The Golden Ass

Written towards the end of the second century AD, The Golden Ass tells the story of the many adventures of a young man whose fascination with witchcraft leads him to be transformed into a donkey. The bewitched Lucius passes from owner to owner - encountering a desperate gang of robbers and being forced to perform lewd 'human' tricks on stage - until the Goddess Isis finally breaks the spell

The Golden Ass

To the Right Honourable and Mighty Lord, THOMAS EARLE OF SUSSEX, Viscount Fitzwalter, Lord of Egremont and of Burnell, Knight of the most noble Order of the Garter, lustice of the forrests and Chases from Trent Southward; Captain of the Gentleman Pensioners of the House of the QUEENE our Sovereigne Lady. After that I had taken upon me (right Honourable) in manner of that unlearned and foolish Poet, Cherillus, who rashly and unadvisedly wrought a big volume in verses, of the valiant prowess of Alexander the Great, to translate this present booke, contayning the Metamorphosis of Lucius Apuleius; being mooved thereunto by the right pleasant pastime and delectable matter therein; I eftsoones consulted with myself, to whom I might best offer so pleasant and worthy a work, devised by the author, it being now barbarously and simply framed in our English tongue. And after long deliberation had, your honourable lordship came to my remembrance, a man much more worthy, than to whom so homely and rude a translation should be presented. But when I again remembered the jesting and sportfull matter of the booke, unfit to be offered to any man of gravity and wisdom, I was wholly determined to make no Epistle Dedicatory at all; till as now of late perswaded thereunto by my friends, I have boldly enterprised to offer the same to your Lordship, who as I trust wil accept the same, than if it did entreat of some serious and lofty matter, light and merry, yet the effect thereof tendeth to a good and vertuous moral, as in the following Epistle to the reader may be declared. The Golden Ass

The Golden Ass by Apuleius holds the distinction of being the only novel from Classical Rome to have survived completely to the modern day. This classic translation by William Adlington preserves the original spirit of the text, which is filled with adventurous whimsy. The protagonist, Lucius, has an obsession with magic and wishes above all else to perform and demonstrate his abilities. However one day, during an attempt to turn himself into a bird, Lucius instead turns himself into an ass, or donkey. After this transformation Lucius must journey from place to place, seeking to reverse his fate. What follows are a series of adventures wherein fellow characters, and the ensuing escapades and misfortunes, must be endured by Lucius in spite of his animal form. Facing accusations of murder, almost being cooked for his meat, finding himself under the ownership of a Roman Legionary and meeting the Goddess Isis are just a few of the events that transpire around Lucius.

The golden ass

Translated from the Latin by the poet and author of I, Claudius, this ancient Roman novel follows the many adventures of a man who transforms into an ass. Driven by his all-consuming curiosity, a young man of good parentage named Lucius Apuleius takes a trip to Thessaly. Along the way, amidst a series of bizarre adventures, he inadvertently offends a priestess of the White Goddess, who promptly turns him into an ass. How Lucius responds to his new misfortune, and ultimately finds a way to become human again, makes for a funny and fascinating tale. The Metamorphosis of Apuleius, referred to by St. Augustine as The Golden Ass, is the oldest novel written in Latin to survive in its entirety. Originally written by Lucius of Patrae, this translation by Robert Graves highlights the ribald humor and vivid sense of adventure present in the original. Providing a rare window into the daily lives of regular people in ancient Greece, Robert Graves's translation of this classic tale is at once hilarious, informative, and captivating.

The Golden Ass

A trio of tales offering an eye-opening alternative view of ancient Greece's literary culture. A fascinating counterpoint to the monumental epics of ancient Greece, Greek Fiction features three novelistic works written between the first and fourth centuries AD. Chariton's "Callirhoe"-perhaps the first novel ever written-is the stirring tale of two star-crossed lovers who are torn apart when Callirhoe is kidnapped and sold into slavery. Longus's "Daphnis and Chloe" tells the story of a boy and girl-both abandoned at birth-who grow up to fall in love and battle pirates. "Letters of Chion" is an early thriller about tyranny and political assassination. Together these works open a welcome window onto ancient Greece's little-explored legacy of prose fiction.

The Song of the Bird

A tender novel describing eager and inept young love, Daphnis and Chloe tells the story of a baby boy and girl who are discovered separately, two years apart, alone and exposed on a Greek mountainside. Taken in by a goatherd and a shepherd respectively, and raised near the town of Mytilene, they grow to maturity unaware of one another's existence - until the mischievous god of love, Eros, creates in them a sudden overpowering desire for one another. A masterpiece among early Greek romances, attracting both high praise and moral disapproval, this work has proved an enduringly fertile source of inspiration for musicians, writers and artists from Henry Fielding to Jean-Baptiste-Camille Corot and Maurice Ravel. Longus transforms familiar themes from the romance genre - including pirates, dreams, and the supernatural - into a virtuoso love story that is rich in insight, humorous and ironical in its treatment of human sexual experience.

The Golden Ass

A frank and vivid modern version of one of the most diverting of all classics. Lindsay's translation captures the genuine flavor, sharp dialogue, outrageous humor, racy delight and subtle style of Apuleius' sophisticated masterpiece.

The Golden Ass

Apuleius was a Latin prose writer. He as Numidian Berber, from Madaurus(now M'Daourouch, Algeria). He studied Platonist philosophy in Athens; travelled to Italy, Asia Minor and Egypt; and was an initiate in several cults or mysteries. The most famous incident in his life was when he was accused of using magic to gain the attentions (and fortune) of a wealthy widow. He declaimed and then distributed a

witty tour de force in his own defense before the proconsul and a court of magistrates convened in Sabratha, near Tripoli. This is known as the *Apologia*. -wikipedia

The Golden Ass

Lucius has an insatiable desire to see and practice magic. While trying to perform a spell to transform into a bird, he is accidentally transformed into an ass. This leads to a long journey, literal and metaphorical, filled with inset tales. He finally finds salvation through the intervention of the goddess Isis, whose cult he joins. The Golden Ass is the only surviving work of literature from the ancient Greco-Roman world to examine, from a first-hand perspective, the abhorrent condition of the lower classes. Yet despite its serious subject matter, the novel remains imaginative, witty, and often sexually explicit. Numerous amusing stories, many of which seem to be based on actual folk tales, with their ordinary themes of simple-minded husbands, adulterous wives, and clever lovers, as well as the magical transformations that characterize the entire novel, are included within the main narrative. This case laminate collector's edition includes a Victorian inspired dust-jacket.

Greek Fiction

First recorded 1500 years ago, but taking its origins from a far earlier oral tradition, the *Pancatantra* is ascribed by legend to the celebrated, half-mythical teacher Visnu Sarma. Asked by a great king to awaken the dulled intelligence of his three idle sons, the aging Sarma is said to have composed the great work as a series of entertaining and edifying fables narrated by a wide range of humans and animals, and together intended to provide the young princes with vital guidance for life. Since first

leaving India before AD 570, the Pancatantra has been widely translated and has influenced a cast number of works in India, the Arab world and Europe, including the Arabian Nights, the Canterbury Tales and the Fables of La Fontaine. Enduring and profound, it is among the earliest and most popular of all books of fables.

The Golden Ass

The Metamorphoses of Apuleius which St. Augustine referred to as The Golden Ass (Asinus aureus) is the only Ancient Roman novel in Latin to survive in its entirety. Simultaneously a blend of romantic adventure, fable, and religious testament, Metamorphoses (The Golden Ass) is one of the truly seminal works of European literature, of intrinsic interest as a novel in its own right, and one of the earliest examples of the picaresque. The story is about Lucius Apuleius, a young man of good birth, who, while disporting himself in the cities and along the roads of Thessaly, encountered many diverting and strange adventures. Not the least of these was that Apuleius suffered the indignity of being turned into an ass after trying to steal a sorceress's magic. How Apuleius supported his misfortune and how he contrived to dedicate himself to the one goddess who could help him resume his human form make up the body of this tale. The Golden Ass is rich in lusty incident, curious adventure, and bawdy wit. "Robert Graves' translation abandons the aureate latinity of Apuleius for a dry, sharp, plain style which is itself a small masterpiece of twentieth-century prose.
