The GOD VIRUS : the PONTIUS PILATE REPORT (Vol. 3)

An ancient virus is turning animals into people and people into monsters. Two romantically inclined mutants lead a pack of transforming pilgrims from Miami across Africa to Rome. Their two-fold purpose: stop the cure for the disease that created them, and get the Pope's OK for non-humans to marry. A virus from billions of years in the past has emerged from ancient salt beds with devastating results. As the virus turns evolution on its head, people are changed into monsters, animals begin to demand their rights, and civilization is brought to its knees. The few remaining humans seek safety in the quarantine of walled cities such as the Vatican. They desperately seek a cure, but the only one they find may have results too horrible to contemplate. Judeus and Miranda, recent converts to the phylum Porifera, set out with a were-wolfish priest, a planeload of mutating pilgrims, and a sabre-tooth shape-shifting cat on their own journey from Miami to the Vatican. One wants to teach the Pope how to pray in this strange new world. The other wants to stop the cure being developed by the remaining humans. And they both want to get the Pope's final answer on whether non-humans should marry. With their plane shot down over Africa, they learn that strange events are not limited just to the civilized parts of the world. Is the virus God's punishment on the world? Or is there no god but the virus? Or is the virus going to create a new god? Can three sponge-monsters straighten this mess out?

Based on original reporting from West Africa and the United States, and the poet's experiences as a doctor and journalist, If God Is A Virus charts the course of the largest and deadliest Ebola epidemic in history, telling the stories of Ebola survivors, outbreak responders, journalists and the virus itself. Documentary poems explore which human lives are valued, how editorial decisions are weighed, what role the aid industrial complex plays in crises, and how medical myths and rumor can travel faster than microbes. These poems also give voice to the virus. Eight percent of the human genome is inherited from viruses and the human placenta would not exist without a gene descended from a virus. If God Is A Virus reimagines viruses as givers of life and even authors of a viral-human self-help book.

Breakers: The Complete Series

A vet first described the lethal disease that seems to mimic rabies--right down to its aggressive form--as a globulin obstructive disorder. That was 12 weeks ago, before it swept across America, ravaging the canine population. Before lawmakers made it a crime to own a dog and greenlighted a shoot-on-sight policy. Before the media pounced on the term, and the GOD Plague name was born. Like his fellow virologists, Trevor Cole is desperate to create a vaccine. Not just for Buddy, his golden retriever and the focus of his bachelor life, but because the GOD virus is showing an uncanny ability to mutate. To create new strains. And with thousands of combinations of viral RNA strands to test, it doesn't help that researchers are suddenly dying by violence, that China's making threats, or that somewhere in West Virginia, the virus has just jumped species. Deputy Kate Harmon isn't one to believe the sheriff's conspiracy theories about who's behind the GOD Plague. But when she meets Trevor and his fellow scofflaws--ordinary people whose lives have been deeply impacted by their canine companions, and who're harboring them illegally in a remote compound--her beliefs about terrorists, the law and the basic nature of humanity are put to the test. Because nature isn't the only force manipulating the virus. Even in their small town, bio-warfare threats reverberate. Drones are in the air, and someone who wants to make damn sure a vaccine doesn't happen is gunning for Trevor. Because sometimes conspiracy theories are true. _____ Two-book series. No cliffhangers. Galaxies Lost: The Complete Series

A cranky, atheistic philosophy professor loves to shred the faith of incoming freshmen. He is chosen by a group of scientists to create a philosophy for a computer-generated world exactly like ours. Much to his frustration every model he introduces—from Darwinism, to Existentialism, to Relativism, to Buddhism—fails. The only way to preserve the computer world is to introduce laws from outside their system through a Law Giver. Of course this goes against everything he's ever believed, and he hates it. But even that doesn't completely work because the citizens of that world become legalists and completely miss the spirit behind the Law. The only way to save them is to create a computer character like himself to personally live and explain it. He does. So now there are two of him—the one in our world and the one in the computer world. Unfortunately a rival has introduced a virus into the computer world. Things grow worse until our computer-world professor sees the only way to save his world is to personally absorb the virus and the penalty for breaking the Law. Of course, it's clear to all, including our real-world professor, that this act of selfless love has become a reenactment of the Gospel. It is the only possible choice to save their computer world and, as he finally understands, our own.

"Like a selfish gene or a parasite, the religion virus catches a free ride in the minds of our species, infecting our history and culture. What *Guns, Germs and Steel* did for anthropology, this book does for faith. It puts the pieces together into a fascinating, coherent model that makes sense! (Dan Barker, President, Freedom From Religion Foundation.) Craig A. James has written an accessible book on evolution and religion that manages to explain memetics while being both funny and touching. (Wes Unruh, author, *The Art of Memetics*, editor of *alteratic.com*.) Full of powerful, ground-breaking ideas, packaged in a deceptively simple, easy-reading style. James has created one of those rare books where, every few pages, I find myself thinking, "I need to send a copy of this to so-and-so." This is the most fun I've had reading non-fiction in a long time. (Phil Steele, Editor, *Fragment and The Passion of Ayn Rand's Critics*)"--From Amazon.com.

When Fish and Game officers push open the door, they're confronted by a ghastly sight: two men, a woman, and a baby, cratered with smallpox-like pustules, have died horribly. The officers have no inkling they've discovered the results of a field test of EV-16 a.k.a. the Scythe of God Virus a.k.a. SGV. Man-made and self-replicating, SGV ravages the human immune system in mere hours, leaving its victims helpless in a world swarming in pathogens. Investigators Gus Bolderjack and Mattie Hendrix are drafted into a conflict not of their making, with odds not in their favor, and with religious overtones outside their understanding. Yusuf Al'absi, a brilliant but embittered biomedical engineer, controls the offense. He is the father of the Scythe of God Virus and he is using a domestic religious sect to help him spread it throughout North America. An eccentric man called The Magician heads the defense. He's a shadowy figure with immense power when it comes to defending the republic. He and Al'absi know something no one else on earth does: SGV is an extinction level virus, and this is a zero sum game. Life. Death. Not both.

MAPP AND LUCIA

Make Way For Lucia, also known as Mapp and Lucia, is a collective name for a series of novels by E. F. Benson about Emmeline "Lucia" Lucas and Elizabeth Mapp. The novels feature humorous incidents in the lives of (mainly) upper-middle-class British people in the 1920s and 1930s, vying for social prestige and one-upmanship in an atmosphere of extreme cultural snobbery. Several of them are set in the small seaside town of Tilling, closely based on Rye, East Sussex, where Benson lived for a number of years and served as mayor. Contents: Queen Lucia Miss Mapp Lucia in London Mapp and Lucia Lucia's Progress or The Worshipful Lucia Trouble for Lucia The Male Impersonator Desirable Residences Edward Frederic Benson (1867-1940) was an English novelist, biographer, memoirist, archaeologist and short story writer, known professionally as E.F. Benson. He started his novel writing career in 1893 with the fashionably controversial Dodo, which was an instant success, and followed it with a variety of satire and romantic and supernatural melodrama. He repeated the success of Dodo, with sequels to this novel, but the greatest success came relatively late in his career with The Mapp and Lucia series consisting of six novels and two short stories. Benson was also known as a writer of atmospheric, oblique, and at times humorous or satirical ghost stories.

Lucia's Progress

Lucia's Progress is a humorous novel by E. F. Benson. Benson was an English novelist, biographer and short story writer. Excerpt: "Major Benjy was in church with his wife next morning: this was weighty evidence as regards her influence over him, for never yet had he been known to spend a fine Sunday morning except on the golf links. He sat with her among the auxiliary choir sharing her hymn-book and making an underground sort of noise during the hymns. The Padre preached a long sermon in Scotch about early Christianity in Ireland which was somehow confusing to the geographical sense. After service Lucia walked away a little ahead of the Mapp-Flints, so that they certainly saw her ring the bell at Mallards Cottage and be admitted, and Elizabeth did not fail to remember that Georgie had said only yesterday afternoon that he was not up to seeing anybody. Lucia smiled and waved her hand as she went in to make sure Elizabeth saw, and Elizabeth gave a singularly mirthless smile in answer."

Miss Mapp

Miss Mapp - E. F. Benson - Lucia returns in the second instalment of E. F. Benson's classic series. Here we find Lucia battling her way to the top of the social ladder in the small village of Tilling, Miss Mapp, Lucia's nemesis will not let that happen without a very polite and cordial fight. This novel, originally published in 1923, is being republished here together with a new introductory biography of the author.

Trouble for Lucia

The final instalment in the wonderful Lucia series. Lucia must yet again lie, trick and deceive to maintain social position as the queen of Tilling. Lucia is probably the greatest creation of E. F. Benson, a social climbing socialite from the small village of Riseholme. A beautifully written and sharply observed comedy, exploring the social life of Edwardian high society. This novel, originally published in 1939, is being republished here together with a new introductory biography of the author.

Queen Lucia

This welcome addition to the hugely popular Mapp and Lucia series finds Major Flint in need of a new servant, Miss Mapp in need of a summer tenant, and Quaint Irene in need of a pint of bitter. Romantic entanglements stir the still waters of Tilling society, cunning plots are laid, and unforeseen complications ensue. Who is doing what to whom with a bottle of sesame oil? What is the truth behind the great Tilling chocolate cake mystery? Why does Major Flint need a loaded elephant gun? Did Miss Mapp really poison the Padre? Are Diva Plaistow's days as a single woman numbered? How will Mr Wyse measure up as a man of action? Or Susan as a marriage counsellor? Oh yes ... and what really happened to Lucy? Double best-selling author Guy Fraser-Sampson, a life-long Mapp and Lucia fan, superbly captures the literary style of the original series, and offers us a new depth of understanding for many of Tilling's best-loved characters.

Major Benjy

The arrival of the snobbish Mrs Emmeline Lucas (known as Lucia to her friends) in the small seaside town of Tilling causes waves as she threatens the queen bee of Tilling's social circle, Miss Elizabeth Mapp. Against a backdrop of genteel tea parties and bridge evenings, a series of hilarious conflicts ensues between the two power-hungry women as they battle on the social stage to gain the ultimate place as the first lady of Tilling society. This edition includes all three novels the brand new BBC adaptation is based on: *Queen Lucia* and *Mapp and Lucia*.

Mapp and Lucia

These three wonderful comic novels drolly record the battle between Lucia and Elisabeth Mapp for social and cultural supremacy in the village of Tilling (based on Rye).

The Complete Mapp and Lucia

Outrageously pretentious, hypocritical and snobbish, Queen Lucia, 'as by right divine' rules over the toy kingdom of 'Riseholme' based on the Cotswold village of Broadway. Her long-suffering husband Pepino is 'her prince-consort', the outrageously camp Georgie is her 'gentleman-in-waiting', and the village green is her 'parliament'.

The Complete Mapp and Lucia

Meet Queen Lucia, the character that inspired the BBC show, *Mapp and Lucia* "The hours of the morning between breakfast and lunch were the time which the inhabitants of Riseholme chiefly devoted to spying on each other." E.F. Benson, *Queen Lucia* E.F. Benson's *Queen Lucia* is a delightful and humorous novel about upper-middle-class British people in the 1920s and 1930s, set in the seaside town of Tilling. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes

Queen Lucia

She's back! When arch-snob Emmeline Lucas (known universally as Lucia) makes some money on the stockmarket, the wheels are set in motion for a new adventure - and this time, her ambitions are larger than ever. But eternal rival Elizabeth Mapp-Flint is determined to outshine Lucia and she's got royalty on her side. The much-loved *Mapp and Lucia* series takes a new turn as the two legendary protagonists travel to the continent to lock horns in an idyllic Italian setting. Can Mapp upstage Lucia on foreign soil so far from Tilling? What is Georgie's new valet up to? And will Lucia's financial speculation lead to rags or more riches? '*Lucia On Holiday*' is a new addition to the *Mapp and Lucia* canon, based on the immortal characters first created by E.F. Benson. Perfect reading for followers of Benson's original novels and sure to be equally loved by new fans, this is a pitch-perfect and deliciously enjoyable social satire of an England long gone but not forgotten.

Lucia on Holiday

Lucia is probably the greatest creation of E. F. Benson, a social climbing socialite from the small village of Riseholme. A beautifully written and sharply observed comedy, exploring the social life of Edwardian high society. This novel, originally published in 1927, is being republished here together with a new introductory biography of the author.

Lucia in London

The landscape is flawless, the trees majestic, the flora and the fauna are right and proper. All is picturesquely typical of rural England at its best. Sir Giles, an MP of few principles and curious tastes, plots to destroy all this by building a motorway smack through it, to line his own pocket and at the same time to dispose of his wife, the capacious Lady Maude. But Lady Maude enlists a surprising ally in her enigmatic gardener Blott, a naturalised Englishman in whom adopted patriotism burns bright. Lady Maude's dynamism and Blott's concealed talents enable them to meet pressure with mimicry, loaded tribunals with publicity and chilli powder, and requisition orders with wickedly spiked beer. This explosively comic novel will gladden the heart of everyone who has ever confronted a bureaucrat, and spells out in riotous detail how the forces of virtue play an exceedingly dirty game when the issue is close to home.

Blott On The Landscape

'The joy of these scripts is in being able to appreciate the craft and ambition involved in the sharpness of the dialogue, the cunning of the plotting, and the desire never to repeat themselves, as Pemberton and Shearsmith build each episode into a miniaturist treasure. A must for anyone who wants to write for television, or who just wants to see how the magic is done.' - NEIL GAIMAN Take a further peek behind the door marked 'number 9' as the scripts from series 1-3 are collected here for the first time. An anthology of darkly comic twisted tales by Steve Pemberton and Reece Shearsmith, read how each 30-minute self-contained story with new characters and new settings, sprang to life from the page. Each series is prefaced by a foreword from the show creators, giving readers and fans behind-the-scenes insight to this creative phenomenon. It is a beautifully written series, some stories comic, some tragic, all highly original and inventive. As well as Steve and Reece, it has featured guest appearances from a plethora well-known actors including Jack Whitehall, Peter Kay, Sheridan Smith, Gemma Arterton, Keeley Hawes, Alison Steadman, Conleth Hill, and David Morrissey. Relive the show's every enjoyable moment down to the stage directions with Inside No. 9: The Scripts: Series 1-3.

The History of Tom Jones

'What we all need,' said Larry, 'is sunshine . . . a country where we can grow.' 'Yes, dear, that would be nice,' agreed Mother, not really listening. 'I had a letter from George this morning - he says Corfu's wonderful. Why don't we pack up and go to Greece?' 'Very well, dear, if you like,' said Mother unguardedly. Escaping the ills of the British climate, the Durrell family - acne-ridden Margo, gun-toting Leslie, bookworm Lawrence and budding naturalist Gerry, along with their long-suffering mother and Roger the dog - take off for the island of Corfu. But the Durrells find that, reluctantly, they must share their various villas with a menagerie of local fauna - among them scorpions, geckos, toads, bats and butterflies. Recounted with immense humour and charm *My Family and Other Animals* is a wonderful account of a rare, magical childhood. 'Durrell has an uncanny knack of discovering human as well as animal eccentricities' *Sunday Telegraph*

Madame Rubinstein

When we think of great events in the history of the world, we tend to think of war, revolution, political upheaval or natural catastrophe. But throughout history there have been moments of vital importance that have taken place not on the battlefield, or in the palaces of power, or even in the violence of nature, but between the pages of a book. In our digitised age of instant information it is easy to underestimate the power of the printed word. In his fascinating book, Melvyn Bragg presents a vivid reminder of the book as agent of social, political and personal revolution. 12 Books that Changed the World presents a rich variety of human endeavour and a great diversity of characters. There are also surprises. Here are famous books by Darwin, Newton and Shakespeare - but we also discover the stories behind some less well-known works, such as Marie Stopes' Married Love, the original radical feminist Mary Wollstonecraft's A Vindication of the Rights of Woman - and even the rules to an obscure ball game that became the most popular sport in the world . . .

The Insider's Guide to Inside No. 9

On a sultry afternoon in the summer of 1936 a woman accidentally interrupts an attempted murder in a London hotel room. Nina Land, a West End actress, faces a dilemma: she's not supposed to be at the hotel in the first place, and certainly not with a married man. But once it becomes apparent that she may have seen the face of the man the newspapers have dubbed 'the Tie-Pin Killer' she realises that another woman's life could be at stake. Jimmy Erskine is the raffish doyen of theatre critics who fears that his star is fading: age and drink are catching up with him, and in his late-night escapades with young men he walks a tightrope that may snap at any moment. He has depended for years on his loyal and longsuffering secretary Tom, who has a secret of his own to protect. Tom's chance encounter with Madeleine Farewell, a lost young woman haunted by premonitions of catastrophe, closes the circle: it was Madeleine who narrowly escaped the killer's stranglehold that afternoon, and now walks the streets in terror of his finding her again. Curtain Call is a comedy of manners, and a tragedy of mistaken intentions. From the glittering murk of Soho's demi-monde to the grease paint and ghost-lights

of theatreland, the story plunges on through smoky clubrooms, tawdry hotels and drag balls towards a denouement in which two women are stalked by the same killer. As bracing as a cold Martini and as bright as a new tie-pin, it is a poignant and gripping story about love and death and a society dancing towards the abyss.

Make Way For Lucia, also known as Mapp and Lucia, is a collective name for a series of novels by E. F. Benson about Emmeline "Lucia" Lucas and Elizabeth Mapp. The novels feature humorous incidents in the lives of (mainly) upper-middle-class British people in the 1920s and 1930s, vying for social prestige and one-upmanship in an atmosphere of extreme cultural snobbery. Several of them are set in the small seaside town of Tilling, closely based on Rye, East Sussex, where Benson lived for a number of years and served as mayor. Edward Frederic Benson (1867-1940) was an English novelist, biographer, memoirist, archaeologist and short story writer, known professionally as E.F. Benson. He started his novel writing career in 1893 with the fashionably controversial Dodo, which was an instant success, and followed it with a variety of satire and romantic and supernatural melodrama. He repeated the success of Dodo, with sequels to this novel, but the greatest success came relatively late in his career with The Mapp and Lucia series consisting of six novels and two short stories. Benson was also known as a writer of atmospheric, oblique, and at times humorous or satirical ghost stories.
