The World to Come

I believe that when people die, they go to the same place as all the people who haven't yet been born. That's why it's called the world to come, because that's where they make the new souls for the future. And the reward when good people die is that they get to help make the people in their families who haven't been born yet. Extraordinary stories begin with an extraordinary moment – like when lonely divorcee Benjamin Ziskind steals a million-dollar painting during a singles' cocktail event at a New York

museum. Convinced that the painting used to hang on the wall of his family living room before his parents died, he seizes his chance in that split second to hold on to the family past in an uncertain present. So begins an awe-inspiring journey for Ben and his twin sister Sara, one that not only gives them reason to see both the painting and their parents in new and startling ways, but which also takes them to the very boundaries of life itself – in this world, and the world to come...

The World to Come: A Novel

"Nothing short of amazing." —Entertainment Weekly A million-dollar Chagall is stolen from a museum during a singles' cocktail hour. The unlikely thief, former child prodigy Benjamin Ziskind, is convinced that the painting once hung in his parents' living room. This work of art opens a door through which we discover his family's startling history—from an orphanage in Soviet Russia where Chagall taught to suburban New Jersey and the jungles of Vietnam.

A Guide for the Perplexed: A Novel

While consulting at an Egyptian library, software prodigy Josie Ashkenazi is kidnapped and her talent for preserving memories becomes her only means of escape as the power of her ingenious work is revealed, while at home, her jealous sister Judith takes over her life at home.

In the Image: A Novel

A young woman's coming of age, a romantic love story, and a spiritual journey—each infused with the lessons of history. In the Image is an extraordinary first novel illuminated by spiritual exploration, one that remembers "a language, a literature, a held hand, an entire world lived and breathed in the image of God." Bill Landsmann, an elderly Jewish refugee in a New Jersey suburb with a passion for travel, is obsessed with building his slide collection of images from the Bible that he finds scattered throughout the world. The novel begins when he crosses paths with his granddaughter's friend, Leora, and continues by moving forward through her life and backward through his, revealing the unexpected links between his family's past and her family's future. Not just a first novel but a cultural event—a wedding of secular and religious forms of literature—In the Image neither lives in the past nor seeks to escape it, but rather assimilates it, in the best sense of the word, honoring what is lost and finding, among the lost things, the treasures that can renew the present. Reading group guide included.

People Love Dead Jews: Reports from a Haunted Present

Winner of the 2021 National Jewish Book Award for Contemporary Jewish Life and Practice Finalist for the 2021 Kirkus Prize in Nonfiction A New York Times Notable Book of the Year A Wall Street Journal, Chicago Public Library, Publishers Weekly, and Kirkus Reviews Best Book of the Year A startling and profound exploration of how Jewish history is exploited to comfort the living. Renowned and beloved as a prizewinning novelist, Dara Horn has also been publishing penetrating essays since she was a teenager. Often asked by major publications to write on subjects related to Jewish culture—and increasingly in response to a recent wave of deadly antisemitic attacks—Horn was troubled to realize what all of these assignments had in common: she was being asked to write about dead Jews, never about living ones. In these essays, Horn reflects on subjects as far-flung as the international veneration of Anne Frank, the mythology that Jewish family names were changed at Ellis Island, the blockbuster traveling exhibition Auschwitz, the marketing of the Jewish history of Harbin, China, and the little-known life of the "righteous Gentile" Varian Fry. Throughout, she challenges us to confront the reasons why t

here might be so much fascination with Jewish deaths, and so little respect for Jewish lives unfolding in the present. Horn draws upon her travels, her research, and also her own family life—trying to explain Shakespeare's Shylock to a curious ten-year-old, her anger when swastikas are drawn on desks in her children's school, the profound perspective offered by traditional religious practice and study—to assert the vitality, complexity, and depth of Jewish life against an antisemitism that, far from being disarmed by the mantra of "Never forget," is on the rise. As Horn explores the (not so) shocking attacks on the American Jewish community in recent years, she reveals the subtler dehumanization built into the public piety that surrounds the Jewish past—making the radical argument that the benign reverence we give to past horrors is itself a profound affront to human dignity.

All Other Nights: A Novel

"Slam-bang... superb... masterful... gripping... marvelous."—Washington Post How is tonight different from all other nights? For Jacob Rappaport, a Jewish soldier in the Union Army, it is a question his commanders have answered for him: on Passover, 1862, he is ordered to murder his own uncle, who is plotting to assassinate Abraham Lincoln. After this harrowing mission, Jacob is recruited to pursue another enemy agent—this time not to murder the spy, but to marry her. Based on real historical figures, this eagerly awaited novel from award-winning author Dara Horn delivers multilayered, page-turning storytelling at its best.

A Guide for the Perplexed

This book, by the author of 'Small is Beautiful' is about the different ways in which people may see and the blindness of only seeing in one particular way. The arguments Schumacher presents are invigorating, provoking and often dramatic.

Willa & Hesper

For fans of *What Belongs to You* by Garth Greenwell and *The Futures* by Anna Pitoniak, a soul-piercing debut that explores the intertwining of past and present, queerness, and coming of age in uncertain times. Willa's darkness enters Hesper's light late one night in Brooklyn. Theirs is a whirlwind romance until Willa starts to know Hesper too well, to crawl into her hidden spaces, and Hesper shuts her out. She runs, following her fractured family back to her grandfather's hometown of Tbilisi, Georgia, looking for the origin story that he is no longer able to tell. But once in Tbilisi, cracks appear in her grandfather's history—and a massive flood is heading toward Georgia, threatening any hope for repair. Meanwhile, heartbroken Willa is so desperate to leave New York that she joins a group trip for Jewish twentysomethings to visit Holocaust sites in Germany and Poland, hoping to override her emotional state. When it proves to be more fraught than home, she must come to terms with her past—the ancestral past, her romantic past, and the past that can lead her forward. Told from alternating perspectives, and ending in the shadow of Trump's presidency, *WILLA & HESPER* is a deeply moving, cerebral, and timely debut.

The Sleeping Father

The Sleeping Father begins with a divorced dad who inadvertently combines two incompatible anti-depressant medications, goes into a coma, has a stroke, and emerges with brain damage. His teenage son—the protagonist of the book, Chris—and his teenage daughter—Cathy—inherit money from their grandfather and decide to rehabilitate him on their own. Absent an adequate father, the children decide to make one, bringing with it a host of difficulties and opportunities. Chris tries everything from sex to capitalism in his search for guidance on the path to adulthood and Cathy, believing her secular Jewishness inadequate in the provision of a benign & divine Father, looks to Catholicism for solace and meaning. *The Sleeping Father* explores the shift in the way Americans think about mental health: away from regarding ourselves as being shaped by our upbringings and toward regarding ourselves as being shaped by the chemicals in our bloodstreams. The American family, in this novel, emerges as a microcosm of larger social institutions; Moms and Dads as in-home teachers, priests, presidents, and CEOs. In focusing on the Schwartz family in crisis, Sharpe addresses the larger crisis in faith and authority in contemporary American life.

String Theory: The Parents Ashkenazi

Sibling rivalry runs in the family—a prequel to *A Guide for the Perplexed*. In 1980, Jacqueline Luria, the first female physics doctoral candidate in her university's history, has emerged from her ultra-Orthodox upbringing into a secular world where she tries to untangle the origins of the universe. Then she meets Roger Ashkenazi, a mathematician studying fractals and starting to question his own atheist ideas. Their insights into the world's repeating patterns cannot prepare them for the coming disaster of their marriage—or its impact on their daughters, one an average child and the other a genuine genius. The rivalry between Judith Ashkenazi and her wildly successful sister Josie, who invents a software program to catalog every kind of memory, will fuel the page-turning plot of Dara Horn's critically acclaimed novel *A Guide for the Perplexed*. "String Theory" takes its readers to the farthest edges of knowledge and the limits of freedom, on a journey from doubt to faith and back again. In its double helix of free will and fate, it anticipates the terrifying consequences, borne out in *A Guide for the Perplexed*, of asking children to fulfill their parents' dreams.

The Tsimbalist

At once a thrilling whodunnit, a maddening romance, and an invigorating plunge into history, *The Tsimbalist* is a tale of Jews and Russians, depicting their complicated friendships, their dangerous enmities, and their illicit loves, all seen through the eyes of Avrom, a barber, musician, all-around mensch, and born detective. The year is 1871. The inhabitants of Balativke live in delicate balance—until a young Russian aristocrat is found murdered near the home of Koppel, a poor Jew. With the police unable to unravel the mystery of the aristocrat's murder, and blame falling upon Koppel amid a rising tide of anti-Jewish feeling, a desperate Avrom attempts to prevent disaster for his community by searching out the truth himself. Learning as much about the people he lives among as he does about the slain Arkady Olegovich, Avrom finds that few are who they seem. But could one of his neighbors really be a murderer?

Arguing the Modern Jewish Canon

Wisse is a leading scholar of Yiddish and Jewish literary studies and a fearless public intellectual on issues relating to Jewish society and culture. In this celebratory volume, her colleagues pay tribute with a collection of critical essays whose subjects break new ground in Yiddish, Hebrew, Israeli, American, European, and Holocaust literature.

Dear Zealots

'Concise, evocative... *Dear Zealots* is not just a brilliant book of thoughts and ideas - it is a depiction of the struggle of one man who, for decades, has insisted on keeping a sharp, strident and lucid perspective in the face of chaos and at times of madness' David Grossman, winner of the Man Booker International Prize This essential collection of three new essays was written out of a sense of urgency, concern, and a belief that a better future is still possible. It touches on the universal nature of fanaticism and its possible cures; the Jewish roots of humanism and the need for a secular pride in Israel; and the geopolitical standing of Israel in the wider Middle East and internationally. Amos Oz boldly puts forward his case for a two-state solution in what he calls 'a question of life and death for the State of Israel'. Wise, provocative, moving and inspiring, these essays illuminate the argument over Israeli, Jewish and human existence, shedding a clear and surprising light on vital political and historical issues, and daring to offer new ways out of a reality that appears to be closed down.

The Fortunate Ones

A BOOKLIST BEST DEBUT NOVEL OF THE YEAR One very special work of art—a Chaim Soutine painting—will connect the lives and fates of two different women, generations apart, in this enthralling and transporting debut novel that moves from World War II Vienna to contemporary Los Angeles. It is 1939 in Vienna, and as the specter of war darkens Europe, Rose Zimmer's parents are desperate. Unable to get out of Austria, they manage to secure passage for their young daughter on a kindertransport, and send her to live with strangers in England. Six years later, the war finally over, a grief-stricken Rose attempts to build a life for herself. Alone in London, devastated, she cannot help but try to search out one piece of her childhood: the Chaim Soutine painting her mother had cherished. Many years later, the painting finds its way to America. In modern-day Los Angeles, Lizzie Goldstein has returned home for her father's funeral. Newly single and unsure of her path, she also carries a burden of guilt that cannot be displaced. Years ago, as a teenager, Lizzie threw a party at her father's house with unexpected but far-reaching consequences. The Soutine painting that she loved and had provided

lasting comfort to her after her own mother had died was stolen, and has never been recovered. This painting will bring Lizzie and Rose together and ignite an unexpected friendship, eventually revealing long-held secrets that hold painful truths. Spanning decades and unfolding in crystalline, atmospheric prose, *The Fortunate Ones* is a haunting story of longing, devastation, and forgiveness, and a deep examination of the bonds and desires that map our private histories.

The Book of Stone

The Book of Stone examines the evolution of the terrorist mentality and the complexities of religious extremism, as well as how easily a vulnerable mind can be exploited for dark purposes. Matthew Stone has inherited a troubling legacy: a gangster grandfather and a distant father—who is also a disgraced judge. After his father's death, Matthew is a young man alone. He turns to his father's beloved books for comfort, perceiving within them guidance that leads him to connect with a group of religious extremists. As Matthew immerses himself in this unfamiliar world, the FBI seeks his assistance to foil the group's violent plot. Caught between these powerful forces, haunted by losses past and present, and desperate for redemption, Matthew charts a course of increasing peril—for himself and for everyone around him. Lyrical and incendiary, *The Book of Stone* is a masterfully crafted novel that reveals the ambiguities of "good" and "evil".

No Joke

In this book, Ruth Wisse evokes and applauds the genius of spontaneous Jewish joking--as well as the brilliance of comic masterworks by writers like Heinrich Heine, Sholem Aleichem, Isaac Babel, S. Y. Agnon, Isaac Bashevis Singer, and Philip Roth. A.

I Am My Beloveds

Surveys the current state of Jewish American and Holocaust literatures as well as approaches to teaching them. What does it mean to read, and to teach, Jewish American and Holocaust literatures in the early decades of the twenty-first century? New directions and new forms of expression have emerged, both in the invention of narratives and in the methodologies and discursive approaches taken toward these texts. The premise of this book is that despite moving farther away in time, the Holocaust continues to shape and inform contemporary Jewish American writing. Divided into analytical and pedagogical sections, the chapters present a range of possibilities for thinking about these literatures. Contributors address such genres as biography, the graphic novel, alternate history, midrash, poetry, and third-generation and hidden-child Holocaust narratives. Both canonical and contemporary authors are covered, including Michael Chabon, Nathan Englander, Anne Frank, Dara Horn, Joe Kupert, Philip Roth, and William Styron. Victoria Aarons is O.R. & Eva Mitchell Distinguished Professor of English at Trinity University. She is the author of several books, including *Third-Generation Holocaust Narratives: Memory in Memoir and Fiction* and *The Cambridge Companion to Saul Bellow*. The Book of Esther

From the streets of modern Israel to the barrooms of Brooklyn to a suburban New England synagogue, the characters in these 10 stories search for love and acceptance in a world scarred by loss and loneliness. In "The Madonna of Temple Beth Elohim," an Iraq war veteran sees a vision of the Virgin Mary on the eve of the Jewish high holidays. In "My Darling Sweetheart Baby," a working-class drunk waits on his stoop for his disability check and the courage to proclaim his love to a local prostitute. And in the title story "There Is No Other," a rage-filled Jewish boy, tormented by his African lineage, arrives at a school Purim party dressed as the prophet Mohammed. Magical, erotic, spiritually penetrating and terrifyingly realistic, these provocative tales continue the storytelling tradition of Bernard Malamud, Philip Roth, and Nathan Englander.

New Directions in Jewish American and Holocaust Literatures

A young woman's coming of age, a romantic love story, and a spiritual journey—each infused with the lessons of history. In the Image is an extraordinary first novel illuminated by spiritual exploration, one that remembers "a language, a literature, a held hand, an entire world lived and breathed in the image of God." Bill Landsmann, an elderly Jewish refugee in a New Jersey suburb with a passion for travel, is obsessed with building his slide collection of images from the Bible that he finds scattered throughout the world. The novel begins when he crosses paths with his granddaughter's friend, Leora,

and continues by moving forward through her life and backward through his, revealing the unexpected links between his family's past and her family's future. Not just a first novel but a cultural event—a wedding of secular and religious forms of literature—In the Image neither lives in the past nor seeks to escape it, but rather assimilates it, in the best sense of the word, honoring what is lost and finding, among the lost things, the treasures that can renew the present. Reading group guide included.

There is No Other

Olga Grushin's astonishing literary debut has won her comparisons with everyone from Gogol to Nabokov. A virtuoso study in betrayal and its consequences, it explores—really, colonizes—the consciousness of Anatoly Sukhanov, who many years before abandoned the precarious existence of an underground artist for the perks of a Soviet apparatchik. But, at the age of 56, his perfect life is suddenly disintegrating. Buried dreams return to haunt him. New political alignments threaten to undo him. Vaulting effortlessly from the real to the surreal and from privilege to paranoia, *The Dream Life of Sukhanov* is a darkly funny, demonically entertaining novel.

In the Image

Part of the Jewish Encounters series The first comprehensive biography of one of the most beloved authors of all time: the creator of Tevye the Dairyman, the collection of stories that inspired Fiddler on the Roof. Novelist, playwright, journalist, essayist, and editor, Sholem Aleichem was one of the founding giants of modern Yiddish literature. The creator of a pantheon of characters who have been immortalized in books and plays, he provided readers throughout the world with a fascinating window into the world of Eastern European Jews as they began to confront the forces of cultural, political, and religious modernity that tore through the Russian Empire in the final decades of the nineteenth century. But just as compelling as the fictional lives of Tevye, Golde, Menakhem-Mendl, and Motl was Sholem Aleichem's own life story. Born Sholem Rabinovich in Ukraine in 1859, he endured an impoverished childhood, married into fabulous wealth, and then lost it all through bad luck and worse business sense. Turning to his pen to support himself, he switched from writing in Russian and Hebrew to Yiddish, in order to create a living body of literature for the Jewish masses. He enjoyed spectacular success as both a writer and a performer of his work throughout Europe and the United States, and his death in 1916 was front-page news around the world; a New York Times editorial mourned the loss of "the Jewish Mark Twain." But his greatest fame lay ahead of him, as the English-speaking world began to discover his work in translation and to introduce his characters to an audience that would extend beyond his wildest dreams. In Jeremy Dauber's magnificent biography, we encounter a Sholem Aleichem for the ages. (With 16 pages of black-and-white illustrations)

The Worlds of Sholem Aleichem

A gripping memoir written by a 96-year-old Jewish Holocaust survivor about his escape from Nazi-occupied Poland in the 1930's and his adventures with the French Resistance during World War II

The Great Hunt

A fantastic writer - compassionate, funny and fearless' George Saunders 'One of the US's finest writers' according to Joshua Ferris, Jim Shepard now delivers a new collection that spans borders and centuries with unrivalled mastery. These ten stories ring with voices as diverse as those belonging to Arctic explorers in history's most nightmarish expedition, the Montgolfier brothers competing to be the first man to fly, and two American frontierswomen whose passionate connection is severed by jealous husbands and a deadly snowstorm. In each case the personal is the political as these humans, while falling in love or negotiating marital pitfalls or simply coming to terms with their own failings, face the tidal wave of nature's indifference and cruelty. History has swept them from our sympathy; Jim Shepard has reached into the past and sought them out. In his first collection to be published in the UK, this celebrated master of the short story displays his formidable acuity in imagining these wildly different worlds, and what our various lives feel like in the grip of catastrophe.

The Art of Resistance: My Four Years in the French Underground

A literary critic's journey through the Talmud. Spurred by a curiosity about Daf Yomi--a study program launched in the 1920s in which Jews around the world read one page of the Talmud every day for 2,711 days, or about seven and a half years--Adam Kirsch approached Tablet magazine to write a weekly column about his own Daf Yomi experience. An avowedly secular Jew, Kirsch did not have a religious source for his interest in the Talmud; rather, as a student of Jewish literature and history, he came to realize that he couldn't fully explore these subjects without some knowledge of the Talmud. This book is perfect for readers who are in a similar position. Most people have little sense of what the Talmud actually is--how the text moves, its preoccupations and insights, and its moments of strangeness and profundity. As a critic and journalist Kirsch has experience in exploring difficult texts, discussing what he finds there, and why it matters. His exploration into the Talmud is best described as a kind of travel writing--a report on what he saw during his seven-and-a-half-year journey through the Talmud. For readers who want to travel that same path, there is no better guide.

Come and Hear: What I Saw in My Seven-And-A-Half-Year Journey Through the Talmud

In 1934, with World War II on the horizon, writer Jacob Glatstein (1896–1971) traveled from his home in America to his native Poland to visit his dying mother. One of the foremost Yiddish poets of the day, he used his journey as the basis for two highly autobiographical novellas (translated as *The Glatstein Chronicles*) in which he intertwines childhood memories with observations of growing anti-Semitism in Europe. Glatstein's accounts "stretch like a tightrope across a chasm," writes preeminent Yiddish scholar Ruth Wisse in the Introduction. In Book One, *Homeward Bound*, the narrator, Yash, recounts his voyage to his birthplace in Poland and the array of international travelers he meets along the way. Book Two, *Homecoming at Twilight*, resumes after his mother's funeral and ends with Yash's impending return to the United States, a Jew with an American passport who recognizes the ominous history he is traversing. *The Glatstein Chronicles* is at once insightful reportage of the year after Hitler came to power, a reflection by a leading intellectual on contemporary culture and events, and the closest thing we have to a memoir by the boy from Lublin, Poland, who became one of the finest poets of the twentieth century.

The Glatstein Chronicles

It was just one remote hilltop in an unnamed war in the late 1990s, but it would send out ripples that are still felt today, foreshadowing the chaos of 21st-century conflicts in the Middle East. The hill, in Lebanon, was called the Pumpkin; 'flowers' was the military code word for casualties. Part memoir, part reportage and part haunting elegy for lost youth, award-winning writer Matti Friedman's powerful account follows the band of young soldiers - the author among them - conscripted out of high school into holding this remote outpost, and explores how the task would change them forever. *Pumpkinflowers* is a lyrical yet devastating insight into the day-to-day realities of war, and a powerful coming-of-age narrative. Raw and beautifully rendered, this essential chronicle casts an unflinching look at the nature of modern warfare, in which there is never a clear victor and innocence is not all that is lost.

The Land is Full

Many famous antique texts are misunderstood and many others have been completely dismissed, all because the literary style in which they were written is unfamiliar today. So argues Mary Douglas in this controversial study of ring composition, a technique which places the meaning of a text in the middle, framed by a beginning and ending in parallel. To read a ring composition in the modern linear fashion is to misinterpret it, Douglas contends, and today's scholars must reevaluate important antique texts from around the world. Found in the Bible and in writings from as far a field as Egypt, China, Indonesia, Greece, and Russia, ring composition is too widespread to have come from a single source. Does it perhaps derive from the way the brain works? What is its function in social contexts? The author examines ring composition, its principles and functions, in a cross-cultural way. She focuses on ring composition in Homer's *Iliad*, the Bible's book of Numbers, and, for a challenging modern example, Laurence Sterne's *Tristram Shandy*, developing a persuasive argument for reconstruing famous books and rereading neglected ones.

Pumpkinflowers

The incomparable Dara Horn returns with a spellbinding novel of how technology changes memory and how memory shapes the soul. Software prodigy Josie Ashkenazi has invented an application that records everything its users do. When an Egyptian library invites her to visit as a consultant, her jealous sister Judith persuades her to go. But in Egypt's postrevolutionary chaos, Josie is abducted—leaving Judith free to take over Josie's life at home, including her husband and daughter, while Josie's talent for preserving memories becomes a surprising test of her empathy and her only means of escape. A century earlier, another traveler arrives in Egypt: Solomon Schechter, a Cambridge professor hunting for a medieval archive hidden in a Cairo synagogue. Both he and Josie are haunted by the work of the medieval philosopher Moses Maimonides, a doctor and rationalist who sought to reconcile faith and science, destiny and free will. But what Schechter finds, as he tracks down the remnants of a thousand-year-old community's once-vibrant life, will reveal the power and perils of what Josie's ingenious work brings into being: a world where nothing is ever forgotten. An engrossing adventure that intertwines stories from Genesis, medieval philosophy, and the digital frontier, *A Guide for the Perplexed* is a novel of profound inner meaning and astonishing imagination.

Resurrection and the Restoration of Israel

For Jews, kvetching is a way of understanding the world. It is rooted, like so much of Jewish culture, in the Bible where the Israelites grumble endlessly. They complain about their problems, and complain as much about the solutions. They kvetch in Egypt and they kvetch in the desert; no matter what God does, it's wrong. In Yiddish Jews found the perfect language for their complaints. In kvetching they made complaining into an art form. Yiddish was the main spoken language for Jews for over a thousand years and its phrases, idioms and expressions paint a comprehensive picture of the psychology that helped the Jews of Europe to survive unrelenting persecution. In *Born to Kvetch* Michael Wex looks into the origins of this surplus of disenchantment, and examines how it helped to create the abundance of striking idioms and curses in Yiddish. Michael Wex takes a serious but funny look at the language that has shaped and was shaped by those who spoke it. Featuring chapters on the Yiddish relationship to food, nature, God, death and even sex, he allows his scholarship and wit to roam freely from Sholem

Alechem to Chaucer and Elvis Presley. A treasure trove of linguistics, sociology, history and folklore -- an inspiring portrait of a people, and a language, in exile.

A Guide for the Perplexed: A Novel

First published serially in the Yiddish daily newspaper *di Varhayt* in 1916–18, *Diary of a Lonely Girl*, or *The Battle against Free Love* is a novel of intimate feelings and scandalous behaviors, shot through with a dark humor. From the perch of a diarist writing in first person about her own love life, Miriam Karpilove's novel offers a snarky, melodramatic criticism of radical leftist immigrant youth culture in early twentieth-century New York City. Squeezed between men who use their freethinking ideals to pressure her to be sexually available and nosy landladies who require her to maintain her respectability, the narrator expresses frustration at her vulnerable circumstances with wry irreverence. The novel boldly explores issues of consent, body autonomy, women's empowerment and disempowerment around sexuality, courtship, and politics. Karpilove immigrated to the United States from a small town near Minsk in 1905 and went on to become one of the most prolific and widely published women writers of prose in Yiddish. Kirzane's skillful translation gives English readers long-overdue access to Karpilove's original and provocative voice.

Through originality, wit, flippancy and brilliance, each artist represented here has elevated the vinyl art toy movement and captured the attention of two audiences: the mainstream art community and the toy community. This full-color illustrated catalog documents a first-of-its-kind exhibition presented jointly by the Pasadena Museum of California Art and the Los Angeles Toy, Doll and Amusements Museum. Specific works by Gary Baseman, Tim Biskup, David Gonzales, David Horvath, Sun-Min Kim, Brian McCarty and Mark Nagata are illustrated and described within both current and historical contexts. The vinyl art toy movement is fueled by a generation of enthusiastic young collectors for whom this book is essential.

See/Saw offers a provocative new look at the origins of Japanese pop art. Often defined by its references to manga or anime, contemporary Japanese art in fact has much broader roots. By drawing parallels between the art of Japan past and present, this compelling volume reveals how current artists rework the traditional forms and techniques of Japanese art history. Modern takes on time-honored conventions are illustrated by the work of a star-studded roster of contemporary artists including Tabaimo, Makoto Aida, Takashi Murakami, Yoshitomo Nara, and Yayoi Kusama. Aficionados of both contemporary and traditional Japan are sure to appreciate this fresh perspective on art and the power of visual culture.

The indie world is producing extraordinary toy characters but little is known about the designers creating them or the processes used to make them. *We Are Indie Toys!* profiles the most interesting toymakers and reveals how they turn their unique ideas into one-of-a-kind collectibles.

Informed by the analytical practices of the interdisciplinary 'material turn' and social historical studies of childhood, *Childhood By Design: Toys and the Material Culture of Childhood* offers new approaches to the material world of childhood and design culture for children. This volume situates toys and design culture for children within broader narratives on history, art, design and the decorative arts, where toy design has traditionally been viewed as an aberration from more serious pursuits. The essays included treat toys not merely as unproblematic reflections of socio-cultural constructions of childhood

but consider how design culture actively shaped, commodified and materialized shifting discursive constellations surrounding childhood and children. Focusing on the new array of material objects designed in response to the modern 'invention' of childhood-what we might refer to as objects for a childhood by design-Childhood by Design explores dynamic tensions between theory and practice, discursive constructions and lived experience as embodied in the material culture of childhood. Contributions from and between a variety of disciplinary perspectives (including history, art history, material cultural studies, decorative arts, design history, and childhood studies) are represented – critically linking historical discourses of childhood with close study of material objects and design culture. Chronologically, the volume spans the 18th century, which witnessed the invention of the toy as an educational plaything and a proliferation of new material artifacts designed expressly for children's use; through the 19th-century expansion of factory-based methods of toy production facilitating accuracy in miniaturization and a new vocabulary of design objects coinciding with the recognition of childhood innocence and physical separation within the household; towards the intersection of early 20th-century child-centered pedagogy and modernist approaches to nursery and furniture design; through the changing consumption and sales practices of the postwar period marketing directly to children through television, film and other digital media; and into the present, where the line between the material culture of childhood and adulthood is increasingly blurred.

Childhood by Design

Cult Collectors examines cultures of consumption and the fans who collect cult film and TV merchandise. Author Lincoln Geraghty argues that there has been a change in the fan convention space, where collectible merchandise and toys, rather than just the fictional text, have become objects for trade, nostalgia, and a focal point for fans' personal narratives. New technologies also add to this changing identity of cult fandom whereby popular websites such as eBay and ThinkGeek become cyber sites of memory and profit for cult fan communities. The book opens with an analysis of the problematic representations of fans and fandom in film and television. Stereotypes of the fan and collector as portrayed in series such as The Big Bang Theory and films like The 40 Year Old Virgin are discussed alongside changes in consumption practices and the mainstreaming of cult media. Following this, theoretical chapters consider issues of gender, representation, nostalgia and the influence of social media. Finally, extended case study chapters examine in detail the connections between the fan community and the commodities bought and sold. Topics discussed include: The San Diego Comic-Con and the cult geographies of the fan convention Hollywood memorabilia and collecting cinema history The Star Wars franchise, merchandising and the adult collector Online stores and the commercialisation of cult fandom Mattel, Hasbro and nostalgia for animated eighties children's television

"In Cracked Media, Caleb Kelly explores how the deliberate utilization of the normally undesirable (a crack, a break) has become the site of productive creation. Cracked media, Kelly writes, slides across

disciplines, through music, sound, and noise. Cracked media encompasses everything from Cage's silences and indeterminacies, to Paik's often humorous tape works, to the cold and clean sounds of digital glitch in the work of Tone and Oval. Kelly offers a detailed historical account of these practices, arguing that they can be read as precursors to contemporary new media."

Drawing Futures brings together international designers and artists for speculations in contemporary drawing for art and architecture. Despite numerous developments in technological manufacture and computational design that provide new grounds for designers, the act of drawing still plays a central role as a vehicle for speculation. There is a rich and long history of drawing tied to innovations in technology as well as to revolutions in our philosophical understanding of the world. In reflection of a society now underpinned by computational networks and interfaces allowing hitherto unprecedented views of the world, the changing status of the drawing and its representation as a political act demands a platform for reflection and innovation. Drawing Futures will present a compendium of projects, writings and interviews that critically reassess the act of drawing and where its future may lie. Drawing Futures focuses on the discussion of how the field of drawing may expand synchronously alongside technological and computational developments. The book coincides with an international conference of

the same name, taking place at The Bartlett School of Architecture, UCL, in November 2016. Bringing together practitioners from many creative fields, the book discusses how drawing is changing in relation to new technologies for the production and dissemination of ideas.

Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term "POPaganda" to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and "agit-pop." Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

'Fizzes with intellectual curiosity. Kane writes engagingly and with a humility difficult to find among idea-entrepreneurs' James Harkin, *Independent* We all think we know what play is. Play is what we do as children, what we do outside of work, what we do for no other reason than for pleasure. But this is only half of the truth. The *Play Ethic* explores the real meaning of play and shows how a more

playful society would revolutionize and liberate our daily lives. Using wide and varied sources – from the Enlightenment to Eminem, Socrates to Chaos theory, Kierkegaard to Karaoke – The Play Ethic shows how play is fundamental to both society and to the individual, and how the work ethic that has dominated the last three centuries is ill-equipped to deal with the modern world. With verve, wit and intelligence, Pat Kane takes us on a tour of the playful world arguing that without it business, the arts, politics, education, even our family and spiritual lives are fundamentally impoverished. The Play Ethic seeks to change the way you look at your daily life, how you interact with others, how you view the world. It is a guidebook to new, exciting – and unsettling – times. Shocking, controversial, yet magnificently argued, The Play Ethic is a book no one who works, or has ever worked, can afford to be without. 'Kane's Manifesto for a Different Way of Living is a brave attempt to inject a little playfulness . . . into the dull grind of the working stiff' Iain Finlayson, The Times

This is a history of the Japanese art world from 1990 up to the tsunami of March 2011, and its struggle to find a voice amidst Japan's economic decline and China's economic ascent. It looks at how the pop-culture fantasies of Takashi Murakami, Yoshitomo Nara and the other artists of the Superflat movement came to dominate the art of Japan today. It also delves into what lies behind their imagery of a childish and decadent society unable to face reality.

* An engaging and accessible guide to the galleries, art museums and artists of London, past and present* Authored by Hettie Judah, contributor on art for The Guardian, The New York Times and Vogue* Exclusive photography includes portraits of Tracey Emin, Anish Kapoor, Grayson Perry, Chantal Joffe, Rasheed Araeen, Jeremy Deller, Yinka Shonibare and many more, in their own studios* Part of a new series exploring London culture, joined by Vinyl London, Rock 'n' Roll London, Writers' London and London PeculiarsProdigies, revolutionaries, defiers of the patriarchy; drunks, rebels and impassioned immigrants; queer pioneers, paint-spattered punks and proto-feminists: there have always been artists in London. Some were celebrated in their lifetime, others were out-of-step with the spirit of their age: too radical, too subversive, too modest, too female, too foreign. Art London is more than a guidebook. It will accompany you on a journey through this great city, telling stories, uncovering histories, sharing insights into those who have made, collected and influenced art past and present. Moving neighbourhood by neighbourhood, Art London travels the streets with you, revealing art in museums, galleries and beyond, from palace to pub to studio. Anish Kapoor, Grayson Perry, Mona Hatoum, John Akomfra, Rasheed Araeen, Sunil Gupta, Tracey Emin and Yinka Shonibare were among the artists who agreed to have their portraits taken for this book, while at work in their studios. Alex Schneiderman's exclusive

photographs reveal the human element behind contemporary art, while pictures of streetside galleries place London's art scene within an ever-expanding cosmopolitan world. Fascinating, entertaining, full of anecdote and insights, Art London reflects the city itself: energetic, diverse, resilient, occasionally outrageous, and never short of fresh ideas.

Toys, fulfilling as they do one of mankind's most basic needs, have existed for as long as we have. From the earliest times both adults and children have used toys to simulate reality or simply to pass time. Renowned designers, artists and architects have always tried their hand at creating toys: from Frank Lloyd Wright's work with Frybel's building blocks to Josef Hartwig's Bauhaus chess set that is still produced today. Gerrit Rietveld, Pablo Picasso, Marcel Breuer and Andy Warhol also designed toys. However, most often it was craftsmen and -women - such as the seamstress Margarete Steiff (Steiff teddy bears), the carpenters Christiansen (Lego), or the cabinet-maker Hans Beck (Playmobil) - who designed the most successful and enduring toys. Toys for small children are often distinguished by a high level of abstraction (babies' toys, for example, typically have fluid contours, simplified detail drawings and primary colors), although timeless designer toys such as those produced by Naef cross all age limits and can even be found on executive desks. This volume in the "Design" series presents both contemporary designer toys and classic toys that are still on the market.

And Drawing Attention to the Film the Morning-Time Disappeared Which Provides an Integral Part of the Commission Here One Can Conclude that a Critical Reflection on the Politics of Contemporary China Remains To Be Seen but Rendered in a Perfectly Conceived Metaphor That Combines Metamorphosis-the Transformation of Contemporary China the Morning-Time Disappeared Looks at How the Boundary between Reality and Fiction Becomes Blurred and Abstracted It Provides the Context for Dreams of a Better Future in the Chinese Dream and as China Is Moving towards Promoting a Prosperous Age but Its Transformation Occurs inside a Bubble a Magical Realist Space and a Condition That Marks the Idea of Transformation in China

It Is a Metaphor for Contemporary China That Ultimately Situates Us in a Reflection on What Is Real and What Is Imagined When We Consider this Global Turn in China Marked by Pressures and Hopes for a Better Future Ultimately the Film Becomes Almost Spiritual in the Scene Leading up to Transcendence but Also Bringing Us Back to the Reality of Life in China as the Family of the Main Protagonists Moves in a Taxi To Have a Fancy Meal at a Famous Restaurant in Beijing the Final Scene of the Film by Way of Conclusion We Can Consider How Artists in China Are Considering the Politics of Everyday Life

So some of the Production That I Showed Is Actually Moving beyond Sort of the the Current Discourse of Performance Art into Expanded Spaces of Theater in the Case of the Artist in Terms of Its Reproduction and Its Reconsideration Therefore in Historical Terms but Also in Artistic Terms the Artists from About 2000 Started To Develop a Quite Clear Cinematic Practice Based on Extended Video Productions That He Considered To Be Film As Well and They Were Staged Performances in His Studio so He Had a Professional Studio Built in Which States Performances Would Be Performed for the Camera

Nowadays the Performativity of His Work Is Is Very Interesting To Explore because It Is that Re-iteration of Rehearsal of this Constant Process of Transformation and of Sort of a Work Constantly Changing As Well through a Process of Rehearsal Being Part of His Actual Artistic Practice Including in Sculptures so if You Look Upstairs at the Sculptural Pieces That We Have in Tower 2 these Were Made by a Process Again without a Meta Master Plan They Were Improvised in a Sense that every Day the Artist Would Move into the Studio and Would Decide To Make It Particularly in the Wood a Particular Real Turing of the Shape

These Were Made by a Process Again without a Meta Master Plan They Were Improvised in a Sense that every Day the Artist Would Move into the Studio and Would Decide To Make It Particularly in the Wood a Particular Real Turing of the Shape and He Calls that Part of a Process of Rehearsal in Which a Performative Aspect Comes To Play so that Is Recorded Then in Sculpture Form some of His Notions of Time and of Time Based Practice Are Considered in Two-Dimensional Form That Becomes Three-Dimensional Form Which Is in the Case of the Painting

There Was a Real Great Opportunity To Exhibit at the Guggenheim in the Context of Sort of Legacies of Abstraction of Ideas of Contemporary Art Art of the Present So To Find References to His Work That Were More about His Practice and His Ideas than about Him Being Chinese and Hence in Interviews He Often Reflected As Well as Not Important Where I Come from It's Important What I Do and What I've Actually Produced I Must Say I'M I'M Very Interested in in both Realms Where I Think Presenting Contemporary Art from China in an International

Today I Don't Know if You Would Agree with that Statement or Not in Spite of His Interest in Rehearsal

Which Is Coming More and More into His Work as You Expressed in Your Talk There Is Still the Insistence on Form and of Course Westerners Love this Kind of Bifurcation Don't They but It Seems to Me that the Embedding of that Rehearsal within Form Is One of the Most Interesting Aspects of His Work and I Remember Our Talk about Deep Particularization Which He Mentions in the Catalogue and He Poses that to the Universality of Form Which Sounds on One Level Very Conservative but if You Look at It Further You See How Revolutionary
