Grove

Winner of the Pulitzer Prize “A must-read, cannot-put-down history.” — Thomas Friedman, New York Times Arguably the most important American lawyer of the twentieth century, Thurgood Marshall was on the verge of bringing the landmark suit Brown v. Board of Education before the U.S. Supreme Court when he became embroiled in a case that threatened to change the course of the civil rights movement and cost him his life. In 1949, Florida's orange industry was booming, and citrus barons got rich on the backs of cheap Jim Crow labor with the help of Sheriff Willis V. McCall, who ruled Lake County with murderous resolve. When a white seventeen-year-old girl cried rape, McCall pursued four young black men who dared envision a future for themselves beyond the groves. The Ku Klux Klan joined the hunt, hell-bent on lynching the men who came to be known as “the Groveland Boys.” Associates thought it

was suicidal for Marshall to wade into the "Florida Terror," but the young lawyer would not shrink from the fight despite continuous death threats against him. Drawing on a wealth of never-before-published material, including the FBI's unredacted Groveland case files, as well as unprecedented access to the NAACP's Legal Defense Fund files, Gilbert King shines new light on this remarkable civil rights crusader.

Devil in the Grove

A collection of thoughts and ideas about art spanning thousands of years, from Pliny the Elder to Picasso.

The Grove Book of Art Writing

Dexter McCray is a farmer with a dark past that continues to haunt him. As a man struggling with alcoholism, he's used to being looked at with pity and suspicion in his community. So, after waking from a blackout to discover the body of a teenage girl in the nearby cottonwood grove, he can't be entirely sure he's innocent. With no memory of the previous night, he sees no choice but to investigate the crime himself. Fortunately he's not alone. He has some help...in the shape of the dead girl herself. In *The Grove*, readers are treated to more than a warped and imaginative mystery. With plot twists on every page, Rector breathes life into a story that pits reality against hallucination, truth against improbability. Is Dexter motivated by guilt or insanity, reason or folly? And how will the young victim provide the help he desperately needs? This is a novel about one man haunted by the reality of his failed life.

The Grove

The joys and triumphs of friendship and love amidst tragedy are the heart of this beautifully told story of two unforgettable, defiant Armenian women: Dzovig, a young girl growing up in the shadow of the Armenian genocide, and Vecihe, the mother of Dzovig's lover, Tomas, who dies suddenly and mysteriously. The novel traces their lives as they come to terms with the legacies they carry - legacies that are both personal and national - in a story enriched by love: the young love of Dzovig and Tomas that culminates in tragedy; the determined but rocky affair between Vecihe and Bedros, who meet in the small mountain village of Vecihe's childhood; and Dzovig's unlikely encounter in Portugal with Tito, suffering from Multiple Sclerosis, who teaches her to live again. "*Between the Stillness and the Grove*" unearths the horror of war and reminds us of the healing power of art in what is sure to be acclaimed as a major new work of fiction.

Between the Stillness and the Grove

An exhilarating reinvention of the gothic novel, inspired by the iconic characters of our greatest myths and nightmares. The body of a young girl is found mangled and murdered in the woods of Hemlock Grove, Pennsylvania, in the shadow of the abandoned Godfrey Steel mill. A manhunt ensues—though the authorities aren't sure if it's a man they should be looking for. Some suspect an escapee from the White Tower, a foreboding biotech facility owned by the Godfrey family—their personal fortune and the local economy having moved on from Pittsburgh steel—where, if rumors are true, biological experiments of the most unethical kind take place. Others turn to Peter Rumancek, a Gypsy trailer-trash kid who has told impressionable high school classmates that he's a werewolf. Or perhaps it's Roman, the son of the late JR Godfrey, who rules the adolescent social scene with the casual arrogance of a cold-blooded aristocrat, his superior status unquestioned despite his decidedly freakish sister, Shelley, whose monstrous medical conditions belie a sweet intelligence, and his otherworldly control freak of a mother, Olivia. At once a riveting mystery and a fascinating revelation of the grotesque and the darkness in us all, *Hemlock Grove* has the architecture and energy to become a classic in its own right—and Brian McGreevy the talent and ambition to enthrall us for years to come.

Hemlock Grove

On a series of solitary walks around London, a woman recalls the rivers she's encountered in prose reminiscent of Sebald.

River

Adopted teen Leila discovers that her connection to nature and passion for environmental activism are part of her unique and magical genetic makeup, and a grove of trees that holds a mythical secret.

The Girl and the Grove

Imagine a place where all your nightmares become real. Think of dark urban streets where crime, debt and violence are not the only things to fear. Picture a housing project that is a gateway to somewhere else, a realm where ghosts and monsters stir hungrily in the shadows. Welcome to the Concrete Grove. It knows where you live.

The Concrete Grove

"In this gritty noir novel, John Rector weaves an intensely sinister tale. Dexter McCray is a farmer with a dark past that continues to haunt him. As a man struggling with alcoholism, he's used to being looked at with pity and suspicion in his community. So, after waking from a blackout to discover the body of a teenage girl in the nearby cottonwood grove, he can't be entirely sure he's innocent. With no memory of the previous night, he sees no choice but to investigate the crime himself. Fortunately he's not alone. He has some help ... in the shape of the dead girl herself. In *The Grove*, readers are treated to more than a warped and imaginative mystery. With plot twists on every page, Rector breathes life into a story that pits reality against hallucination, truth against improbability. Is Dexter motivated by guilt or insanity, reason or folly? And how will the young victim provide the help he desperately needs? This is a novel about one man haunted by the reality of his failed life"--Product description.

The Grove

First published in 1996 to great critical and popular acclaim, the *Grove Book of Operas*, is a collection of synopses and descriptions of over 250 operas. Each succinct yet insightful entry is written by a leading authority on the opera and includes a full synopsis of the plot, a cast list, a note on the singers in the original production, and information on the origins of the work and its literary and social background. Contributions conclude with a brief comment on the particular work's place in operatic history. A glossary offers brief and accessible definitions of terms that may be unfamiliar to the reader. And indices of role names and of arias and ensembles allow the reader to find operas containing their favorite aria or a well-known character. The second edition brings the book up to date with several recently composed operas and a fascinating introductory essay by David Levin on opera performance in the 21st century. Recent additions to the operatic repertory included for the first time in this edition include Nicholas Maw, *Sophie's Choice*; Poul Ruders, *A Handmaid's Tale*; John Adams, *Death of Klinghoffer*; and Mark Adamo, *Little Women*. Covering all operas in the current repertory along with some less-well-known early and very modern ones, this is an ideal volume for the general opera lover.

The Grove Book of Operas

A razor-sharp tale of two couples, two marriages, a bar, and a San Francisco start-up from a best-selling, award-winning novelist. This is a story about two marriages. Or is it? It begins with a wedding, held in the small San Francisco forest of Bottle Grove--bestowed by a wealthy patron for the public good, back when people did such things. Here is a cross section of lives, a stretch of urban green where ritzy guests, lustful teenagers, drunken revelers, and forest creatures all wait for the sun to go down. The girl in the corner slugging vodka from a cough-syrup bottle is Padgett--she's keeping something secreted in the woods. The couple at the altar are the Nickels--the bride is emphatic about changing her name, as there is plenty about her old life she is ready to forget. Set in San Francisco as the tech-boom is exploding, *Bottle Grove* is a sexy, skewering dark comedy about two unions--one forged of love and the other of greed--and about the forces that can drive couples together, into dependence, and then into sinister, even supernatural realms. Add one ominous shape-shifter to the mix, and you get a delightful and strange spectacle: a story of scheming and yearning and foibles and love and what we end up doing for it--and everyone has a secret. Looming over it all is the income disparity between San Francisco's tech community and . . . everyone else.

Bottle Grove

THE NEW GUARDIANS OF DESTINY NOVEL Calm the magics caught in thrall: Put your faith in strangers' pleas, Watcher, Witch, and treasure trove; Ride the wave to calm the trees, Servant saves the sacred grove. At the behest of their leader, the Witches of Darkhana are mobilized. Their mission: gather the most honest, true servants of each deity so that they may respectfully represent their land at the reopening of the Convocation of Gods and Man. For Witch-Priest Aradin Teral, his part in the quest has taken him across the length and breadth of Katan, searching for the best possible representative of an empire bent on preventing that very task. Ever since the destruction of the last Convocation, the magics of the Grove have been warped, endangering pilgrims and residents alike and requiring the guardianship of the strongest mage the priesthood can spare. Priestess Saleria is now the Keeper of the Grove, and Guardian of the Divine Garden. The arrival of a black-robed stranger bearing the faces of two men brings the promise of change, even peace, to the isolated valley. But it also ushers in an irresistible passion and a threat to Saleria's control of the wildest magics in the woods...

The Grove

The veil between the worlds is shredding. The old gods are calling. Erin inherits a cottage in a remote village from a grandmother she's never met. Considering how much she longs to get away from the unexciting life stretching out in front of her, this might be a dream come true. Except that it's a village full of witches and Druids practicing an ancient religion passed down through the centuries, and the priestess leading it is the calm, uncanny death worker Morghan Wilde. Life is different in Wilde Grove, with ownership of the cottage coming with a non-negotiable condition, and it's one Erin's not sure she can meet, or even if she should. She must choose to believe in the unbelievable - and then learn how to do magic too. Only then will she be able to claim her inheritance. It's an inheritance that is so much more than a cottage in the woods. Coming from a world that doesn't believe in magic, can she change her mind in time to claim her true identity and begin walking the path of her ancient ancestors? The Gathering is the first book in Katherine Genet's new Wilde Grove mythic fiction series. If you like mythology, real-life witchcraft, and have ever wondered what's behind the veil to the Otherworld, you'll love the Wilde Grove books. Book 2 is available on preorder and will be released February 16th. Keywords: fantasy fiction, mythic fiction, gods, goddesses, ancient religions, witches, witchcraft, Druid, fairy, fae, faerie, magic Buy The Gathering and step into a world of magic today!

The Gathering

A recently bereaved woman takes walks in an Italian village, reflecting on loss and the Italy of her youth.

Grove

This series is Spectacular!" - SMI BOOK CLUB "Mind-f*ck at its finest and I loved every single minute of it." - Amazon Customer "Say goodbye to your nails..." - Amazon Customer on Killing Sarai "Dark, compelling, deathly violent and just fan-bloody-tastic!" - Goodreads Reviewer on Reviving Izabel "5+ Crushing, Amazing & Shocking STARS" - The Book Enthusiast on The Swan & the Jackal "There is no going back for me, this series has me completely and utterly addicted..." - Books She Reads *** Izabel and Naeva find themselves right where they wanted to be in Mexico: captured and held in the slave compounds owned by the Ruiz family. But the two are soon separated and forced into very different—but equally dangerous—situations. Izabel spends the next three weeks playing a role she never expected she would have the opportunity to play. But her luck runs out when Naeva's life hangs in the balance, and only Izabel can save her. But at a terrible cost. If Izabel chooses to help Naeva, it will expose a lie she has been carrying on her shoulders since she met Victor Faust. A lie that will not only potentially make everyone in Victor's Order distrust her going forward but will also blow her carefully constructed cover in Mexico and get her killed. Fredrik, still looking for his serial killer, does not have to look long—the killer finds him. And Niklas' past catches up to him when an enemy comes back for revenge. But it will be Victor's actions that shake up those left in his Order and, ultimately, be its downfall.

Spiders in the Grove

South Lorain detective Nukes Budash pursues the murderer of mentally disabled Buddy Karamakovich.

Down Grove

Volume one of a four volume collection of the works of Samuel Beckett.

Novels

This dark tale of a high school girl's coming of age in modern suburbia is "an electrifying portrayal of adolescent angst" from the author of *Bongwater* (Booklist). *Downers Grove* is the haunting and tender story of Chrissie Swanson, a high school senior for whom graduating has become a matter of life or death. She's an unusual girl in an ordinary town. But when jocks are out to destroy her life in increasingly unsettling ways, and her high school seems to be cursed with a series of untimely deaths, you can't blame her for being a little paranoid. Meanwhile, her mother's sex life is overshadowing her own; her brother never leaves the basement; and her best friend Tracy is hornier than a Prince song—all of which leaves her eccentric grandmother as the only source of wisdom in a rapid downward spiral. As Chrissie tries to take control of the events that shape her life, she finds the events taking control of her, until she is finally cornered by choices with everlasting consequences. Full of humor, wit, and the sacrilegious worldview of a savvy teenager, *Downers Grove* paints a searing portrait of the American dream in all its broken glory.

Downers Grove

Entering the woods is forbidden. To go in can mean a fate worse than death. At least that's what seventeen-year-old Laura has been told. But living in a new town with nothing to do, she ignores her mother's dire warnings and explores the forest near her home. The trees entice Laura deeper into the woods. A captivating, soothing voice calls her name, and she becomes lost. When a young man finds her, she thinks she's saved. He introduces her to the Grove, a secret world of magic and mystery, and insists their meeting is more than a coincidence. For centuries, his colony has been waiting for a savior. With his alluring eyes and gentle smile, Laura almost believes his crazy story. Caught between worlds, and with her life at stake, she doesn't know who to believe or trust. Her heart tells her one thing and her head another. Will following her destiny lead to peace, or will it only postpone the inevitable?

The Grove

In the winter of 2004, a shy woman named Emma sits in Toby's office. She wants to share this wonderful new book she's reading, but Toby, her therapist, is concerned with other things. Emma is transgender, and has sought out Toby for approval for hormone replacement therapy. Emma has shown up at the therapy sessions as an outgoing, confident young woman named Katina, and a depressed, submissive workaholic named Ed. She has little or no memory of her actions when presenting as these other two people. And then Toby asks about her childhood . . . As the story unfolds, we discover clues to Emma's troubled past and how and why these other two people may have come into existence. As Toby juggles treating three separate people, each with their own unique personalities and memories, he begins to wonder if Emma is merely acting out to get attention, or if she actually has Dissociative Identity Disorder. Is she just a troubled woman in need of help? And is "the third person" in her brain protecting her, or derailing her chances of ever finding peace? *The Third Person* is a riveting memoir from newcomer Emma Grove. Drawn in thick, emotive lines, with the refined style of a comics vet, Grove has created a singular, gripping depiction of the intersection of identities and trauma. *The Third Person* is a testament to the importance of having the space to heal and live authentically.

The Third Person

Two sisters: Madeleine and Dinah. One husband: Rickie Masters. For many years now, Dinah, exotic and sensual, has conducted a clandestine affair with Rickie. Madeleine, calm and resolute, has accepted that her marriage has been of limited success. Rickie's sudden death makes widows of both sisters in this highly imaginative novel that explores with extraordinary insight the sublimity, the rivalry and the pain of personal relationships. 'She makes a mood, an atmosphere, which is never forgotten . . . The inner voice of women talking to themselves about their love affairs, knowing that it is hopeless, having to go ahead anyway, expecting the end as soon as it begins. That, of course, is what Rosamond Lehmann does best' *Sunday Times*

The Echoing Grove

Together in one volume, the *WIZARD OF THE GROVE* duology contains Tanya Huff's first two novels, *CHILD OF THE GROVE* and *THE LAST WIZARD*. *CHILD OF THE GROVE* In a far-ago age, wizards ruled the world with a power so dark even the Elder races feared them. But when their power caused them to unleash dragons from the depths of the earth itself, they were undone by their own hand, thus freeing the world. Or so it was thought. For now, after many years of hard-won peace, the human kingdom of Ardhan is under threat from the dread king of Melac. Yet the real danger is the king's

counselor, Kraydak—a wizard who survived the slaughter of his kind and has waited until now to rise to power once again. But the world will not be as easy to vanquish this time. For the royal family of Ardhan is no longer merely made of men. They have blended their destiny with the immortals who dwell in the Sacred Grove—a place untouched by darkness or death. And it will fall to the youngest of that enchanted bloodline to stand against the coming. Her name is Crystal. And she is the one thing in the world Kraydak fears... A wizard. THE LAST WIZARD Crystal was born of a bloodline both mortal and magical, raised to one day become a wizard and to defeat a long-hidden evil that threatened the realm of Ardhan. Through many dangerous adventures and lethal deceptions, she was finally victorious. And peace was at hand. Yet it was not so for Crystal. As the last living wizard, she soon found herself living a life without meaning. For while the people of Ardhan prospered in the world she had delivered, Crystal—with her still-growing powers—could find little solace. She was alone. Then, by chance, she saved a mortal life with her gift, re-igniting her bonds with humanity and inspiring her to undertake a new quest—to find a long-hidden treasure unlike any other. A hidden cache of magical forces that only she can control or destroy. But the prize she seeks just might do the same to her...

Wizard of the Grove

Winner of the Miles Franklin Award. Two of David Foster's previous books, *Dog Rock* and *The Pale Blue Crochet Coathanger*, feature the eccentric postman D'Arcy D'Olivieres, a great and memorable creation, and one who makes a welcome return to Foster's fiction in *The Glade Within the Grove*. Now the retired postman of *Dog Rock*, D'Arcy recalls a time when he was a fill-in postman at a small town called Obligna Creek. There he discovers an unpublished manuscript in an old mailbag - *The Ballad of Erinungarah*, written by 'Orion'. As D'Arcy himself says, 'Weird piece of work. Back then, 1990, I'm not sure I understood the implications. But I have thought about little else since.' D'Arcy becomes obsessed by the Ballad and the events it describes, and writes *The Glade Within The Grove* as a gloss on the Ballad, and investigation of events that happened nearly thirty years ago: namely the establishment of a commune in the late 60s, deep in the forest country of the Far South Coast, somewhere near the NSW/Victorian border. The valley is a paradise, populated sparsely by isolated logging and rural families. It is literally stumbled upon by a famous 60s rock guitarist, Michael Ginnsy, who loses his dog in the valley, goes in to find him, is taken under the wing of two old hippies, Phryx and Gwen, who show him the way out of the inaccessible and impenetrable valley. Returning to Sydney, he can't stop talking about this idyllic place, and is eventually persuaded by a motley group of people at a wake for Martin Luther King to let them join him and attempt to find the valley. So they set off in the Kombi: hippies, a former pin-up girl, a drug dealer, junkies, rich kids looking for excitement, a Marxist. In the days of the anti-Vietnam movement, this disparate group are all variously pursuing alternative lives, so a commune is the obvious answer when they literally stumble (again) upon the valley paradise. The link between country and city is forged when Attis, a foundling looked after by the logging family, and Diane, the youngest, feistiest and most radical of the city group, meet at a rodeo and instantly fall in love. Then they find abandoned the hut where the old hippies Phryx and Gwen lived, and discover they were killed by a lone anti-logging terrorist, who has found a Sacred Grove of 1000 year old cedars deep in the valley, and is trying to protect them from the outside world. Newcomers and suspicious old-timers must work together to save paradise from the madman.

The Glade Within The Grove

A "vivid, urgent" (*Entertainment Weekly*) story that follows a young man faced with a fraught decision: escape a dangerous past alone—or brave his old life and keep the woman he loves. Sayon Hughes longs to escape the volatile Bris-tol neighborhood known as Ends, the tight-knit but sometimes lawless world in which he was raised, and forge a better life with Shona, the girl he's loved since grade school. With few paths out, he is drawn into dealing drugs along-side his cousin, the unpredictable but fiercely loyal Cuba. Sayon is on the cusp of making a clean break when an altercation with a rival dealer turns deadly and an expected witness threatens blackmail, upending his plans. Sayon's loyalties are torn. If Shona learns the secret of his crime, he will lose her forever. But if he doesn't escape Ends now, he may never get another chance. Is it possible to break free of the bookies' tickets, burnt spoons, and crooked solutions, and still keep the love of his life? Rippling with authenticity and power, Mo-ses McKenzie's dazzling debut brings to life a vibrant and teeming world we have read too little about. In its sheer lyrical power, *An Olive Grove in Ends* recalls the work of James Baldwin and marks the arrival of an exciting and formidable new voice. One of *The Guardian's* Top 10 Debuts of the Year One of *Entertainment Weekly's* Most Anticipated Books of the S

An Olive Grove in Ends

Originally published in 1947, this is Frederick Philip Grove's last and most unique book. In the tradition of Orwell's 'Animal Farm', Grove examines the idea of a utopian society through the story of a group of travelling ants who find themselves in North America. An amateur scientist encounters the colony and makes telepathic contact with a very special elder of the ant community. In fact, the ant infuses the scientist with her memory and uses her new friend as a medium through which she tells the colony's incredible story, a tale that holds up a mirror to our culture, demonstrating to both worlds the parallels and contrasts between the pastoral ways of the ants and the North American life of excess. This classic Canadian novel is back in print for the first time in 20 years, allowing readers to more completely assess Grove's body of works. Fans of speculative fiction will be delighted to see that his prose is as fresh as it was 50 years ago. This was Grove's last novel, and it stands as a testament both to his writing and his prescience.

Consider Her Ways

Ezekiel "Easy" Porterhouse Rawlins is an unlicensed private investigator turned hard-boiled detective always willing to do what it takes to get things done in the racially charged, dark underbelly of Los Angeles. But when Easy is approached by a shell-shocked Vietnam War veteran- a young white man who claims to have gotten into a fight protecting a white woman from a black man- he knows he shouldn't take the case. Though he sees nothing but trouble in the brooding ex-soldier's eyes, Easy, a vet himself, feels a kinship form between them. Easy embarks on an investigation that takes him from mountaintops to the desert, through South Central and into sex clubs and the homes of the fabulously wealthy, facing hippies, the mob, and old friends perhaps more dangerous than anyone else. Set against the social and political upheaval of the late 1960s, BLOOD GROVE is ultimately a story about survival, not only of the body but also the soul. Widely hailed as "incomparable" (Chicago Tribune) and "dazzling" (Tampa Bay Times), Walter Mosley proves that he's at the top of his game in this bold return to the endlessly entertaining series that has kept fans on their toes for years.

Blood Grove

*** 'The best gardening book of 2022.' The Telegraph 'A book to make even a quick trip to the corner shop endlessly fascinating. Dark has been dubbed the millennial Monty Don for this beautifully written study of the oft-overlooked nature on our doorsteps...Dark teases the drama, humour and history from even the most commonplace buddleja, box and tulip.' George Hudson, Evening Standard, Favourite Gardening Books of the Year 'This enjoyable read throws a spotlight on the everyday.' Rachel De Thame's 10 Best Gardening Books of 2022, the Sunday Times 'Gardening for a billionaire taught Ben Dark that "plants alone are not enough to make a garden special". Instead he finds "special" in the people and the history, as well as the plants, that fill 191D2 London front gardens. A soulful read. Tom Howard, RHS The Garden, Best Books of The Year 'A wonderful book.' Alexandra Shulman, Mail on Sunday 'Meet the millennial Monty Don.' The Sunday Times Style 'Ben Dark's beautifully observed book, The Grove: A Nature Odyssey in 19 1D2 Front Gardens, tells the stories of 20 key plants growing in a single London street's front gardens in a way that's as engaging as it is informative.' The Irish Times Any walk is an odyssey when we connect with the plants around us. Each tree or flower tells a tale. Mundane 'suburban' shrubs speak of war and poetry, of money, fashion, love and failure. Every species in this book was seen from one pavement over twelve months and there is little here that could not be found on any road in any town, but they reveal stories of such weirdness, drama, passion and humour that, once discovered, familiar neighbourhoods will be changed forever. There is a renewed interest in the nature on our doorsteps, as can be seen in the work of amateur botanists identifying wildflowers and chalking the names on the pavements. But beyond the garden wall lies a wealth of cultivated plants, each with a unique tale to tell. In The Grove, award-winning writer and head gardener Ben Dark reveals the remarkable secrets of twenty commonly found species - including the rose, wisteria, buddleja, box and the tulip - encountered in the front gardens of one London street over the course of year. As Ben writes, in those small front gardens 'are stories of ambition, envy, hope and failure' and The Grove is about so much more than a single street, or indeed the plants found in its 19 1D2 front gardens. It's a beguiling blend of horticultural history and personal narrative and a lyrical exploration of why gardens and gardening matter.

The Grove

Derin sets out to look for his missing father after their home is destroyed in an attack and is caught up in a war between the people of the mountains and the people of the plains, leading to a confrontation with the Master of the Grove.

Master of the Grove

Set on the rugged, mountainous west coast of Mallorca, this taut, sultry, brilliantly paced novel is an urgent meditation on female desire, the vicissitudes of marriage and the allure of youth. Taking place over the course of one week, *The Lemon Grove* lands in the heat of Deia, a village on an island off the southeast coast of Spain. Jenn and Greg are on their annual holiday to enjoy languorous, close afternoons by the pool, and relaxed dinners overlooking the rocks. But the equilibrium is upset by the arrival of their teenage daughter, Emma, and her boyfriend, Nathan. Jenn, in her early forties, loves her (older) husband and her (step)daughter and is content with her life, she thinks. But when this beautiful, reckless young man comes into her world, she is caught by a sexual compulsion that she's seldom felt before. As the lines hotly blur between attraction, desire and obsession, Jenn's world is thrown into tumult--by Nathan's side, she could be young and carefree once again, and at this stage in her life, the promise of youth is every bit as seductive as the promise of passion. Jenn struggles between the conflicting pulls of resistance and release, and the events of the next few days have the potential to put lives in jeopardy as the players carry out their roles in this unstoppably sexy and unputdownable novel from a brilliant observer of the human condition.

The Lemon Grove

Deep in the heart of Washington State's Olympic Peninsula lies Temple Grove, one of the last stands of ancient Douglas fir not protected from logging. Bill Newton, a gyppo logger desperate for work and a place to hide, has come to Temple Grove for the money to be made from the timber. There to stop him is Paul, a young Makah environmentalist who will break the law to save the trees. A dangerous chase into the wilds of Olympic National Park ensues, revealing a long-hidden secret that inextricably links the two men. *Temple Grove* is a gripping tale of suspense and a multilayered novel of place that captures in taut, luminous prose the traditions that tie people to a powerful landscape and the conflicts that run deep among them. Reading guide: http://www.washington.edu/uwpress/books/TEMPLE_GROVE_reading_guide.pdf

Temple Grove

Set in the last years of Elizabeth I's reign, Winston Graham's *The Grove of Eagles* seamlessly blends historical fact and fiction in a rich tale full of unforgettable characters. In 1588 the Spanish Armada had been defeated in the English Channel and the whole of Elizabethan England was alert for the revenge that surely had to follow. On the Cornish coast, men like John Killigrew - in charge of the castle at Pendennis - were vital to the survival of the country, and on their backs rested the trust of those defending the nation. His eldest but base-born son, Maugan, emerges in the novel, through his loneliness and his love, as a touchingly honest and believable character who is, above all things, a man of his word.

The Grove of Eagles

A woman searching for a different future A man desperate to escape his past Can they find what they are looking for on the beautiful island of Kor ula? 'I was fascinated, invested in each character, and I couldn't put it down.' Angela Petch, bestselling author of *The Tuscan Secret*

The Olive Grove

First published in 1933, *Fruits of the Earth* has come to be regarded as a landmark in Canadian fiction, an unparalleled depiction of the ordeals endured by the early pioneers of the western prairies. In his portrait of Abe Spalding, Frederick Philip Grove captures the essence of the pioneering spirit: its single-minded strength, its nobility, and ultimately, its tragedy. A novel of broad scope and perception, *Fruits of the Earth* displays a dignity and stature rare in contemporary works of fiction.

Fruits of the Earth

Tanya Huff—acclaimed author of the Blood Books series—continues her high fantasy duology that began with *Child of the Grove*, in which she explores just what happens when a hero completes their

quest, but must go on living in the world they have saved... Crystal was born of a bloodline both mortal and magical, raised to one day become a wizard and to defeat a long-hidden evil that threatened the realm of Ardhan. Through many dangerous adventures and lethal deceptions, she was finally victorious. And peace was at hand. Yet it was not so for Crystal. As the last living wizard, she soon found herself living a life without meaning. For while the people of Ardhan prospered in the world she had delivered, Crystal—with her still-growing powers—could find little solace. She was alone. Then, by chance, she saved a mortal life with her gift, re-igniting her bonds with humanity and inspiring her to undertake a new quest—to find a long-hidden treasure unlike any other. A hidden cache of magical forces that only she can control or destroy. But the prize she seeks just might do the same to her...

The Last Wizard

The Book of Dave is Booker-shortlisted author Will Self's dazzling sixth novel What if a demented London cabbie called Dave Rudman wrote a book to his estranged son to give him some fatherly advice? What if that book was buried in Hampstead and hundreds of years later, when rising sea levels have put London underwater, spawned a religion? What if one man decided to question life according to Dave? And what if Dave had indeed made a mistake? Shuttling between the recent past and a far-off future where England is terribly altered, The Book of Dave is a strange and troubling mirror held up to our times: disturbing, satirizing and vilifying who and what we think we are. At once a meditation upon the nature of received religion, a love story, a caustic satire of contemporary urban life and a historical detective story set in the far future - this compulsive novel will be enjoyed by readers everywhere, including fans of Martin Amis and Anthony Burgess's *A Clockwork Orange*. 'Vivid, visceral and breathtakingly ambitious, this is Self's best yet' GQ 'Mindboggling ... darkly hilarious ... A fascinating book' Evening Standard Will Self is the author of nine novels including *Cock and Bull*; *My Idea of Fun*; *Great Apes*; *How the Dead Live*; *Dorian, an Imitation*; *The Book of Dave*; *The Butt*; *Walking to Hollywood and Umbrella*, which was shortlisted for the Man Booker Prize. He has written five collections of shorter fiction and three novellas: *The Quantity Theory of Insanity*; *Grey Area*; *License to Hug*; *The Sweet Smell of Psychosis*; *Design Faults in the Volvo 760 Turbo*; *Tough, Tough Toys for Tough, Tough Boys*; *Dr. Mukti and Other Tales of Woe and Liver: A Fictional Organ with a Surface Anatomy of Four Lobes*. Self has also compiled a number of nonfiction works, including *The Undivided Self: Selected Stories*; *Junk Mail*; *Perfidious Man*; *Sore Sites*; *Feeding Frenzy*; *Psychogeography*; *Psycho Too* and *The Unbearable Lightness of Being a Prawn Cracker*.

The Book of Dave

'For a totally exhilarating romp through Ancient Rome, Lindsey Davis' latest Flavia Alba novel won't be beaten and offers an immersive experience of a vibrant world full of real, recognisable characters' Mike Ripley, Shotsmag *Don't go to the Grove* . . . Julius Caesar left his gardens to the citizens of Rome, a peaceful sanctuary across the Tiber. Now the gardens and their sacred grove are dangerous haunts, especially for women alone. 'Don't go to the Grove,' people mutter, but when her husband has to leave Rome, it falls to Albia to supervise his building project in an old grotto. Why has someone buried tattered scrolls by obscure philosophers - and does it involve a worse crime than terrible writing? Soon that puzzle is overtaken. A woman disappears from her husband's birthday party; she meets a dire fate, then Albia learns that on the same night, two louche slaves given to her family by the brooding Emperor Domitian also vanished in the gardens. Apparently, it is well known that a killer lurks there. The vigiles have failed to investigate properly for decades and this won't improve when the sinister agent Karus arrives. Albia must co-operate, in order to give the many victims justice and find answers for grieving relatives. But can she herself remain safe? And, after others have failed, can she at last identify the predator who has made the Grove his killing ground? Praise for Lindsey Davis and the Flavia Alba series 'Lindsey Davis has seen off all her competitors to become the unassailable market leader in the 'crime in Ancient Rome' genre . . . Davis's squalid, vibrant Rome is as pleasurable as ever' - Guardian 'Davis's prose is a lively joy, and Flavia's Rome is sinister and gloriously real' - The Times on Sunday 'For fans of crime fiction set in the ancient world, this one is not to be missed' - Booklist 'Davis's books crackle with wit and knowledge . . . She has the happy knack of making the reader feel entirely immersed in Rome' - The Times

The Grove of the Caesars

'A brilliant and beautifully written book about capitalism and the patriarchy, about Dalit India and digital America, about power and family and love' Alex Preston, Observer, 'Fiction to look out for in 2022'

Vauhini Vara's lyrical and thought-provoking debut novel begins in India in the 1950s, following a young man born into a Dalit family of coconut farmers in a remote village in Andhra Pradesh. King Rao, as he comes to be known, later moves to the US, where he studies in Seattle, meeting the love of his life and his business partner, the smart and self-assured Margie. King Rao ultimately rises up through Silicon Valley to become the most famous tech CEO in the world and the leader of a powerful, corporate-owned global government. Yet he ultimately ends up living on a remote island off the coast of Washington state, an exile from the world which he has helped build. There, in a beautiful home on an otherwise deserted island, he brings up his brilliant daughter, Athena. Shielded from the world's glances, in many ways she has an idyllic childhood, but she will be forced to reexamine her father's past and take steps to try to decide her own future. She is unlike other girls, and she will find the outside world much more hostile than her father did when he left the coconut grove he called home. A profound and moving novel about technology, consciousness and revolution, *The Immortal King Rao* asks how we build the worlds in which we live, and whether we ever have the power to leave them?

The Immortal King Rao

The author of *The Bicycle Eater* shares “a fluid and troubling fable” of brotherhood, tragedy, and the limits of art, written in “a subtle and fine poetry” (La Presse, CA). Twin brothers Amed and Aziz live in the peaceful shade of their family’s orange grove. But when a bomb kills the boys’ grandparents, the war that plagues their country changes their lives forever. Blood must repay blood. And in order to avenge their grandparents’ deaths, one brother must offer the ultimate sacrifice. Years later, the surviving twin—now a student actor in wintry Montreal—is given a role which forces him to confront the past. Author Larry Tremblay, an actor and director himself, poses the difficult question: can art ever adequately address suffering? Both current and timeless, *The Orange Grove* depicts the haunting inheritance of war and its aftermath.

The Orange Grove

In the final days of World War II, Koreans were determined to take back control of their country from the Japanese and end the suffering caused by the Japanese occupation. As an eleven-year-old girl living with her Japanese family in northern Korea, Yoko is suddenly fleeing for her life with her mother and older sister, Ko, trying to escape to Japan, a country Yoko hardly knows. Their journey is terrifying—and remarkable. It's a true story of courage and survival that highlights the plight of individual people in wartime. In the midst of suffering, acts of kindness, as exemplified by a family of Koreans who risk their own lives to help Yoko's brother, are inspiring reminders of the strength and resilience of the human spirit.
