Buffettology Workbook

In the past eighteen months, investors have seen rapid, often intimidating changes in the stock market-tech stocks have soared and crashed and assets that shifted away from traditional blue chip companies have quickly shifted back again. In spite of this volatility however, there has been one constant: Warren Buffet's value investing strategies make money. In BUFFETOLOGY, Mary Buffet and David Clark unveiled the analysis techniques that made Warren Buffet the billionaire and investment icon he is today. Now in this companion workbook, the authors explain Buffet's system of business perspective investing, focusing on specific mathematical ratios and calculations. Written in clear, easy-to-understand language, THE BUFFETTOLOGY WORKBOOK offers everyone with or without an Internet connection the tools they'll need to apply the same kind of value analysis to readily available financial data that Warren Buffet does.

The Warren Buffett Way

Buffett is back . . . and better than before! A decade has passed since the book that introduced the world to Warren Buffett -- The Warren Buffett Way by Robert Hagstrom -- first appeared. That groundbreaking book spent 21 weeks on the New York Times Hardcover Nonfiction Bestseller list and sold over 1 million copies. Since then, Warren Buffett has solidified his reputation as the greatest investor of all time -- becoming even richer and more successful, despite the wild fluctuation of the markets. How does this value investing legend continue to do it? That's where Robert Hagstrom and the Second Edition of The Warren Buffet Way come in. This edition is a completely revised and updated look at the Oracle of Omaha -- comprising Buffett's numerous investments and accomplishments over the past ten years, as

well as the timeless and highly successful investment strategies and techniques he has always used to come out a market winner. This edition is especially accessible as Buffett's basic tenets of investing are presented and illuminated with relevant and up to date examples. Order your copy today!

The New Buffettology

Published in 1997, the bestselling BUFFETTOLOGY was tailored to the conditions of investors in the midst of a long bull market. Now, four years later, that market has seen once hot tech stocks crash and investors scramble to move their assets, or what remains of them, back to the safety of traditional blue chip companies. As peaks turn to troughs, worried investors wonder if there are any constants in today's volatile market. The answer is yes: Warren Buffett's value investing strategies make money. And, as THE NEW BUFFETTOLOGY demonstrates, there is no time to acquire like today's bear market. THE NEW BUFFETTOLOGY is the first guide to Warren Buffett's strategy for exploiting down stocks - a strategy that has made him the world's second richest person. Designed to teach investors how to decipher and use financial information like Buffett himself, this one-of-a-kind guide walks readers step-by-step through the equations and formulas Buffett uses to determine what to invest in and, just as importantly, when. Authors Mary Buffett and David Clark explore Buffett's recent investments in detail, proving time and time again that his strategy has earned enormous profits at a time when no one expects them - and with almost zero risk to his capital.

The Warren Buffett Way Workbook

The Warren Buffett Way Workbook consists of over 500 questions and answers to help readers of The Warren Buffett Way reinforce and cement their knowledge of Buffett's hugely successful investment approach. The Workbook follows The Warren Buffett Way, 3e, providing a combination of multiple choice and essay questions for each chapter in the corebook. Given the depth and range of questions, a reader who masters the material in the Workbook will be equipped with the knowledge to begin to apply Buffett's methods to his/her own investment portfolio. All answers are provided in the Workbook, including answers to the essay questions. The perfect accompaniment to The Warren Buffett Way, 3e and The Warren Buffett Way Video Course, the Workbook will provide readers with a sure path to begin investing just like Warren Buffett.

Warren Buffett

In Warren Buffett: Inside the Ultimate Money Mind, Hagstrom breaks new ground with a deep analysis of Buffett's essential wisdom, an intricate mosaic of wide-ranging ideas and insights that Buffett calls a Money Mind. What exactly is a Money Mind? At one level, it's a way of thinking about major financial issues such as capital allocation. At another level, it summarizes an overall mindset for successfully investing in today's fast-paced stock market, a mindset that depends on a commitment to learning, adapting, and facing down irrelevant noise. This is not a method book. It is a thinking book. Warren Buffett: Inside the Ultimate Money Mind explains the philosophies of self-reliance, stoicism, rationalism, and pragmatism and their contributions to making intelligent investment decisions. It also outlines the evolution of value investing, discusses how to develop a business-driven investing mindset, and describes the defining traits of successful active management. Lastly, it examines the surprising aspects of a Money Mind – sportsman, teacher, and artist. In short, Warren Buffett: Inside the Ultimate Money Mind helps readers understand the building blocks that go into making a Money Mind so they can begin to incorporate its principles in the service to a life of value. Testimonials "An erudite masterpiece..." –Lawrence A. Cunningham, author; professor and director, Quality Shareholders Initiative, George Washington University "It's another must-read..." –Bethany McLean, journalist and Contributing Editor, Vanity Fair, author, Saudi America and co-author The Smartest Guys in the Room "Pure Genius! Miles, author; Executive in Residence, University of Nebraska at Omaha, Executive MBA Program, 'The Genius of Warren Buffett' "Effervescence and thoughtful analysis of Buffett's life and work..." –Tom Gayner, Co-chief Executive Officer, Markel Corporation "Hagstrom's books always enable readers to think about the world in new ways..." –Tren Griffin, author, Charlie Munger: The Complete Investor

Buffettology

At last, here is a book that reveals what the public really wants to know about this legendary investor: how he determines where he puts his money. From a team with privileged insight, Mary Buffett, a savvy CEO and Warren Buffett's former daughter-in-law, and David Clarke, a successful portfolio analyst,

comes BUFFETTOLOGY, the most detailed explanation ever of the billionaire's unique investment techniques. Using Warren Buffett's system to access a company's potential economic excellence and the right price to pay for its stock, BUFFETTOLOGY demonstrates the actual mathematical models and equations, revolving around three variables: the yearly per share earnings figure, its predictability, and the market price of security. With BUFFETTOLOGY, individual investors will come to truly understand, and emulate, Warren Buffett's masterful insight, and see that investment is most intelligent when it is most businesslike.

7 Secrets to Investing Like Warren Buffett

A clear, simple, and complete guide for beginning investors from bestselling author Mary Buffett and Sean Seah that explains Warren Buffett's techniques of Value Investing and his proven strategies to ensure long-term success. For twelve years, Mary Buffett was part of the Buffett inner circle. During that time, she studied Warren's investment strategies and techniques and observed his habits. Now, in 7 Secrets to Investing Like Warren Buffett, Mary and Sean Seah provide a complete guide for beginning investors who want to understand how to invest like Warren Buffett. Mary and Sean walk readers through the process of assessing and buying stocks step-by-step. Their friendly and direct style and concrete examples make it easy to understand how to avoid common pitfalls and prosper in the stock market. The first section of the book discusses habits to adopt to begin a lifelong journey of wealth building. The second section examines specific stock-picking techniques inspired by Buffett's teacher Benjamin Graham and that are vastly different from the common Wall Street wisdom of trying to time the market. The authors look at timeless principles as well as latest ideas on where to find great investment ideas, and they share the specific financial indicators they look for in a good investment. Finally, Mary and Sean explain how to build and track a portfolio of stocks. From learning how to read financial statements to preparing both personal and professional balance sheets, 7 Secrets to Investing Like Warren Buffett is a must-have companion for every investor. Simple questionnaires, charts, and graphs help illustrate specific strategies. The authors' personal stories provide a clear explanation of the theory behind Value Investing, as well as advice for developing the necessary "soft skills"—habits, mindset, loving what you do, taking care of your mind and body—that have made Warren Buffett and many others so successful.

The Warren Buffett Stock Portfolio

Bestselling authors Mary Buffett and David Clark examine seventeen companies that Warren Buffett has bought for himself and for his holding company, Berkshire Hathaway, as durable investments and explain why these companies are once again selling at prices that offer great long-term growth prospects. Warren Buffett has always believed that the time to buy stocks is when nobody else wants them. As we enter the fifth year of what many economists are calling the Great Recession, we find that some of the most amazing businesses—those with a durable competitive advantage—are trading at prices and price-to-earnings ratios that offer investors serious long-term moneymaking opportunities. Pessimism about the banking situation in Europe and unemployment in America have created the perfect storm to bring stock prices down and present value-oriented investors some great possibilities. In Warren Buffett's world, as stock prices decrease, the prospects for investment increase. Putting a number on those prospects tells Warren whether or not the stock is an attractive buy. The Warren Buffett Stock Portfolio explains how to do just that—how to value companies and conservatively estimate the kind of future return that an investment is offering at its current market price. Mary Buffett and David Clark look at stocks in Warren's portfolio as the basis for their analysis. After a brief history of Warren's investment strategy, Buffett and Clark explain how to interpret a company's per-share earnings and per-share book-value histories to quickly identify which companies have a durable competitive advantage and to project the compounding annual rate of return that an investment offers. The authors provide case studies and evaluations of seventeen companies in Warren Buffett's portfolio. The Warren Buffett Stock Portfolio is a valuable companion to the other books in Buffett and Clark's successful series—Buffettology, The Buffettology Workbook, The New Buffettology, The Tao of Warren Buffett, Warren Buffett and the Interpretation of Financial Statements, Warren Buffett's Management Secrets, and Warren Buffett and the Art of Stock Arbitrage.

Value Investing

From the "guru to Wall Street's gurus" comes the fundamental techniques of value investing and their applications. Bruce Greenwald is one of the leading authorities on value investing. Some of the

savviest people on Wall Street have taken his Columbia Business School executive education course on the subject. Now this dynamic and popular teacher, with some colleagues, reveals the fundamental principles of value investing, the one investment technique that has proven itself consistently over time. After covering general techniques of value investing, the book proceeds to illustrate their applications through profiles of Warren Buffett, Michael Price, Mario Gabellio, and other successful value investors. A number of case studies highlight the techniques in practice. Bruce C. N. Greenwald (New York, NY) is the Robert Heilbrunn Professor of Finance and Asset Management at Columbia University. Judd Kahn, PhD (New York, NY), is a member of Morningside Value Investors. Paul D. Sonkin (New York, NY) is the investment manager of the Hummingbird Value Fund. Michael van Biema (New York, NY) is an Assistant Professor at the Graduate School of Business, Columbia University.

Buffettology

In the world of investing, the name Warren Buffett is synonymous with success and prosperity—now you can learn how Warren Buffett did it and how you can, too. Building from the ground up, Buffett chose wisely and picked his stocks with care, in turn amassing the huge fortune for which he is now famous. Mary Buffett, former daughter-in-law of this legendary financial genius and a successful businesswoman in her own right, has teamed up with noted Buffettologist David Clark to create Buffettology, a one-of-a-kind investment guide that explains the winning strategies of the master. -Learn how to approach investing the way Buffett does, based on the authors' firsthand knowledge of the secrets that have made Buffett the world's second wealthiest man -Use Buffett's proven method of investing in stocks that will continue to grow over time -Master the straightforward mathematical equipments that assist Buffett in making investments -Examine the kinds of companies that capture Buffett's interest, and learn how you can use this information to make your own investment choices of the future Complete with profiles of fifty-four "Buffett companies"—companies in which Buffett has invested and which the authors believe he continues to follow—Buffettology can show any investor, from beginner to savvy pro, how to create a profitable portfolio.

The Business of Value Investing

A blueprint to successful value investing Successful value investors have an ingrained mental framework through which all investments decisions are made. This framework, which stems from the father of value investing, Benjamin Graham—who believed that investment is most intelligent when it is most businesslike—can put you in a better position to improve the overall performance of your portfolio. Written by Sham Gad—founder of the Gad Partners Funds, a value-focused investment partnership inspired by the 1950s Buffett Partnerships—The Business of Value Investing effectively examines the fundamental tenants of this approach and skillfully illustrates the six essential elements of the entire process. Opening with some informative discussions of how value investing focuses more on buying a piece of a business, and less on buying a company's stock, this reliable resource quickly moves on to detail exactly what it takes to become a successful value investor. Outlines the six essential elements required for a successful risk averse value investment approach Contains case studies that illustrate how to approach investing in an intelligent, businesslike fashion Walks you through the pitfalls that most investors initially fall into With The Business of Value Investing as your guide, you'll quickly become familiar with one of the most effective investment strategies ever created.

The Essential Buffett

Nach Veröffentlichung der beiden Titel "The Warren Buffett Way" und "The Warren Buffett Portfolio" stieg die Nachfrage nach einem Buch, das die Anwendung von Buffetts Methoden auf Aktien und Wachstumswerte genau erläutert. Dabei sollten auch seine bewährten und erprobten Investmentstrategien nicht zu kurz kommen. Buffetts Technik des Focus-Investing (Konzentration auf ausgesuchte Unternehmen) hat sich als außergewöhnlich erfolgreich erwiesen - bei konventionellen Werten. "The Essential Buffett" zeigt, wie diese Strategien auch auf Werte der New Economy angewendet werden können.

Summary: The Warren Buffett Way

The must-read summary of Robert G. Hagstrom's book: "The Warren Buffett Way: Investment Strategies of the World Greatest Investor". This complete summary of the ideas from Robert G. Hagstrom's book "The Warren Buffett Way" reveals the approach behind the success of one of the most successful stock market investors: focus on the value of the business and its market price. In his book, the author

explains how Buffett finds a business he understands and feels comfortable with, then he acts like a business owner rather than a stock market speculator. He studies everything possible about the business, becomes an expert in that field and works with the management rather than against them. This summary gives you a valuable insight into the techniques and strategies that Warren Buffett uses to guarantee success. Added-value of this summary: • Save time • Understand key concepts • Expand your business To learn more, read "The Warren Buffett Way" and discover the secrets to success of this top investor.

The Warren Buffett Way + Video

The bestselling book on Warren Buffett returns, with new insights and a companion video component Often described as the greatest investor of all time, Warren Buffett grew a \$100 investment in the late 1950s into an investment empire. In the process, he has become one of the wealthiest individuals in the world, and the foremost authority on investing of our generation. With over one million copies sold, The Warren Buffett Way is the definitive book on "The Oracle of Omaha's" investment methods. Completely revised and updated, the Third Edition of The Warren Buffett Way + Video focuses on the timeless principles and strategies behind Buffett's extraordinary investment success. This edition contains new chapters on the important distinctions between investing and trading, as well as an examination of the most successful disciples of Warren Buffett. Throughout the book, fresh examples and case studies are used and Buffett's successful formula is distilled in a way that will provide value to readers for decades to come. Video featuring Robert Hagstrom discussing several important topics within the book is a valuable addition to this version of The Warren Buffett Way This edition represents the totality of Buffett's investment career and focuses on his timeless investing principles Written by foremost Buffett expert Robert Hagstrom Engaging and informative the Third Edition of The Warren Buffett Way + Video is essential—not just for avid Buffett fans, but for anyone who wants to know what it takes to make the best investment decisions possible.

Invest Like a Guru

Adopt the investment strategy that built Warren Buffett's fortune Invest Like a Guru provides an invaluable resource for high-quality-focused value investing, with expert insight and practical tools for implementation. Written by the man behind GuruFocus.com, this book expands on the site's value strategies and research tools to provide a primer for those exploring pathways to higher returns at lower risk. The book begins with an insightful explanation of high-quality-focused value investing concepts, then quickly moves into practical, detailed guidance on analysis, valuation, key factors, and risks to avoid. Case studies demonstrate real-world application of various analysis methods, and the discussion walks you through important calculations using real examples. Author Charlie Tian draws upon his own experiences and lessons learned to provide true insight on high-quality-focused value investing as a strategy, providing both reference and expert advice in this singularly useful guide. Warren Buffett once said, "I would rather buy good companies at fair prices than buy fair companies at good prices." That's how he built his fortune, and his method is what we now call high-quality-focused value investing. This book shows you how to determine what constitutes "good companies" and "fair prices," with practical tools for real-world application. Learn the principles and concepts of high-quality-focused value investing Understand the analysis process and valuation of prospective investments Avoid the value traps that can trigger permanent losses Study clear examples of key ratios and calculations We can't all become the next Warren Buffett, but we can boost returns while reducing risk using the right investment strategy. High-quality-focused value investing provides a path to profit, and Invest Like a Guru is the one-of-a-kind guidebook for getting on track.

The Warren Buffett Philosophy of Investment: How a Combination of Value Investing and Smart Acquisitions Drives Extraordinary Success

Revealed! The secret behind Warren Buffett's 20% return rate over 60 YEARS The Warren Buffett Philosophy of Investment reveals—for the first time—how the world's #1 investor combines his trademark value investing with a unique approach to mergers and acquisitions. The huge interest in Warren Buffett stems from the challenge to understand his history of earning more than 20% on capital annually during the last 60 years. Modern financial theory does not allow for this degree of success, nor has anyone else been able to replicate it. The book argues that Buffett's secret can be explained only if one looks beyond the theory of investing. The author sees the major drivers of his success as the transformation of Mr. Buffett's name into a super-brand of mergers and acquisitions, as well as his hands-off policy with

respect to the acquired companies. As a result, Buffett enjoys numerous opportunities to buy first-class companies at moderate prices and keeps the existing good managers responsible for further value creation. Elena Chirkova is a professor of finance in the Higher School for Economics in Moscow and was previously Head of Corporate finance for Deloitte's office in Russia.

Buffett Beyond Value

A detailed look at how Warren Buffett really invests In this engaging new book, author Prem Jain extracts Warren Buffett's wisdom from his writings, Berkshire Hathaway financial statements, and his letters to shareholders and partners in his partnership firms-thousands of pages written over the last fifty years. Jain uncovers the key elements of Buffett's approach that every investor should be aware of. With Buffett Beyond Value, you'll learn that, contrary to popular belief, Warren Buffett is not a pure value investor, but a unique thinker who combines the principles of both value and growth investing strategies. You'll also discover why understanding CEOs is more important than studying financial metrics; and why you need an appropriate psychological temperament to be a successful investor. Reveals Buffett's multifaceted investment principles Discusses how Buffett thinks differently from others about portfolio diversification, market efficiency, and corporate governance Highlights how you can build a diverse and profitable investment portfolio With this book as your guide, you'll learn how to successfully invest like Warren Buffett.

How to Be the Intelligent Investor Like Warren Buffett

This is a warren buffett book for adults .You will learn the warren buffett way of value investing from this easy book and earn money like Warren Buffett. Warren Buffett is intelligent investor and he is undoubtedly the most successful stock market trader today. He is currently worth billions of dollars and his net worth is still on the rise. Many investors strive to be just like him, but sadly only a few of them are actually successful in emulating even a fraction of his success. What is the secret to Warren Buffett's enormous wealth? Does he have superpowers that allow him to see into the future and take stock of his investments? The truth may actually shock you because it is much simpler than you think. The reason why Warren Buffett was able to amass as much money as he did is because he is a "intelligent investor" and it is recommended that you become one as well. What is a intelligent investor? Unlike other traders in the stock market, intelligent investor do not really pay too much heed in what is currently happening in the marketplace, they are much more interested in the actual value of the stocks. Value investor take into consideration the strengths and weaknesses of the companies they plan to invest in, and this requires a lot of analysis and not too much guesswork. In this warren buffett book, you will learn the techniques and mindset that Warren Buffett uses whenever he goes into trades. Even though it is not really guaranteed that you will be met with the same kind of success, you are assured to get some valuable insights on how to invest your money properly and ensure that you actually make money instead of lose it. Here you will learn how to determine the true worth of a company so you will have an easier time determining whether or not it is worth it to invest your money in their stocks. Once you learn the basics of Warren Buffett's value investing strategy, your entire view of the stock trading marketplace will change for the better. You will receive information as following Chapter 1: What Is Value Investing? The Intrinsic Value Of A Company The Margin Of Safety In Investing There Is No Efficient-Market Hypothesis No Need To Follow Trends Patience And Diligence Required Chapter 2: Ways A Stock Can Become Under-Valued How To Find Under-Valued Stocks Chapter 3: Finding Undervalued Stocks Through Financial Statements Chapter 4: How To Manage Value Investing Risks Chapter 5: How To Choose Stocks For Value Investing Chapter 6: Who Is Warren Buffett? How Warren Buffett Became Successful Chapter 7: The Investing Style Of Warren Buffett Chapter 8: How Warren Buffett Maneuvers Through A Bear Market Chapter 9: How To Think Like Warren Buffett Chapter 10: The Frugal Lifestyle of Warren Buffett

Warren Buffett and the Interpretation of Financial Statements

With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Buffett's successful perspective. They clearly outline Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired by the seminal work of Buffett's mentor, Benjamin Graham, this book presents Buffett's interpretation of financial statements with anecdotes and quotes from the master investor himself. Destined to become a classic in the world of investment books, Warren Buffett and the Interpretation of Financial Statements is the perfect companion volume to The New Buffettology and The Tao of Warren Buffett.

Now, with *The Little Book of Value Investing*, Christopher Browne shows you how to use this wealth-building strategy to successfully buy bargain stocks around the world.

The Warren Buffett Portfolio

Der Fortsetzungstitel zu "The Warren Buffett Way" vom gleichen Autor. Hagstrom gilt in der Investmentbranche als ausgezeichnete Analytiker, der zudem die Fähigkeit besitzt, komplizierte Sachverhalte einfach und verständlich zu vermitteln. Das Kernthema des Buches heißt Focus Investing. Hagstrom erklärt anschaulich, was man unter 'Focus Investing' versteht, wie diese Anlagestrategie funktioniert, und wie jeder Anleger sie nutzen kann. Darüber hinaus demonstriert er, wie Buffett seine Aktien zu einem 'Focus Portfolio' zusammenstellt, und warum diese Methode für Buffetts außergewöhnliche Gewinne ebenso entscheidend ist, wie die Auswahl der einzelnen Aktienwerte. Auch diese Technik, die hervorragende Ergebnisse verspricht, wird genau erläutert. Hagstrom beschreibt Philosophie und Strategien des Focus Investing ausführlich und zeigt, wie man sie in die Praxis umsetzt. Dabei greift er auf den großen Erfahrungsschatz einer Reihe von Experten zurück, wie z.B. Warren Buffett, John Maynard Keynes, Philip Fisher, Bill Ruane, Lou Simpson und Charlie Munger.

Invest In The Best

This book concentrates on the investment style of Business Perspective Investing, as practiced by Benjamin Graham and Warren Buffett. It takes the reader through the realisation that the thought process involved when buying shares in a company is no different to buying the company in its entirety. Beginning with how to assess the quality of a business, it explains and illustrates with examples what to look for in company accounts, how to determine the value drivers of a business, the strength of its franchise and how to interpret key financial ratios and performance indicators. It discusses the ideal characteristics of a business worthy of investment so that you will develop a mental checklist of what to look out for. The book then sets out a number of valuation methods to determine the likely economic worth of a company. It is against this estimate that a judgement can be made as to whether a share price offers good value. The book concludes with thoughts on portfolio construction, in particular Focus Investing, where a concentrated approach is taken, and legitimate reasons for deciding to sell a holding. Throughout, the emphasis is on the methodology used to manage the Sanford DeLand UK Buffettology Fund.

Creating a Portfolio like Warren Buffett

The practical guide to investing the Warren Buffett way *Creating a Portfolio like Warren Buffett: A High Return Investment Strategy* highlights actual trades author Jeeva Ramaswamy has successfully executed using principles established by investment guru Warren Buffett. Clearly explaining how Buffett's principles can be used to make specific investments the book, unlike other investment guides, also clearly explains how to apply Buffett's exit strategies as they pertain to holding or selling positions. Giving readers a complete overview of Buffett's methodologies and how to apply them, the book is a step-by-step stock research checklist and comprehensive guide to investing and managing a successful stock portfolio. It includes detailed instructions to: Determine where to search for stock prospects Thoroughly research stocks using a stock research checklist Confidently make buy and sell decisions Expertly manage your portfolio Packed with specific stock examples, real-life calculations, and expert tips, *Creating a Portfolio like Warren Buffett* is your guide to harnessing the market savvy of an investing legend.

The Warren Buffett Way

Two of today's best business books summarized on one tape.

Quantitative Value

A must-read book on the quantitative value investment strategy Warren Buffett and Ed Thorp represent two spectrums of investing: one value driven, one quantitative. Where they align is in their belief that the market is beatable. This book seeks to take the best aspects of value investing and quantitative investing as disciplines and apply them to a completely unique approach to stock selection. Such an approach has several advantages over pure value or pure quantitative investing. This new investing strategy framed by the book is known as quantitative value, a superior, market-beating method to

investing in stocks. Quantitative Value provides practical insights into an investment strategy that links the fundamental value investing philosophy of Warren Buffett with the quantitative value approach of Ed Thorp. It skillfully combines the best of Buffett and Ed Thorp—weaving their investment philosophies into a winning, market-beating investment strategy. First book to outline quantitative value strategies as they are practiced by actual market practitioners of the discipline Mends the probabilities and statistics used by quants such as Ed Thorp with the fundamental approaches to value investing as practiced by Warren Buffett and other leading value investors A companion Website contains supplementary material that allows you to learn in a hands-on fashion long after closing the book If you're looking to make the most of your time in today's markets, look no further than Quantitative Value.

The Tao of Warren Buffett

A collection of the inspiring words and wisdom from America's favorite businessman that reveal his secrets of success from the bestselling authors of Buffettology and The New Buffettology. Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In The Tao of Warren Buffett, Mary Buffett—author of three books on Warren Buffett's investment methods—joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor—large or small—and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: "You should invest in a business that even a fool can run, because someday a fool will." "No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do." The Tao of Warren Buffett inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to become a classic.

How To Think Like Benjamin Graham and Invest Like Warren Buffett

How to Think Like Benjamin Graham and Invest Like Warren Buffett wraps a lifetime of investing wisdom into one highly accessible package. An intelligent guide to analyzing and valuing investment targets, it tells investors what questions to ask, what answers to expect, and how to approach any stock as a skeptical, common-sense business analyst. Above all, this fast-paced book provides investors with the tools they need to thoroughly value any business in which they might invest. A common-sense approach to investing, this book discusses: Three things investors must get from a financial statement Valuation examples from today's top companies including GE, Amazon, Microsoft, and Disney Why prices deviate from actual values

The Art of Value Investing

Says Bill Ackman of Pershing Square Capital Management about The Art of Value Investing: "I learned the investment business largely from the work and thinking of other investors. The Art of Value Investing is a thoughtfully organized compilation of some of the best investment insights I have ever read. Read this book with care. It will be one of the highest-return investments you will ever make." Based on interviews with the world's most-successful value investors, The Art of Value Investing offers a comprehensive set of answers to the questions every equity money manager should have thought through clearly before holding himself or herself out as a worthy steward of other people's money. What market inefficiencies will I try to exploit? How will I generate ideas? What will be my geographic focus? What analytical edge will I hope to have? What valuation methodologies will I use? What time horizon will I typically employ? How many stocks will I own? How specifically will I decide to buy or sell? Will I hedge, and how? How will I keep my emotions from getting the best of me? Who should read The Art of Value Investing? It is as vital a resource for the just starting out investor as for the sophisticated professional one. The former will find a comprehensive guidebook for defining a sound

investment strategy from A-to-Z; the latter will find all aspects of his or her existing practice challenged or reconfirmed by the provocative thinking of their most-successful peers. It also is a must read for any investor – institutional or individual – charged with choosing the best managers for the money they are allocating to equities. Choosing the right managers requires knowing all the right questions to ask as well as the answers worthy of respect and attention – both of which are delivered in *The Art of Value Investing*.

How Buffett Does It

Drawing from Buffett's incredibly rich investment experience, this value-packed guide will show you how to follow his example.

The Warren Buffett Way

An insightful new take on the life and work of one of the world's most remarkable investors: Warren Buffett. In the 30th Anniversary Edition of *The Warren Buffett Way*, celebrated author and investor Robert Hagstrom delivers the definitive version of his bestselling compendium of the investment strategies made famous by Warren Buffett. *The Warren Buffett Way* describes the twelve investment tenets of Warren Buffett's strategy called business-driven investing and his distinct approach to managing a portfolio of businesses. You'll learn how you can apply these same principles to building your own portfolio and find discussions on the psychology of long-term investing, its optimal benefits, and how to avoid the most common pitfalls and mistakes encountered by investors. This latest edition includes: A new author preface to complement the existing forewords from Peter Lynch, Bill Miller, and Howard Marks. Insights on how to achieve worldly wisdom advanced by Warren Buffett's longtime business partner Charlie Munger. Footnotes and references to academic work that supports and expands on Warren Buffett's investment approach and portfolio management. The complete Berkshire Hathaway common stocks portfolios from 1977-2021. An indispensable guide to the remarkable work and accomplishments of Warren Buffett, *The Warren Buffett Way* is a can't-miss resource for professional and individual investors who want to learn from the world's greatest investor.

The Deals of Warren Buffett, Volume 1

There are many ways to make money in today's market, but the one strategy that has truly proven itself over the years is value investing. Now, with *The Little Book of Value Investing*, Christopher Browne shows you how to use this wealth-building strategy to successfully buy bargain stocks around the world.

The Little Book of Value Investing

Give a man a fish and he eats for a day. Teach him to arbitrage, and he will eat for a lifetime' Warren Buffett. *Warren Buffett and the Art of the Stock Arbitrage* is the first book to explore the secret world of Buffett's arbitrage and special situations investing. Long considered one of the most powerful and profitable of Buffett's investment operations, but the least understood, these special types of investments have been the edge that has made Warren Buffett the world's greatest investor. This book examines Buffett's special brand of arbitrage investing, which involves taking advantage of short term price discrepancies that often occur when one company offers to buy another company. Buffett and David Clark, the authors of four best-selling books on Warren Buffett's investment methods, take the reader deep into the world of Buffett's arbitrage and special situation operations, giving us his strategies, his equations for determining value, and dozens of examples of his investments in this very lucrative segment of Buffett's investment operations. They offer detailed analysis and explanations of Buffett's arbitrage and special situations operations and techniques for the first time ever.

The Warren Buffett Way, 3e + Workbook

The latest edition of the popular collection of in-depth portraits of extraordinary value investors, featuring new profiles and updates. The second edition of *The Value Investors* presents a collection of investing legend profiles from around the world. Chapters explore the investors' backgrounds, cultures, and personal stories, and reveal how life experiences have shaped their investment strategies and mindsets. This fascinating book shows you that value investing is a dynamic, constantly-changing strategy which, when properly implemented, can provide significant, sustainable benefits. Although the investors profiled come from a diverse range of geographic regions and socio-economic, cultural, and educational backgrounds, they share similar personality traits, temperaments, and investment philosophes. Thoroughly revised and expanded, the book provides relevant updates on the professional and personal experiences of the investors since the first edition's publication. Complementing the original profiles are several new chapters featuring established value investors including Howard Marks, as well as rising personalities and fund managers such as Álvaro Guzmán de Lázaro and Fernando Bernad Marrase. Author Ronald Chan, founder of Hong Kong-based investment management Chartwell Capital Limited, highlights how and why the value investors have consistently beaten the stock market through the years. This book: Covers multiple generations, geographies, and value investing styles. Presents updated profiles of notable value investors such as Walter Schloss, Irving Kahn and Thomas Kahn, Jean-Marie Eveillard, Mark Mobius, and Teng Ngiek Lian. Profiles international fund and asset managers from the North America, Europe and Asia. Includes a chapter on the making of a successful value investor. *The Value Investors: Lessons from the World's Top Fund Managers*, 2nd Edition is a must-read for investors looking to diversify their portfolios across different asset classes or geographic areas, finance professionals and students, and general readers with interest in value investing.
