Dracula in Visual Media

This is a comprehensive sourcebook on the world's most famous vampire, with more than 700 citations of domestic and international Dracula films, television programs, documentaries, adult features, animated works, and video games, as well as nearly a thousand comic books and stage adaptations. While they vary in length, significance, quality, genre, moral character, country, and format, each of the cited works adopts some form of Bram Stoker's original creation, and Dracula himself, or a recognizable vampiric semblance of Dracula, appears in each. The book includes contributions from Dacre Stoker, David J. Skal, Laura Helen Marks, Dodd Alley, Mitch Frye, Ian Holt, Robert Eighteen-Bisang, and J. Gordon Melton.

Houston, We Have a Narrative

Ask a scientist about Hollywood, and you'll probably get eye rolls. But ask someone in Hollywood about science, and they'll see dollar signs: moviemakers know that science can be the source of great stories, with all the drama and action that blockbusters require. That's a huge mistake, says Randy Olson: Hollywood has a lot to teach scientists about how to tell a story—and, ultimately, how to do science better. With *Houston, We Have a Narrative*, he lays out a stunningly simple method for turning the dull into the dramatic. Drawing on his unique background, which saw him leave his job as a working scientist to launch a career as a filmmaker, Olson first diagnoses the problem: When scientists tell us about

their work, they pile one moment and one detail atop another moment and another detail—a stultifying procession of “and, and, and.” What we need instead is an understanding of the basic elements of story, the narrative structures that our brains are all but hardwired to look for—which Olson boils down, brilliantly, to “And, But, Therefore,” or ABT. At a stroke, the ABT approach introduces momentum (“And”), conflict (“But”), and resolution (“Therefore”)—the fundamental building blocks of story. As Olson has shown by leading countless workshops worldwide, when scientists’ eyes are opened to ABT, the effect is staggering: suddenly, they’re not just talking about their work—they’re telling stories about it. And audiences are captivated. Written with an uncommon verve and enthusiasm, and built on principles that are applicable to fields far beyond science, *Houston, We Have a Narrative* has the power to transform the way science is understood and appreciated, and ultimately how it’s done.

Atomic Bomb Cinema

Unfathomably merciless and powerful, the atomic bomb has left its indelible mark on film. In *Atomic Bomb Cinema*, Jerome F. Shapiro unearths the unspoken legacy of the bombing of Nagasaki and Hiroshima and its complex aftermath in American and Japanese cinema. According to Shapiro, a “Bomb film” is never simply an exercise in ideology or paranoia. He examines hundreds of films like *Godzilla*, *Dr. Strangelove*, and *The Terminator* as a body of work held together by ancient narrative and symbolic traditions that extol survival under devastating conditions. Drawing extensively on both English-language and Japanese-language sources, Shapiro argues that such films not only grapple with our nuclear anxieties, but also offer signs of hope that humanity is capable of repairing a damaged and divided world. www.atomicbombcinema.com

Singer in the Night

Famous soap opera scriptwriter Naranca is slowly losing her memory and decides to embark on a road trip down memory lane (in a golden convertible) in search of her greatest love and ex-husband, an artist whose uncompromising artistic integrity is opposed to Naranca's fickle life in the world of TV drama. It is a series of letters by Slavuj, written over several weeks and hand-delivered to the inhabitants of the

street where they lived, that cracks open the novel. The letters, triggered by a mysterious couple who make love loudly in the middle of the night, keeping the neighborhood awake, touch upon the nature of love, war, lust, capitalism, and childhood, highlighting the paradox of the human condition through playful humor. *Singer in the Night* is a rich, sensual novel which comments on perception, on how life is really lived--never objectively, never encompassing the whole truth, and yet no less real to us. In its final message, the novel gives a playful warning about the consequences of choosing banality--whether it be nationalism, vanity or fame--over true human connection.

The House of Rust

After she survives a final confrontation with Baba wa Papa, the father of all sharks, she rescues her own father, and hopes that life will return to normal. But at home, things only grow stranger. Khadija Abdalla Bajaber's debut is a magical realist coming-of-age tale told through the lens of the Swahili and diasporic Hadhrami culture in Mombasa, Kenya. Richly descriptive and written with an imaginative hand and sharp eye for unusual detail, *The House of Rust* is a memorable novel by a thrilling new voice.

Lake of Urine

Fiction. Once upon a time that doesn't make a blind bit of sense, in a place that seems awfully familiar but definitely doesn't exist, Willem Seiler's obsession with measuring his world--with wrapping it up in his beloved string to keep the madness out--wreaks havoc on the Wakeling family. Noranbole Wakeling, living in the scrub and toil of the pantry and in the shadow of her much wooed and cosseted sister, is worshipped by the madman Seiler but overlooked by everyone else. As lives are lost to Seiler's vanity, she spots her chance to break free of the fetters that tie her to Tiny Village, and bolts. But some cords are never really cut. In her absence, the unravelling of the world she has escaped is complete, and another madness--her mother's--reaches out to entangle her newfound Big City freedom. The unpicked quilt-work of a life in ruins threatens to ruin her own, and it will be up to Noranbole to stitch it all together. Dark and funny in equal measure, *LAKE OF URINE* is a sui generis romp through every fairy-tale convention and literary trope you can think of, including the wicked stepmother, the fairy godmother, Pinocchio, an enchanted penis, the goose that laid the golden egg, binary code, marmalade art and alcoholic meat snacks you can drink. It is also a merciless takedown of self and self-importance, satirizing a society that exalts the inane, drowns out the sane and eschews the divine for the profane, and a lament for the dreadful weight of our own origins, for the heartbreaking impossibility of absolute reinvention, and the heartening tug of the ties that bind us.

Dragon Chains

Dragon shifters, fake identities, and betrayal; secrets that will either turn two strangers into bitter enemies or forge a passionate, burning love with the strength to last an eternity... Sent halfway across the world in her identical twin sister's place to sign a contract with a reclusive billionaire, Katy Toure has no idea what she's walking into. Before she signs anything, however, she meets the most amazing, drop-dead gorgeous man of her dreams. Even if all she can have with him is one night, she can't resist the hunger in his eyes or the way he makes her body sing. Ryker Draquonir, king of the dragon shifters, takes one look at the woman sent to sign a contract with him, a contemporary marriage of convenience, and knows she is an impostor. Fate has stepped in after centuries on his own to give him his heart's desire; for the woman standing before him is his true mate. Ancient Draquonir law forbids Ryker from revealing the existence of dragons and other magical creatures to her before he has claimed her, so if he wants a chance at happily ever after, he will have to seduce her to get it; woo her as only a billionaire can. Dragons love to hunt, and he will do anything to capture his true mate's heart. *** If you love magic and paranormal romance in the style of Christine Feehan, J.R. Ward, Lara Adrian, S. E. Smith, Milly Taiden, Ruby Dixon, Kresley Cole and adventures like Supernatural, The Originals, The Order, or fire-breathing dragons, be sure to read international bestselling authors Becca Brayden and USAT Bestselling Author Grace Goodwin's new paranormal book series! Conned into parading herself in front of his business associates for the weekend, Adra begins to see a different side to Nik. The problem is, how does she know if that's the real Nik or whether it's just an act to get her to let down her guard as she so desperately wants to... He's wanted her for years. But she won't give him the time of day... Nikolai Waldek has been in love with Adra since the first day he met her. Both black dragons and council members, they live together, train together and fight together... but she brushes off every advance he makes and try as he might, he can't get past the dragoness's iron-clad guard. So much so, he's beginning to think she's more ice-dragon than black dragon and is losing hope of the happily-ever-after he craves with her. In a last ditch attempt, he makes a gamble on a game of cards. His prize for winning? Her as his 'girlfriend' for the weekend. Once away from the court, can he finally make her see he's the perfect dragon for her?

Too Easy to Love

She's a beauty, but he's just a geek. The world might think billionaire Xavier Gaines has it all, but he's got a big problem. His successful software company is about to sign a government contract that'll land him smack in the glare of the public limelight, and his lifelong battle with social anxiety has marked him as a cold, uncaring bastard in the eyes of the press. To dispel the unflattering image, he needs help, and there's only one person he trusts with the job—Peyton Smoke. Gorgeous, kind, and funny, she agrees to be his media relations director and soon imbeds herself so deeply in his life, his world will crumble if anything upsets the balance. He cannot screw up their solid unit. No matter how achingly he desires her. Yet, how is he supposed to resist when she tugs emotions from him he didn't think he was capable of experiencing? Especially since it appears he's not the only one fighting their undeniable attraction. Ever-after just might be possible...if he can convince her to believe in love again. Peyton Smoke is looking for a change, and working at Gaines Industries has given her the boost she needs to fill the empty void in her life. Xavier is the perfect boss. Under his seemingly callous, frigid demeanor lies a compassionate man who cares about causes and those precious few he lets into his inner circle. What she wasn't prepared for is the smoldering passion suddenly flaring between them, nor the hot-as-sin alpha side beneath the layer of sexy nerd. Getting involved with him puts more than her job at risk. She's been trampled one too many times, and she vowed never to leave herself vulnerable again. But the heart wants what the heart wants. If only she can figure out whether his feelings are genuine or if this is a mistaken case of gratitude wrapped in lust, then their shot at forever may not seem like such a fruitless hope. "Moran pulls you in and does...Not. Let. Go. Hot, heartfelt, and hard to put down." ~Molly McLain, USA Today Bestselling Author

Billionaire's 100 Wife-pursuing Ways

In his classic book, *The Five Dysfunctions of a Team*, Patrick Lencioni laid out a groundbreaking approach for tackling the perilous group behaviors that destroy teamwork. Here he turns his focus to the individual, revealing the three indispensable virtues of an ideal team player. In *The Ideal Team Player*, Lencioni tells the story of Jeff Shanley, a leader desperate to save his uncle's company by restoring its cultural commitment to teamwork. Jeff must crack the code on the virtues that real team players possess, and then build a culture of hiring and development around those virtues. Beyond the fable, Lencioni presents a practical framework and actionable tools for identifying, hiring, and developing ideal team players. Whether you're a leader trying to create a culture around teamwork, a staffing professional looking to hire real team players, or a team player wanting to improve yourself, this book will prove to be as useful as it is compelling.

Dragon's Heat - City Dragon's Book 1 Jon Erskine had made a good life for himself as one of the top Forensic Accounts and Systems Analysts in the country. He doesn't mind working with paranormal clients - after all, he's a shifter himself. However, he could do without all the slurs and derogatory comments. Not all shifters are wolves, bears and other predators. Still, his expertise and reputation is solid and Jon is more than capable of holding his own. That is until Dirk Hollingsworth runs from his

office. Dirk is running out of time. He has to find out who's been stealing from his company before his father turns up for his wedding in three weeks' time. Acting on the recommendation of a friend, Dirk turns to Jon, or at least thinks about it. That is, until he catches the man's scent in the doorway of his office and does a runner. Not the proudest moment for one of the proudest of all shifters, but Dirk has a responsibility to his clan and catching the tantalizing scent of a dog isn't going to change anything. Or so he thinks. Family betrayals, a strong-willed dragon spirit; all things collide as Jon and Dirk struggle to find common ground. Calling off the wedding is easy; staying alive might be that much harder.

Dragon Bound

Fart is excited! He's desperate to make friends and have fun. But no one likes a fart. Not even a fart with a heart. Too smelly. Too embarrassing. Too gross. This enhanced ebook edition of *No One Likes A Fart* is narrated by the author, Zoë Foster Blake, with supporting voices from Hamish Blake (AKA Tooty McFluffson). Zoë has written lots of grown-up books, none of which mention a single fart. She is the mother of two little people and a cat with a permanently cranky face. She wants it known that despite writing this book, she still doesn't like farts, even if her husband and son refuse to acknowledge or respect this.

Dragon's Heat

Our world is gone and the dragons have enslaved us. The life I knew was changed forever when I lost someone I loved. I became a traitor to my people the day I saved Theron, the handsome dragon prince of Andrasar. He's repaid my kindness with captivity. He's made me his slave. He's my enemy whose clutch I should want to escape. He's a monster I should hate. But he makes me forget when his touch scorches me like a brand and marks me as his. Humans are a threat and should be destroyed. I've dedicated my life to the misery of humans. Their unwelcome presence is a reminder of what I've lost. The appearance of Seela, the beautiful human female who saves my life, contradicts my beliefs. She is my fire's half, destined to be my mate. I can't accept her. I can't want her. She is my enemy. But she makes such sweet sounds of surrender when I taste her, I have no choice but to claim her as mine. *Dragon's Captive* is a safe enemies to lovers, slow burn romance. It stars a handsome, domineering alien dragon shifter falling in love with a lovely, brave and feisty human woman. No cliffhangers. Happily Ever After guaranteed.

For thirty years, Peter Singer's Practical Ethics has been the classic introduction to applied ethics. For this third edition, the author has revised and updated all the chapters and added a new chapter addressing climate change, one of the most important ethical challenges of our generation. Some of the questions discussed in this book concern our daily lives. Is it ethical to buy luxuries when others do not have enough to eat? Should we buy meat from intensively reared animals? Am I doing something wrong if my carbon footprint is above the global average? Other questions confront us as concerned citizens: equality and discrimination on the grounds of race or sex; abortion, the use of embryos for research and euthanasia; political violence and terrorism; and the preservation of our planet's environment. This book's lucid style and provocative arguments make it an ideal text for university courses and for anyone willing to think about how she or he ought to live.

King of Always

BLURB Desperately unemployed, Arianne, answers an ad that reads Woman Wanted. With miniscule hours and excellent pay, she accepts the position of courtesan to Derek, a handsomely dashing man, whom she finds out is a billionaire. Engaging in a game of cat and mouse, will they drive each other crazy...or will they fall in love first. EXCERPT Picking up the remote with one hand and the coffee mug with the other, she alternated between surfing channels and sipping wine. She stopped at two naked females passionately exploring each other's body. Blankly staring at the screen she finished the bottle of red wine, consumed her precooked, fast-frozen meal in a container and had changed to white wine, without noticing the difference. Tossing the empty dish onto the coffee table, the fork bounced off and landed on the newspaper. She bent down to pick it up. The ad she had read to Taylor caught her eye. "What the hell." She picked her laptop up off the coffee table, typed in the website then clicked on e-box twenty four. Hi. I'm Derek. I'm looking for a woman. I don't want a girlfriend or a lover. Just a mutually sexually satisfying companion. The work will be minimal and the pay will be excellent. If interested email me your name, an introduction - 100 words or less - and a photo to entice me to hire you. Arianne drank her wine and stared at the laptop screen for fifteen minutes while she had a mental debate. The "yes" voice in her head won out. The wine may have helped. She linked the digital camera to the computer then walked to her room and stripped. She stood in front of the small mirror and tried to choose her sexiest pose. Having chosen the conservative one of standing with her hands at her sides, legs spread apart; Arianne positioned herself in front of the camera and clicked the trigger. In a moment the picture appeared on the screen. Appraising her body, Arianne smiled - soft curves, ample breasts and a neatly trimmed puff of hair below her belly button. It was a sexy body, not ravishing like a movie star's, but it had enticed a few of the male gender. With some careful editing she deleted the background of the picture until all she had was a naked, headless picture of herself. She attached the photo to an email and began to type her message. My name is Arianne. I'm 25 and recently unemployed so I'm ready to explore any job opportunity. Especially one that will pay an excellent salary. I keep in shape. I like to party but I don't do drugs. I'm not a virgin, but I am clean—no STD's. I've never done anything like

this before. I don't jump into bed with every guy I meet. I'm just a regular girl pushed into a corner and is desperately looking for a way out. How much is "excellent pay"? She hit the send button. No turning back now. While online she did a daily depressing search of the job listings. As she was about to click off, she noticed her email icon was flashing. Hello Arianne. This is Derek. I am 28 and employed. I also like to keep in shape, but I enjoy a lazy day doing nothing but watching TV. There will be no drugs involved—only sex. I don't have the time or the patience for a relationship. Job description - service me at least once a week - say every Tuesday. I will supply an apartment for our meetings. I don't want to wine and dine you. There is no emotional involvement. Pay - how does \$8,000 a month - to start - sound? Reply. Derek. "Sounds pretty damn good!"

There Will be Dragons, Second Edition

It's always a bad idea to fall for a hot mysterious billionaire with a spooky castle. Especially when you find out he's a dragon. Night nurse Andi was desperate for money to bail out her idiot brother from jail. A one-time nursing gig seemed like the perfect deal: lots of cash, no questions asked. But when her employer, who turns out to be the notorious billionaire Damian Blackwood, saves her from a monster, there's no forgetting what she saw - not his insanely superhero physique, not the hungry way he looks at her, like she's some priceless treasure to be possessed, and definitely not the fact that he's got another hidden self; he's an honest-to-god dragon. Andi knows the dragon shifter's secret and he's definitely far from pleased. After a night of monsters and madness, he takes her home in his fancy sports car and asks her for a date. The expensive well-tailored suit can't disguise the carnal promise in his eyes and wildness in his savage smile. The gorgeous alpha dragon wants to claim her, ravish her harder and more fiercely than any human ever could. And a part of Andi wants him to. What if she says yes?
