Experience is the teacher of all things.
It is easier to find men who will volunteer to die, than to find those who are willing to endure pain with patience.
It is better to create than to learn! Creating is the essence of life.
As a rule, men worry more about what they can't see than about what they can.
I love the name of honor, more than I fear death.
In war, events of importance are the result of trivial causes.
No one is so brave that he is not disturbed by something unexpected.

Cowards die many times before their actual deaths.

Fortune, which has a great deal of power in other matters but especially in war, can bring about great changes in a situation through very slight forces.

For my part, I had rather be first in a village than second at Rome.

I love treason but hate a traitor.

If you must break the law, do it to seize power: in all other cases observe it.

It is not these well-fed long-haired men that I fear, but the pale and the hungry-looking.

It was the wont of the immortal gods sometimes to grant prosperity and long impunity to men whose crimes they were minded to punish in order that a complete reverse of fortune might make them suffer more bitterly.

I have lived long enough to satisfy both nature and glory.
