The Golden Ass of Apuleius; Translated Out of Latin; Anno 1566

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

Excerpt from The Golden Ass of Apuleius: Translated Out of Latin by William Adlington, Anno 1566, With an Introduction by Charles Whibley A barbarian born, a Greek by education, Apuleius only acquired the Latin tongue by painful effort. Now, a foreigner, not prejudiced by an inveterate habit of speech, seldom escapes a curiosity of phrase. Where the language is the same, whether written or spoken, art is wont to lapse into nature. But there was no reason why Apuleius, who could. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The Golden Ass of Apuleius

Written towards the end of the second century AD, The Golden Ass tells the story of the many adventures of a young man whose fascination with witchcraft leads him to be transformed into a donkey. The bewitched Lucius passes from owner to owner - encountering a desperate gang of robbers and being forced to perform lewd 'human' tricks on stage - until the Goddess Isis finally breaks the spell and Lucius is initiated into her cult. Apuleius' enchanting story has inspired generations of writers such as Boccaccio, Shakespeare, Cervantes and Keats with its dazzling combination of allegory, satire, bawdiness and sheer exuberance, and remains the most continuously and accessibly amusing book to have survived from Classical antiquity.

Golden Ass of Apuleius

The Metamorphoses of Lucius Apuleius is the only complete Latin novel to have survived to this day. Lucius of Maudorus is insatiably curious about magic, but when he tries to magic himself into a bird, he transforms instead into a donkey. The story follows his literal and metaphorical journey, and was called by St Augustine The Golden Ass.

The golden ass of Apuleius translated out of Latin...

More than one hundred books have been written about T.E. Lawrence which explore the man and his deeds. Just about every aspect and the many incarnations of his life, his campaigns, the geo-politics of the Arab world, and the influence of the West in it, as Lawrence experienced them, have been examined. However, nobody has gone in search of the mind of the man himself – of his formation and his deep beliefs. Nobody has asked the question, What, really, is the source of the extraordinary power of this little man? – not only in terms of his incontestable qualities of leadership, but also in regard to the sheer range of his activities and accomplishments. Archaeologist, writer, guerilla warfare theorist and practitioner, diplomat, soldier and airman, Lawrence also possessed an unusual ability to cross boundaries of class, race, culture, and religion. On top of this, he demonstrated the ability to walk away from power and wealth and the accumulation of things – to change his name more than once; to begin again at the bottom of the heap in the RAF, and stay there, with only a few friends and books and a motorcycle. Lawrence – Warrior and Scholar is a quest. It examines how a slight Oxford academic combined two of the most challenging paths a man can choose. What drove and motivated this man? How was it that he could apparently out-shoot, out-ride, and out-starve the Bedouin? How is it that the US military, and others, are still studying his famous account of the Arab Revolt and his '27 Articles'?

Drawing upon what Lawrence and those who knew him wrote, and did, and said, Bruce Leigh delves into Lawrence's personal philosophy and practices, examining and analyzing his library, and his close relationship to the world of classical scholarship and chivalry, emphasizing that Lawrence's views were not abstractions only, but intimately tied to his actions and deeds. Ultimately, the book argues that there is a message in Lawrence's writings and activities – one that is against the grain of the world of self-definition by consumption. As one of his friends wrote: 'The Man was great, the message is greater.'

The Metamorphosis of Apuleius

The Golden Ass is the only Ancient Roman novel in Latin to survive in its entirety. The protagonist of the novel is called Lucius, like the author. At the end of the novel, he is revealed to be from Madaurus, the hometown of Apuleius himself. The plot revolves around the protagonist's curiosity (*curiositas*) and insatiable desire to see and practice magic. While trying to perform a spell to transform into a bird, he is accidentally transformed into an ass. This leads to a long journey, literal and metaphorical, filled with in-set tales. He finally finds salvation through the intervention of the goddess Isis, whose cult he joins.

The Golden Asse

"The Golden Ass" or "The Metamorphoses" is the only Latin novel by Apuleius to survive in its entirety. Adapted from an earlier Greek story, "The Golden Ass" tells of the adventures of Lucius, a young man who is obsessed with magic. In attempting to perform a spell, Lucius inadvertently transforms himself into an ass. His long and arduous journey is ornately illustrated by Apuleius' witty, imaginative, and often explicit language, in a series of subplots that carry the reader through to Lucius' salvation by the goddess Isis. These include the stories of Cupid and Psyche, Aristomenes, Thelyphron and others. The novel reflects Apuleius' own fascination with magic and the occult, and although comical at times, contains very serious messages about impiety towards the gods, and the risks of tampering with the supernatural. Apuleius (c. 125-c. 180) was a student of Platonist philosophy and Latin prose writer.

Relihan uses alliteration and assonance, rhythm and rhyme, the occasional archaism, the rare neologism, and devices of punctuation and typography, to create a sparkling, luxurious, and readable translation that reproduces something of the linguistic and comic effects of the original Latin. The general Introduction is a masterpiece of clarity, orienting the reader in matters of authorship, narration, genre, religion, structure and style. A generous and browsable index, select bibliography, and maps are included.

The Antiquary

The protagonist of the novel is called Lucius. At the end of the novel, he is revealed to be from Madaurus, the hometown of Apuleius himself. The plot revolves around the protagonist's curiosity (*curiositas*) and insatiable desire to see and practice magic. While trying to perform a spell to transform into a bird, he is accidentally transformed into an ass. This leads to a long journey, literal and metaphorical, filled with inset tales. He finally finds salvation through the intervention of the goddess Isis, whose cult he joins.

Folklore

The story of Lucius, a Roman-named Greek youth of means and prominent family whose curiosity about magic gets him changed into a donkey.

The Golden Ass

Translated from the Latin by the poet and author of I, Claudius, this ancient Roman novel follows the many adventures of a man who transforms into an ass. Driven by his all-consuming curiosity, a young man of good parentage named Lucius Apuleius takes a trip to Thessaly. Along the way, amidst a series of bizarre adventures, he inadvertently offends a priestess of the White Goddess, who promptly turns him into an ass. How Lucius responds to his new misfortune, and ultimately finds a way to become human again, makes for a funny and fascinating tale. The Metamorphosis of Apuleius, referred to by St. Augustine as The Golden Ass, is the oldest novel written in Latin to survive in its entirety. Originally written by Lucius of Patrae, this translation by Robert Graves highlights the ribald humor and vivid sense of adventure present in the original. Providing a rare window into the daily lives of regular people in ancient Greece, Robert Graves's translation of this classic tale is at once hilarious, informative, and captivating.
