Tempest in the Tea Room

Mystery is rife and so are the laughs when a crew of quirky characters set out to solve a slew of crimes causing havoc in Regency London's Jewish community. Lady Marblehead is not pleased. In fact, she's furious. Not only is someone trying to poison her, but the impertinent scoundrel is after her jewels too. All the clues seem to point to her new doctor, a young Jewish man recently arrived in London. But is he really the one responsible? Or is there some darker, more malevolent force at work? In this first book

in the Jewish Regency Mystery Series, it's up to wealthy-widower-turned-sleuth Mr. Ezra Melamed to find the culprit -- before the poisoner strikes again.

Tempest in the Tea Room

Jane Austen meets Sherlock Holmes when a crime wave sweeps through 19th-century London's Jewish community and the adventures of wealthy-widower-turned-sleuth Ezra Melamed are recorded for posterity by Miss Rebecca Lyon, a young lady not quite at the marriageable age. In this third volume of the series, tragedy strikes when the Jewish orphanage's children are stricken with a mysterious and nearly fatal stomach ailment. When the ailment travels to the Mayfair home of Lady Marblehead, a young Jewish physician is accused of poisoning his patients - a suspicion that is further fueled when a priceless pearl bracelet is discovered missing from Lady Marblehead's jewellery box. As more outbreaks occur, an increasingly hysterical community turns to Mr Ezra Melamed to investigate the case. But once again there are too few clues and too little time, especially since the littlest victim, a frail orphan boy, is already almost at death's door.

Tempest in the Tea Room

There's trouble afoot in Regency London's Jewish community, and no one to stop the crimes-until wealthy-widower-turned-sleuth Mr. Ezra Melamed teams up with an unlikely pair: General Well'ngone and the Earl of Gravel Lane, the leaders of a gang of young Jewish pickpockets. In this first volume of the Jewish Regency Mystery Series, a young Jewish physician is accused of poisoning his wealthy patient, Lady Marblehead, as well as stealing a priceless pearl bracelet from her jewelry box. After more outbreaks of the mysterious ailment occur in the city, an increasingly hysterical Jewish community turns to Mr. Melamed to investigate the case-who in turn enlists the aid of General Well'ngone and the Earl of Gravel Lane to find the real culprit. But there are too few clues and too little time in this humorous mystery story featuring British detectives who are definitely in a class of their own.

The Disappearing Dowry: An Ezra Melamed Mystery

It is the summer of 1810. The Lyon family of London is eagerly preparing for the wedding of their eldest daughter Hannah. But then, Mr. Samuel Lyon, a member of London's Jewish elite, suffers a crushing blow. In the blink of an eye, Mr. Lyon's entire fortune is lost. But help soon arrives from an unexpected source: Mr. Ezra Melamed, wealthy widower and benefactor of London's Jewish community. With only a key, a button, and a few cryptic words from a Chassidic Rebbe to guide him, Mr. Melamed goes beyond London's fashionable streets to search for clues in the darkest places.

Luboml

The story of the former Polish-Jewish community (shtetl) of Luboml, WoByD, Poland. Its Jewish population of some 4,000, dating back to the 14th century, was exterminated by the occupying German forces and local collaborators in October, 1942. Luboml was formerly known as Lyuboml, Volhynia, Russia and later Lyuboml, Volyns'ka, Ukraine. It was also know by its Yiddish name: Libivne.

A Treasury of Jewish Folklore

A New York Times bestseller *The Great Deformation* is a searing look at Washington's craven response to the recent myriad of financial crises and fiscal cliffs. It counters conventional wisdom with an eighty-year revisionist history of how the American state -- especially the Federal Reserve -- has fallen prey to the politics of crony capitalism and the ideologies of fiscal stimulus, monetary central planning, and financial bailouts. These forces have left the public sector teetering on the edge of political dysfunction and fiscal collapse and have caused America's private enterprise foundation to morph into a speculative casino that swindles the masses and enriches the few. Defying right- and left-wing boxes, David Stockman provides a catalogue of corrupters and defenders of sound money, fiscal rectitude, and free markets. The former includes Franklin Roosevelt, who fathered crony capitalism; Richard Nixon, who destroyed national financial discipline and the Bretton Woods gold-backed dollar; Fed chairmen Greenspan and Bernanke, who fostered our present scourge of bubble finance and addiction to debt and speculation; George W. Bush, who repudiated fiscal rectitude and ballooned the warfare state via senseless wars; and Barack Obama, who revived failed Keynesian "borrow and spend" policies that have driven the national debt to perilous heights. By contrast, the book also traces a parade of statesmen who championed balanced budgets and financial market discipline including Carter Glass,

Harry Truman, Dwight Eisenhower, Bill Simon, Paul Volcker, Bill Clinton, and Sheila Bair. Stockman's analysis skewers Keynesian spenders and GOP tax-cutters alike, showing how they converged to bloat the welfare state, perpetuate the military-industrial complex, and deplete the revenue base -- even as the Fed's massive money printing allowed politicians to enjoy "deficits without tears." But these policies have also fueled new financial bubbles and favored Wall Street with cheap money and rigged stock and bond markets, while crushing Main Street savers and punishing family budgets with soaring food and energy costs. The Great Deformation explains how we got here and why these warped, crony capitalist policies are an epochal threat to free market prosperity and American political democracy.

The Great Deformation

Israel's contemporary art music reflects a modern society that is an intricate fabric of national and ethnic origins, languages and dialects, customs and traditions—a heterogeneous culture of cultures. It is a rich and distinctive environment—at once ancient and modern, spiritual and secular, traditional and progressive. *Twenty Israeli Composers*, the first published collection of interviews with Israeli composers, explores this developing and distinctive music culture. The featured composers have earned distinction in Israel and abroad, and reflect the pluralism of Israeli art music, culture, and society. In first-person narrative, they discuss the interaction of inspiration, method, and cultural context in their work, revealing both international and national influence and scope. Three generations of contemporary composers—immigrants from Central and Eastern Europe, North and South America, and naïve sabras—share their ideas about music, the creative process, and their experiences as artists living and working in Israel. Robert Fleisher furnishes a biographical sketch of each composer, followed by a summary of recent accomplishments. The book also includes a bibliography, discography, and information for further study.

The Tikkune Sopherim and Other Theological Corrections in the Masoretic Text of the Old Testament

The Jewish community of the city of Kleczew came into existence in the sixteenth century. It remained large and strong throughout the next four hundred years, and in the eighteenth and nineteenth centuries it constituted 40-60% of the total population. The German army entered Kleczew on September 15, 1939, shortly after the outbreak of World War II. The communities of Kleczew and the vicinity were among the first Jewish collectives in Europe to be totally destroyed. The events presented in this book reveal that the organization of deportations and the methods of mass murder conducted in this district, by Kommando Lange, served as a model that would be applied later in the death camps during the mass extermination of Polish and European Jewry. If so, it was in the woods near Kleczew that the "Final Solution of the Jewish Question" began.

Twenty Israeli Composers

What is a homeland and when does it become a national territory? Why have so many people been willing to die for such places throughout the twentieth century? What is the essence of the Promised Land? Following the acclaimed and controversial *The Invention of the Jewish People*, Shlomo Sand examines the mysterious sacred land that has become the site of the longest-running national struggle of the twentieth and twenty-first centuries. *The Invention of the Land of Israel* deconstructs the age-old legends surrounding the Holy Land and the prejudices that continue to suffocate it. Sand's account dissects the concept of "historical right" and tracks the creation of the modern concept of the "Land of Israel" by nineteenth-century Evangelical Protestants and Jewish Zionists. This invention, he argues, not only facilitated the colonization of the Middle East and the establishment of the State of Israel; it is also threatening the existence of the Jewish state today.

The First to Be Destroyed

The Orient in Utrecht unfolds the intellectual biography of Adriaan Reland (1676-1718), professor of Oriental languages and Hebrew Antiquities in Utrecht, philologist, Hebraist, Arabist, cartographer, poet, antiquarian, and a pioneer of the comparative study of religion.

The Invention of the Land of Israel

Many of our current social problems have been attributed to the breakdown or loss of community as a place and to the fragmentation of connections due to an extreme value of individualism in the Western world, particularly in the United States. Not all scholars and researchers agree that individualism and

technology are the primary culprits in the loss of community as it existed in the middle decade of the 20th century. Nonetheless, people exist in groups, and connections are vital to their existence and in the daily performance of activities. The second edition of the *Sociology of Community Connections* will identify and help students understand community connectedness in the present and future.

The Orient in Utrecht

As government by the people, democracy has always had its proponents as well as opponents. What forms of government have Jewish leaders, both with and without actual political power, favored? Not surprisingly, many options have been offered theoretically and in practice. Perhaps more surprisingly, democracy has been at the heart of most systems of governance. Biblical Israel was largely a monarchy, but many writers of the Bible were critical of the excesses that almost always arise when human kings take charge: the general populace loses its freedom. In rabbinic Judaism, the majority ruled, and many principles that support modern democratic institutions have their basis in interpretations offered by the classical rabbis. This is true even though rabbinic Jews did not govern democratically. When Jews did have some degree of self-governance, democratic principles and institutions were often upheld. At the same time, so most communal leaders insisted, God—the ultimate judge—ultimately judges everything and everyone. Modern Israel provides the first instance of an independent Jewish nation since the Hasmonean monarchy of the second and first centuries BCE. On an almost daily basis, common features uniting democracy and Judaism, as well as flash point of controversy, are highlighted there. The fourteen scholars whose work is collected here are mindful of all of these circumstances—and many more. In a style that is accessible, clear, and balanced, they allow readers to assess these issues based on the most current thinking. This volume is required reading for anyone interested in how religion and politics have interacted, and continue to interact, in Judaism and among Jews.

Some Jewish Witnesses for Christ

Vol. 4 covers the late Roman period to the rise of Islam. Focuses especially on the growth and development of rabbinic Judaism and of the major classical rabbinic sources such as the Mishnah, Jerusalem Talmud, Babylonian Talmud and various Midrashic collections.

The Sociology of Community Connections

This book examines the talmudic writings, politics, and ideology of Y.I. Halevy (1847-1914), one of the most influential representatives of the pre-war eastern European Orthodox Jewish community. It analyzes Halevy's historical model of the formation of the Babylonian Talmud, which, he argued, was edited by an academy of rabbis beginning in the fourth century and ending by the sixth century. Halevy's model also served as a blueprint for the rabbinic council of Agudath Israel, the Orthodox political body in whose founding he played a leading role. Foreword by Jay M. Harris, Harry Austryn Wolfson Professor of Jewish Studies at Harvard University and the author of *How Do We Know This? Midrash and the Fragmentation of Modern Judaism*, among other works.

Is Judaism Democratic?

A historical tour de force that demolishes the myths and taboos that have surrounded Jewish and Israeli history, *The Invention of the Jewish People* offers a new account of both that demands to be read and reckoned with. Was there really a forced exile in the first century, at the hands of the Romans? Should we regard the Jewish people, throughout two millennia, as both a distinct ethnic group and a putative nation—returned at last to its Biblical homeland? Shlomo Sand argues that most Jews actually descend from converts, whose native lands were scattered far across the Middle East and Eastern Europe. The formation of a Jewish people and then a Jewish nation out of these disparate groups could only take place under the sway of a new historiography, developing in response to the rise of nationalism throughout Europe. Beneath the biblical backfill of the nineteenth-century historians, and the twentieth-century intellectuals who replaced rabbis as the architects of Jewish identity, *The Invention of the Jewish People* uncovers a new narrative of Israel's formation, and proposes a bold analysis of nationalism that accounts for the old myths. After a long stay on Israel's bestseller list, and winning the coveted Aujourd'hui Award in France, *The Invention of the Jewish People* is finally available in English. The central importance of the conflict in the Middle East ensures that Sand's arguments will reverberate well beyond the historians and politicians that he takes to task. Without an adequate understanding of Israel's past, capable of superseding today's opposing views, diplomatic solutions

are likely to remain elusive. In this iconoclastic work of history, Shlomo Sand provides the intellectual foundations for a new vision of Israel's future.

The Cambridge History of Judaism: Volume 2, The Hellenistic Age

There's trouble afoot in Regency London's Jewish community, and no one to stop the crimes—until wealthy-widower-turned-sleuth Mr. Ezra Melamed teams up with an unlikely pair: General Well'ngone and the Earl of Gravel Lane, the leaders of a gang of young Jewish pickpockets. In this second volume of the Jewish Regency Mystery Series, General Well'ngone and the Earl of Gravel Lane set out to discover who murdered Mr. Hamburg, a colleague of theirs in the secondhand linen trade. But before they can unmask the killer, they must unravel the secret of a mysterious snuff box—a quest that takes them from their East End slum to an elegant country house where a group of distinguished astronomers are meeting. It's winner take all in *The Moon Taker*, a humorous mystery story featuring British detectives who are definitely in a class of their own.

The Formation of the Talmud

Lady Katherine only has one week to catch the Pink Ribbon Killer. Not only to stop the killing but also to prove her skills at detection to her father and win her dowry and independence. There's only one catch—she has to take one last matchmaking job to do it. Never mind that the match is impossible, all the better because if she fails, then no one will seek her services again. The job provides the perfect cover especially when her peculiar investigatory techniques are mistaken for unconventional matchmaking attempts. Things would go a lot smoother if she weren't knee-deep in suspects and thwarted at every turn by a rival matchmaker. But when the killer strikes again, Katherine's investigation leads down a dangerous path. Too late, she discovers that she has a lot more to lose than her dowry...

The Invention of the Jewish People

Inequality is the crisis of our time. The growing gap between a few at the top and the rest of society damages us all. No longer able to deny the crisis, every government in the world is now pledged to fix it – and yet it keeps on getting worse. In this book, international anti-inequality campaigner Ben Phillips shows why winning the debate is not enough: we have to win the fight. Drawing on his insider experience, and his personal exchanges with the real-life heroes of successful movements, he shows how the battle against inequality has been won before, and he shares a practical plan for defeating inequality again. He sets a route map for us to overcome deference, build our collective power, and create a new story. Most books on inequality are about what other people ought to do about it – this book is about why winning the fight needs you. Tired of feeling helpless in the face of spiralling inequality? Want to know what you can do about it? This is the book for you.

The Moon Taker

For Paul Hoffmann, a Jewish student at the University of Berlin, life would be sweet if he could write poetry and, of course, graduate. But since the year is 1933, his life is about to take a very different turn — one that leads him back to Elizabethan England, where his idol, William Shakespeare, is having a crisis of his own. Shakespeare's theatre company expects him to write an anti-Jewish play that will incite the public against Dr. Rodrigo Lopez, a crypto-Jew accused of planning to poison Queen Elizabeth. But there is a problem: Shakespeare knows that Lopez is innocent. Will Shakespeare remain loyal to the truth and his friends in London's crypto-Jewish community or sacrifice Dr. Lopez to further his own career? As Shakespeare struggles over his rewrites of the play that will be known as "The Merchant of Venice," questions are raised for Paul Hoffmann, as well: in a world where he can no longer be a German, can he find the courage to rewrite the "script" and be, first and last, a Jew?

An Invitation to Murder

Our contemporary moment is preoccupied with arbitrating 'reality'. With the spectre of buzzwords like 'fake news' and 'post-truth' we find a scramble to locate or fix some sort of universal 'real' beneath what are positioned as 'fake' articulations. To engage with this crisis, this collection argues for the importance of a new conjuncture in communication and cultural studies of media. Building on Hall's understanding of 'conjuncture' as a way of grasping moments within hegemonic struggle, the essays suggest that the current moment requires a revitalization of the concept of conjuncture.

How to Fight Inequality

There's trouble afoot in Regency London's Jewish community, and no one to stop the crimes-until wealthy-widower-turned-sleuth Mr. Ezra Melamed teams up with an unlikely pair: General Well'ngone and the Earl of Gravel Lane, the leaders of a gang of young Jewish pickpockets. In this third volume of the series, David Salomon, a young violinist and composer, has left New York to find fame and fortune in Regency London. But disaster strikes not long after he arrives. Someone is stealing his compositions before he can perform them and soon he is the laughingstock of the beau monde that he had hoped to conquer. With few friends and even fewer resources, he turns to Ezra Melamed for help with finding the thief. But the deeper Mr. Melamed looks into the violinist's story the more jarring notes he finds, making *The Doppelganger's Dance* one of the most discomposing mysteries in the career of this team of British detectives who are definitely in a class of their own.

Post-Truth and the Mediation of Reality

There's trouble afoot in Regency London's Jewish community, and no one to stop the crimes-until wealthy-widower-turned-sleuth Mr. Ezra Melamed teams up with an unlikely pair: General Well'ngone and the Earl of Gravel Lane, the leaders of a gang of young Jewish pickpockets. In this fourth volume of the Jewish Regency Mystery Series, General Well'ngone and the Earl of Gravel Lane are dispatched to Brighton to watch over the wife of a Junior Lord of the Treasury, who has received a message threatening her life. When the lady vanishes while visiting Mahomed's Steam and Vapour Sea Water Medicated Baths, accusations fly and chaos ensues-and to find the lady Mr. Melamed must battle wits with one of the craftiest criminal minds in England.

Nationalism and History Essays on Old and New Judaism

Houston, Texas. Tom Meyers believes rules keep chaos at bay. But the brilliant defense attorney is bored with his recent slate of cases. So when a woman is accused of murdering her abusive husband, he takes her as a pro bono client, convinced that a high-profile acquittal will make him a household name. As he digs for clues to the dead man's past, Tom dispatches his offbeat investigator to Baton Rouge, where she discovers the deceased had a whole other family and a job dealing drugs. But when she disappears into the swamp, the by-the-book lawyer is devastated. And with dirty cops and smugglers hot on his heels, the only way to rescue her and get his client off is to break every rule he's sworn to uphold.

The Vanisher Variations

When a man's naked corpse is found strapped to a waterwheel, newly appointed Inspector Haze is called upon to investigate the crime. With the help of American surgeon Captain Redmond, he delves into the life of Frank Darrow, a man who inspired such hatred, his mere death wasn't enough to satisfy his killer. Finding few clues and no obvious motive for the murder, Redmond and Haze must peel away the layers of Frank Darrow's relationships to get to the shocking truth, while also coming to terms with unexpected developments in their own lives. Perfect for fans of C.S. Harris and Anne Perry.

Babel' in Context

Multidisciplinary essays examining the historical and cultural history of the Sephardic experience in the Americas, from pre-expulsion Spain to the modern era, as recounted by some of the most outstanding interpreters of the field.

Time for Redemption

Award-winning Author This humorous Chanukah-themed homage to Dame Agatha Christie includes four short mystery stories: The Latke in the Library, Evil Under the Wick, And Then There Were Gornisht, and The Olive Cracked. When elderly mystery writer Agatha Krinsky falls for the fifth time, her nephew insists she move into an assisted living facility. True to form, on her first day Agatha discovers a body in the library. But the staff won't take her seriously, and her luncheon companions are more interested in talking about bodies they encountered in their earlier careers than helping Agatha.

Murder at the Mill

London 1816 Cavalry captain Gabriel Lacey returns to Regency London from the Napoleonic wars, burned out, fighting melancholia, his career ended. His interest is piqued when he learns of a missing girl, possibly kidnapped by a prominent member of Parliament. Lacey's search for the girl leads to the discovery of murder, corruption, and dealings with a leader of the underworld. At the same time, he struggles with his own transition from a soldier's life to the civilian world, redefining his role with his former commanding officer, and making new friends--from the top of society to the street girls of Covent Garden.

Sephardim in the Americas

In this important and timely work, Graham and Diamond reassess the success of American universities as research institutions and the role of public funding in their development from the expansionist golden years of the 1950s and '60s, through the austerity measures of the 1970s and the entrepreneurial ethos of the 1980s, to the budget crises universities face in the 1990s.

Capons and Caponizing

Introduces key terms, research frameworks, debates, and histories for Asian American Studies Born out of the Civil Rights and Third World Liberation movements of the 1960s and 1970s, Asian American Studies has grown significantly over the past four decades, both as a distinct field of inquiry and as a potent site of critique. Characterized by transnational, trans-Pacific, and trans-hemispheric considerations of race, ethnicity, migration, immigration, gender, sexuality, and class, this multidisciplinary field engages with a set of concepts profoundly shaped by past and present histories of racialization and social formation. The keywords included in this collection are central to social sciences, humanities, and cultural studies and reflect the ways in which Asian American Studies has transformed scholarly discourses, research agendas, and pedagogical frameworks. Spanning multiple histories, numerous migrations, and diverse populations, Keywords for Asian American Studies reconsiders and recalibrates the ever-shifting borders of Asian American studies as a distinctly interdisciplinary field. Visit keywords.nyupress.org for online essays, teaching resources, and more.

The Latke in the Library

Who was the New World's first Jewish author? Why did some medieval moneychangers cover their hair? Which Jewish woman became queen of a North African people? And what's the truth about the story that claims Hebrew almost became the official language of the United States? Join journalist and historical novelist Libi Astaïre for a fascinating journey down some of the less-traveled roads of the past in her latest book, "Day Trips to Jewish History."

Tetragrammaton: Western Christians and the Hebrew Name of God

A young Jewish orphan goes missing in London during the great Frost Fair of 1814. Is he merely lost? Has he been kidnapped? Or killed? An ancient coin from the Land of Israel disappears during a dinner party. An honest mistake on the part of someone, or is someone trying to swindle one of the guests? A sukkah is destroyed in London's East End. A priceless diamond and pearl bracelet is lost in fashionable Mayfair. A coincidence? Or is there some hidden connection lying deep beneath the surface? Once again there's trouble afoot in Regency London's Jewish community, and in these three mystery stories wealthy-widower-turned-sleuth Mr. Ezra Melamed is confronted with some of the most baffling cases of his career. Included in this volume are: Too Many Coins, What's in a Flame? and General Well'ngone in Love. Plus there is a bonus chapter about the history of Regency London's Ashkenazic Jewish community.
