessmen he befriended knew him as Bob Musella, a wealthy, mob-connected big shot living the good life. Together they partied in expensive hotels, drank the world's finest champagnes, drove Rolls-Royce convertibles and flew in private jets. But under Mazur's designer suits and hidden away in his quality briefcase, recorders whirled quietly, capturing the damning evidence of their crimes. Then, at his own staged wedding, he led a dramatic takedown that shook the underworld. In the end, more than eighty men and women were charged worldwide. Operation C-Chase became one of the most successful undercover operations in the history of US law enforcement, and evidence gathered during the bust proved critical to the conviction of General Manuel Noriega. The Infiltrator is the true story of how Mazur's undercover work helped bring down the unscrupulous bankers who manipulated complex international finance systems to serve drug lords - including Pablo Escobar and the infamous Medellin cartel - corrupt politicians, tax cheats and terrorists. It is a shocking chronicle of the rise and fall of perhaps the biggest and most intricate money-laundering operation of all time. And, at its heart, it's a vivid portrait of an undercover life and the sacrifices it requires. Filled with dangerous lies, near misses and harrowing escapes, The Infiltrator is as bracing and explosive as the greatest fiction thrillers - only it's all true.

The Infiltrator

****A Sunday Times Book of the Year**** The closest you'll ever get to the most infamous drug kingpin in modern history, told by the person who stood by his side. The story of Pablo Escobar, one of the wealthiest, powerful and violent criminals of all time has fascinated the world. Yet the one person closest to him has never spoken out - until now. Maria Victoria Henao met Pablo when she was 13, eloped with him at 15, and despite his numerous infidelities and violence, stayed by his side for the following 16 years until his death. At the same time, she urged him to make peace with his enemies and managed to negotiate her and her children's freedom after Pablo's demise. The most intriguing character in the Escobar narrative is ready to share her story and reveal the real man behind the legend.

Pablo and Me

A true and candid account of Raymond Melendez and how the streets sunk its hooks into him at a young age and swallowed him alive. He gives a raw account as to how he found himself caught up in a paralyzing lifestyle that manipulated him into believing that narcotics was all that he was worth. Walk with Raymond Melendez as he reveals the truth about the importance of knowing your worth.

I Never Claimed to Have Wings On...

An African American soldier returns home to New York City from the Vietnam War in the late 1960s. It is a time of turbulence and change. Racism is very much alive in America. Times are tough for a young black man in America, especially one who has fought for his country in an unpopular war. Rick Talley takes what he believes the only economic road open to him: drug dealing. Prisoner of Dreams presents a large cast of characters, from small time street hustlers and pimps to Hollywood and Las Vegas celebrities, to organized crime figures. In a poignant, eye-opening memoir, the author describes his life and the times, the good and the bad, in New York City and Harlem during one of the most seminal periods in America history.

Prisoner of Dreams

From Robert Mazur, undercover agent and bestselling author of The Infiltrator, comes the riveting true story of grave corruption at the heart of one of the most explosive DEA missions of his career. Three years after undercover agent Robert Mazur infiltrated Pablo Escobar's Medellin drug cartel, he reemerged, a half-million-dollar bounty still on his head, with a new identity for a risky new sting. He was now Robert Baldasare, money launderer and president of an international trade finance company. Deployed to Panama, Mazur worked, traveled, partied, and washed millions with Central America's criminal elite. Partnered with a young superstar DEA task force agent, Mazur slipped effortlessly into

Colombia's notorious Cali drug cartel. But as his underworld reputation skyrocketed, the operation started going dangerously off the rails. On US soil, drug money en route to Mazur was seized. He started to notice an unsettling shift in the cartel's inner circle. Contacts were being assassinated, and Mazur was being tailed. His identity had been compromised. Refusing to acknowledge the threats ahead, Mazur was obsessed with seeing the mission through to its treacherous end: expose the Cali cartel, find out who betrayed him, and escape with his life.

The Betrayal

During the height of the crack epidemic that decimated the streets of D.C., Ruben Castaneda covered the crime beat for the Washington Post. The first in his family to graduate from college, he had landed a job at one of the country's premier newspapers. But his apparent success masked a devastating secret: he was a crack addict. Even as he covered the drug-fueled violence that was destroying the city, he was prowling S Street, a 24/7 open-air crack market, during his off hours, looking for his next fix. Castaneda's remarkable book, *S Street Rising*, is more than a memoir; it's a portrait of a city in crisis. It's the adrenalin-infused story of the street where Castaneda quickly became a regular, and where a fledgling church led by a charismatic and streetwise pastor was protected by the local drug kingpin, a dangerous man who followed an old-school code of honor. It's the story of Castaneda's friendship with an exceptional police homicide commander whose career was derailed when he ran afoul of Mayor Marion Barry and his political cronies. And it's a study of the city itself as it tried to rise above the bloody crack epidemic and the corrosive politics of the Barry era. *S Street Rising* is *The Wire* meets the Oscar-winning movie *Crash*. And it's all true.

S Street Rising

An astonishing, revelatory, and redemptive memoir from two women who escaped the international drug trade, with never-before-revealed details about El Chapo, the Sinaloa Cartel, and the dangerous world of illicit drugs. Olivia and Mia Flores are married to the highest level drug traffickers ever to become US informants. Their husbands worked with--and then brought down--El Chapo, as well as dozens of high-level members of the Mexican cartels. They had everything money could buy: luxury cars, huge houses, and expensive jewelry--but they chose to give it all up when they cooperated with the US government. They knew that life was about more than wealth; it was about love, family, and doing what's right. *Cartel Wives* is a love story, a "Married to the Mob" story, an insider's look into the terrifying but high-flying empire of the new world of drugs, and, finally, the story of a major DEA and FBI operation.

Cartel Wives

This book is based on the true story about my family, the personal memoirs of my father, a young Colombian man, his journey to the United States, the sacrifice, and the struggle in bringing his family to be with him. How a young Hispanic family had to cope with the constant fear of persecution, and threat of deportation while dealing with the pressures of poverty, and learning the thin line between good and bad ambition. Life as an immigrant proved to be very difficult for my father hurling him into the dangerous life of a Colombian Drug Dealer.

Colombian Memoirs

Look, Mom... I'm a Teenage Drug Lord is the incredibly wacked out, true story of a teenage genius from wealthy suburbia who stumbles into being the head of an illegal drug empire. Join Lance Green on a roller-coaster ride of parties, police chases and drug deals gone wrong, all while trying to get his schoolwork done. It's *Weeds* meets *Ferris Bueller's Day Off*.

Neighborhoods Under Siege

The true confession of an assassin, a sicario, who rose through the ranks of the Southern California gang world to become a respected leader in an elite, cruelly efficient crew of hit men for Mexico's "most vicious drug cartel," and eventually found a way out and an (almost) normal life. Martin Corona, a US citizen, fell into the outlaw life at twelve and worked for a crew run by the Arellano brothers, founders of the the Tijuana drug cartel that dominated the Southern California drug trade and much bloody gang warfare for decades. Corona's crew would cross into the United States from their luxurious hideout in Mexico, kill whoever needed to be killed north of the border, and return home in the afternoon. That work

continued until the arrest of Javier Arellano-Félix in 2006 in a huge coordinated DEA operation. Martin Corona played a key role in the downfall of the cartel when he turned state's evidence. He confessed to multiple murders. Special Agent of the California Department of Justice Steve Duncan, who wrote the foreword, says Martin Corona is the only former cartel hit man he knows who is truly remorseful. Martin's father was a US Marine. The family had many solid middle-class advantages, including the good fortune to be posted in Hawaii for a time during which a teenage Martin thought he might be able to turn away from the outlaw life of theft, drug dealing, gun play, and prostitution. He briefly quit drugs and held down a job, but a die had been cast. He soon returned to a gangbanging life he now deeply regrets. How does someone become evil, a murderer who can kill without hesitation? This story is an insight into how it happened to one human being and how he now lives with himself. He is no longer a killer; he has asked for forgiveness; he has made a kind of peace for himself. He wrote letters to family members of his victims. Some of them not only wrote back but came to support him at his parole hearings. It is a cautionary tale, but also one that shows that evil doesn't have to be forever.

Look, Mom... I'm a Teenage Drug Lord

Crack Cocaine is a series of poems and memoirs about my drug addiction. Crack, cocaine, heroin, alcohol, street life and prison. The journey begins at age 12 with being committed to a mental institution due to violent behavior. It progresses into street life, marijuana and alcohol. At age 13, I am introduced to heroin alcohol and theft. Eventually I become a heroin addict and criminal. On my 16th birthday I wake up in a cell on Rikers Island, the worst jail in NYC. At age 18, I am sentenced to 5 years in maximum security prison. Upon my release from Sing Sing Prison, I return to street life heroin, cocaine and alcohol. I meet Joey, who introduced me to crack cocaine. I become homeless and sleep on the street for two years. I become degraded, experience violence and murder and the impact of drug addiction. Joey was murdered at age 22. Joey always had a smile. His body was found beaten, burned and stuffed into a black garbage bag. At the time of this writing I am 60 years. My last experience with drugs and alcohol was on Sept 28, 1988, at 8:30 PM. I was with a drug dealer named Ralph. I have been drug and alcohol free ever since. In 1986 as I slept on the streets of NYC, I wrote a book of poetry about crack, heroin and the things I saw. I have held on to it dearly. My book, Crack Cocaine, is my collection of those poems, complimented by personal addiction memoirs. A true story written with graphic content, in explicit detail. I invite you to experience my journey of drugs addiction, street life, prison, pain and survival.

Confessions of a Cartel Hit Man

The disappearance and subsequent murder of one of Western Australia's most infamous underworld crime figures, Frank La Rosa, is only the tip of the iceberg. This is a true account, the untold story of Frank's daughter Lisa Mahoney, told in intimate detail as only Lisa herself can tell it in this rollercoaster of a memoir. It is more than a story of life as a drug dealer's daughter, and Lisa opens up about how her life was thrown into chaos on more than one occasion, including the many months of dealing with a missing person, to the somewhat closure she had when all hope was lost. In this must-read book, you will take a journey into the shadows of a damaged heart as Lisa recalls the many trials and tribulations endured during her father's colourful lifetime and even beyond his death. Many know the Frank La Rosa story. Now it's time to read the story of the one who called him Dad?

Crack Cocaine

A TRUE LIFETIME REALITY BOOK THAT WILL ENHANCE YOUR LIFE. A 20 million dollar fortune and his street credibility on the line, Kingpin Robert Moore aka, Rob Dog, must decide to surrender it all, or die in a hail of bullets, as the most notorious drug dealer in Southern California. This story jumps into the survival mindset of a king pin from the first transaction that led him to become one of the most prolific drug kingpins on the west coast. Rob Dog built one of the largest drug organizations from the ground up, running the southern tip of California from Long Beach to San Diego. The money, the cars, the women, the clothes, and the lavish lifestyle suddenly vanished from a series of events that led to a 23 year sentence in federal prison. While locked up in maximum security, Rob Dog wrote a raw, uncut, and to the point set of books that recounts past events on the streets. The book gives the reader a birds eye-view into federal prison reality as expressed through Big Rob Dog's experience. THIS BOOK WILL ENHANCE YOUR APPRECIATION OF LIFE. "It is an inspirational life changing message that will inspire many who are lost, trapped in the world of the streets. This is a must read for people who strive for fast money and the good life on wrong roads without maps." J.T. Turner, The Rhythm

Fest Entertainment.'IF I CAN CHANGE LIVES FOR THE BETTER AND KEEP YOUNGSTAS OUT OF JAILS, THEN MY INCARCERATION WAS NOT IN VAIN,"ROBERT MOORE AKA ROB DOG

Collateral Damage

See Book Trailer - <https://www.youtube.com/watch?reload=9&v=yQ8YTpdFers> Larry Marlowe Chambers will be charted in history as having one of the most memorable careers of any drug lord to exist in America in the late 20th Century. On February 29, 1988, Chambers was named in a fifteen-count indictment. Charges ranged from Conspiracy with Intent to Distribute to a CCE/Continuing Criminal Enterprise. In the end, LIFE was the sentence the FEDS gave him. 30 years After The Crack Commandments, Larry Marlowe Chambers is ready to share with you his Memoirs As An American Drug Lord and the adventurous journey that led to him becoming inmate number 03009-039. Growing up dirt poor never prepared this BET American Gangsta for the fame and fortune he gained with his masterfully crafted decision to take over 1350 - a dilapidated apartments complex. His decision would propel him to become a major kingpin who generated national attention as the real Nino Brown and the originator of the infamous Crack Commandments. Hollywood would take this Fortune 500 drug lord's life and use it as a template for the blockbuster movie, New Jack City. Walk with authors, Dominic Gibson and Essence Magazine Bestseller, Crystal Perkins as they bring the story of one of Detroit's most affluent crime bosses to life.

Surrender Or Die

A notorious drug kingpin reigning over Los Angeles, California and operating across numerous other states, Rick was sentenced to life imprisonment in 1996. But following the discovery his drug source was linked to the CIA and he had been used as a pawn in the Iran-Contra scandal, he received a reduced sentence.

The Last Narc

In the 1990s deep-cover police agent RS536 took on the Durban underworld as part of a new organised crime intelligence unit. He rubbed shoulders with drug lords, smugglers and corrupt cops, and was instrumental in busting an international drug ring and foiling a bank heist, among many other dangerous engagements. But then, as the country's new democracy birthed a struggle between the old and the new guard in the South African Police Service, his identity and his life came under threat. In this action-packed account, Johann van Loggerenberg describes how, as a young policeman, he worked closely with the investigative team of the Goldstone Commission to uncover the 'third force' – apartheid security forces that supplied weapons to the Inkatha Freedom Party to destabilise the country. He also delves into how and why, at the height of state capture at the South African Revenue Service in 2014, he was falsely accused of being an apartheid spy, a lie that persists up to today. Here, finally, is the truth behind the deep-cover police agent RS536.

30 Years After The Crack Commandments Part 1

We live in a world where many live by the "what have you done for me lately?" philosophy. Love, care, and concern is based on what a person has done for them, who that person is, or for what they can get out of a situation. We are self-centered in our love as a society. Against this kind of love comes unconditional love. It is the kind of love that expresses itself to everyone, no matter who they are, no matter what they have done, and expects nothing in return. When Jesus Christ walked the earth as the God/man this was the kind of love he exhibited to others. His death on the cross is God's ultimate expression of unconditional love. As we live Christian lives, the call is upon us to practice unconditional love just as God does. This generation desperately needs to experience genuine, unselfish, Godly love. In UNCONDITIONAL, the author chronicles his journey seeking to practice unconditional love, sometimes successfully, sometimes struggling. May his journey inspire the reader to be God's example of His unconditional love. This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book. Sometime in the early 1990's, I started writing on a "typewriter\

The Last Narc

A gripping, no-holds-barred memoir recalls the author's participation in the London club scene during the late 1980s and early 1990s, his success as a drug dealer, his confrontation with the notorious London criminals the Doherty brothers, his flight to North America, his continuing involvement with the drug trade and involvement with the murderous Triad gangs, and more. Original.

Freeway Rick Ross

A revealing memoir of Colombian television journalist Virginia Vallejo's affair with the "King of Cocaine," notorious Medellín drug lord, Pablo Escobar. Soon to be a major motion picture starring Javier Bardem and Penelope Cruz. At 33, Virginia Vallejo was media elite. A renowned anchorwoman and socialite, and a model who appeared on magazine covers worldwide, Vallejo was the darling of Colombia's most powerful politicians and billionaires. Meeting Pablo Escobar in 1983, and becoming his mistress for many years, she witnessed the rise of a drug empire that was characterized by Escobar's far-reaching political corruption, his extraordinary wealth, and a network of violent crime that lasted until his death in 1993. In this highly personal and insightful story, Vallejo characterizes the duality of Escobar's charm and charisma as a benefactor to the people of Colombia, and the repulsion of his criminal actions as a tyrannical terrorist and enemy of many world leaders. Told from the present day perspective, and reflecting on her cooperation with the US Department of Justice, in 2006, as she testified against high-ranking Colombian ministers on trial for conspiracy and murder, Vallejo offers a compelling work of intimate reflection and critical journalism--a unique perspective on the Colombian drug wars and the endlessly fascinating figure, Pablo Escobar.

Cop Under Cover

A suspenseful memoir from the real life American gangster, Frank Lucas In his own words, Frank Lucas recounts his life as the former heroin dealer and organized crime boss who ran Harlem during the late 1960s and early 1970s. From being taken under the wing of old time gangster Bumpy Johnson, through one of the most successful drug smuggling operations, to being sentenced to seventy years in prison, Original Gangster is a chilling look at the rise and fall of a modern legacy. Frank Lucas realized that in order to gain the kind of success he craved he would have to break the monopoly that the Italian mafia held in New York. So Frank cut out middlemen and began smuggling heroin into the United States directly from his source in the Golden Triangle by using coffins. Making a million dollars per day selling "Blue Magic"—what was known as the purest heroin on the street—Frank Lucas became one of the most powerful crime lords of his time, while rubbing shoulders with the elite in entertainment, politics, and crime. After his arrest, Federal Judge Sterling Johnson, the special narcotics prosecutor in New York at the time of Lucas' crimes, called Lucas and his operation "one of the most outrageous international dope-smuggling gangs ever, an innovator who got his own connections outside the U.S. and then sold the narcotics himself in the street." This powerful memoir reveals what really happened to the man whose career was dramatized in the 2007 feature film American Gangster, exposing a startling look at the world of organized crime.

Confessions of a Sociopath

M. E. Thomas is a high-functioning non-criminal sociopath. She is charismatic, ambitious and successful. You would be charmed by her if you met her, might even be seduced by her. You would not realise that she is studying you to find your flaws, that she is ruthlessly manipulative, has no empathy and does not feel guilt or remorse. But she does like people - she likes to touch them, mould them and ruin them. She could be your friend or your boss. She could be you . . . Now she writes with breathtaking honesty about her life. She also draws on the latest research to explain why at least one in twenty-five of us are sociopaths - and shows why that's not a bad thing. By turns fascinating, shocking and funny, *Confessions of a Sociopath* is a gripping insight into the mind of a self-confessed predator.

The Psychopath Whisperer

A chilling and provocative scientific dissection of the psychopath's brain Fact: A psychopath is 6 times more likely to commit a new crime after release from prison. Fact: Some forms of group therapy make psychopaths more likely to commit a new crime compared to no treatment at all. Fact: A psychopath is born every 47 seconds. Kent Kiehl is the 'Psychopath Whisperer', a neuroscientist who has dedicated his career to understanding what makes a mind turn criminal. Are psychopaths 'evil' and untreatable, or do they suffer from a mental illness comparable to schizophrenia or epilepsy? Do they – do we – have free will? Based on breathtaking research, including personality surveys and brain imaging scans of thousands of criminals, Kiehl pinpoints the biological machinery of psychopathy – and offers a radical new perspective on identifying & treating the psychopaths in our midst.

All My Friends Are Invisible

A mesmeric, harrowing and uplifting childhood memoir that will open up much-needed conversations about identity and mental health 'This will blow you away'- Stylist 'Joly's prose is sensitive and heartbreaking...darkly compelling' - Business Post 'An extraordinary and thought-provoking memoir' - Belfast Telegraph It was an ordinary day in 2016. In Gatwick Airport, Jonathan and his wife Anna were having breakfast with their two little children while waiting for their flight to be called. And then it happened, a familiar sensation that Jonathan hadn't had for decades: an out-of-body experience that transported him to another place, the safe place he used to escape to in his mind when he was a boy. Because growing up in conservative 1980s Dublin, where there was little tolerance for children who were 'different', Jonathan Joly was, indeed, a different sort of child: creative, expressive, and - on the inside - a girl. The limitations of the people around him to understand his differences led to years of tyrannical bullying and abuse, forcing him to withdraw within himself to the point of clinical absence. His only chance for survival was the inner world he created for himself, rich with loving and supportive friends and playmates, that only he could see. Jonathan's invisible friends were his lifeline, and on that day at the airport, they came flooding back, and have remained with him to this day. This extraordinary childhood memoir is not only an important, thought-provoking and exhilarating read, it gives hope and community for all those who have ever felt 'other', and proves how vital it is to provide children with the safe space to be themselves. In *All My Friends are Invisible*, Jonathan Joly, known widely as one of social media's most successful content creators, shares the secret he's kept hidden these many years. He shows the beautiful world he retreated to time and time again when life was unbearable for his 'skin machine'. Most importantly, he introduces us to his invisible friends, and in so doing you may be transported back to the friends you had as a child that no one else could see, and who may have saved you, too. "When you find yourself living in a world that doesn't understand you, and you lack any connection to anyone or any place, you are faced with few options. You can choose to leave this world and hope whatever lies beyond ends up being better, or you can create your own. It will require grit, hardship, pain and suffering, but the rewards will be great, and the journey will be greater, and the adventures will be endless. So, at a very young age and faced with these options, I chose the latter." *All My Friends are Invisible* will be one of the most talked about books of 2022.

Outsmarting the Sociopath Next Door

From Dr. Martha Stout's influential work *The Sociopath Next Door*, we learned how to identify a sociopath. Now she tells us what to actually do about it. While the best way to deal with a sociopath is to avoid them entirely, sometimes circumstance doesn't allow for that. What happens when the time comes to defend yourself against your own child, a boss, or ruthless ex-spouse? Inspired by the many chilling and often heartbreaking emails and letters she has received over the years, from her work with the victims of sociopathy, Dr. Martha Stout uncovers the psychology behind the sociopath's methods and provides concrete guidelines to help navigate these dangerous interactions. Organized

around categories such as destructive narcissism, violent sociopaths, sociopathic coworkers, and the sociopath in your family, *Outsmarting the Sociopath Next Door* contains detailed explanation and commentary on how best to react in these situations to keep the sociopath at bay. Uniting these categories is a discussion of changing psychological theories of personality and sociopathy and the enduring triumph of conscience over those who operate without empathy or concern for others. By understanding the person you're dealing with and changing the rules of the game, you'll be able to gain the upper hand and escape the sociopath's influence. Whether you're fighting a custody battle against a sociopathic ex or being gaslighted by a boss or coworker, you'll find hope and help within these pages. With this guide to disarming the conscienceless, Dr. Stout aims to give readers the tools to protect themselves while conducting a broader examination of human behavior and conceptions of normality.

The Sociopath Next Door

WHO IS THE DEVIL YOU KNOW? Is it your lying, cheating ex-husband? Your sadistic high school gym teacher? Your boss who loves to humiliate people in meetings? The colleague who stole your idea and passed it off as her own? In the pages of *The Sociopath Next Door*, you will realize that your ex was not just misunderstood. He's a sociopath. And your boss, teacher, and colleague? They may be sociopaths too. We are accustomed to think of sociopaths as violent criminals, but in *The Sociopath Next Door*, Harvard psychologist Martha Stout reveals that a shocking 4 percent of ordinary people—1 in 25—has an often undetected mental disorder, the chief symptom of which is that that person possesses no conscience. He or she has no ability whatsoever to feel shame, guilt, or remorse. One in 25 everyday people, therefore, is secretly a sociopath. They could be your colleague, your neighbour, even family. And they can do literally anything at all and feel absolutely no guilt. How do we recognize the remorseless? One of their chief characteristics is a kind of glow or charisma that makes sociopaths more charming or interesting than the other people around them. They're more spontaneous, more intense, more complex, or even sexier than everyone else, making them tricky to identify and leaving us easily seduced. Fundamentally, sociopaths are different because they cannot love. Sociopaths learn early on to show sham emotion, but underneath they are indifferent to others' suffering. They live to dominate and thrill to win. The fact is, we all almost certainly know at least one or more sociopaths already. Part of the urgency in reading *The Sociopath Next Door* is the moment when we suddenly recognize that someone we know—someone we worked for, or were involved with, or voted for—is a sociopath. But what do we do with that knowledge? To arm us against the sociopath, Dr Stout teaches us to question authority, suspect flattery, and beware the pity play. Above all, she writes, when a sociopath is beckoning, do not join the game. It is the ruthless versus the rest of us, and *The Sociopath Next Door* will show you how to recognize and defeat the devil you know.

The Psychopath Inside

"Compelling, essential reading for understanding the underpinnings of psychopathy." — M. E. Thomas, author of *Confessions of a Sociopath* For his first fifty-eight years, James Fallon was by all appearances a normal guy. A successful neuroscientist and professor, he'd been raised in a loving family, married his high school sweetheart, and had three kids and lots of friends. Then he learned a shocking truth that would not only disrupt his personal and professional life, but would lead him to question the very nature of his own identity. While researching serial killers, he uncovered a pattern in their brain scans that helped explain their cold and violent behavior. Astonishingly, his own scan matched that pattern. And a few months later he learned that he was descended from a long line of murderers. Fallon set out to reconcile the truth about his own brain with everything he knew as a scientist about the mind, behavior, and personality.

Creating Mental Illness

In this surprising book, Allan V. Horwitz argues that our current conceptions of mental illness as a disease fit only a small number of serious psychological conditions and that most conditions currently regarded as mental illness are cultural constructions, normal reactions to stressful social circumstances, or simply forms of deviant behavior. "Thought-provoking and important. . . Drawing on and consolidating the ideas of a range of authors, Horwitz challenges the existing use of the term mental illness and the psychiatric ideas and practices on which this usage is based. . . . Horwitz enters this controversial territory with confidence, conviction, and clarity."—Joan Busfield, *American Journal of Sociology* "Horwitz properly identifies the financial incentives that urge therapists and drug

companies to proliferate psychiatric diagnostic categories. He correctly identifies the stranglehold that psychiatric diagnosis has on research funding in mental health. Above all, he provides a sorely needed counterpoint to the most strident advocates of disease-model psychiatry."—Mark Sullivan, *Journal of the American Medical Association* "Horwitz makes at least two major contributions to our understanding of mental disorders. First, he eloquently draws on evidence from the biological and social sciences to create a balanced, integrative approach to the study of mental disorders. Second, in accomplishing the first contribution, he provides a fascinating history of the study and treatment of mental disorders. . . from early asylum work to the rise of modern biological psychiatry."—Debra Umberson, *Quarterly Review of Biology*

Snakes in Suits

Revised and updated with the latest scientific research and updated case studies, the business classic that offers a revealing look at psychopaths in the workplace—how to spot their destructive behavior and stop them from creating chaos in the modern corporate organization. Over the past decade, *Snakes in Suits* has become the definitive book on how to discover and defend yourself against psychopaths in the office. Now, Dr. Paul Babiak and Dr. Robert D. Hare return with a revised and updated edition of their essential guide. All of us at some point have—or will—come into contact with psychopathic individuals. The danger they present may not be readily apparent because of their ability to charm, deceive, and manipulate. Although not necessarily criminal, their self-serving nature frequently is destructive to the organizations that employ them. So how can we protect ourselves and our organizations in a business climate that offers the perfect conditions for psychopaths to thrive? In *Snakes in Suits*, Hare, an expert on the scientific study of psychopathy, and Babiak, an industrial and organizational psychologist and a leading authority on the corporate psychopath, examine the role of psychopaths in modern corporations and provide the tools employers can use to avoid and deal with them. Together, they have developed the B-Scan 360, a research tool designed specifically for business professionals. Dr. Babiak and Dr. Hare reveal the secret lives of psychopaths, explain the ways in which they manipulate and deceive, and help you to see through their games. The rapid pace of today's corporate environment provides the perfect breeding ground for these "snakes in suits" and this newly revised and updated classic gives you the insight, information, and power to protect yourself and your company before it's too late.

The Psychopath Test

What if society wasn't fundamentally rational, but was motivated by insanity? This thought sets Jon Ronson on an utterly compelling adventure into the world of madness. Along the way, Jon meets psychopaths, those whose lives have been touched by madness and those whose job it is to diagnose it, including the influential psychologist who developed the Psychopath Test, from whom Jon learns the art of psychopath-spotting. A skill which seemingly reveals that madness could indeed be at the heart of everything . . . Combining Jon Ronson's trademark humour, charm and investigative incision, *The Psychopath Test* is both entertaining and honest, unearthing dangerous truths and asking serious questions about how we define normality in a world where we are increasingly judged by our maddest edges. 'The belly laughs come thick and fast – my God, he is funny . . . provocative and interesting' – Observer

Devil in the Details

In the bestselling tradition of "Running with Scissors" and "A Girl Named Zippy," Jennifer Traig tells an unforgettable story of youthful obsession.

Personality Disorders and Mental Illnesses

~ PERSONALITY DISORDERS & MENTAL ILLNESSES ~ **Limited Edition** From the ~Unleash the Power of the Mind~ collection and the award winning writer, Clarence T. Rivers, comes a masterful explanation of the mind and the various personality disorders and mental illnesses. "An excellent look into minds of those with all types of personality disorders...powerful stuff!" - Elliot Moore, Book Critique Topics of Discussion - Personality Disorders and Mental Illnesses - Psychopathy Defined - Crime and Psychopaths - Psychopaths vs. Sociopaths - Sociopath Defined - The Goal of a Sociopath - The Weaknesses of a Sociopath - Dealing with a Sociopath - Narcissism Defined - The Narcissist in You - The Narcissists of Today - How to Deal with a Narcissist - and much more! Grab Your Copy Today! The contents of this book are easily worth over \$30 but if you purchase this book today you will get it for just

\$11.99! ----- Tags: Personality Disorders, Mental Illness, Psychopath, Sociopath, ASPD, Narcissist, Narcissism

Company Man

At the intersection of politics, law and national security--from "protect us at all costs" to "what the hell have you guys been up to, anyway?"--A lawyer's life in the CIA. Under seven presidents and 11 different CIA directors, Rizzo rose to become the CIA's most powerful career attorney. Given the agency's dangerous and secret mission, spotting and deterring possible abuses of law, offering guidance and protecting personnel from legal jeopardy was, and remains, no easy task. The author accumulated more than 30 years of war stories, and he tells most of them.

Appetites

In *Appetites*, Caroline Knapp confronts Freud's famous question, "What do women want?" and boldly reframes it, asking instead: How does a woman know, and then honor, what it is she wants in a culture bent on shaping, defining, and controlling her desires? Knapp, bestselling author of *Drinking: A Love Story* and *Pack of Two: The Intricate Bond Between People and Dogs*, has turned her brilliant eye towards how a woman's appetite—for food, love, work, and pleasure—has become a battlefield. She uses her own experiences with anorexia as a powerful exploration of what can happen when we are divorced from our most basic hungers—and offers her own success as testament to the joy of saying "I want." Provocative, important, and deeply familiar, *Appetites* beautifully—and urgently—challenges all women to learn what it is to feed both the body and the soul.

Sociopath

~ Take a Glimpse Inside the Mind of a Sociopath... ~ **Limited Edition** From the ~Personality Disorders and Mental Illnesses~ collection and the award winning writer, Paul Sorensen, comes a masterful explanation into the mind of a sociopath! "An excellent depiction of the modern day sociopath!" - Alex Lemmings, Book Critique Think of sociopaths, and what's the first thing that enters your mind? The soulless murderer, lurking in the shadows? Or perhaps you think of the ruthless business man turned hardened criminal, a modern day depiction in recent movies and media. You'd probably be surprised to know that you've met a sociopath already, at least one. Are they your classmate, colleague, friend, or even lover? The thing about sociopaths that so few realize is that they are chameleons, masters at blending in. Unless you know them intimately, you will have no idea what's going on behind the charming façade. In the real world, sociopaths are far more likely to lie to family members, steal from workplaces, cheat on their partners, abuse drugs, and commit fraud, than they ever are to murder someone. Although not all actions by a sociopath are criminal, many are what society considers immoral, and you remain unaware of the sociopaths in your own life at your peril. In this book you will learn what a true sociopath is like, how to recognize them, and how to deal with them - especially if they cannot be avoided. I also discuss how to help yourself heal after you come out the other side. Is there a cure, or even any hope for sociopaths? The short answer is 'we don't know', but there's a lot more to it than that, and forewarned is forearmed. Don't let yourself become the next to be manipulated, lied to, or even assaulted or have your life destroyed by the sociopath you know. Topics of Discussion - What is Sociopathy? - Sociopathic Personalities - How to Recognize a Sociopath - Surviving a Sociopath - Clinical Sociopathy - The Cause of Sociopathy - Is there a Cure? - and much more! Grab Your Copy Today! The contents of this book are easily worth over \$30 but if you purchase this book today you will get it for just \$11.99! ----- Tags: Sociopath, ASPD

NO ONE KNEW

Research has shown that up to four percent of the population in this country are sociopaths. Many people are unaware of what a sociopath is and what they are capable of. Some may feel that something is off about their partner but don't even realize that they are in a relationship with a very dangerous and inherently evil person. How do I know? Because that was me. My sociopath ex-husband came into my life like a freight train. From the beginning, he had me thinking we were soulmates, but I was left picking up the pieces and wondering how it all happened. As a victim of sociopathic violence, I felt compelled to share my knowledge so that the issue of emotional abuse is raised amongst the public's consciousness, empowering others to speak out. This is my personal story..."No One Knew." "Like so many of us, Renee Olivier was unaware that sociopaths can be disguised as charming, magnetic romantic partners. She relates her personal story of finding out about them the hard way

- through a relationship with a man who had once been her knight in shining armor but eventually turned into a hostile, domineering, and parasitic villain. Readers who have had a similar experience will be validated. Readers who have not experienced the gaslighting and abuse (yet) will be forewarned." Donna Andersen Author of Lovefraud.com and "Love Fraud - how marriage to a sociopath fulfilled my spiritual plan"

Crimes Committed by Terrorist Groups

This is a print on demand edition of a hard to find publication. Examines terrorists' involvement in a variety of crimes ranging from motor vehicle violations, immigration fraud, and mfg. illegal firearms to counterfeiting, armed bank robbery, and smuggling weapons of mass destruction. There are 3 parts: (1) Compares the criminality of internat. jihad groups with domestic right-wing groups. (2) Six case studies of crimes includes trial transcripts, official reports, previous scholarship, and interviews with law enforce. officials and former terrorists are used to explore skills that made crimes possible; or events and lack of skill that the prevented crimes. Includes brief bio. of the terrorists along with descriptions of their org., strategies, and plots. (3) Analysis of the themes in closing arguments of the transcripts in Part 2. Illus.

The Well of Loneliness

This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel *The Unlit Lamp* (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy *The Forge* (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel *The Well of Loneliness* (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

Sex with Sociopaths

With her no-holds barred storytelling, Silke Kaiser takes you down the rabbit hole of *Sex with Sociopaths*: a devastating and compelling recount of a tragic childhood, a deeply troubled adolescence and an adulthood fraught with loss, insecurity, heart breaking family ties and an addictive attraction to unhealthy relationships with narcissists and sociopaths that is impossible to escape. *Sex with Sociopaths* is as stunning as it is gut-wrenching, and paints a disturbing but honest picture of how our childhood memories can become monsters that can no longer hide in the closet.

Talking With Psychopaths and Savages: Beyond Evil

'I wrapped duct tape around her mouth and her nose and watched her suffocate to death . . . then I went back to work' - former Colonel David Russell Williams of the Royal Canadian Air Force, 2010 Sunday Times-bestselling author Christopher Berry-Dee is back with a companion volume that delves even deeper into the savage world of psychopaths and their hideous crimes. This time, however, he combines sections on killers whom he has known, interviewed or corresponded with, with studies of psychopathic serial killers from the past, including Peter Kürten, the 'Düsseldorf Monster', John Christie, responsible for the killings at 10 Rillington Place; and Neville Heath, a ladykiller in every sense of the word. The result is a chilling narrative that sets the forensic examination of killers and their crimes within the context of murder in the twentieth and twenty-first centuries, an examination of the evil mind set against the insoluble problem of identifying psychopaths who kill. This is not a book for the squeamish, but it is undeniably fascinating in its portrayal of just what one human being will do to others - while all too often moving among us unnoticed and unhindered. If their crimes seem as incomprehensible as they are horrific, it is undeniably true that the world's most savage killers may be much closer than we think . . .

The Bet

The closest you can get to the most dangerous minds. Find out what truly makes a psychopath, from the leading expert who helped to create Killing Eve's Villanelle. Dr Mark Freestone has worked on some of the most interesting, infamous and disturbing psychopath cases of recent times and is now sharing his

phenomenal insight. Danny 'the Borderline' switches from grandiosity to rage to despair within minutes and killed his defenceless friend without explanation. Tony 'the Conman' prefers charm, intimidation and sexual abuse over physical violence and once tried to dupe someone into buying the Eiffel Tower. Jason 'the Liar' had a fantasy life that led to vicious murders around Europe and preys on those who see the good in people. Case by fascinating case, get to know seven of the most dangerous minds that Dr Freestone has encountered over the last 15 years; these are up close accounts of some of Britain's most psychopathic criminals, and what can happen if you fall victim to their supreme powers of manipulation. Exploring the many factors that make a psychopath, the complexities and contradictions of their emotions and behaviour, as well as an examination of how the lives of psychopaths develop inside and outside the institutions that are supposed to contain them, this book opens up a window into the world of those who operate in a void of human emotion ... and what can be done to control them. 'The psychiatrist who created Killing Eve's anti-heroine' The Telegraph

Making a Psychopath

A cult classic, adapted into a film starring Christian Bale. Is evil something you are? Or is it something you do? Patrick Bateman has it all: good looks, youth, charm, a job on Wall Street, reservations at every new restaurant in town and a line of girls around the block. He is also a psychopath. A man addicted to his superficial, perfect life, he pulls us into a dark underworld where the American Dream becomes a nightmare . . . With an introduction by Irvine Welsh, Bret Easton Ellis's *American Psycho* is one of the most controversial and talked-about novels of all time. A multi-million-copy bestseller hailed as a modern classic, it is a violent black comedy about the darkest side of human nature.

American Psycho

'Just WOW! Totally unputdownable.' P Goodreads reviewer 'THE best book I've read this year.' P Goodreads reviewer 'Amazing book, her best yet!!!!' P Goodreads reviewer 'Gave me shivers – gripping, heart-wrenching, consuming.' P Goodreads reviewer The truth can set you free, or make you a prisoner... Thirty years ago, Nicola Watson lived with her parents and older brother in a respectable suburb. At ten years old, she didn't yet understand why her stomach tightened when she heard her father's heavy tread as he returned home late at night, or why it made her brother Graham's stammer get worse, or why one night her mother Carol woke them both, wide-eyed and whispering, and took them out of their home and into the unknown. Now a successful lawyer in the city, with a life poles apart from her dark beginnings, Nicola has returned home for her mother's funeral. But as she stands in her mother's house, remembering the woman who sacrificed everything for her children, Nicola has to confront the guilt that she feels for leaving her family behind. And the belief that she played a part in the events that led to her brother going to prison for murder. All Carol wanted was to protect her children, but escaping her husband was only the beginning of the story. And when Nicola learns the truth of what her mother did, it will change everything she thought she knew about herself and her family. A gripping, emotional story of family secrets, and the strength of a mother's love in the darkest times. The next powerful read for fans of *The Silent Wife*, Kerry Lonsdale and Emily Bleeker. Readers are loving *The Lies We Hide*! 'There are not enough stars in the world to describe my love for this book! A million stars and more from me!' Goodreads Reviewer P 'This book was beautifully written and brought me to tears. One of the best books I've read this year.' Goodreads Reviewer P 'This is one of those books that kept me on the edge of my seat from the beginning to the very end.' Goodreads Reviewer P 'Amazing... a story so deep and heartbreaking with so many twists you won't be able to put it down. I would give this book more stars if I could. Loved it and will be definitely recommending this to all my friends.' Goodreads Reviewer P 'You know when you find one of those books that you know you are going to love right from the first few pages? This is one of those, it's fast paced and kept me up reading nearly all night last night, I couldn't stop! I can't recommend it enough, it's my favourite read this year so far.' NetGalley Reviewer P 'The Lies We Hide is a story that will take hold of you. When I wasn't reading it, I was constantly thinking about it. ... Absolutely outstanding!' By the Letter Book Reviews P 'A brilliant domestic thriller! WOW!! Loved this book – almost read it straight through... The end has a twist I did not see coming!!!' Goodreads Reviewer P 'This is such a moving story and one I would highly recommend. In fact, thanks to the author, I stayed awake far longer than was sensible in order to keep reading.' Goodreads Reviewer P 'Wow, what a book. It grabbed me from the first page and I'm gutted that I've finished it. I've loved this author's other books, however this is definitely my favourite so far.' Goodreads Reviewer P 'This is one of those books that kept me on the edge of my seat from the beginning to the very end.' Goodreads Reviewer P 'This book pulls at your heart. Grabs you from the very first page and doesn't let go until the very last!' Goodreads Reviewer P

The Lies We Hide

Invisibility is the most disturbing aspect of psychopathy. Psychopaths must keep their true nature hidden, and they know how to do it. They're skilled actors and mimics. After all, they can only dupe us if they can first make us believe they're honest, genuine and trustworthy. To do that, they have to come across as normal. Is it possible to identify a psychopath? Yes, if you learn the signs that can help you spot one. From the author of the unique and popular website, *Psychopaths and Love*. "Wonderful read. Such a great gem. One of my favorite books about this subject as the author paints such a clear picture of what these relationships are like. If you're wondering if you are encountering a psychopath, read this book and you will know without a doubt." "Great book. This book is clear about what one may experience with a psychopath. This may help those who struggle with understanding why their "soul mate" who shared such an amazing life could simply walk away or be abusive." "The truth shall make you free. The description of typical behavior and common reaction to that behavior was more helpful to me in freeing myself than all the books on what a psychopath, sociopath or narcissist is. Who cares about definitions and diagnosis when it is the behavior that is killing you and is so well hidden from others that you look (and often feel) like the "crazy person" when in reality you are the "sacrificial lamb" of a crazy person."

202 Ways to Spot a Psychopath in Personal Relationships

Most people are both repelled and intrigued by the images of cold-blooded, conscienceless murderers that increasingly populate our movies, television programs, and newspaper headlines. With their

flagrant criminal violation of society's rules, serial killers like Ted Bundy and John Wayne Gacy are among the most dramatic examples of the psychopath. Individuals with this personality disorder are fully aware of the consequences of their actions and know the difference between right and wrong, yet they are terrifyingly self-centered, remorseless, and unable to care about the feelings of others. Perhaps most frightening, they often seem completely normal to unsuspecting targets--and they do not always ply their trade by killing. Presenting a compelling portrait of these dangerous men and women based on 25 years of distinguished scientific research, Dr. Robert D. Hare vividly describes a world of con artists, hustlers, rapists, and other predators who charm, lie, and manipulate their way through life. Are psychopaths mad, or simply bad? How can they be recognized? And how can we protect ourselves? This book provides solid information and surprising insights for anyone seeking to understand this devastating condition.

Without Conscience

The concluding volume of Dave Pelzer's million-copy bestselling memoir. 'I don't blame others for my problems. I stand on my own. And one day, you'll see, I'm going to make something of myself.' These words were eighteen-year-old Dave Pelzer's declaration of independence to his mother, a woman who had abused him with shocking brutality. But even years after he was rescued, his life remained a continual struggle. Dave felt rootless and awkward, an outcast haunted by memories of his years as the bruised, cowering 'It' locked in his mother's basement. Dave's dramatic reunion with his dying father and the shocking confrontation with his mother led to his ultimate calling: mentor to others struggling with personal hardships. From a difficult marriage to the birth of his son, from an unfulfilling career to an enduring friendship, Dave was finally able to break the chains of his past, learning to trust, to love, and to live.

A Man Named Dave

An incisive examination into the pairing of psychology and situation that creates despotic leaders from the author of *Murderous Minds*. Not everyone can become a tyrant. It requires a particular confluence of events to gain absolute control over entire nations. First, you must be born with the potential to develop brutal personality traits. Often, this is a combination of narcissism, psychopathy, Machiavellianism, paranoia and an extraordinary ambition to achieve control over others. Second, your dangerous personality must be developed and strengthened during childhood. You might suffer physical and/or psychological abuse. Finally, you must come of age when the political system of your country is unstable. Together, these events establish a basis to rise to power, one that Stalin, Hitler, Mao Zedong, Saddam Hussein, and Muammar Qaddafi all used to gain life-and-death control over their countrymen and women. It is how the leaders of the Islamic State hoped to gain such power. Though these men lived in different times and places, and came from vastly different backgrounds, many of them felt respect for each other. They often seemed to recognize their shared, "dark" personality traits and viewed them as strengths. Only in rare cases did they show signs of mental disorders. "Getting inside the heads" of foreign leaders and terrorists is one way governments try to understand, predict, and influence their actions. Psychological profiles can help us understand the urges of tyrants to dominate, subjugate, torture and slaughter. *Tyrannical Minds* reveals how recognizing their psychological traits can provide insight into the motivations and actions of dangerous leaders, potentially allow us to predict their behavior?and even how to stop them. As strongmen and authoritarian leaders around the world increase in number, understanding the most extreme examples of tyrannical behavior should serve as a warning to anyone indifferent to the threats posed by political extremism.

Tyrannical Minds

Before becoming one of the most successful filmmakers in Hollywood, Judd Apatow was the original comedy nerd. At fifteen, he took a job washing dishes in a local comedy club-just so he could watch endless stand-up for free. At sixteen, he was hosting a show for his local high school radio station in Syosset, Long Island-a show that consisted of Q&As with his comedy heroes, from Garry Shandling to Jerry Seinfeld. Thirty years later, Apatow is still that same comedy nerd-and he's still interviewing funny people about why they do what they do. *Sick in the Head* gathers Apatow's most memorable and revealing conversations into one hilarious, wide-ranging and incredibly candid collection. Here are the comedy legends who inspired and shaped him, the contemporaries he grew up with in Hollywood, and the brightest stars in comedy today, from Mel Brooks, Jerry Seinfeld and Steve Martin to Chris Rock, Seth Rogen and Lena Dunham. *Sick in the Head* is Apatow's gift to comedy nerds everywhere.

Sick in the Head

The truth is that you can defeat your fears. The author of the four-million-copy bestselling *Feeling Good* offers 40+ simple, effective CBT-based techniques to overcome every conceivable kind of anxiety—without medication. “Few truly great books on psychotherapy have been published, and this is one of them.”—Albert Ellis, Ph.D., founder of the Albert Ellis Institute and bestselling author of *A Guide to Rational Living* We all know what it’s like to feel anxious, worried, or panicky. What you may not realize is that these fears are almost never based on reality. When you’re anxious, you’re actually fooling yourself, telling yourself things that simply aren’t true. See if you can recognize yourself in any of these distortions: All-or-Nothing Thinking: “My mind will go blank when I give my presentation at work, and everyone will think I’m an idiot.” Fortune Telling: “I just know I’ll freeze up and blow it when I take my test.” Mind Reading: “Everyone at this party can see how nervous I am.” Magnification: “Flying is so dangerous. I think this plane is going to crash!” Should Statements: “I shouldn’t be so anxious and insecure. Other people don’t feel this way.” Self-Blame: “What’s wrong with me? I’m such a loser!” Mental Filter: “Why can’t I get anything done? My life seems like one long procrastination.” Using techniques from cognitive behavioral therapy (CBT), which focuses on practical, solution-based methods for understanding and overcoming negative thoughts and emotions, *When Panic Attacks* gives you the ammunition to quickly defeat every conceivable kind of anxiety, such as chronic worrying, shyness, public speaking anxiety, test anxiety, and phobias, without lengthy therapy or prescription drugs. With forty fast-acting techniques that have been shown to be more effective than medications, *When Panic Attacks* is an indispensable handbook for anyone who’s worried sick and sick of worrying.

When Panic Attacks

The Buy Side is Turney Duff's high-adrenaline journey through the trading underworld, as well as a searing look at an after-hours Wall Street culture where sex and drugs are the quid pro quo and a billion isn't enough. In the mid-2000's, Turney Duff was, to all appearances, the very picture of American success. One of Wall Street's hottest traders, he was a rising star with Raj Rajaratnam's legendary Galleon Group before forging his own path. What few knew was that the key to Turney's remarkable success wasn't a super-genius IQ or family connections but rather a winning personality - because the real money wasn't made on the trading floor or behind a computer screen, but in whispered deals in the city's most exclusive nightspots, surrounded by the best drugs and hottest women. For Turney, this created a perilously seductive cycle: the harder he partied, the more connected and successful he became, which meant he could party even harder. In time, he became a walking paradox, an addictive mess after hours, and King of the Street from nine to five. Along the way, he learned some important lessons about himself, and the too-wild-to-believe world of Wall Street trading. In *The Buy Side*, the money is plentiful and the after-hours indulgence even more so, which has proved to be a bestselling and box office winning combination, as the success of *The Wolf of Wall Street* attests. Fans of Martin Scorsese's film and Michael Lewis's *Liar's Poker* and *The Big Short* will want to take a walk on *The Buy Side*.

The Buy Side

"What will the neighbors think?" "Keep your voice down, or the neighbors will hear you screaming." I never knew *The Neighbors*, but, more importantly, they never knew my family. Right next door was a house of horror, and they indeed never knew. This is the story that was carefully concealed from you. This is the story that can happen even if you do grow up with neighbors watching. From author Cindy Collins comes an unblinkingly honest, poignant, and often heartbreaking firsthand account of what it's like to live with Borderline Personality Disorder (BPD) . . . and the pervasive trauma she endured as a child that led to her descent into the dark world of BPD. Gaslighted by her mother--who cultivated an outward appearance of being the perfect wife and mother--Cindy suffered ongoing sexual abuse by multiple family members, abandonment, and cruelty at the hands of the one person who should have loved and protected her most. The resulting fits of rage, extreme thinking, difficulty maintaining relations, and depression would set Cindy on a path of destruction until she finally found the hope and courage to fight her demons. Chronicling her childhood of abuse, her diagnosis of BPD in her twenties, and her ultimate road to recovery, *Born Under the Gaslight* is a memoir like none you have ever read before. Offering a rare and insightful glimpse into the inner struggles of someone who lives with BPD, *Born Under the Gaslight* is a must-read for therapists, others living with BPD, and anyone wanting to understand the complexities of BPD and how to offer practical and emotional support. Reviews "In *Born Under the Gaslight*, Cynthia Collins has succinctly and vividly portrayed a woman struggling to emerge from a legacy of abuse and trauma occurring against a fundamentally "crazymaking" backdrop. The writing is brutally honest, and the story is heartbreaking as we hear of a life lived in a pinball

machine, punctuated by chaos, turbulent relationships, job instability, and other hallmark challenges of borderline personality disorder. Gradually, Collins' path to recovery becomes clearer, showing the importance of love, compassion, and connection in her personal life and therapy. I highly recommend this memoir as an honest, frank portrayal of the challenges many people with borderline personality disorder face."-Alexander L. Chapman, Ph.D., R.Psych.

Born Under the Gaslight

An enlightening and entertaining look at how to use your inner psychopath to get the most out of LIFE. What is a good psychopath? And how can thinking like one help you to be the best that you can be? Professor Kevin Dutton has spent a lifetime studying psychopaths. He first met SAS hero Andy McNab during a research project. What he found surprised him. McNab is a diagnosed psychopath but he is a GOOD PSYCHOPATH. Unlike a BAD PSYCHOPATH, he is able to dial up or down qualities such as ruthlessness, fearlessness, conscience and empathy to get the very best out of himself -- and others -- in a wide range of situations. Drawing on the combination of Andy McNab's wild and various experiences and Professor Kevin Dutton's expertise in analysing them, together they have explored the ways in which a good psychopath thinks differently and what that could mean for you. What do you really want from life, and how can you develop and use qualities such as charm, coolness under pressure, self-confidence and courage to get it? The Good Psychopath's Guide to Success gives you a unique and entertaining road-map to self-fulfillment both in your personal life and your career.

The Good Psychopath's Guide to Success

Poetry. *ALONGSIDE WE TRAVEL* is the first literary anthology to gather over two dozen poets from Canada, the United States, the UK and Israel whose lives are intertwined or affected by the autism spectrum. Included in this anthology are poems from tutors and teachers, aunts and grandmothers, friends and siblings, and from poets with autism themselves. Most of the work here is by highly accomplished poet-parents of autistic children written in a variety of traditional and experimental forms. But be warned. Much of the work articulates the despair, guilt, anger, as well as the joy that arises from engagement with such a complicated and diverse disability. As the editor Sean Thomas Dougherty writes, "I can only hope the range of these poems teaches you, the reader, what they have taught me, the editor, about my own autistic daughter, about art, and how we can be brought together through language towards love." All NYQ Books royalties earned on sales will be donated to Sharing the Weight, a small nonprofit out of Iowa doing a simple amazing thing: gathering people together to hand sew and make weighted blankets for autistic children.

Alongside We Travel

A definitive collection of time-travel stories from more than a century of literature features pieces by such leading authors as Douglas Adams, Isaac Asimov and Ray Bradbury and is complemented by a selection of informative nonfiction articles, including Charles Yu's "Top Ten Tips For Time Travelers."

The Time Traveler's Almanac

Revised and updated with the latest scientific research and updated case studies, the business classic that offers a revealing look at psychopaths in the workplace—how to spot their destructive behavior and stop them from creating chaos in the modern corporate organization. Over the past decade, *Snakes in Suits* has become the definitive book on how to discover and defend yourself against psychopaths in the office. Now, Dr. Paul Babiak and Dr. Robert D. Hare return with a revised and updated edition of their essential guide. All of us at some point have—or will—come into contact with psychopathic individuals. The danger they present may not be readily apparent because of their ability to charm, deceive, and manipulate. Although not necessarily criminal, their self-serving nature frequently is destructive to the organizations that employ them. So how can we protect ourselves and our organizations in a business climate that offers the perfect conditions for psychopaths to thrive? In *Snakes in Suits*, Hare, an expert on the scientific study of psychopathy, and Babiak, an industrial and organizational psychologist and a leading authority on the corporate psychopath, examine the role of psychopaths in modern corporations and provide the tools employers can use to avoid and deal with them. Together, they have developed the B-Scan 360, a research tool designed specifically for business professionals. Dr. Babiak and Dr. Hare reveal the secret lives of psychopaths, explain the ways in which they manipulate and deceive, and help you to see through their games. The rapid pace of today's corporate environment provides the

perfect breeding ground for these "snakes in suits" and this newly revised and updated classic gives you the insight, information, and power to protect yourself and your company before it's too late.

Snakes in Suits, Revised Edition

From the author of *Whole Again* comes a significantly expanded edition of *Psychopath Free*—containing new chapters, updated content, and real survivor experiences—that will help you recover from emotionally abusive relationships with narcissists, sociopaths, and other toxic people. Have you ever been in a relationship with a psychopath? Chances are, even if you did, you would never know it. Psychopaths are cunning charmers and master manipulators, to the point where you start to accept the most extreme behaviors as normal...Even if it hurts you. All around us, every single day, human beings devoid of empathy are wreaking havoc and destroying lives in the coldest, most heartless ways imaginable. In constant pursuit of money, sex, influence, or simple entertainment, psychopaths will do whatever it takes to gain power over others. They hide behind a veil of normalcy, arranging their friends and partners like pawns in a game of chess. Using false praise and flattery to get what they want, they can lure any unsuspecting target into a relationship. Once hooked, their charming promises spin into mind games and psychological torture. Victims are left devastated and confused, unable to recognize—or even put into words—the nightmare that just took place. Written from the heart, *Psychopath Free* is the first guide for survivors written by a survivor, offering hope for healing and thriving after psychopathic abuse. Say goodbye to the chaos, self-doubt, and victimization. You are free.

Psychopath Free (Expanded Edition)

Don't miss *IT STARTS WITH US*, the sequel to *IT ENDS WITH US*. Available now... THE MULTI-MILLION-COPY GLOBAL BESTSELLER. SOON TO BE A MAJOR MOVIE. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. With this bold and deeply personal novel, *It Ends With Us* is a heart-wrenching story and an unforgettable tale of love that comes at the ultimate price.

It Ends With Us

"As children growing up at Marchbanks, an imposing mansion built high on a hill above a Cape seaside town, Bird and her five siblings love to hear the story of how their father wooed their mother, but they don't know much about the past of their reclusive grandmother, Ma Bess, who rules Marchbanks from its shadows and keeps her stories firmly locked in her cold heart. When Bird's ten-year-old twin brothers Oliver and Oscar go missing after a day of fishing, Bird appoints herself the family scribe and begins writing to the brothers she refuses to believe are gone for good. The elderly Ma Bess may be the voice in command at Marchbanks, but Bird, the youngest in the family, becomes its all-seeing eye. If Bird learns the truth, though, can life at Marchbanks ever be the same? With humour and pathos, *Birdseye* contemplates loss, love that endures, and the courage it takes to voice one's truth, no matter the circumstances." Birdseye

A psychiatrist describes his work with Karen Overhill, a patient complaining of acute depression who turned out to have been a victim of horrific childhood sexual abuse and had developed seventeen distinct and separate personalities.

Switching Time

By some estimates, there are as many as twelve million psychopaths in the United States alone. Cold-blooded, remorseless, and strangely charismatic, they commit at least half of all serious and violent crimes. Supposedly, most serial killers are psychopaths, as, surprisingly, are large numbers of corporate executives. They seem to be an inescapable, and fascinating, threat in our midst. But is psychopathy a brain disorder, as many scientists now claim? Or is it just a reflection of modern society's deepest fears? *The Myth of the Born Criminal* offers the first comprehensive critique of the concept of psychopathy from the eighteenth-century origins of the born-criminal theory to the latest neuroimaging, behavioural genetics, and statistical studies. Jarkko Jalava, Stephanie Griffiths, and Michael Maraun use their expertise in neuropsychology, psychometrics, and criminology to dispel the myth that psychopathy is a biologically-based condition. Deconstructing the emotive language with which both research scientists and reporters describe the psychopaths among us, they explain how the idea of psychopathy offers a comforting neurobiological solution to the mystery of evil. A stunning merger of rigorous science and clear-sighted cultural analysis, *The Myth of the Born Criminal* is for anyone who wonders just what truth – or fiction – lurks behind the study of psychopathy.

The Myth of the Born Criminal
