Decisions and Orders of the National Labor Relations Board

The original series of Aqua Group books – Tenders and Contracts for Building, Pre-Contract Practice and Contract Administration – first published from 1960-75, has long been established as laying down good practice for the building team, as well as for students. This brand new volume brings together for the first time material from Pre-Contract Practice and Contract Administration. The text has been substantially updated to take account of changes to industry practice, JCT 98 and subsequent revisions, the Construction Act, and a host of other changes. It also features a new chapter on capital allowances.

Plumbing Contracting Principles

Excerpt from The Right Way to Figure Plumbing Third: An important point is to charge your material and everything that costs money on every Contract Job you do. Without doing this, you can not know how you are going along. You cannot take a Contract and not charge the material and labor to the Contract and make much of a success in the plumbing contracting business.
