Rain Song (Heart of Carolina Book #1)

Nicole Michelin avoids airplanes, motorcycles, and most of all, Japan, where her parents once were missionaries. Something happened in Japan...something that sent Nicole and her father back to America alone...something of which Nicole knows only bits and pieces. But she is content with life in little Mount Olive, North Carolina, with her quirky relatives, tank of lively fish, and plenty of homemade pineapple chutney. Through her online column for the Pretty Fishy Web site, she meets Harrison Michaels, who, much to her dismay, lives in Japan. She attempts to avoid him, but his e-mails tug at her heart. Then Harrison reveals that he knew her as a child in Japan. In fact, he knows more about her childhood than she does...

The Encyclopedia of Great Popular Song Recordings, Volumes 1 and 2 covers the full range of popular music recordings with virtually unprecedented breadth and depth. In this 2-volume encyclopedia, Sullivan explores approximately 1,000 song recordings from 1889 to the present, telling the stories behind the songs, recordings, performers, and songwriters. From the Victorian parlor ballad and ragtime hit at the end of the 19th century to today's rock classics, the Encyclopedia progresses through a parade popular music styles, from jazz to blues to country Western, as well as the important but too often neglected genres of ethnic and world music, gospel, and traditional folk. This book is the ideal research tool for lovers of popular music in all its glorious variety.

This book is a collection of most of my songs, recast as poems. They were written over a fifty-year period, and, over that time, my experiences have grown and my sensibilities have shifted in various ways. But it seems to me that we are all on a very similar journey. And my hope is that there is something in here for you—that the songs on the wind that have come to me, moved me, carried me, will help sing you homeward as well.
