The Christmas Tree Ship

On November 21, 1912, the schooner Rouse Simmons set sail from a small northern Michigan town across Lake Michigan. Affectionately dubbed the "Christmas Tree Ship," this was an annual trek for the Rouse Simmons. With its cargo of Christmas trees, the ship was bound for Chicago. There Captain Herman Scheunemann would sell the trees for 50 cents or \$1.00 and even gave many away to needy families. But the schooner never makes its destination. The Rouse Simmons, with all hands and cargo, disappears into the cold waters. The ship's wreckage is not found until 1971. Drawing from stories told by her grandfather, author Carol Crane weaves a fictional tale based on the true events of the doomed schooner. And she explains how the captain's widow went on to continue his tradition of delivering holiday trees to Chicago. Carol Crane's many books for Sleeping Bear Press include the best-selling *P is for Pilgrim: A Thanksgiving Alphabet* and *The Handkerchief Quilt*. As a literacy advocate, Carol speaks at schools and conferences. She lives in North Carolina. Chris Ellison has illustrated children's picture books and adult historical fiction for nearly 20 years. His book *Let Them Play* was a 2006 Notable Social Studies Trade Book for Young People. Chris lives in Mississippi.

The Christmas Tree Ship

Each winter the fishing schooner Rouse Simmons is filled with Christmas trees and sailed down Lake Michigan, then the trees are delivered to the residents of Chicago.

The Christmas Tugboat

A visually stunning look at innovative and eye-popping measures used to protect ships during World War I. During World War I, British and American ships were painted with bold colors and crazy patterns from bow to stern. Why would anyone put such eye-catching designs on ships? Desperate to protect ships from German torpedo attacks, British lieutenant-commander Norman Wilkinson proposed what became known as dazzle. These stunning patterns and colors were meant to confuse the enemy about a ship's speed and direction. By the end of the war, more than four thousand ships had been painted with these mesmerizing designs. Author Chris Barton and illustrator Victo Ngai vividly bring to life this little-known story of how the unlikely and the improbable became just plain dazzling.

Christmas is coming. In the craggy rocks on the snowy mountainside, tiny Pyn has her heart set on decorating her very first Christmas tree. But, "No Christmas tree," Papa says. Still, Pyn won't take no for an answer. She knows that a Christmas tree is just the thing their cottage needs to make the season festive and cheery. Pyn is determined to find the perfect Christmas tree - no matter what. With this story of the love between a father and daughter, Olivier Dunrea captures the true spirit of Christmas.

Christmas Crafts

When he first envisioned becoming a farmer, author Emmet Van Driesche never imagined his main crop would be Christmas trees, nor that such a tree farm could be more of a managed forest than the conventional grid of perfectly sheared trees. *Carving Out a Living on the Land* tells the story of how Van Driesche navigated changing life circumstances, took advantage of unexpected opportunities, and leveraged new and old skills to piece together an economically viable living, while at the same time respecting the land's complex ecological relationships. From spoon carving to scything, coppicing to wreath-making, *Carving Out a Living on the Land* proves that you don't need acres of expensive bottomland to start your land-based venture, but rather the creativity and vision to see what might be done with that rocky section or ditch or patch of trees too small to log. You can lease instead of buy; build flexible, temporary structures rather than sink money into permanent ones; and take over an existing operation rather than start from scratch. What matters are your unique circumstances, talents,

and interests, which when combined with what the land is capable of producing, can create a fulfilling and meaningful farming life.

A Christmas Tree for Pyn

One family tells the history of the Christmas tree while decorating its own. In this warmly illustrated book, a family trims its Christmas tree. As the mother, father, grandmother, and children decorate together, they tell the story of how Christmas trees came to be, including the changes in size and appearance over time, and the way ornaments were first introduced. Tomie dePaola effortlessly weaves together little-known historical facts with the story of one family's traditions. This fixed-layout ebook, which preserves the design and layout of the original print book, features read-along narration.

Carving Out a Living on the Land

Long ago in a faraway place there lived two mothers. One, a humble peasant woman who struggled daily to provide for her children. And the other, a mother spider who also worked hard to care for her family. And although it would appear they were as different as night and day, these two mothers had more in common than would first seem. As the only holiday gift she can give her children, one cold Christmas Eve the peasant woman goes to the forest to get a tree, never noticing that someone has made a home among its branches. During the night, the mother spider spins webs decorating the tree, resulting in a Christmas that neither mother will ever forget. Based on an old Ukrainian story, Trinka Hakes Noble (The Orange Shoes) crafts an original heartwarming tale of the grace that can be found in the true spirit of Christmas. Trinka Hakes Noble's numerous picture books include *The Scarlet Stockings Spy* (IRA Teachers' Choice 2005), *The Last Brother*, *The Orange Shoes* (IRA Teachers' Choice 2008), and *Apple Tree Christmas*. Ms. Noble lives in northern New Jersey. Stephen Costanza attended the Philadelphia College of Art. His picture books are *Mozart Finds a Melody*, *Noodle Man: The Pasta Superhero*, and *Ten Big Toes and a Prince's Nose*. He lives in Belfast, Maine.

In *The Legend of the Christmas Tree*, children ages 4 to 8 will discover the wonderful story of how the evergreen tree first became a symbol of Christmas and a way to tell people about God. The beautiful illustrations by Bill Dodge add a wonderful richness to the story and help bring meaning to one of our best-loved traditions---decorating the Christmas tree.

Diwali

'An unlikely hero has a master storyteller to tell his tale. The King and the Christmas Tree is a poignant Christmas treat.' Lucy Worsley, historian, broadcaster and author Every December, a huge Christmas tree arrives in Trafalgar Square. Bedecked in lights, it is a shimmering, festive beacon in the heart of London. But even more enchanting than the twinkling decorations and scented pine is the story behind the tree; a story of loyalty, friendship and resistance. On a cold evening in 1940, German warships made their way towards Oslo. It seemed inevitable that Norway, like so many other European nations, would soon submit to the Nazi regime. But the country's indomitable King Haakon VII refused to surrender. Making his escape through his country towards the safe haven of Britain, King Haakon became an icon of hope for his people. And so, over seventy years later, the tree in Trafalgar Square remains as an enduring gift of thanks from Norway to the people of Britain. In The King and the Christmas Tree historian A. N. Wilson artfully weaves together this tale of courage and friendship between nations. Richly illustrated and beautifully told, it is a delightful Christmas cracker for everyone, young and old alike.

Round About the Christmas Tree

The Wreck of the Golden Mary by Charles Dickens is a collection of adventurous tales about shipwrecks, ghosts, and madness. Excerpt: "I was apprenticed to the Sea when I was twelve years old, and I have encountered a great deal of rough weather, both literal and metaphorical. It has always been my opinion since I first possessed such a thing as an opinion, that the man who knows only one subject is next tiresome to the man who knows no subject. Therefore, in the course of my life, I have taught myself whatever I could, and although I am not an educated man, I am able, I am thankful to say, to have an intelligent interest in most things. A person might suppose, from reading the above, that I am in the habit of holding forth about number one."
