A large aquarium contain fish, some green plants and fine gravel at the bottom. The aquarium is lit by a 'daylight' lamp which is turned off at night.

A student was telling her friend about some of the things she observed happening in and around a local pond. She said that she had seen tiny water fleas eating green algae; a heron with a perch in its break one day and a frog the next day; frogs eating minnows and a small perch; minnows eating water fleas; and a perch chasing minnows around the pond.
