Yesterday, on a Zoom call presenting plans and drawing on them using the Alex Lindsay Telestrator method with a MBP 13 presenting a PDF in a Downstream Key. Viewers found the resolution too low. resolution. Any Suggestions?

Peter when you use mimoLive with zISO V2, are still using your ATEM for Program out? Can you explain your video chain?

I've heard that having more than a certain number of viewers in a breakout room can knock the resolution down. What are the factors that reduce video resolution in Zoom meetings?

Big leaps in AI video generation recently. Meta's Make-A-Video, Google Imagen Video, and Google Research's Phenaki. Where do you see this fitting into your projects down the road?

ZoomISO V2 Pro. Is it correct that V2 Pro comes with ZoomOSC Pro support and there is no need for a separate ZoomOSC Pro subscription, which is now \$19 per month. ISO V2 Lite does need a

ZoomOSC Pro subscription at \$19.

In the "Shoot" app, how is audio moved from the phone to zoom along with the video?

When building motion backgrounds, what is the easiest / best method to get a nice seamless loop?

What is on your gear checklist for a cooking show in a home kitchen. Especially discuss how you would do the "overhead" shots?

A little confused on viewing O.H. from an After Hours Breakout Room. There were two breakout rooms (Quiet, and Test.) I joined "Quiet" but it looked like mostly camera- on panel members. Was I lost?

Audio/Video sync through Zoom part 2. Easiest way to correct for delayed Audio and add a delay to video? Tested bypassing audio chain by switching Zoom to the Mac's internal mic, used Zoom Original Audio w/ noise and echo cancellation turned off.

Loving my Sonnet/DeckLink Quad with Zoom ISO v2. I was wondering if theres a way to send one of the DeckLink inputs to receive an output from my ATEM and use it as the webcam feed into Zoom?

Has anyone played with Video Pencil from Michael Forrest. Installed on my iPad but to use it as a telestrator need to understand NDI. In mimoLIVE I could pickup the iPad in the NDI Receive Settings under Discovery Sources. Now what?

Looking for a travel case for my trusty Kensington Expert Mouse Trackball. [link]

Alex, you mentioned "team relatability" as a major factor in determining who to hire. What techniques are useful for smoothing cultural gaps and misunderstandings within professional relationships?

Proto Hologram Epic - could this be a gamechanger in our post pandemic world?

Second hour panel discussion

During COVID, many weren't ready for 'on-line'. They didn't understand tech, didn't want to learn and yearned for face to face. They had horrible results. Now, they say, "We tried online and it just doesn't work!"

What was your first "aha" moment when transitioning to virtual/distance education, whether gear, technique, or philosophical concept.

What is the future of distance education? Is it the future of all education? A contingency plan for classroom disruption? An informal tool for personal and corporate growth?

Alex, you mentioned "not caring about" accreditation/certification. Many industries (like IT) use certifications as "gatekeepers" for jobs. Do you think that will change over time?

What type of local infrastructure would be a good investment for a distributed Education facility where physical/ practical training topics are desired?

Tacky the Penguin

An offbeat penguin shows his peers the power of individuality in this humorous tale from the author of Pookins Gets Her Way. Tacky is an odd bird. He likes to do splashy cannonballs and greet his companions with a loud "What's happening?" In fact, he's something of an eccentric, which wouldn't be

a problem if all the other penguins weren't such...conformists. When intimidating visitors invade their peaceful, nice, icy land, it'll take a lot more than a bunch of perfect penguins to save the day. Thank goodness Tacky's such an odd bird! "This book is must reading for any kid—or grown-up—who refuses to follow the pack."—Publishers Weekly

Tacky in Trouble

Tacky the exuberant penguin accidentally goes sailboarding and winds up on a tropical island, where he meets an elephant who demands proof of Tacky's identity.

Tacky and the Winter Games

"A-huff-and-a-puff-and-a-huff-and-a-puff-and-a-huff-and-a-puff" "WHAT'S HAPPENING?" Tacky the penguin wants to know. The Winter Games, that's what's happening. And Tacky and his fellow penguins Goodly, Lovely, Angel, Neatly, and Perfect have to work hard to get in shape so they can represent Team Nice Icy Land in the athletic competitions. After rigorous training, they're ready - but are the games ready for Tacky? Will his antics keep Team Nice Icy Land from winning a medal? From bobsledless racing and ski jumping to speed skating, Tacky lends his unique, exuberant style to each competition. In laugh-out-loud scenes of Tacky and his fellow penguins' athletic debacles, Tacky reminds readers of the underlying joy and enthusiasm that propels athletes to greatness. So get ready to cheer for Team Nice Icy Land and let the games begin!

Three Cheers for Tacky

Tacky the Penguin is back, this time trying to compete with Goodly, Lovely, Angel, Neatly, and Perfect in the iceberg-wide Penguin Cheering Contest. But will Tacky ever be able to learn the synchronized moves and win the contest?

Tackylocks and the Three Bears

How do you keep a crowd of energetic young penguins entertained? Put on a play, perhaps? But will they pay attention through an entire performance? If Tacky's center stage, they might. Even in his flowing blond wig and little red "skipping shoes," everyone's favorite misfit penguin imbues the character of Goldilocks with his own indomitable personality and style. So what if the set is in shambles? This is one performance Mrs. Beakly's students won't soon forget.

Tacky and the Emperor

It's common knowledge that Tacky was never the best-dressed penguin, but when he and his friends prepare for the arrival of the emperor, Tacky gets carried away and ends up in more than just elegant attire! Tacky brings his own unique brand of humor and entertainment to the emperor's visit. Here is another wacky addition to Tacky's myriad adventures in which friendship, kindness, and laughter always win out! Tacky fans will be carried to new heights of hilarity by this latest Tacky tale.

Tacky's Christmas

Deck the iceberg wrap a gift Fa la la la la la la la... Tacky, Goodly, Lovely, Angel, Neatly, and Perfect are celebrating the holiday with good cheer, singing, and lots of presents. Tacky's present is a little bit different, and not exactly what his friends had in mind, but when the Christmas merrymaking is interrupted by hunters in search of pretty penguins, it's Tacky's gift that helps to save the day.... A bonus CD of original carols includes: Deck the Iceberg, Sandy Clawz is Coming to Town, The Six Days of Christmas, I'm Dreaming of a Green Christmas, and Oh Tackytrees!

Parker the Penguin Goes on Vacation

Parker the Penguin Goes on Vacation By: Michael Posey Parker is an ordinary penguin with simple needs, but when news of a cold winter rolls into the Antarctic, he decides to hop on an iceberg and paddle toward his dream vacation in the Caribbean. In the Atlantic, Parker soon realizes that he hasn't a clue which direction to go and enlists the help of some new friends to aid him in a series of misadventures. From the Galapagos to a pirate ship, Parker the Penguin Goes on Vacation reminds us to take as much pleasure in the journey as in the destination.

A Penguin Named Patience

Patience is a South African penguin. She is small at roughly 6 pounds and approximately 20 inches tall; but at 24 years old, she is the "penguin in charge" of the penguin exhibit at New Orleans's Audubon Aquarium of the Americas. On August 29, 2005, Hurricane Katrina hits, devastating the city and surrounding areas with its catastrophic winds and flooding. The aquarium is severely damaged. With no electricity or relief in sight, the temperature in the aquarium reaches dangerously high degrees, putting the penguins in peril. Patience, and the 18 other penguins, along with some of the other zoo animals, must leave their home and their favorite human, Tom, the penguin keeper. Tom drives his penguins to Baton Rouge where an airplane transfers them to the Monterey Bay Aquarium in California. Here the penguins will recuperate and live until they can return home to New Orleans. After nine long months away from Tom and their home, the aquarium is finally restored. And Patience, who has been patient, and her penguins return to New Orleans to a cheering homecoming.

If You Were a Penguin

If you were a penguin . . . You could swim really fast and toboggan on ice. Sing a happy duet, once or twice. You could live on land but dive under the sea. There's a lot penguins can do, just like you and me! Wendell and Florence Minor create a charming tribute to all the playful fun and activity that comes with being a penguin—which young readers can delight in too!

Me First

Pinkerton the pig always manages to be first until he rushes for a sandwich and it turns out to be not the edible kind.

Tacky Goes to Camp

Tacky and his fellow penguins are off to summer camp in Nice Icy Land to enjoy themselves while Rock Hopping, Line Dancing, and playing Capture the Ice Cube. One night, they gather around the campfire to sing, eat s'mores, and tell scary stories. But after going to bed, something straight out of one of their scary stories pays the sleeping penguins a visit. Goodly, Lovely, Angel, Neatly, and Perfect think they should high-tail it out of there, but it is Tacky—with some unexpected heroics—who saves the day. Includes lyrics to the official Camp Whoopihaha song!

Tacky

An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column "Store-Bought Is Fine" Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to "good" taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in "You Wanna Be On Top," Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. Welcome to Hell World

When Luke O'Neil isn't angry, he's asleep. When he's awake, he gives vent to some of the most heartfelt, political and anger-fueled prose to power its way to the public sphere since Hunter S. Thompson smashed a typewriter's keys. *Welcome to Hell World* is an unexpurgated selection of Luke O'Neil's finest rants, near-poetic rhapsodies, and investigatory journalism. Racism, sexism, immigration, unemployment, Marcus Aurelius, opioid addiction, Iraq: all are processed through the O'Neil grinder. He details failings in his own life and in those he observes around him: and the result is a book that is at once intensely confessional and an energetic, unforgettable condemnation of American mores. *Welcome to Hell World* is, in the author's words, a "fever dream nightmare of reporting and personal essays from one of the lowest periods in our country in recent memory." It is also a burning example of some of the best writing you're likely to read anywhere.

To Kill a Mockingbird

'Shoot all the bluejays you want, if you can hit 'em, but remember it's a sin to kill a mockingbird' Meet Scout, the narrator of this book. Her story is one of Deep South summers, fights at school and playing in the street. The spooky house of her mysterious neighbour, Boo Radley, sags dark and forbidding nearby. Her brother, Jem, and her friend, Dill, want to make Boo come outside. Her story is about justice. When Scout's father, a lawyer, agrees to defend a black man against an accusation by a white girl, he must battle the prejudice of the whole town. It's about imagination - not just the kind you need for childhood games. Because you never really know a man until you stand in his shoes and walk around in them. Vintage Children's Classics is a twenty-first century classics list aimed at 8-12 year olds and the adults in their lives. The Buddy Bench

Having seen what being left out is like, children become agents of change, convincing their teacher to let them build a buddy bench. A school playground can be a solitary place for a kid without playmates; in one survey, 80 percent of 8- to 10-year-old respondents described being lonely at some point during a school day. Patty Brozo's cast of kids brings a playground to raucous life, and Mike Deas's illustrations invest their games with imaginary planes to fly, dragons to tame, and elephants to ride. And these kids match their imaginations with empathy, identifying and swooping up the lonely among them. Buddy benches are appearing in schoolyards around the country. Introduced from Germany in 2014, the concept is simple: When a child sits on the bench, it's a signal to other kids to ask him or her to play.
