The Chronicles of a Teenage Zombie

Ed never believed that he would have to live through a zombie apocalypse. One day he was Ed Kirk, a normal sixteen-year-old boy with a loving family, a beautiful girlfriend, and a full life ahead of him. Now he's on the run from zombies, being hunted by a dark force that threatens his very existence, all the while trying to escape his hometown and find help. Oh, yeah, one more thing: Ed is a zombie too! "Ed Undead: The Chronicles of a Teenage Zombie is a strong story that never bores, and Ed, the 16 year old almost zombie, shows us what true courage is. I give it 4 stars and a place in the Awesome Indies listing. Ed and Lisa are great characters to spend time with, even if it is in a zombie infested town." AvidReader "I loved this book. Ed is an everyday guy who has hidden leadership abilities that are developing throughout the story. When placed into a bad situation with the zombies he still keeps it together because Ed is a hero. Lisa Jane is strong, smart and a very good second who can kick butt all by herself. This book was a page turner because I couldn't wait to read what happened next and I cheered them on throughout the story. It is a book that anyone can read and I would read it again this time next year." Cloey.k "This book was captivating. I was drawn in from the first page and found it hard to put down. This is a definite must read even if you aren't a zombie fan." m pollard Grab your copy today! Book order: Ed Undead: The Chronicles of a Teenage Zombie Ed never believed that he would have to live through a zombie apocalypse. Oh, yeah, one more thing: Ed is a zombie too! Ed Undead: Dead Like Me Ed and his girlfriend, Lisa Jane, are now living day by day, still fighting off zombies and trying to make it to Canada, where there is a promise of hope at the CDC. By now, the zombie virus has taken a stronger hold of Ed's body, and the "zombification" process has advanced, spurring Ed to make some hard choices. Ed Undead: Journey's End (Coming December 2017) What will happen to Ed is anybody's guess? You'll have to read all three novels to find out!

The Zombie Chronicles - Book 6 - Revelation

A collection of zombie fiction from British journalist and dark fiction writer C.M. Saunders, featuring two complete novellas alongside short stories previously published in the likes of Morpheus Tales and Crimson Streets, plus a brand-new novelette. Also includes an exclusive introduction and artwork by the award-winning Greg Chapman. Featuring: Dead of Night: young lovers Nick and Maggie go camping in the woods, only to come face-to-face with a group of long-dead Confederate soldiers who don't know, or care, that the war is over. Human Waste: Dan Pallister wakes up one morning to find the zombie apocalypse has started. Luckily, he's been preparing for it most of his life. He just needs to grab some supplies from the supermarket... 'Til Death do us Part: When the world as we know it comes to an abrupt end, an elderly couple are trapped in their apartment. They get by as best they can, until they run out of food. Roadkill: A freelance ambulance crew are plunged into a living nightmare when a traffic accident victim they pick up just won't stay dead. He has revenge on his mind. Plague Pit: A curious teenager goes exploring the Welsh countryside one summer afternoon and stumbles across a long-abandoned chapel. What he finds there might change the world, and not for the better. Dead Men Don't Bleed: A gumshoe private eye is faced with his most challenging case yet when a dead man walks into his office and asks for help solving his own murder. Drawn from a variety of sources, all these tales have one thing in common; they explore what might happen if our worst nightmares are realized and people came BACK FROM THE DEAD. Praise for the stories in this book: "This is very well written and not to ruin anything but the ending is amazing! Definitely check this one out. I am now a fan!" (Dead of Night) "C. M. Saunders does a fine job here with these long-lost Confederate dead in the North Carolina Piedmont. He manages a winning balance between gory horror and interpersonal relationship, between splatter and genuine human emotions." (Dead of Night) "It's a zombie story with an original twist that I appreciated. It's well written, flows nicely, and both of the (live) characters are well developed and believable. Let's face it - The woods are a creepy place even in the daylight sometimes and thanks to CM Saunders I won't be camping anytime soon." (Dead of Night) "Dan Pallister woke up one morning to find the world had gone to hell over night. The zombie apocalypse has arrived without

warning. But wait... there is something odd about these zombies. Why do some of them seem to be going about their usual human habits? Oh well, Dan doesn't have time to ponder all the gruesome details!" (Human Waste) "Freaky." ('Til Death do us Part) "Awesome read, a great story with a huge twist which I shall not reveal. Very enjoyable, very entertaining for lovers of splatterpunk and a great tale that draws the reader in as we see through the eyes of the zombie killer... I'm saying no more, find out yourself." (Human Waste) "I found this story riveting." (Dead Men Don't Bleed)

Back from the Dead

The zombie apocalypse just got real. Zombies rule. Almost everybody in the world has turned into one, thanks to a nifty little disease called Necropoxy. Sixteen year old twins, Tripp and Trina Light, however, are among the rare humans who are not only immune to Necropoxy--they're super immune. Even a bite from a zombie won't infect them. Great, right? Yeah, but . . . researchers are capturing every immune human they can find--and experimenting on them like lab rats. Just yesterday, the twins and their friends narrowly escaped. The researchers will do anything to get them back. That means Tripp, Trina, and their small band of survivors are on the run from zombies, mad scientists, and who knows what else. What's worse, some people in their group are starting to act funny, which isn't funny at all. This is so not how they planned to spend the beginning of their junior year of high school in Massachusetts. Everyone is dead. Everyone is wicked dead. Author and playwright Howard Odentz is a lifelong resident of the gray area between Western Massachusetts and North Central Connecticut. His love of the region is evident in his writing as he often incorporates the foothills of the Berkshires and the small towns of the Bay and Nutmeg states into his work. In addition to The Dead (A Lot) Series, he has written the horror novel Bloody Bloody Apple, the short story collection Little Killers A to Z, and a couple of horror-themed, musical comedies produced for the stage.

Ralph is forced on one of these quarantine buses and Sarah, along with the remaining healthy student body, gets quarantined at school. This flu however is worse than the 1918 Spanish Flu that killed a hundred million people—much worse. This flu turns its victims into the walking dead. The few not infected are left not only with the grief of their family and friends passing, but also with the horror of their families, friends, and neighbors trying to rip the flesh off them. Ralph—unsure about the real destination of the bus and trapped inside with kids that are getting worse by the minute—may not get to the destination in time before the first one dies. Sarah, trapped at school, deals with a worsening situation that she soon needs to escape from. Will the zombies feast on their young flesh or will they escape?

Welcome to the Apocalypse Infection Unleashed Series. Prequel - Val Book 1 – The Zombie Chronicles Book 2 – Race for the Cure Book 3 – Deadly City Book 4 – Poisonous Serum Book 5 – Undead Nightmare Book 6 – Revelation Book 7 – Trepidation (due out in Jan.) Book 8 – Impact (due out in spring) This is the longest book in The Zombie Chronicles so far. It is almost 80,000 words. My name is Dean Walters and I'm eighteen years old. We had saved Val, Jackie, and Claire with the precious vials in our possession, but they weren't 100 percent effective. Those who had taken the serum, the so-called miracle cure for zombie-itis, were easy enough to spot, since they had glowing green eyes and were suddenly equipped with night vision that would have made the average bat jealous, but that was only one side effect. Much to our dismay, the other side effect wasn't quite so tolerable. Some cured people turned back into zombies but retained control of their reasoning, logical minds, virtually turning them into cannibals capable of thinking, calculating, stalking, and killing their victims. We'd decided to call them hybrids, and I feared that my sister, my girlfriend, and my potential future cousin-in-law were about to morph into just that. Is it only a matter of time? Does that happen to everyone who takes the serum, or are some immune to that side effect? Our only hope for answers was to go to the lab, and I hoped the answers we'd finally get would be honest—and good news. **KEYWORDS:** free horror, young adult, free horror books to read, free ebooks, freebies, free stories, free zombie stories, free zombie fiction, adventure, free teen books, free teen horror, zombie stories, dystopian, zombie apocalypse, walking dead, dark fantasy, humor, paranormal romance, scary stories, zombie series, zombie stories, supernatural, free supernatural, free horror, free dystopian, free fantasy, free teen books, free adventure books, free action books, free zombie books, zombie apocalypse series, zombie thriller, post-apocalyptic, zombie horror, zombie Armageddon, zombie series, dystopian

The Zombie Chronicles - Book 5 - Undead Nightmare

The disease takes the world by storm. Ravaging the living, it takes no survivors. The end of the world comes swiftly and silently without much noise or fuss. It sneaks up on a group of neighbors who must bind together in order to survive. Alice is caught by surprise when the dead begin to rise. She's a paralegal: not a warrior. She's comfortable with paperwork and filing, but killing? That's not exactly in her job description. Soon Alice learns there's more to the end of the world than fighting the undead, though, and she realizes that if she's not careful, her companions are going to learn her secret. Mark is a soldier. He thought he'd left the pain of war behind, but now he knows that soldiers never really leave the battlefield. Even when your physical wounds heal, there's always some remnant of horror left behind. There's always something terrifying you. Kyle isn't afraid of the dark. At least, that's what he tells himself. He's an IT guy. He's not a fighter. He has no place in the zombie apocalypse, so he has to craft one for himself. Together, they'll make or break their own survival. Together, they'll figure out whether or not they can make this work. After all, it's just another day in the zombie apocalypse.

What would you do if a mysterious plague began to devour your city and the dead started banging on your door? Fifteen-year-old Liam Peters is spending the summer with his great-grandmother (not by choice) when the authorities of St. Louis spin up the tornado sirens to announce a civic emergency. Police robocalls declare mass disturbances throughout the city, suggesting citizens try to escape to safer jurisdictions. Radio offers contradictory instructions: stay inside, hunker down, ride it out. The President tries to convey a message of hope to calm a scared populace, but the tone is interpreted as a goodbye. The mixed messaging sends society--already on the verge of panic--into a tailspin. When the President signs off, half the city hunkers down while the other half dashes for the interstate. Now Liam is faced with his first dilemma of an increasingly complicated morning. Should he stay with Grandma and attempt to defend her urban home against both the living and the dead, or should he try to get her out of the city to his parents' home in the suburbs? Nothing is ever as simple as it sounds when life and death are on the line. As an avid reader of zombie literature, Liam realizes you go into the zombie apocalypse with the army you have, not the one you want. He sees himself as an unlikely savior, with an unlikely ally, but he embarks on the hero's journey nonetheless. As the city implodes, they race against the clock to outpace desperate refugees, gang violence, criminal opportunists, overzealous military units, scared civilians, and a growing horde of bloodthirsty zombies. He does it while burdened with a woman who is unable to walk more than ten feet without help. As they chase the elusive vision of safety, Liam comes to appreciate why there are no atheists in foxholes. This book is part one of the Sirens of the Zombie Apocalypse series.

The Zombie Chronicles - Book 2 - Race For The Cure

The end of the world just might be their perfect beginning... Glenview, North Carolina. Also known—at least to sixteen-year-old Ava Pegg—as the Land of Incredibly Boring Vacations. What exactly were her parents thinking when they bought a summer home here? Then the cute-but-really-annoying boy next door shows up at her place in a panic...hollering something about flesh-eating zombies attacking the town. At first, Ava's certain that Cole spent a little too much time with his head in the moonshine barrel. But when someone—or something—rotted and terrifying emerges from behind the woodpile, Ava realizes this is no hooch hallucination. The undead are walking in Glenview, and they are hungry. Panicked, Ava and Cole flee into the national forest. No supplies, no weapons. Just two teenagers who don't even like each other fighting for their lives. But that's the funny thing about the Zombocalypse. You never know when you'll meet your undead end. Or when you'll fall dead over heels for a boy...

Return of the Dead

Felix is an average teenager whose favorite past time is reading and learning about zombies with his friends. His near obsession of the topic often prompts comments that he should spend less time learning about zombie lore and more of his time on practical things that could be applied to the real world. All of that changes when the dead begin to rise and the living start to die and the world around him starts to resemble one of his zombie novels or movies. Suddenly he finds himself the unlikely hero in a world where reality has become stranger than fiction and where his hobby of planning for a zombie apocalypse becomes vital to the survival of those around him. As he and his friends struggle to fight against death itself they realize that truth is often much stranger than fiction..... and allot more deadly. ** This novel is a horror story which includes scenes of death and violence. It may be too intense and graphic for younger or more sensitive readers. Parental discretion is advised.

La Garde sous Vichy

The first historical account of Raymond Aron's role in the reconfiguration of liberal thought in the short twentieth century.

L'Armée de l'air de Vichy, 1940-1944

Le régime de Vichy, qui a marqué la France de son empreinte pendant les quatre années d'Occupation, avait non seulement mis en oeuvre une idéologie et une politique, mais aussi installé des hommes, des réseaux, des cercles d'influence, des relais d'opinion, balayés par la Libération. Ces hommes, qui ont, selon les cas, pu rompre avec la doctrine ou la politique de l'État français à différents moments de la guerre, ont pour la plupart conservé un attachement certain à la figure, à la personne, si ce n'est à la doctrine du maréchal Pétain et aux idéaux de la Révolution nationale. Le paradoxe, c'est qu'au-delà des remous et des effets de l'épuration, ces cercles et ces individus ont rapidement pu se reconstituer et réinvestir, dès les années d'immédiat après-guerre, les champs de la vie politique, intellectuelle et institutionnelle française. Fervents gardiens du temple pétainiste ou nostalgiques plus discrets de l'ancien régime, tous ont fait preuve d'une remarquable faculté d'adaptation aux nouveaux codes de la vie publique, et se sont reclassés dans le débat parlementaire ou dans le débat d'idées, majoritairement à droite, mais aussi, parfois, dans le combat européen ou régionaliste. Ce sont ces parcours individuels, témoins d'une fidélité tenace au passé, à travers des accommodements et des reclassements inévitables, que ce livre se propose de restituer. Où l'on trouvera un étonnant exemple de survie et de métamorphose des élites nationales. Et, en définitive, toute l'histoire d'une génération, qui a fini par se confondre avec celle de la IV^e République. Jérôme Cotillon est chargé de cours à l'université Paris III-Sorbonne Nouvelle en histoire contemporaine. Il prépare une thèse sur le rôle politique des entourages à Vichy. Les origines idéologiques du néo-vichysme : courants et hommes à Vichy. Le premier après-Vichy des maréchalistes : la résistance dans la fidélité. De l'épuration à l'amnistie : heurs et malheurs des anciens vichystes. La timide reconstruction des milieux néo-vichystes à la Libération. L'offensive politique : gardien de la mémoire pétainiste et hussards du néo-vichysme. Le néo-vichysme en ses bastions.

L'imposture antiraciste

La 4^e de couverture indique : "Le 15 août 1944, les alliés débarquent sur la côte varoise. Vingt jours plus tard, la Provence est libérée et Lyon investie, alors que les troupes allemandes au sud de la Loire sont en pleine retraite. L'opération du Sud, complétant celle de Normandie, est l'aboutissement de laborieuses tractations stratégiques et arrière-pensées politiques. Mais la libération assurée, la guerre n'est pour autant terminée en Provence : l'ennemi tient toujours la frontière des Alpes, tandis que le pays est devenu " zone d'étapes \"

La collaboration militaire française dans la Seconde guerre mondiale

Voici le premier récit complet de la plus grande aventure politique du XX^e siècle : celle qui a porté les plus folles espérances et qui a conduit à la plus terrible catastrophe humaine de tous les temps, par sa durée et son ampleur. Le communisme n'a pas seulement régné sur une trentaine de pays et régi la vie de plus d'un tiers de l'humanité, il a également occupé la plupart des esprits pendant des décennies, aux quatre coins du monde. Nulle autre idéologie, nul autre système politique n'ont connu dans l'histoire une si foudroyante expansion. Comment expliquer ce succès, à quoi correspond-t-il, de quelle manière le communisme a-t-il triomphé, pourquoi a-t-il partout échoué, pour quelles raisons tant de vie humaines ont-elles été sacrifiées en son nom ? Seule une histoire mondiale de cette épopée permet de répondre à ces questions, de comprendre à la fois ce siècle communiste et l'héritage qu'il

nous a laissé. D'octobre 1917 à la Révolution culturelle chinoise, de la collectivisation des campagnes à l'industrialisation menée à marche forcée, de la pénurie généralisée à la culture bâillonnée, de l'enfermement des peuples aux camps de concentration, tous les aspects de la réalité communiste, de son vécu sont ici racontés, analysés, mis en perspective.

Raymond Aron and Liberal Thought in the Twentieth Century

« Après trois quarts de siècle qui ont laissé des encoches, des brûlures et des blessures dans ma mémoire, les hasards d'une existence et d'une carrière non programmée ayant fait que je me suis retrouvé au cœur de la plupart des événements qui ont façonné le monde d'aujourd'hui, je me retourne, sidéré... Comment est-il possible que j'aie vécu tout ça ? » La vie de Jean-François Kahn est un véritable roman. Le roman d'un homme fasciné par l'Histoire et par l'art de décrypter l'Histoire : le journalisme. Observateur des folies du communisme, des dérives du colonialisme, de la montée de l'extrême droite, le grand reporter raconte enfin, dans ce premier tome de ses mémoires, sa traversée d'un siècle fou, où l'on croyait tout possible – et où tout fut possible, hélas. Se retournant sur sa vie, et tout étonné encore des événements dont il fut le témoin, il nous livre un récit plein d'aventures et de drôlerie, traversé de révolutions et de coups d'État, de guerres extérieures et intestines, d'humanisme et de terreur, de misères et de servitudes – bref, de bruit et de fureur, de rires et de larmes. Conteur formidable, il offre aussi aux lecteurs des portraits saisissants de Nasser et de Che Guevara, d'Albert Camus et d'André Malraux, de de Gaulle et de Mitterrand, d'Hubert Beuve-Méry et de Françoise Giroud. Les mémoires de la mémoire du siècle.

Ce qu'il reste de Vichy

« Travail, Famille, Patrie ». Lorsqu'on regarde la vie de la France occupée sous le prisme de la sexualité, que reste-t-il de ce triptyque qui devait symboliser la « révolution nationale » ? Rien, en vérité. Ou plutôt une incroyable somme de contradictions. La première divise les équipes dirigeantes de Vichy. Deux courants ne cessent de s'y affronter : d'un côté, la droite conservatrice et cléricale désireuse d'en finir avec la démocratie républicaine ; de l'autre, un courant fasciste fasciné par le modèle allemand, souvent encadré par des personnalités venues de la gauche socialiste et communiste. L'ordre moral des premiers ne parvient pas à cohabiter avec l'ordre viril des seconds. Contradiction aussi entre une France vaincue et humiliée, que les discours officiels invitent à la contrition, et le développement d'une sexualité de guerre marquée par des débordements en tous genres et le goût pour la fête, en particulier à Paris et à Vichy. Dressant une fresque magistrale, qui couvre aussi bien l'histoire politique, littéraire, cinématographique que la chanson, la mode ou les faits divers, le journaliste et politologue Patrick Buisson, directeur de la chaîne Histoire, révèle la face cachée de l'Occupation dans une enquête sans précédent, où l'anecdote le dispute à la révélation, et qui justifie une relecture vertigineuse de cette période.

L'histoire des juifs de France se confond avec le passé le plus lointain de notre pays. De l'installation des premiers immigrés qui arrivèrent en Gaule dans les pas des légions romaines, jusqu'au retour des « Pieds-noirs » d'Algérie, les communautés juives françaises ont connu des fortunes diverses. Tantôt elles ont traversé des temps difficiles, des épreuves, et subi des persécutions, tantôt, au contraire, elles ont remporté des victoires spectaculaires sur l'injustice, et leurs réussites ont alors été exceptionnelles. Chacune de ces étapes est directement liée à l'histoire nationale : la Révolution et la reconnaissance des juifs en tant que citoyens, Vichy et la complicité de l'État avec la Shoah. Philippe Bourdrel a reconstitué cette longue et difficile aventure, qui est d'abord une histoire humaine. Il en marque les traits saillants, en éclaire les épisodes obscurs, en souligne l'étonnante continuité. Histoire et réflexion s'associent pour faire enfin comprendre ce que fut le véritable destin des Juifs de France. « L'un des ouvrages les plus complets et les mieux documentés que l'on puisse lire sur l'histoire des juifs de France... » Jacques Duquesne.

Histoire de Vaucluse: Les Vauclusiens dans la vie nationale de 1793 à nos jours

Choice Outstanding Academic Title for 2015 Jean-Paul Sartre is often seen as the quintessential public intellectual, but this was not always the case. Until the mid-1940s he was not so well-known, even in France. Then suddenly, in a very short period of time, Sartre became an intellectual celebrity. How can we explain this remarkable transformation? The Existentialist Moment retraces Sartre's career and provides a compelling new explanation of his meteoric rise to fame. Baert takes the reader back to

the confusing and traumatic period of the Second World War and its immediate aftermath and shows how the unique political and intellectual landscape in France at this time helped to propel Sartre and existentialist philosophy to the fore. The book also explores why, from the early 1960s onwards, in France and elsewhere, the interest in Sartre and existentialism eventually waned. The Existentialist Moment ends with a bold new theory for the study of intellectuals and a provocative challenge to the widespread belief that the public intellectual is a species now on the brink of extinction.

La collaboration en Loire-Inférieure: Intelligence avec l'ennemi

Wehrmacht in der NS-Diktatur In der Debatte über die Wehrmacht und ihre Verbrechen blieb der Kriegsschauplatz im Westen weitgehend ausgespart. Dabei hatten die Kämpfe der Wehrmacht gegen die Westalliierten und die französische Widerstandsbewegung während der Jahre 1943/44 kriegsentscheidende Bedeutung. Inwieweit gelang es der deutschen Führung, auch im Westen einen "Weltanschauungskrieg" zu entfesseln? Welche Rückwirkungen hatten die Erfahrungen im Ostkrieg auf die Kämpfe in Frankreich? Gab es Unterschiede zwischen Wehrmacht und Waffen-SS? Existierten an der Truppenbasis Handlungsspielräume, die sich sowohl in die eine wie die andere Richtung nutzen ließen? Peter Lieb erörtert diese Fragen erstmals auf breiter Quellengrundlage und schließt damit eine große Forschungslücke. Die 2005 an der Ludwig-Maximilians-Universität München angenommene Dissertation wurde mit dem Prix Guillaume Fichet - Octave Simon und dem Werner-Hahlweg-Förderpreis ausgezeichnet. "Peter Liebs umfangreiche, gründlich recherchierte und klar argumentierende Untersuchung über die deutsche Westfront 1943/44 ist ein gewichtiger Beitrag zu aktuellen Kontroversen und Polemiken über die 'Verbrechen der Wehrmacht', deren Hauptaugenmerk fast ausschließlich auf die Balkanländer, Polen und Russland gerichtet war und Nordafrika und Frankreich vernachlässigte." Prof. Dr. Michael Burleigh

Histoire mondiale du communisme

"La qualité de l'écriture et l'ampleur de la vision confirment Lowe comme étant un de nos meilleurs historiens." Antony Beevor La Seconde Guerre mondiale fut l'un des événements les plus catastrophiques de l'histoire de l'humanité. Si on en connaît le déroulement, on en discerne mal les conséquences immédiates et durables. En quoi les épreuves et la mémoire de ce bain de sang – et des liens qu'il a créés – affectent-elles le monde moderne ? En quoi les mémoires de violence, les rêves d'égalité et le désir de liberté que la guerre a engendré transforment-ils les pays et les communautés dans lesquelles nous vivons aujourd'hui ? Keith Lowe décrit et analyse une période de bouleversements géopolitiques, sociaux et économiques sans précédent. Il montre comment la peur – si prégnante durant le conflit – et la liberté – à laquelle le monde aspire en 1945 – ont été les moteurs de la création de ce nouveau monde de l'après-guerre. Comment cette matrice a conduit des responsables politiques à imaginer des sociétés modernisées, certains aspirant à un gouvernement mondial, d'autres défendant l'indépendance. Comment elle a mené à l'effondrement du colonialisme européen, à la naissance de deux superpuissances et à la guerre froide. Il démontre enfin et surtout à quel point l'après-guerre, époque de terreur et d'émerveillement, trouve encore des résonances dans les débats actuels sur le nationalisme, l'immigration et la mondialisation que nous vivons aujourd'hui. Non content d'expliquer et d'analyser ces changements majeurs et les mythes qui en sont nés, Keith Lowe les incarne en plaçant au cœur de chaque chapitre l'histoire d'un homme ou d'une femme qui ont survécu au conflit et en ont été profondément bouleversés – qu'ils soient victime ou bourreau. Il livre ainsi une brillante histoire mondiale incarnée, qui renouvelle en profondeur notre connaissance du second XXe siècle et fera autorité.

Le Spectacle du monde/réalités

Un éclairage sur la période la plus dramatique et la plus discutée de notre histoire : Vichy et la Collaboration. Cette histoire comporte trois dictionnaires consacrés aux partis, aux journaux, aux acteurs (175 biographies).

Le Spectacle du monde

Au mois de novembre 1953 débute le procès retentissant de Pauline Dubuisson, accusée d'avoir tué de sang-froid son amant. Mais qui est donc cette beauté ravageuse dont la France entière réclame la tête ? Une arriviste froide et calculatrice ? Un monstre de duplicité qui a couché avec les Allemands, a été tondu, avant d'assassiner par jalousie un garçon de bonne famille ? Ou n'est-elle, au contraire, qu'une jeune fille libre qui revendique avant l'heure son émancipation et questionne la place des femmes au sein de la société ? Personne n'a jamais voulu écouter ce qu'elle avait à dire, elle que les soubresauts de l'Histoire ont pourtant broyée sans pitié. Telle une enquête policière, La Petite Femelle retrace la quête obsessionnelle que Philippe Jaenada a menée pour rendre justice à Pauline Dubuisson en éclairant sa personnalité d'un nouveau jour. À son sujet, il a tout lu, tout écouté, soulevé toutes les pierres. Il nous livre ici un roman minutieux et passionnant, où l'on retrouve son humour irrésistible, son inimitable autodérision et ses cascades de digressions. Un récit palpitant, qui défie toutes les règles romanesques.

Mémoires d'outres-vies (tome 1)

Quel lien secret court de Vichy à la Résistance, des sectateurs de la Révolution nationale aux épurateurs de la Libération ? C'est l'ordre moral révèle Patrick Buisson dans ce second volet de sa grande enquête iconoclaste sur la vie sexuelle des Français de 1940 à 1945. Après la droite réactionnaire, c'est à la gauche républicaine d'en appeler à la purification des mœurs. Avec le même objectif : restaurer l'autorité patriarcale mise à mal par l'émancipation sexuelle des femmes et des « déviants » en même temps que punir celles et ceux qui ont joui à l'heure où la France souffrait. Pour bien comprendre ce à quoi répond l'épuration sexuelle des tondues au cours de l'été 1944, il faut suivre l'auteur dans son exploration prodigieusement documentée des zones érogènes de l'Occupation. La «collaboration horizontale » d'abord, qui touche toutes les catégories de la population féminine : de Coco Chanel à la postière de Saint Flour, d'Arletty aux lycéennes en mal de défi. Mais aussi, le marché noir de la prostitution qui jette sur le pavé des dizaines de milliers d'« occasionnelles », l'ultime âge d'or des maisons closes sans oublier les relations homosexuelles franco-allemandes. Après Vichy ou les infortunes de la vertu, c'est à une nouvelle plongée sidérante dans notre inconscient collectif que nous invite le politologue Patrick Buisson, directeur de la chaîne Histoire qui s'impose avec cette somme inégalée comme l'un des meilleurs analystes des passions françaises. « Une oeuvre stimulante à lire de toute urgence... L'Histoire comme elle s'écrit avec un grand H ... Des pages d'une tranchante lucidité. » Michel Déon, de l'Académie française/Le Figaro Magazine « Une magistrale chronique des mœurs ... Une comédie humaine de l'éros en temps de guerre. » Pierre Jean Remy, de l'Académie française/Le Figaro « Une lecture historico-libidinale de l'Occupation dans une langue charpentée et chatoyante. Dérangeant mais passionnant. » Jérôme Dupuis/L'Express « Buisson reconstitue avec gourmandise le film érotique de ces années noires. » Jacques-Pierre Amette/Le Point

1940-1945 Années érotiques - tome 1

Au lendemain de la Libération et tout au long des années qui suivirent, les " procès de la Collaboration " passionnèrent l'opinion. Et sans doute, par-delà la personnalité des " coupables \

Histoire des Juifs de France -

Comment les Bretons sont-ils sortis des violences et des combats qui marquèrent la fin de l'Occupation ? La Libération est souvent représentée comme un grand moment de réconciliation nationale jalonné par les bals, les fêtes, les défilés. Elle est aussi perçue comme le temps des règlements de compte : exécutions sommaires, femmes tondues, agressions contre les « collabos ». Luc Capdevila fait revivre cet épisode complexe à travers le regard du plus grand nombre, celui des « patriotes », celui des « bons Français », celui des « collaborateurs notoires » : comment les citoyens et les citoyennes ordinaires ont-ils vécu et perçu la sortie de la guerre ? Quelles étaient leurs aspirations ? Quelles furent les tensions entre la société civile, les minorités agissantes et les pouvoirs publics ? Cette étude sur la Bretagne renouvelle nos approches de cet épisode : à travers l'analyse des interactions entre la réalité, les perceptions et les comportements, sont appréhendés ici les enjeux et les mécanismes de la sortie de guerre. Si la Libération est marquée par le conflit, la société libérée, en quête d'identité, exprime

un besoin très profond d'unité nationale. L'inertie des comportements et des imaginaires de guerre s'estompe très vite, au bout de quelques mois, la société apaisée renoue avec des pratiques et des imaginaires compatibles avec l'exercice de la démocratie, dans le cadre d'une nouvelle République.
